Medina's Oak Orchard Hosting UPK/K Signing Event

Medina Central School District's Oak Orchard Primary School has had a busy week. They have been hosting a UPK (Universal Pre-Kindergarten)/Kindergarten event. Students who will be entering into Universal Pre-Kindergarten and Kindergarten are participating in a signing, screening and registration celebration at the school. The event is being held from May 9th to May 20th. The school's Principal Jennifer Stearns says students need to be four years of age by 12/1/22 for UPK and five years of age by 12/1/22 for Kindergarten, and residents of the Medina School District. "It has been very exciting to welcome all our future Mustangs to this fun event," she says. "Students and families have been enjoying taking part and having their photograph taken to honor the occasion."

The UPK and K programs will begin in the 2022-23 school year, Monday through Friday from 7:35am to 2:30pm. As part of the sign up, students are meeting with the UPK and K teachers who complete a screening, which

allows them to see the skills students have while entering school. Parents/guardians are also meeting with teachers and the school counselor to share information about their child. There is an opportunity to complete registration while at screening as well.

The programs are free of cost to Medina CSD families and transportation to and from school is provided by the school district, following their regular transportation policies. Breakfast and lunch will also be provided to students as well, at no cost. Spaces will be limited and a random lottery will be held if needed. The application can be found at the Medina CSD website at www.medinacsd.org and then visiting the Oak Orchard Primary School page.

Mrs. Stearns would like to remind residents that it is not too late to sign up for either program and to participate in the screening. Medina residents are encouraged to complete the sign up found on the website or they can call 585-798-2700, options 3 and then 0, for more information.

ORES DMM Matter No.: 21-00748

Facility Description: Applicant applied to the New York State Office of Renewable Energy Siting (Office or ORES) for a permit pursuant to Executive Law § 94-c to construct and operate a 200-megawatt (MW) solar energy facility located in the Towns of Barre and Shelby, Orleans County.

Applicant filed the application with the Office on July 20, 2021. A notice of complete application was issued on March 11, 2022 (see <https://ores.ny.gov/permit-applications>, click on Project DMM Matter Number 21-00748).

ORES staff published draft permit conditions on April 26, 2022. The draft permit conditions may be accessed at <https://ores.ny.gov/permit-applications>, click on Project DMM Matter Number 21-00748.

ORES Staff Position: On issuing the draft permit conditions, ORES staff takes the position that the proposed facility, together with the uniform and site-specific standards and conditions contained in the draft permit, would comply with applicable laws and regulations. ORES staff recommends that the Office elect not to apply, in whole or in part, any local law or ordinance that as applied to the facility is unreasonably burdensome in view of the Climate Leadership and Community Protection Act targets and the environmental benefits of the proposed facility.

Public Comment Hearing: A public comment hearing pursuant to 19 NYCRR part 900 to hear and receive unsworn comments from the public will be held at **Barre Town Hall, 14317 West Barre Road, Albion, NY 14411 on Wednesday, June 29, 2022, at 5:00 p.m.**

All persons, organizations, corporations, or government agencies who may be affected by the facility are invited to attend the hearing and comment on the application and the draft permit conditions. Lengthy comments will not be accepted and instead should be submitted in writing. Equal weight will be given to both oral and written comments. To ensure that all interested persons have an opportunity to speak, the Administrative Law Judge (ALJ) may limit the time available for oral comments to three (3) minutes per person. The public comment hearing will be transcribed for inclusion in the administrative record.

The hearing location is reasonably accessible to persons with a mobility impairment. To post a comment, go to <https://ores.ny.gov>, click on "Permit Applications," click on Project DMM Matter Number 21-00748, and click on "Post Comments" in the upper right-hand corner of the screen.

Written comments may also be emailed to ORES at general@ores.ny.gov or mailed to the Office of Renewable Energy Siting, Empire State Plaza, P-1 South, J Dock, Albany, NY 12242. Written comments will be considered equally with oral statements delivered at the public comment hearing, provided they are postmarked by **Tuesday, July 5, 2022**, or e-mailed or posted on DMM by 5:00 p.m. on that date.

Issues Determination Procedure: Pursuant to 19 NYCRR 900-8.3(b), a pre-adjudicatory issues determination procedure will be conducted by the assigned ALJs. The procedure will be conducted solely on papers and briefing unless the ALJs, in the judges' sole discretion, determine that oral argument is necessary. The purpose of the issues conference is to determine party status for any person or organization that has properly filed a petition (as indicated below), and to narrow and define those issues, if any, that will require adjudication in this matter. Participation in the issues determination procedure is limited to ORES staff, applicant, and those persons or organizations requesting party status.

Filing for Party Status and Proposed Issues: Persons seeking to participate in the issues determination procedure and any subsequent adjudicatory hearing must register on DMM and file a written petition explaining whether their request is for full party status or amicus status. For the required contents of petitions for full party status, see 19 NYCRR 900-8.4(c)(1) and (2). To determine whether an issue is substantive and significant, see 19 NYCRR 900-8.3(c)(2) and (3). Travel Thoughts By Kim

Let's go on an adventure together....to Iowa!

This is the first bridge built across the Mississippi River - built in 1867-68. It can be seen from the beautiful River Walk in Dubuque, Iowa.

I am often asked which state is my favorite. My response is that I honestly can't pick a true favorite. This is an amazing country and every state has something wonderful and unique to offer visitors. But, I can say the one that surprised me the most - so far - was IOWA. So, let's go on an adventure together....to Iowa.

When I started coloring the states I have visited, it really bothered me that the entire center of the country was colored in with the exception of Iowa. Every time I looked at my tracking map, Iowa stuck out like a sore thumb taunting me. So, when another planned short trip was canceled in October 2017, I thought: the time is already blocked out on the calendar, the money is already set aside for travel....I think I'll go to Iowa!!! So, I started researching where and what in Iowa would make it on my itinerary. I decided that Dubuque would be my base point and I made a list of cool things I found to visit within a reasonable distance from my base point. It was a short trip, so I had to make the best of it - I flew in to Dubuque, picked up a rental car, and got settled in on day one, then had two full days and a half day to explore. In that short time, I put over 700 miles on the rental car and made some fantastic memories.

Looking out at the ball field in the middle of the corn from the porch of the "Field of Dreams" house in Dyersville, Iowa.

Dubuque has a beautiful River Walk that I visited for a lovely stroll along the Mississippi River viewing local art sculptures after dinner on my first night there. During the time I was in the area, I spent some time wandering around Downtown Dubuque, which is a wonderful city full of local art and beautiful architecture. I also visited the Mississippi River Museum and Aquarium. When in a new place, I like to search the Roadside America web site for unique and quirky local attractions - for the Dubuque area, I found "Gas Station Jesus", a statue of Jesus behind a gas station on a hill overlooking the highway. I also stumbled upon a little brown church with a sign that read "Little Brown Church in the Dale. Built 1860-1864", a LOT of dirt roads, corn fields, and farms. I imagined Iowa would be a very flat state, like Kansas. But I was pleasantly surprised to find it actually has a lot of beautiful rolling hills.

On my first full day, I drove to where The Music Died. It happened just north of Clear Lake, IA in a corn field just after midnight on February 3, 1959. It was the plane crash that killed Buddy Holly, The Big Bopper, and Ritchie Valens, as well as the young pilot of the private plane carrying the music legends. I toured the Surf Ballroom in Clear Lake - the location of their final concert the night of the crash. Then, I drove out to the corn field to view the crash site. The spot where the plane went down is about a 1/4 mile or so down a path through a corn field in the middle of nowhere! It was rainy that day and the

path was muddy, but I decided to walk to the crash site, anyway. Realizing that I was all alone in a corn field in the middle of nowhere, I came up with the idea to do a Live Video on Facebook to take all my friends with me....and so someone would know where I was if something should happen to me! It was an emotional experience and I'm really glad I did it.

Here I am sitting on the porch swing made famous in the movie "Field of Dreams" with Kevin Costner!

Day two took me to Dyersville in the morning. I found a stunning Basilica in downtown Dyersville that I toured before heading to the main attraction in that area: The Field of Dreams House. This is the house that the movie Field of Dreams, starring Kevin Costner was filmed. The house is maintained just as it was in the movie - including the baseball field in the corn. They host tours of the house and you can go out and "have a catch" on the ball field and walk into the corn. There are "Ghost Players" games throughout the summer that the public can watch and once a year they host a game with various famous baseball players that draws a huge crowd. It is quite an amazing place and it was a real thrill to be there. Later that afternoon, I made my way to LeClair and found a sweet little railroad town that looked like it was in a time warp from the 1800s. While there, I visited the Buffalo Bill Museum and the Antique Archeology Shop from the cable TV show, American Pickers. A great way to spend the afternoon.

I was sure Iowa was going to be a "check the box" state, but it was one of my more memorable trips and I wish I had allowed more time there. I wasn't able to get to the World's Largest Truck Stop or the area where the movie Bridges of Madison County was filmed. Guess I'll need to plan to return, someday.

Moral to this story: Don't be afraid to just pick a place, use sites like Google and TripAdvisor to find cool things to see while you're there, try a visit to the Roadside America web site to find fun, quirky attractions, and just go! You never know what awesome memories you can make by just taking the time to explore places you never thought you wanted to go to!

Dining etiquette rules

Proper dining etiquette has a place whether you're enjoying a meal at a five-star restaurant, a fast-food joint or at home.

While there are some written rules about social etiquette, there also are unwritten rules rooted in courtesy. By following these guidelines, any dining experience can go smoothly.

essence, dine during off-peak hours or visit a less busy establishment.

Go sparingly on substitutions

Restaurants should be willing to cater to certain requests, especially if food allergies are a concern. However, do not act like the establishment is your personal kitchen. Make reasonable requests.

Be punctual

Make and keep reservations, which help keep the flow of the dinner party going smoothly. Arrive at a home on time, as party hosts likely have timed their foods accordingly and you don't want to delay or spoil the taste and presentation of the food.

Keep children in check

Dining out with children presents an opportunity to teach them manners. To avoid meltdowns, be sure children are well-rested and have had a snack before arriving. Avoid scenes that disturb other diners; take the child outside to calm down if he or she acts up. Call ahead to make sure a restaurant is child-friendly. For a dinner party at a private residence, the invite usually will indicate if children are invited and is usually addressed as "and family."

Put down the phone

When dining out or attending a party, direct your attention to fellow guests or dining partners and not your devices. Turn off the ringer, resist the urge to check the sports score, wait to text a friend until you're done, and devote your attention to the meal.

Let the host lead

The host or hostess is responsible for setting the tone of the meal and ensuring everyone is comfortable. Take a backseat to your host and let him or her guide the meal.

Patience is a virtue

Restaurant wait times are not an exact science. Restaurant hostesses can offer an estimate, but it's impossible to say exactly when you'll be seated. Do not take frustrations out on the staff. If time is of the
