## Maine Iris Society Hosts 42<sup>nd</sup> Annual Flower Show

Pauline Grenier, resident of Minot, ME and President of the Maine Iris Society, looks over a potential entry for the flower show.

**AUBURN, ME (May 20, 2022)** -- The Maine Iris Society will host its 42nd Annual Median Iris & Spring Flower Show at the Auburn Middle School on Saturday, June 4th from 1:30 - 4:00 pm. Admission is FREE and open to the public. Iris enthusiasts, gardeners and volun-

teers from Maine and New Hampshire will arrive early that morning to prepare irises and other spring flowers for display. They are judged later in the morning by accredited American Iris Society Judges. Judging is done in accordance with the rules and standards of the American Iris Society.

Flower arrangements with irises as well as spring flowers will be judged by National Garden Club accredited judges.

Awards given for the flowers include Best Specimen of Show (the Queen of Show), Best Spring Flower, Best Design of Show, and section winners. Visitors to the show will also have a chance to vote for their favorite Iris and spring flower. These people's choice winners will be announced after 3:00 pm.

A feature of the show that is popular with many visitors is the sale of various potted plants. Bare-root Iris rhizomes from early blooming bearded medians will also be on sale again this year for \$1.00 each.

The Maine Iris Society was founded on June 18, 1960 on the occasion of its first Annual Iris Show at Fairview School in Auburn.

The Society exists to develop the science of horticulture, specifically through the propagation and culture of the genus, Iris, and to stimulate and foster interest in irises through education of the public and our members.

Iris shows like this one are sponsored by the Society once each year. Other activities include meetings, garden visits, photo contests, and plant sales and auctions, with guest speakers from the area and around the country speaking at many of our meetings.

Officers of the Maine Iris Society are president Pauline Grenier of Minot, Vice President Harriet Robinson of Otisfield, secretary Peter Young of Buckfield, treasurer and membership chairpersons, Ted White and Edith Ellis of Turner.

Membership information will be available at the show.

Bring the whole family and enjoy the afternoon with us!

## Cross Center Gala Returns in 2022

**BANGOR, ME (May 26, 2022)** -- The Cross Center Gala, an annual tradition to celebrate the citizen-lead initiative to develop what is now the Cross Insurance Center and highlight deserving non-profits who are also making a difference in the Bangor region, is returning to the Cross Insurance Center for the first time since the pandemic. The 2022 edition will be held on October 1 and will honor three organizations in Eastern Maine, awarding cash gifts to each while celebrating a return to live events at the Cross Insurance Center and venues around Maine.

"We are seeing more and more live events return to this part of our state safely and responsibly," said Molly Briggs, co-chair of Cross Center Gala Committee. "The Cross Center Gala has always been a celebration of this region, and we see the return of the Cross Gala as a good reason to not only celebrate the region, but also celebrate the fact that we are collectively finding a way to get back to the things we enjoy, in the safest way possible."

Each year, the Cross Center Gala turns into the region's biggest night of giving by donating \$50,000 to non profit organizations that make the region a better, safer, and more enriched community. This year, after the challenges many residents have faced during the pandemic, the honorees have never been more important. The Cross Center Gala will honor three non-profits: Bangor Area Recovery Network (BARN), Northern Light Acadia Hospital, and Wellspring.

"These are three incredible organizations, all of which were originally chosen for the 2020 Gala," said Kristen McAlpine, co-chair of the Cross Center Gala Committee. "Unfortunately, we never had the chance to properly honor them as things started to shut down and be postponed that year. This year, we are taking the opportunity to make good on the honor as we bring back this inspiring and celebratory gala."

Each non-profit will receive a cash gift of \$15,000 and one recipient will receive an additional \$5,000 as selected by the evening's attendees. The cash gifts come from generous sponsorships of the event. Three major sponsors for the 2022 Cross Center Gala are Bangor Savings Bank, Epstein Commercial Real Estate, and the building's namesake, the Cross Insurance Agency.

The Cross Center Gala had been held regularly between 2015-2022, awarding \$200,000 to 12 organizations in that time. This year's gala will also be an opportunity to shepherd in a new era at the Bangor arena, with Chris McGrail being named as its new general manager.

"Chris is coming into this role at a very exciting time," said Julia Munsey, Chair, Cross Insurance Center Advisory Board. "As people are adapting to changing conditions and looking forward to attending in-person events again, the Cross Insurance Center continues to offer great event opportunities for everyone. Chris is going to do a fantastic job leading the

## Volunteers Prepare To Welcome 400+ Underserved Youth to Camp

**POLAND, ME (May 21, 2022)** -- More than 40 volunteers traveled to Poland, Maine this past weekend to donate their time and resources to help Agassiz Village (AV), a non-profit overnight summer camp serving low-income youth from under-resourced communities, get ready to welcome over four hundred children and teens this summer.

From Friday, May 20 to Sunday, May 22, volunteers from across New England worked on cleaning, painting, landscaping, and small renovation projects, including the creation of a dedicated space for an on-site social worker to

better meet the social and emotional needs of youth impacted by the pandemic.

Agassiz Village opens its doors to volunteers for one weekend every spring to prepare for the camp season. The support and help AV receives from volunteers is critical, as it allows the non-profit organization to direct more time and funds into its programs. Agassiz's programs, which include an overnight Social Emotional Learning (SEL) focused summer camp and a new year-round college/career readiness intensive for teens, are provided at low or no-cost to low-income children from under-re-

sourced Maine and Massachusetts communities. In 2022, the volunteers will also be joined by OCBA Landscape Architects, a renowned consulting firm working with AV to develop a Facility Master Plan, a long-term plan to provide youth with state-of-the-art facilities that align with the camp's vision and mission.

"We had over 40 volunteers this past weekend and are so grateful for the amazing outpouring of support. Without our many, dedicated volunteers it would just be impossible for our small staff to prepare to open camp," said Lisa Carter, Executive

Director.

In 2022, Agassiz is holding in-person overnight camp sessions from July 4th-15th, July 18th-29th, and August 1st-12th, and will host a total of 432 children, a 50% increase from 2021.

"Last summer, kids came back to camp after a very difficult year and a half. School closures, lack of social interaction, possible financial instability at home, fewer health care touch points...it all took a toll. That's why we know it's critical we reach even more kids with our summer program and our year-round program for teens in 2022," said Carter.

Thanks to a robust set of health and safety measures, Agassiz successfully operated three full sessions of camp in

2021 without a single case of COVID-19. AV will continue to follow all CDC and local health department guidelines in 2022, and is planning to uphold rigorous health and hygiene protocols, including symptom monitoring, pre and post-arrival COVID-19 testing, enhanced cleaning, and expanded outdoor activities.

*ABOUT: Agassiz Village is a 501(c)(3) non-profit organization whose mission is to prepare kids for life's journey by providing opportunities, in a summer camp environment, to develop and practice leadership and life skills that will impact their*

*futures in education, family, career, and in their communities. Founded in 1935 by Harry E. Burroughs, founder of the Burroughs*

*Newsboys Foundation, to serve as a haven for children from under-resourced communities. Agassiz Village has remained true to its original goal of making a transformative overnight camp experience accessible for children of all backgrounds. Agassiz Village is a 325-acre residential summer camp located on Thompson Lake in Poland, Maine. Our programs are an investment in the future, to inspire and enable all children, especially those who need our support the most, to reach their full potential as productive, caring, responsible leaders. www.AgassizVillage.org*

## Box Office Opens for 40<sup>th</sup> Anniversary of Bates Dance Festival

**LEWISTON, ME (May 27, 2022)** – The renowned Bates Dance Festival returns in full force this summer with a 40th anniversary celebration showcasing student-dancers, international faculty, and dozens of performances from legendary artists.

The festival, which runs July 11-Aug. 6, will also include a “BDFête” honoring the retirement of longtime Bates College Director of Dance Carol Dilley, who has been a major contributor to the festival throughout her nearly 20 years of teaching at Bates.

Tickets for the Bates Dance Festival go on sale Wednesday June 1, with a sliding scale to make performance accessible to all. And the 40th anniversary lineup, held on the beautiful Bates College campus, features an abundance of talent, from Rennie Harris to David Dorfman Dance and collaborations

between dancer-choreographer Shura Baryshnikov and cellist Adrienne Taylor as well as Maine-based choreographer Aretha Aoki and sound and visual designer Ryan MacDonald.

“We have so many amazing artists coming to the Bates Dance Festival this summer,” says Director Shoshona Currier. “It’s a confluence of astounding talent. We feel so lucky to be welcoming so many students and artists for the first time since 2019. Our dancer training programs are totally full!”

The pandemic caused the festival to be entirely canceled in 2020 and scaled back in 2021. Multiple projects intended for the 2020 BDF, were put on hold, explains Currier. When the festival returned in 2021, performances were limited to outdoor venues, and whereas typically 200 dancers would be enrolled in the Profes-

sional Training Program, the festival was only able to host 35 due to COVID safety protocols.

This summer BDF will welcome back a full student body and programming worthy of a major anniversary.

One of the artists who was supposed to perform last year, Miguel Gutierrez, shifted gears in response to the challenges of remounting a show two years after it was originally scheduled. He’ll be performing a new work, “I as another,” an intimate duet with Laila Franklin, “mostly inspired by Willie Colon, Stevie Nicks, and the all consuming sadness that envelops everything.”

Gutierrez met Franklin at the festival in 2021, when she took part in the training program.

Reggie Wilson’s Fist & Heel Performance Group is another group that had been slated to appear at BDF but was de-

railed by the pandemic in 2020. The Brooklyn-based dance company, which investigates the intersections of cultural anthropology and movement practices, will perform at Lake Andrews on July 11, in collaboration with festival students and faculty members, as well as community members from Lewiston, inspired by several dances from the company’s Shaker-inspired work “Power.”

Then the company will deliver full performances of its “Power” on July 15 and 17 in Schaeffer Theatre on the Bates College campus.

“We’re so excited to be able to make good on these previous commitments,” Currier said.

“And in the case of Reggie Wilson, to actually expand upon it, thanks to our partnership with Indigo Arts Alliance as well as significant relief grants. We’re thrilled to involve community members in this proj-

ect, as well as our Young Dancers. I think that is going to be truly spectacular.” The festival, in partnership with L/A Arts, is also celebrating the work of photographer Arthur Fink, who from 2006 to 2017 lovingly chronicled the festival with soulful curiosity and a reverence not just for performance, but for the practice and process of dance. Fink died on April 21, 2021, leaving behind a remarkable collection of still photography from the festival. The retrospective features more than 40 images of dancers at work and play and will be on display at L/A Arts in the Hartley Block, 155 Lisbon St., June 25-August 16, with special events including an opening reception from 5 to 7 p.m on June 24.

As an institution, the Bates Dance Festival made a decision to carry forward a pricing change it had adapted during the pan-

dem. Tickets will now be either \$5 or \$25. “It’s up to the ticket buyer,” Currier says. “We hope people who are able will buy a full-price \$25 ticket but we understand what a barrier that can be for some. The \$5 option makes this festival more accessible for our community. We need art during challenging times, and these have been very challenging times for all. As we reach the milestone of our 40th anniversary, we want to welcome all audiences to celebrate with us.”

**Ticketing Details:** For a full schedule, please visit [batesdancefestival.org](http://batesdancefestival.org) Online ticket sales go live June 1st at Eventbrite. In person ticket sales at the box office (Pettigrew Hall, 1st floor, Room 200, Bates College, 305 College St., Lewiston) available starting June 28, Tuesday-Saturday, 1–5 p.m. email: [bdffoxoffice@bates.edu](mailto:bdffoxoffice@bates.edu) phone: 207-786-6161

## City of Lewiston Announces Utility Work Through June 3

**LEWISTON, ME (May 26, 2022)** – The City of Lewiston is informing residents that beginning Tuesday, May 31, 2022, contractor St. Laurent & Sons will commence utility work on the section of Central Avenue between Brault Street and Suzanne Street. tral Avenue; the new box culvert will be next to the existing pair of culverts.

Work is expected to take place the entire week ending on Friday, June 3. Detours will be on Suzanne Street, Robert Avenue, and Brault Street. Motorists are asked to consider an alternate route during the week to lessen travel delays and in consideration of neighborhood traffic impact.

## ‘Walk the Working Waterfront’ Returns to Commercial Street

**PORTLAND, ME (May 27, 2022)** – Sample kelp at Harbor Fish from Atlantic Sea Farms. Tour the Portland Fireboat and vessels from the US Coast Guard. Experience a tuna dissection with the Gulf of Maine Research Institute. Go behind the scenes at Luke’s Lobster buy station on Portland pier. There is no better day to immerse yourself in Portland’s vibrant and diverse ocean economy than Saturday, June 4th.

Now in its 7th year, Walk the Working Waterfront (WTWW) encourages visitors from near and far to experience the piers and wharves of Commercial Street in unique ways. This free-to-attend, self-guided walking tour occurs on the first Saturday of June each year, from 11-3, and stretches from Becky’s Diner all the way to Casco Bay Lines. Along the way, walkers will find dozens of interactive stops and nearly 50 businesses sharing stories about the work they do.

“After a necessary break due to the pandemic, we’re thrilled to welcome Walk the Working Waterfront back to our event lineup for 2022,” said Cary Ty-

son, Executive Director of Portland Downtown. “This event gives visitors intimate access to the working waterfront and enhances the community’s understanding of the important role this infrastructure plays on the local economy.”

Jonathan Labaree, Chief Communications Officer at the Gulf of Maine Research Institute added, “Increasingly, a lack of waterfront access for marine businesses is one of the major challenges facing working waterfronts in Maine, throughout New England, and around the world. In order to preserve and protect working waterfronts for generations to come, it’s so important to celebrate the local businesses that power our blue economy — so we’re thrilled to support this event again this year.” The Gulf of Maine Research Institute will play a central role in this year’s event, offering two tuna dissections, hands-on displays, and facility tours. Participants will also find the WTWW Information Station on the greenspace behind its facility along with the starting point for two historical waterfront walking tours led by Portland’s Waterfront Coordi-

nator, Bill Needelman.

Walk the Working Waterfront’s management was handed over to the New England Ocean Cluster (NEOC) in 2019 after 5 successful years under the leadership of John Spritz during his time at Growing Portland. Chris Cary, its COO said “the NEOC is excited and thankful to be working with community members and stakeholders to ensure it continues each year in an authentic and productive way.”

*About Walk the Working Waterfront:*

*Walk the Working Waterfront is a free-to-attend, community-built, self-guided walking tour created to give visitors unique access to the people and businesses that comprise Portland’s ocean economy. ## USDA Offers Funding Flexibility Amid Formula Shortages

**WASHINGTON, D.C. (May 25, 2022)** – In its continued efforts to get formula to families in need, the U.S. Department of Agriculture is encouraging state agencies and their infant formula manufacturers to consider seeking temporary flexibility in their infant formula contracts to allow WIC participants to purchase alternate sizes, forms, or brands of infant formula during the current shortage.

State agencies have contracts with one of three manufacturers to provide specific formula to WIC infants who are partially or fully formula fed. To maximize access for WIC participants, USDA is recommending state agencies, Rickett Mead Johnson (RMJ), and Gerber work together to consider temporarily allowing alternate brand formulas. To help make this financially feasible, USDA is quickly leveraging the new Access to Baby Formula Act signed by President Biden and will cover the additional costs of alternate brand formulas in states that have contracts with RMJ or Gerber, if the contracted size, form, or brand of formula is unavailable. In states with Abbott contracts, Abbott is currently covering that cost difference.

“Responding to the infant formula shortage has been – and will continue to be – a team effort. We encourage states and their formula manufacturers to work together to maximize access

to infant formula for WIC participants, and USDA will provide the funding to make that possible,” said Agriculture Secretary Tom Vilsack. “WIC families are depending on us for the vital nourishment their babies and children need to thrive. We cannot let them down.”

WIC participants under 12 months of age consume an estimated 56% of infant formula in the U.S. Approximately half of all state agencies have contracts with Abbott, which voluntarily recalled several formula products in February. Though RMJ and Gerber were not subject to the recall, WIC participants in some states in contracts with the companies are beginning to have difficulty finding their typical formula in stock due to the lengthy closure of a major Abbott facility. USDA previously provided waivers flexibility to allow WIC state agencies to provide alternate sizes, forms, and brands of formula, if permitted under their contract, and is now taking action to ensure it is a financially viable option for all states.

Since the recall was first announced, USDA’s Food and Nutrition Service has been working tirelessly to ensure WIC participants and stakeholders have the information they need to keep infants safe. The agency immediately provided guidance to WIC state agencies and, within days, offered flexibilities, including waivers to help

them respond to the impacts of the recall. In the months since, FNS has been providing ongoing assistance and support to help states put those flexibilities to best use and adapt to the rapidly-changing situation, approving well over 200 waiver requests to date.

The department continues to work closely with HHS and FDA and the administration to support WIC through this challenging time and contribute to a swift end to the shortage. Recent actions include:

**C o o r d i n a t i n g** cross-government to rapidly transport safe specialty formulas into the country for babies with special medical needs through Operation Fly Formula. The first shipment arrived in the U.S. on May 22 with 132 pallets of a crucial specialty formula; the second is expected to arrive today with 114 pallets of another specialty formula, also in high need.

Calling on states to take advantage of all available WIC flexibilities that could help those they serve. Since May 13, when USDA wrote to state health commissioners on this issue, 33 new waivers have been requested and approved, with all 50 states now offering at least one flexibility to help WIC families get the formula they need.

Engaging directly with WIC stakeholders including holding multiple listening sessions to better understand current needs and concerns.

## Memorial Day Weekend Marks the Start of the Boating Season

### MAINE, STATE-WIDE (May 25, 2022)

-- With more people heading out to enjoy a day of boating or fishing, it is more important than ever to be a responsible boater to keep you and everyone on the water safe. Here are a few reminders:

**“Headway Speed”** means the slowest speed at which it is still possible to maintain steering and control of the watercraft. You must operate a watercraft at “headway speed” while:

Within 200 feet of any shoreline, including

islands.

Within a marina or an approved anchorage in coastal or inland waters.

This law was designed to keep everyone on the water safe, reduce erosion, and to help protect wildlife such as loons that nest on the shoreline.

When towing someone on water skis, a surfboard, tube, or another device, ALWAYS have a responsible person at least 12 years of age in a position to observe the towed person(s) continuously, in addition to the boat operator. The person(s) being

towed must wear a life jacket.

You are responsible for your wake. Always pay attention.

Be respectful of others. Give other boaters, swimmers, and anglers plenty of space and always drive at a reasonable and prudent speed for conditions, congestion of other boats, and wildlife.

ALWAYS wear a life jacket. If you think you will have time to put it on after you are in the water, think again.

Stay alert! Never drink and boat.

Presented by the Maine State Library and Maine Humanities Council, the Read ME statewide summer reading program connects Maine's

adult reading community through outstanding new books written by up-and-coming Maine authors. The titles, one each for fiction and nonfiction, are selected each year by a well-known Maine author with an established reputation. This year's titles were chosen by Christina Baker Kline, author of the

best-selling novels "Orphan Train," "A Piece of the World," and, most recently, "The Exiles." Multiple copies of the books are available to borrow at local libraries. In addition to events presented by local libraries, the Read ME program features statewide virtual events, including a kick-off pro-

# Popcorn, Candy, and Soda - Oh My!

**LEWISTON/AUBURN and GORHAM, ME (May 24, 2022)** -- Popcorn has gone hand in hand with movies for almost 100 years! The delicious snack started as a way for theaters to provide affordable snacks during the Great

Depression. Once it caught on it was clear, popcorn was here to stay.

The salty treat pairs well with soda - another national favorite. Do you prefer candy or popcorn when you go to a film? These days, with discounted com-

bos you might as well get both!

Did you know? At most cinemas, the "butter" is actually completely dairy free. The "artificial butter flavor" is usually an oil - most commonly soybean oil. So if you have a dairy

allergy no need to skip that butter!

**Watcher - JUNE 3rd** - As a serial killer stalks the city, Julia - a young actress who just moved to town with her boyfriend - notices a mysterious stranger

watching her from across the street.

**Jurassic World: Dominion - JUNE 10th** - Four years after the destruction of Isla Nublar, dinosaurs now live - and hunt - alongside humans all over the world. This fragile balance

will reshape the future and determine, once and for all, whether human beings are to remain the apex predators on a planet they now share.

# Women's Ride Returns on June 4 in Locations Across Maine

**PORTLAND, ME (May 16, 2022)** -- The Women's Ride will take place on Saturday, June 4, in at least 16 different communities across Maine, the Bicycle Coalition of Maine (BCM) announced Monday.

"After receiving overwhelmingly positive feedback last year, we're excited to bring back this statewide Women's Ride format in 2022," said Bicycle Coalition of Maine Event Director Colleen Donohoe. "And we truly appreciate the generosity of our presenting sponsors,

Northern Light Health and Norway Savings Bank, for making it possible."

The BCM says the format is intended to make the ride as accessible as possible to as many women as possible.

The Women's Ride is open to all self-identifying women—including femme, transgender, and non-binary—and will feature road, gravel, and mountain bike options with difficulty levels ranging from beginner to seasoned.

Rides have thus far been confirmed in August-

ta, Belfast, Carrabassett Valley, Falmouth, Gorham, Lewiston, Madawaska, Orland, Orono, Portland, South Portland, Thomaston, Topsham, Westbrook,

Winter Harbor, and Yarmouth.

Although any bike shop, bike club, or individual can host a ride, all leaders, sweeps, and other

riders must be women.

"We want to provide an event where all women of all riding types and skill levels can feel welcome and comfortable riding in a group setting," Donohoe said.

In preparation for the Women's Ride, the Coalition invites women to register for a fix-a-flat session on May 25 and an urban biking class on June 1. Both classes are free, and will be held at the BCM's office at 38 Diamond Street in Portland.

Following the June 4 Women's Ride, the Co-

alition will be holding additional group rides—dubbed the "Women's Ride Summer Series"—every other Wednesday in the Greater Portland region. More details will be shared in early June. These rides are also sponsored by Norway Savings Bank and Northern Light Health.

Registration for the Women's Ride is pay-what-you-can, with a suggested donation of \$35.

Interested women can find more information and register for the June 4 Women's Ride at: [bike-maine.org/womens-ride/](http://bike-maine.org/womens-ride/).

**‘Hamlet’ Live in HD at The LHE/PAC**

**FRYEBURG, ME (May 27, 2022)** — The Metropolitan Opera presents the final Live in HD simulcast of the 2021-22 season at the Leura Hill Eastman Performing Arts Center on Saturday, June 4th at 1:00 pm.

When Australian composer Brett Dean’s Hamlet had its world premiere at the Glyndebourne Festival in 2017, The Guardian declared, “New opera doesn’t often get to sound this good ... Shakespeare offers a gauntlet to composers that shouldn’t always be picked up, but Dean’s Hamlet rises to

the challenge.” On June 4, this riveting contemporary masterpiece appears live in cinemas, with Neil Armfield, who directed the work’s premiere, bringing his acclaimed staging to the Met stage. Many of the original cast members have followed, including tenor Allan Clayton in the title role. Nicholas Carter makes his Met debut conducting a remarkable ensemble, which also features soprano Brenda Rae as Ophelia, mezzo-soprano Sarah Connolly as Gertrude, baritone Rod Gilfry as Claudius, and John Relyea as the ghost of Hamlet’s father. This live

cinema transmission is part of the Met’s award-winning Live in HD series, bringing opera to movie theaters across the globe.

Opera enthusiast Joe De Vito will be hosting his Opera Lecture Series on Thursday, June 2nd at 3:00 pm in the LHE/PAC Seminar Room. The lectures, which are free and open to the public, are designed to prepare attendees for the upcoming Live in HD simulcast.

Live in HD tickets are \$28 for adults, \$25 for seniors, and \$10 for students. Order online at [www.fryeburgacademy.org/pac](http://www.fryeburgacademy.org/pac), or call the box office at 207-544-9066. The LHE/PAC is located on the campus of Fryeburg Academy at 18 Bradley Street in Fryeburg, Maine.
