COMPANY PROFILE

BFS is one of the largest providers of residential building materials and targeted construction services in the United States. At BFS, we recognize that our team members are our most important asset and are the main reason for our success! We strive to attract and retain top talent with our focus on team member development, our team-oriented work environment, and our competitive pay and benefits. BFS is a military friendly employer. We take pride in transitioning service members, veterans and their families.

Headquartered in Dallas, Texas, BFS is a best-in-class provider of diversified building materials, trusses and components, doors and millwork, and targeted construction and installation services. Our talented team of more than 28,000 professionals is driven to make a difference for our customers. Every day, we focus our deep industry and product knowledge, local expertise, and commitment to excellence on reliably providing ideal solutions and superior value for our customers.

BFS stands for more than delivering building materials and construction services. We're about helping professional builders get results through product and service selection, our expertise in local markets, and our commitment to safety and innovation. From residential to light commercial construction, we've got it covered. Join us as we advance the future of homebuilding.
