On April 6th, 2022, at approximately 1pm, our angel here on earth gained her wings in heaven. Melanie Follett touched many hearts throughout Livingston County. She was the sweetest, kindest, most selfless and beautiful soul. She never gave up but fought until the very end. She had the biggest heart and didn't have a mean bone in her body. She would always say "kill 'em with kindness" and she lived by that.

Ask anyone who came in contact with her, from family, friends, elderly and complete strangers, and they would say how she brightened their day with her presence. She would do whatever, whenever to make your life easier.

She is dearly missed and we will carry out her legacy with everything we do including Mel's Belles. We want to thank you all from the bottom of our hearts for all the helping hands, listening ears, flowers, cards, donations, food and so much more during our time of need.

It truly shows how much she was loved and cared for by so many people. We appreciate each and everyone of you. We are sure she is shouting from heaven's gates how much she loved us all and was so blessed during her time on earth.

~ So be kind and wear pink on Wednesdays in memory of her spirit. ~

*Thank you. We love her and miss her so much.
Our lives are forever changed without her.
Love, The Follett Family*

SPEAK OUT

Dear "Speak Out",

The title of my article this week is "The Greatest Generation v Our Generation".

You have often heard the phrase "The Greatest Generation" referring to our parents and grandparents who lived and struggled during the Great Depression and World War II. If we are truly honest with ourselves, we must admit that we do not even come close to living lives comparable in quality and moral strength which their generation lived.

The "Greatest Generation" faced some of the most difficult times in our country's history. They learned to live with far less than those of the Roaring Twenties. Unemployment was at a level not seen in the history of our wonderful country. Foreclosures were far worse than the 2008 recession. Most of the banks closed their doors and people lost all their money.

Just when it seemed that better days were coming, World War II began and lasted for nearly four years. Many families lost a loved one in the war. Americans on the home front sacrificed and planted Victory Gardens to provide food for their families. Everyone collected salvage materials to be recycled for the war effort. Production of new cars stopped as plants retooled to war commodities. The elderly lived with their families until they died. Today we just ship them off to nursing homes as their children and grandchildren move away and fail to even call or write them.

As Americans become more and more ungodly, we no longer "honor our fathers and our mothers"! Now we switch to our modern-day culture and compare ourselves to the "Greatest Generation". I hear little children whining and crying in stores and throwing temper tantrums when they don't get what they want. Many teenagers have their own cars and drive to school rather than taking the bus. Texting on cell phones has become a major problem with accidents killing many people.

We hear Americans complaining that the COVID pandemic interfered with their lives as they say, "I just wish we could get back to normal". Sorry Americans, things will never be the same!

Politicians tell us that this inflation is only "transitory" and will soon go away and prices will return to what they were. Americans can no longer continue to live above their incomes and expect to keep increasing their debt.

The same is true of our government which believes that it can continue to print more and more money and increase our national debt. The truth is, if we are willing to admit it, we Americans are a very spoiled people and believe we can continue living lives of lavish extremes.

Americans continue to ignore the poor, the hungry and the homeless. We think only of ourselves and give very little to charities to help those less fortunate than ourselves. It was recently discovered in a poll that most Americans give less than one per cent to their churches. God provides abundance to people to enable them to provide for their families and for the poor.

If you are a "professing Christian", I would challenge you to reflect upon how you use the monies which God has blessed you.

The question is, what will future generations say about us? Will they refer to us as a "great generation"? Even more important, what will God say to us someday in Heaven regarding our lives and how we lived?

Lord willing, I will submit an article next week.

Ron Powell

May is Asthma and Allergy Awareness Month

May is National Asthma and Allergy Awareness Month and spring is peak season for many asthma and allergy sufferers.

According to the CDC, around 25 million Americans suffer from asthma and the numbers are increasing every year. Asthma affects the lungs and can cause repeated episodes of wheezing, breathlessness, chest tightness, and nighttime or early morning coughing. Asthma is a lifelong disease and cannot be cured. However, it can be managed by taking medicine and avoiding the triggers that can cause an attack.

Millions of people also suffer from allergies caused by everyday exposures to dust mites, pollens, and furred or feathered animals. Allergies and asthma can be worsened by tobacco smoke and strong smells from cleaning supplies in school and home environments.

The Livingston County Department of Health encourages you to eliminate any asthma or allergy irritants for you or your family. For more information, please contact the Livingston County Department of Health's Community Health Services Department at 585-243-7270.

Linking Arms in Partnership with local farms and small businesses to offer what we think is some of the best and most wholesome food in the Nunda area.

B & S Funny Farm is a family farm located in Hunt, NY, and operated by The Bennett family since 2012.

They practice and adhere to self-sustaining and all natural farming techniques by raising all their animals on pastures in the gentle hills of Western NY. This ensures that the animals enjoy an all-natural and healthy lifestyle and helps to guarantee a flavorful, premium, and healthy product delivered to your table. Currently they offer USDA inspected and farm raised beef, pork, chicken, and turkey. Their goals is to provide their customers with outstanding and healthy meat and egg products.

A consortium of 8 local farms located in the Northern area of Livingston and Wyoming Counties. Craigs Creamery is committed to sustainable practices that reduce waste and help their operation run efficiently. Their goal is to produce the highest quality dairy products now and into the future. Their cheddar cheese is naturally aged and uses a vegetarian rennet. Because Craigs Creamery is supported by local farms, the milk is quickly processed and made into their creamy cheeses ensuring a wonderful compliment to all types of foods.

CRAIGS CREAMERY

founded by 8 local New York family farms

Hinz-Sight Dairy Farm is a family-run dairy in Fillmore, NY and was established in 2007. The farm specializes in producing goat and jersey cow milk, and crafting handmade soaps and lotions from these same products. Additionally, they raise sheep and have a greenhouse on their farm that grows an abundance of produce, including lettuce and microgreens.

Jones Beef Farm is a family-oriented local hobby farm located in Rushford, NY. Jones Beef farm was started in 1978 and focused on raising All Natura Certified Angus that are bred, born and raised on their farm.

They feed a specialized diet with added natural probiotics and ionophores to ensure a healthy quality of life for their animals and an outstanding product. Their beef is USDA certified and routinely graded as prime and choice and the farm is BQA Certified. Jones Beef farm is a member of NYCHAPS.

Valley Bread and Bounty is a local cottage bakery and gift shop in Fillmore, NY owned and operated by the Sardina family. Established in 2020, they are committed to supporting local area artisans by connecting them to their community at their location, as well as believing in the importance of using farm fresh ingredients in all of their bakery products. Valley Bread and Bounty strives to produce bakery products that are wholesome and healthy, while maintaining superb taste and texture by using whole milk and real butter in all of their creations. They personally hand shape each creation that is baked at their shop, and take personal pride in everything that is produced and sold to ensure consistent customer satisfaction. There is Bread and Bounty in the beautiful Genesee River Valley.

Wilson Beef Farms
 10751 Hess Road
 Canaseraga, NY 14822

Wilson Beef Farms was established in 1967 and located in Canaseraga, NY where they raise beef, pork and crops on 350 acres in the rolling hills of a small community in Allegany County. On their farm they produce beef hormone free, dry-aged beef, as well as hormone free pork. Wilson Beef Farms produce and sell their products directly on the farm and at their farm store... They pride themselves in superior products and eat what they sell and only eat what is good.

MAY IS MENTAL HEALTH AWARENESS MONTH

Livingston County Mental Health Offers Help

This month's theme, "Life with a Mental Illness" is meant to help remove the shame and stigma of speaking out, so that more people can be comfortable coming out of the shadows and seeking the help they need.

Sharing is the key to breaking down the stigma surrounding mental illnesses and to showing others that they are not alone in their feelings and their symptoms. This Mental Health Month, consider encouraging people to speak up about how it feels to live with a mental illness. Share with people who may be struggling to explain what they are going through and help others figure out if they too are showing signs of a mental illness.

According to Mental Health America, research shows that by ignoring symptoms, individuals lose ten years in which intervention could change people's lives for the better. Speaking out about what mental illness feels like can encourage others to recognize symptoms early on in the disease process, and empower individuals to be agents in their own recovery.

Mental Health America has also developed a series of fact sheets on realizing the critical importance of addressing mental health early, recognizing the risk factors and signs of mental illness, understanding what mental illness is and isn't, and how and where to get help when needed. For more information, visit their website: www.mhanational.org/may.

Like physical health, mental health needs to be maintained. In our communities, Livingston County Mental Health is available as a resource, with licensed professionals available Monday through Friday. To make an appointment or get more information on available services, call 585-243-7250.

Earth Day 2022 Award Recipient

The Livingston County Environmental Management Council (EMC) has chosen Richard D. Thomas to receive this year's Livingston County Earth Day Award. This annual award is presented to an individual or organization to recognize outstanding achievements that are directed to help preserve, improve, or educate about the Livingston County environment. Earth Day is a global event, it is celebrated on April 22, and this year marks the 52nd anniversary.

Mr. Thomas was recognized for his long-term commitment to the health and protection of the natural resources in Livingston County. During Mr. Thomas' 32-year professional career in environmental law enforcement with the NYS Department of Environmental Conservation, he was charged with protecting the natural resources of 11 counties in Western NY, including Livingston County.

The EMC notes that Mr. Thomas is also known locally for land conservation and protection of his forever-wild 23-acre nature preserve, White Hawk Marsh, and the family Walnut Woods Farm, which he maintains under an active conservation plan. These thriving habitats in the Town of Caledonia are rich with wildlife, pollinators and trees. As a public speaker, he inspires and educates students and the community on natural resource conservation, and makes use of these areas for hands-on learning.

Upon retirement, Mr. Thomas has continued his passion for environmental appreciation and knowledge through his captivating professional photography business. He shares his expansive photographic collection with others, reaching far and wide.

During the Earth Day Award presentation, Mr. Thomas recognized Livingston County for its environmental leadership. In appreciation, Mr. Thomas presented the Board of Supervisors with a framed print of a majestic bald eagle that he photographed in Caledonia.

The EMC commends the Mr. Thomas for his impressive work on behalf of Livingston County. His achievements have contributed to the protection and conservation of Livingston County's natural resources and to the quality of life for our residents.
