**ARIES** (March 21 to April 19) Avoid having someone else take credit for the project you started by finishing it yourself. Then it will be you lovely Lambs who will be wearing those well-deserved laurels.

**TAURUS** (April 20 to May 20) The facts about a new opportunity are still emerging. Wait until they're all out in the open, and then use your keen business sense to help make the right decision.

**GEMINI** (May 21 to June 20) You might feel confused, even hurt by a friend who suddenly puts distance between you. If she or he won't discuss it, don't push it. An explanation should come in time.

**CANCER** (June 21 to July 22) Your willingness to be part of the team opens doors that had been shut to you. Keep them open by keeping your promises even when your commitment seems to be wavering.

**LEO** (July 23 to August 22) Congratulations. You're really getting things done to perfection. And don't forget to take a catnap now and again to keep those energy levels up and bristling for action.

**VIRGO** (August 23 to September 22) Your "plain-talking" honesty is admirable. But sometimes sharp words can leave painful scars. Be careful that what you say doesn't come back to hurt you.

**LIBRA** (September 23 to October 22) A stress-filled period takes a positive turn as you deal with the underlying problem. Act now to avoid a recurrence by changing some basic rules in your relationship.

**SCORPIO** (October 23 to November 21) Your rising energy levels make it easier for you to achieve some important objectives. This could lead to a big boost in how you're perceived, both at home and on the job.

**SAGITTARIUS** (November 22 to December 21) A changing picture begins to emerge as you learn more about an offer that seemed so right but could be so wrong. Look to a trusted adviser for guidance.

**CAPRICORN** (December 22 to January 19) Spiritual aspects are strong. Take time to reflect on the path you're on and where you hope it will lead you. It's also a good time to reach out to loved ones.

**AQUARIUS** (January 20 to February 18) You could be assuming far too many responsibilities, whether it's at work or in personal matters. Be careful that you're not weighed down by them.

**PISCES** (February 19 to March 20) You're getting closer to your goals. And since nothing succeeds like success (or the promise thereof), don't be surprised to find new supporters swimming alongside you.

**BORN THIS WEEK:** You are always the first to try new ventures and confront new challenges. You inspire others with your courage to follow your bold example.

Colorectal Cancer Awareness

## From Must-See TV to Must-Screen for Me? Why It Might Be Time for a Colonoscopy

by Dr. Ankit Madan, Hematology/Oncology

In the 1980s and 1990s, the NBC broadcast network began branding their primetime lineups to promote their sitcoms and dramas. One phrase in particular quickly entered the pop culture lexicon after it debuted in 1993. The phrase? Must See TV. If you were a teenager in the early '90s and remember trying to rush through your homework to watch that night's Must-See TV lineup, it could be time for another "must" – a colonoscopy.

A colonoscopy is a screening test that can identify colon and rectal cancers early, when the odds of successful treatment using surgery are highest. It can also help identify and find polyps that can be removed before they become cancerous. The American Cancer Society and the US Preventive Services Task Force recommends that screenings like these begin at age 45. If you are at higher-than-average risk, you may need to begin screening earlier, and more frequently and/or with specific tests. As always, you should talk to your primary care provider about your risks and family medical history to determine the right time for you to begin screening.

Whether you begin at 45 or earlier if you're at higher risk, the important thing is that you get screened. Colorectal cancers are one of the most common cancers diagnosed in both men and women. And while the majority of these cases occur in people 50 and older, the disease can happen to men and women at any age.

Colonoscopies are critical to diagnosing cancer early because the early stages of colorectal cancer can often arrive with no symptoms. A colonoscopy can detect cancer before symptoms appear, and early detection can make the cancer much easier to treat. And by identifying polyps before they become cancerous, colonoscopies show themselves to be a powerful preventive tool as well.

While early stages of colorectal cancer are often symptomless, there are some common symptoms of colorectal cancers you can watch for, according to the American Cancer Society, including:

- Bleeding from the rectum
- Blood in the stool or in the toilet after having a bowel movement
- Dark stools
- A change in bowel habits or the shape of the stool (e.g., more narrow than usual)
- Cramping, pain or discomfort in the lower abdomen
- An urge to have a bowel movement when the bowel is empty
- Constipation or diarrhea that lasts for more than a few days
- Decreased appetite and
- Unintentional weight loss.

While these symptoms can also be indicative of other health conditions, you should talk to your doctor about them so they can help you get to the root of the issue and determine the underlying cause.

If you're 45 or younger and at higher risk – which may include a family history of colorectal cancer or the presence of other diseases such as inflammatory bowel disease (ulcerative colitis or Crohn's disease) – it's a good idea to schedule your colonoscopy for peace of mind, early detection before symptoms appear and increased potential for successful treatment if cancer is found. Remember, an ounce of prevention is worth a pound of cure.

In fact, thanks in large part to colonoscopies, the overall incidence of, and death rates associated with, colorectal cancers have been on the decline. Here's more good news. A colonoscopy may be easier for you than you think. You will likely be given pain medication and a sedative to minimize your discomfort, and the screening usually only takes about 30 minutes. During that time, any polyps found will be removed by the doctor and tissue samples will be sent for a biopsy.

So, if "Must-See TV" is a fond memory of your high school and college years, ask your provider if a colonoscopy is a "Must Screening" for you. Discuss your risks and the right time for you to begin this important part of your health journey. It's a short inconvenience that can make a world of difference.

In addition to scheduling your colonoscopy, you can also be proactive in prevention by maintaining healthy habits like daily exercise, a healthy diet, maintaining a healthy weight, limiting your alcohol intake and eliminating smoking.

March is National Colorectal Cancer Awareness Month. So, if you're 45 or older, you can count on Sovah Health for your colonoscopy. To find a provider or schedule your screening, call 844.GO.SOVAH. For more information, visit [SovahHealth.com](http://SovahHealth.com).

## Strange BUT TRUE

By Lucie Winborne

\* Maurice Sendak's beloved kids' classic "Where the Wild Things Are" was originally titled "Where the Wild Horses Are." Why the change in title? Sendak realized he was unable to draw horses.

\* Rapper Lil' Wayne originally went by the moniker "Shrimp Daddy."

\* Not ones to marry in haste and repent at leisure, a Paraguayan couple set up housekeeping in 1933. After 80 years, eight children and 50 grandchildren, the 103-year-old groom finally said a formal "I do" to his 99-year-old bride.

\* The prize money for winning the Monopoly World Championship is \$20,580 -- the same amount of money there is in the game's bank.

\* Modern students who complain about the amount of homework they're issued might well wish they'd lived in the late 1800s and early 1900s, when doctors crusaded against it because they believed it was causing children to become wan, weak and nervous. In 1901, California even banned homework for anyone under the age of 15.

\* Over a 24-year career, Roman charioteer Gaius Appuleius Diocles amassed an astonishing fortune worth 35,863,120 sesterces (an ancient Roman coin), or roughly \$15 billion in today's dollars, making him the highest-paid athlete of all time.

\* In January 2021, the first commercial 3D-printed house in the U.S. went on sale for \$299,000.

\* The term "rum bubble," which originated in the 16th century, referred to a thief who specialized in stealing silver tankards from inns and pubs.

\* An actual "chill pill," which could even be made at home, was used in the late 1800s to remedy chills associated with a high fever.

# OBITUARIES

"For whether we live, we live unto the Lord; and whether we die, we die unto the Lord: whether we live therefore, or die, we are the Lord's." - Romans 14:8

## Dr. Charles Butler Searce

March 2, 1940 ~ March 22, 2022 (age 82)

Dr. Charles Butler Searce, 82, of Danville, VA, was called home by our Lord and Savior Tuesday morning March 22, 2022, after a brief illness.

Born in Derry Township, Pennsylvania on March 2, 1940, he was the son of the

late Charles Burton Searce and the late Winifred Forsythe Searce.

Charles, the last surviving member of his immediate family, was predeceased by his siblings James, Deanna, Patricia, Cathy, and Robert.

Survivors include his wife of 53 years, Sue Searce, children Timothy Searce and wife Amy, Renee VonEime and husband Robie.

Also surviving are his grandchildren, Sarah Searce, Caleb VonEime (fiancé Hulani Wallace), Joshua VonEime, Brandon Searce and Isaac VonEime as well as a number of nieces and nephews across the US.

Charles served as a Danville City Police officer from 1963 - 1975 and as a Sgt. for the Virginia Beach Sheriff's Dept. from 1975 - 1979.

In 1979, he graduated from Tabernacle Baptist Bible Institute with a Bachelor's in Theology and Church Administration.

Charles pastored several churches in Virginia and traveled as an evangelist before becoming pastor of Berean Baptist Church in 1983; a post he served until his passing in 2022. In 1993, Charles completed his Masters in Religion and Doctorate in Theology from Faith Theological Seminary, in Milton, FL, and used his Biblical knowledge for God's glory at every opportunity presented.

In addition to his pastoral duties, he further served his community as a long-time employee of Swicegood Funeral Home.

Funeral service for Charles will be held at 11 am Saturday, March 26, 2022, from the chapel of Swicegood Funeral Home at 564 W. Main St. The family will receive friends one hour prior to the service at the chapel and at other times at the residence on Country Ln.

The service will be conducted by Dr. Elwood Seamster of Clover, SC, and Rev Duane Blevins of Danville, VA, with interment at Danville Memorial Gardens.

In keeping with Charles' wishes, memorial contributions, if considered, should be made to a mission project of your choice to further the spread of the Gospel of Christ.

The family would like to express their sincere appreciation to the doctors and staff at SOVAH Danville for their care and treatment of Charles during his brief illness, and to the Pittsylvania County Public Safety team who responded in his time of need.

**HOLLYWOOD**  
*by Tony Rizzo*

**HOLLYWOOD—** Hugh Bonneville of "Downton Abbey" and "Paddington 1-2-3" recently tweeted, "Until today I had no idea who provided the voice of @paddingtonbear in Ukraine. Speaking for myself, thank you President Zelensky!" That's right, the president of the Ukraine, Volodymyr Zelensky, is the voice of Paddington the bear in "Paddington 1 & 2." The Russians knew he was a comedian, but didn't know they were dealing with the brave and cunning Paddington!

**James Wolk's** agent recently called him to say he had bad news and good news. The bad news was NBC has canceled his series "Ordinary Joe." The good news was he's going to star in a film **George Clooney** is directing, "The Boys in the Boat." Wolk will be playing the coach of the University of Washington's rowing team, which won a gold medal at the 1936 Berlin Olympics. **Joel Edgerton, Callum Turner, Jack Mulhern, Luke Slattery, Sam Strike, Courtney Henggeler, Thomas Elms and Tom Varey** co-star. Wolk is best known for "Zoo" (2015-2017), two seasons of "Tell Me a Story" for CBS Access, and HBO's "Watchmen."

\*\*\*

The ever docile and gentle **Sam Elliott** rarely speaks out about things. However, Sam, a veteran of 10 Western movies, 10 made for TV Western films, guest-starring roles on "Lancer" (1969-70), the classic "Gunsmoke" series (1972) and his series "The Yellow Rose" (22 episodes), was noticeably upset at how cowboys are portrayed in "The Power of the Dog."

Sam took aim with, "They made them look like those guys in New York wearing bow ties and not much else; That's what all those f\*\*king cowboys in that movie looked like. They're all running around in chaps and no shirts. What the f\*\*k does this woman (**Jane Campion**) — a brilliant director, I

Sam Elliott

love her work — but what the f\*\*k does this woman from New Zealand know about the American West? And why shoot a movie in New Zealand and call it Montana, saying this is the way it was?"

I've known **Sam Elliott** for 50 years, and he's the gentlest, softest-spoken, kindest guy who rarely, if ever, would stand on a soap box. He's certainly not anti-gay, but when someone starts showing the West, where men were men, as we've been told, someone has to stand up for the macho cowboys of yesteryear, and Sam didn't even address the scene in which **Benedict Cumberbatch** pleased himself. Sam didn't know "The Power of the Dog" started shooting in January 2020, was shut down in March due to COVID, and thanks to its New Zealand location resumed in June and finished in July 2020. Hats off to the critic who referred to Cumberbatch's performance as a "stroke of genius!"

3. Name the group that released "Sowing the Seeds of Love."
4. Who wrote and released "Bring on the Night"?
5. Name the song that contains this lyric: "Talking is cheap, people follow like sheep, Even though there is nowhere to go."

### Answers

1. An ABC television musical variety show, hosted by Jack Linkletter, running from April 1963 to September 1964. It ran into problems when it started banning left-wing performers such as Pete Seeger, leading to boycotts by other entertainers.
2. The gospel group The Staple Singers, in 1972. The song was inducted into the Grammy Hall of Fame in 1999, and Chevrolet used it in their Malibu ads.
3. Tears for Fears, in 1989. The song reached Top 10 charts around the globe and the video won awards in multiple categories, including Best Special Effects.
4. Sting and the Police, in 1979.
5. "Silence Is Golden," by the Four Seasons in 1964 and the Tremeloes in 1967. The Four Seasons' original (as a B-side to "Rag Doll") didn't do as well as the Tremeloes' version, which went to No. 1 in numerous countries.

**TIME WARP!** A clock indicates the hour as 11:45. Question: If hands remain stationary and entire dial is shifted clockwise five minutes, what time will it be?  
 It will still be 11:45, but clock will show 10:40.

**SOUND OUT!** Seven skeletonized words in the diagram at right bear sounds similar to seven other words having different meanings. No. 1, for instance is WEIGHS, which has the same sound as WAYS. Challenge: See how quickly you can sound out subs for all seven.  
 1. Ways 2. Mite 3. Ate 4. Him 5. Isle 6. Doe 7. Phlox  
 It shouldn't take more than 30 seconds to answer. Remember, words are soundalikes.

**SEE HERE, AND/OR THERE**  
 SEE if you can decide which of the two slanted lines, (1) or (2), is a continuation of the slanted line that appears at top. After making your choice, check out answer with a ruler or straightedge.  
 Then, as another test, shut your left eye and gaze at the X with your right. Hold paper a foot or more away and gradually bring it closer to nose. As you peer at the X, spot at right should be apparent, too, up to a point, whereupon it is likely to disappear. Move paper away and spot should return. Turn paper upside down and try it with other eye. Test is akin to an eye exam of one's visual field.

**MONEY TALKS!** The \_\_\_ postcard, \_\_\_ cigar, \_\_\_ novel, and \_\_\_ watch have all disappeared. Fill blanks with monetary amounts. Answer in 30 seconds, if you can.  
 Answer: Penny postcard, five-cent cigar, dime novel, dollar watch will do it.

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

Believe me, nothing is wrong in this picture. Look twice

\* When you make a meringue, be sure to spread it all the way to the crust on all sides. If you do, it will not shrink.

\* After your dishwasher has run its course, open up the door and let the dishes air dry. On cold days, there’s the added bonus of humidifying the house with the steam that escapes.

\* Research says that the best time of day to exercise is in the morning, but the truth is that the best time for YOU to exercise is when you will go through with it. So, try out different times of the day, and when you find one that fits, schedule it in your daily planner and block the time out at least three times per week.

\* Making your own flavored yogurt is cheap and much better for you. You can avoid a lot of added sugar. Start with plain, unflavored yogurt and add: pureed fruits, toasted oats, honey, vanilla or almond extract, or plumped-up raisins (add enough hot water to cover a tablespoon of raisins and let sit for a minute or two). Yummy.

\* “If you stick the end of your celery stalks in a cup of water and rocks (or in some very damp dirt), they will begin to regrow. This is a great way to have a never-ending supply of celery. You also can regrow scallions from the root end.” -- Y.L.J. in Missouri

\* Metal shower hooks can be used in the sewing basket to hold safety pins. They can be used in a jewelry box to corral costume rings as well.

### Do Nothing Cake

#### INGREDIENTS

- Cake
- 2 cups granulated sugar
- 2 cups flour
- 2 eggs
- 1 teaspoon baking soda
- 1 teaspoon vanilla
- 16 ounces crushed pineapple, undrained
- ½ cup butter
- 1 cup sugar

#### Icing

- ¾ cup evaporated milk
- 1 cup coconut
- 1 cup nuts
- 1 teaspoon vanilla

#### DIRECTIONS

To make the cake, preheat the oven to 350 degrees Fahrenheit. Grease a 9x13-inch cake pan with oil or butter.

In a large bowl, stir together the sugar, flour, eggs, baking soda, vanilla, and pineapple until well-combined.

Pour the batter into greased pan. Bake for 35 to 40 minutes. Transfer onto a wire rack and set aside.

Meanwhile, prepare the icing. In a large saucepan over medium heat, combine the butter, sugar, and evaporated milk and bring to a boil, stirring constantly. Cook and stir for another 5 minutes, or until the mixture is thick.

Remove the pan from heat and stir in the coconut, nuts, and vanilla.

Poke holes in the cake with a skewer and pour the mixture over. Slice and enjoy!
