ARIES (March 21 to April 19) A recent spate of confusion regarding decision-making begins to clear up. But caution is still advised. Continue to check details. An old friend has important news.

TAURUS (April 20 to May 20) You're anxious to see your ideas move from concept to development. But trying to force the issue right now could backfire. Wait for movement to resume shortly.

GEMINI (May 21 to June 20) Keep your thoughts focused on the positive as you deal with an unexpected turn of events in a personal or professional relationship. This could be the start of a welcome change.

CANCER (June 21 to July 22) Health matters take on added importance at this time. Deal with them before they interfere with your summer plans. A relationship that cooled off could soon warm up again.

LEO (July 23 to August 22) While a few details involving upcoming decisions still need your attention, you fun-loving Felines can begin to spend more time enjoying your lively social life again.

VIRGO (August 23 to September 22) That long-sought-after career change could require you to move to another city. Weigh your decision carefully before either accepting or rejecting the offer out of hand.

LIBRA (September 23 to October 22) A workplace situation can be awkward for Librans who prefer to keep their problems private. But you might have to "tell-all" if you hope to see it resolved in your favor.

SCORPIO (October 23 to November 21) Although your financial situation starts to improve this week, you still need to be cautious about money matters. Avoid major obligations, for now.

SAGITTARIUS (November 22 to December 21) Your overall aspects continue to brighten, allowing you to tackle long-deferred challenges. A change in travel plans could work to your benefit.

CAPRICORN (December 22 to January 19) Things seem to be slowing down for the usually restless Sea Goat. But wouldn't a bit of respite be just what you need right now? Activity picks up by the weekend.

AQUARIUS (January 20 to February 18) Personal relationships take a positive turn for both married and single Aquarians. Professional commitments, however, could be complicated by newly emerging events.

PISCES (February 19 to March 20) A decision you thought was final might be reopened as new facts are discovered. This could lead to a short-term problem, but ultimately might prove beneficial.

BORN THIS WEEK: Your keen interest in pursuing global events could lead you into a career as a politician or journalist.

Movies or Brownies

A father of some teenage children had the family rule that they could not attend PG-13 or R rated movies. His three teens wanted to see a particular popular movie that was playing at local theaters. It was rated PG-13.

The teens interviewed friends and even some members of their family's church to find out what was so offensive in the movie. The teens made a list of pros and cons about the movie to use to convince their Dad that they should be allowed to see it.

The cons were that it contained ONLY 3 swear words the ONLY violence was a building exploding and you did not actually "see" the couple having sex is was just implied sex, off camera.

The pros were that it was a popular movie block buster. Everyone was seeing it. If they could see it then they would not feel left out when friends were discussing it. It contained a great story and plot and lots of adventure. There were some fantastic special effects in the movie and would probably be nominated for several awards.

Therefore, since there were more pros than cons, the teens said they were asking their father to reconsider his position on just this ONE movie and give them permission to go see it.

The father looked at the list and thought for a few minutes. He said he needed a day to think it over before making his decision.

The teens were thrilled thinking, "Now we've got him!"

The next evening the father called in his three teens who were smiling very smugly. There on the coffee table he had a plate of brownies. the teens were puzzled. The father told his children he had thought about their request and if they would eat just one brownie then he would let them go to the movie. But like the movie, the brownies had pros and cons.

The pros were they were made with finest chocolate and other good ingredients. They were moist and fresh with wonderful yummy frosting on them. And best of all they had been made lovingly by their fathers hand.

They only had ONE con. The father had included a special ingredient. The brownies also contained just a little bit of dog poop. But he had mixed it into the dough well and they would probably not be able to taste it. He had baked them at 350 degrees so bacteria was probably destroyed.

Therefore, if any of his children could stand to eat the brownies which included just a "little dog poop" and not be effected by it, then he knew they would be able to see the movie with just a "litle bit of smut" and not be effected.

Of course, none of the teens would eat the brownies and the smug smiles left their faces. Only Dad was smiling as they left the room.

Now when the teenagers ask permission to do something he is opposed to, the father just asks, "Would you like me to whip up a batch of my special brownies?"

Piedmont Pets

June 2, 2022 By Paulette Dean

It is not summer yet, but already we have had two reports of heat stroke in dogs. Summer temperatures are brutal for animals and prolonged exposure to heat and/or direct sunlight can cause heat stress, heat exhaustion, or even heat stroke. For the purposes of this column, we will speak of dogs and cats. The symptoms below are not the only symptoms:

Heat stress causes panting, and salivating, and thirst. Never put the animal in cold water, but apply cool water to the paws and stomach.

Heat exhaustion causes all of the above, plus vomiting and diarrhea. Again, do not put the animal in cold water, but apply a cool wet towel and take the animal to a veterinarian.

An animal having a heat stroke is confused, probably will have seizures, and will collapse. Try to cool the animal with the methods above, but immediately take it to a veterinarian.

It is vital that owners provide adequate care that will prevent heat stress, exhaustion, or stroke. The following steps should be taken:

If you must have a dog or cat outside, never put the shelter where it is not protected from direct sunlight. Actually, the definition of "adequate shelter" in the Virginia code requires animals to be kept free from the ill effects of direct sunlight and also requires the shelter to be properly shaded and not a type that readily conducts heat.

996 South Boston Rd., Danville, VA 24540
Phone: (434) 799-0843

It became law in Virginia on July 1, 2020, that dogs cannot be tethered when temperatures reach 85 degrees and higher or during any severe weather warning issued by the National Weather Service. Most animal control officers will handle this law as complaint-driven.

Never expect your pet to be without cool, fresh water. Fresh water must be provided at all times. Even inside pets drink more during hot weather. Continuous cool, fresh water is necessary for every pet; in fact, it is a legal requirement. Outside animals can become dehydrated very quickly.

Summer can be brutal, but it is an owner's responsibility to provide adequate care to prevent harm.

Miles Teller in "Top Gun: Maverick"

HOLLYWOOD — Oscar-winner Diane Keaton's 55th film, "Mack & Rita," opens Aug. 12. The star of movie classics like "The Godfather" and "Annie Hall" has surrounded herself with three great actresses in her new comedy. First up is 91-year-old Lois Smith, who started her career on the CBS soap "Love of Life" (1951) and appeared in such classics as "East of Eden" (1955), with James Dean; "Five Easy Pieces" (1970), with Jack Nicholson; "Fatal Attraction" (1987), with Michael Douglas and Glenn Close; "Dead Man Walking" (1995), with Sean Penn and Susan Sarandon; and most recently "The French Dispatch" (2021). Also starring with Keaton are Emmy winner Loretta Devine, for "Grey's Anatomy" (2011), and "Hot in Cleveland's" Wendie Malick, most recently in nine episodes of "Young Sheldon."

Will "Top Gun: Maverick" finally push Miles Teller to superstardom? After 19 films — including "Footloose" (2011) and "Whiplash" (2014) — is his time at hand? At 35, "Maverick" is his best shot to break through. Teller's personal life has come together nicely, marrying model Keleigh Sperry in 2019. His futuristic sci-fi thriller "Spiderhead" (opposite "Thor" himself, Chris Hemsworth), in which they play convicts who volunteer as medical subjects, hits Netflix June 17, and his 21st film, "The Fence," which was to have reunited him with his "Divergent" co-star Shailene Woodley, was postponed due to the death of their other co-star, William Hurt.

Oscar-winner Susan Sarandon, Bette Midler (who has three Emmys, a Grammy and a Tony) and two-time Emmy winner Megan Mullally are joining forces for the feel-good comedy "The Fabulous Four," which will shoot July through September (with a mysterious fabulous fourth?). Sarandon is lending her voice to the superhero animated film "Blue Beetle" and

stars with Trace Adkins in the Fox series "Monarch," about a fictitious country-music dynasty. Midler has completed "Hocus Pocus 2," which will drop on The Disney Channel just in time for Halloween. Mullally stars in Hulu's just-released coming-of-age film "Crush" and has the drama "Summering" due in August.

"Father of The Bride" (1950), which starred Spencer Tracy, Joan Bennett and Elizabeth Taylor, was reinvented in 1991 as a star vehicle for Steve Martin and Diane Keaton, and grossed \$129 million. It's being revived yet again, this time starring Andy Garcia and Gloria Estefan. But film buffs will hardly recognize it since it's about a Cuban family, the intended bride proposes to the would-be groom, and her parents have a dark secret to reveal ... they are getting divorced. It hits HBO Max on June 16, and since all that's left of the classic film is the title ... "Everything old is new again!"

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

Treasury staff to help citizens find missing money

DANVILLE—The City of Danville Treasurer's Office announced that they will be hosting a virtual call event with the Virginia Department of the Treasury's Unclaimed Property office to assist citizens with looking for money that may be owed to them. On Thursday, June 2, 2022 and Friday, June 3, 2022 from 10 a.m. to 4 p.m., citizens will be able to call the toll free event phone number, 1-833-302-0704, and speak to a Treasury representative to assist them in their search.

Virginia's consumer protection law requires businesses to escheat/report unclaimed property over to the state, relieving the business of the financial liability. Virginia holds the property as the custodian until the rightful owner, or heir, files a claim.

More than \$1 billion has been paid out to Virginians since this program was started in 1961. Unclaimed property consists of "abandoned assets or accounts" which are considered dormant due to inactivity and can include utility deposits, customer refunds, unpaid wages, money from insurance policies, securities and investments, bank accounts, and tangible property. Property becomes unclaimed when the holder company has not had contact with the owner of the property for a specified period of time.

These call events are held to aid citizens in searching and starting the claim process. Virginians can also easily search the Commonwealth's unclaimed property database by visiting VaMoneySearch.org. This free website allows individuals to search the Commonwealth's unclaimed property database and download a claim form.

Virginia's P-EBT Program to Issue Benefits to Limited Households Under Revised Criteria for the 2021-2022 School Year

RICHMOND, VA (May 24, 2022) – Virginia's Pandemic Electronic Benefit Transfer (P-EBT) program will issue benefits for the 2021-2022 school year to students for specific COVID-related absences under revised eligibility requirements, as defined by the United States Department of Agriculture. Fewer households are expected to receive the benefit due to most students attending school in person and having access to school meals at no cost.

The revised eligibility guidelines require both a school and student to meet specific requirements. To be eligible to receive P-EBT benefits for the current school year, a student must:

- attend a P-EBT-eligible school and qualify for free or reduced-price school meals under the National School Lunch Program or attend a school that participates in the Community Eligibility Provision program.

AND the student must also have participated in full-time, remote learning provided by the school divisions or been absent due to a documented, COVID-related issue such as quarantine, illness or community transmission.

Eligible schools must also have been closed or operating at reduced attendance for five consecutive days due to a COVID-19-related issue.

Benefits will be issued retroactively beginning May 25 to eligible students who missed school due to COVID-19 during the months of September through October 2021. The release of benefits for additional COVID-eligible absences will continue through June 24, 2022 in accordance with the approved issuance schedule. The amount of benefits will vary and are based on the number of days in which the eligible student was absent from school and met program requirements each month. Students enrolled in full-time, virtual schools such as Virtual Virginia do not meet USDA P-EBT eligibility requirements for the current school year.

Households with students are encouraged to visit PebtVA.com to learn more about the changes in eligibility requirements. The receipt of P-EBT benefits for previous school years does not guarantee eligibility for the 2021-2022 school year. Schools and students must meet all eligibility requirements, which will be determined by the information that each school/school district provides to VDSS.

Questions regarding P-EBT benefits should be directed to the P-EBT Call Center at (866) 513-1414 or (804) 294-1633 Monday - Friday from 7:00 a.m. - 7:00 p.m. and Saturday from 9:00 a.m. - 2:00 p.m.

Households that do not meet eligibility requirements for the P-EBT program are encouraged to visit Commonhelp.virginia.gov to check eligibility for the federal Supplemental Nutrition Assistance Program, text 'FOOD' to 304-304 to find a local Summer Meal Site, or contact 2-1-1 Virginia to learn more about food resources in their local area.

Big Brothers Big Sisters of Danville Area 2022 Big of the Year

Big Brothers Big Sisters of Danville Area announces their the 2022 Big of the Year, Curtis Carrington.

"Curtis Carrington joined the Big Brothers Big Sisters of Danville Area program in 2010. He heard about the program through an announcement from his pastor at his church. Mr. Carrington's first match with the agency was with the school-based program where he was matched with a youth who had moved into the area from Florida. This youth was in the third grade. His teacher indicated the youth would benefit from a mentor due to his quiet nature and being a new student.

Mr. Carrington, who is quiet in nature as well, visited the youth weekly during his lunch time. The youth openly talked to the volunteer. When the youth moved on to middle school, he insisted the volunteer stay with him. During this relationship, the parent/youth and volunteer wanted to become a community-based match. This was the beginning of a great relationship. The parent, on one occasion with communication with staff, indicated this was the best mentor for her son. Even at school, when the volunteer came to visit the youth during lunch, the other students joined in, talking to the volunteer as if he was their Big as well. This youth moved out of the serving area. The volunteer stopped hearing from this youth over time, but indicated he really missed the youth.

He was asked to be matched with a youth who was referred to the program that did not have any males in his life at the time. He also was quiet, bullied in school before being matched, and mostly only interacted with family. This too, became a good relationship. The youth with encouragement from the volunteer transferred from home schooled back into public school. The youth grew out of his shyness, improved with his ability to interact with others and made new friends. The pair continued in the match until the youth finished high school. The parent stated Mr. Carrington was very good to her son. Even though, he worked long hours and days, when he had available time, they did activities together.

So that Mr. Carrington would not leave the program, staff informed the volunteer of a younger youth who needed a mentor. This youth also is a quiet individual. But Mr. Carrington is patient and lets each youth take their time with opening up to him. Mr. Carrington informed staff he "will go wherever I am needed." And he has been mentoring for over 12 years to male youth who gained confidence, self-esteem, and better relationships with others. He has never turned the agency down when asked to mentor another youth. Each parent indicated this is a good mentor and is proud that he was selected to mentor their child."

Congratulations to Curtis! For more information, contact Pat Daniel at 434-773-8394.

FIND TWINS! Which of these eight baseball sluggers look enough alike to be twins? Which two is for you to say.

SAFE SIDE! STAY and SAFE are two appropriate four-letter words that may be found among letters of the word SAFETY. How many more four-letter words can you find?

*Fast, fast, fast, fate, feat, seat, east, safe are some more.

TAKE NOTE! Mi-mi-mi-mi...let's see if you are in tune with this note sufficiently to form six progressively longer words in accord with the following definitions:

1. Combine together, as cake ingredients.
2. Out of sight, out of --, 'tis said.
3. Type of skirt, van, bus, etc., (pl.)
4. Millionth of a larger unit of length.
5. Compact car's larger cousin.
6. Playful deviltry, or worse.

How quickly can you fill in these words?

1. Mix 2. Mind 3. Minis 4. Micron 5. Midsize 6. Mischief

SHARPEN YOUR WITS TO CUT DOUGHNUT

DRAW a doughnut outline on paper and cut it out.

Now, you are challenged to divide this paper doughnut into 13 separate pieces with just three cuts.

There is this catch: Each time you make a cut, you have to cut through all of the pieces.

One way it can be done:

1. Cut doughnut in half.
2. Bend halves in two; put one atop the other, and cut again. Result: Six pieces. Open all folded pieces.
3. Fold one of these six pieces in two; stack the lot; and cut through again.

Result of this third cut should be a total of 13 pieces.

P.S. Results will depend on how the folded pieces are positioned.

* Save the peels from your oranges, and dry them at a low temperature in the oven. You can add them to a pot of coffee or tea for a flavor boost that is refreshing and delicious.

* "If your tomato garden is experiencing caterpillars, try planting dillweed close to your tomatoes. It can provide a diversion, allowing your tomatoes to grow pest-free!" -- Y.F. in Florida

* "Cure your color in new garments (especially dark- or bright-colored) by soaking the item in cold, salty water before washing. Make sure that the fabric will allow this!

* "Take good care of quality paint brushes, and they will take care of you! Wash thoroughly in soapy water and rinse very well. After the brush is washed, combine enough water to cover the bristles and add two tablespoons of fabric softener. Swish for a minute or two, being sure to get it in the brush good, then hang to drip dry. Before you use the brush to paint, simply rinse the fabric softener away." -- M.E. in Washington

Foil Pack Baked Nachos

Foil Pack Baked Nachos are easy to make and easy to serve with minimal cleanup. These are loaded with Ground Beef, melted cheese, and all the fixings.

Ingredients

- For the Nacho Meat:
- 1 lb lean ground beef, (We used 90/10 beef)
 - 4 Tbsp taco seasoning, (or 1 packet)
 - ½ cup water
 - 4 sheets Aluminum Foil, (16" each sheet)

Nacho Toppings:

- 8 oz Mexican blend cheese, divided
- 1 avocado, chopped
- 1 roma tomato, diced
- 1/4 cup cilantro, Chopped
- 1/4 cup green onion or chives chopped
- 4 Tbsp sour cream, or to taste

Instructions

Preheat the oven to 350°F. In a large skillet on medium heat brown your beef, when there is no pink add 4 Tbsp taco seasoning and 1/2 cup water, and cook for an additional 3-5 min, stirring occasionally.

Tear off four 16" long pieces of Aluminum Foil. Place a handful of tortilla chips in the center of the sheet, top with a heaping 1/4 cup Mexican cheese, then cover with 1/4 of the ground beef mixture followed by another 1/4 cup of cheese. Bring up and double-fold the long ends, leaving room for air to circulate. Bring up and double-fold the short ends to close your foil packet. Just before serving, place on a baking sheet and bake at 350°F for 10 minutes. Prep all of your toppings so they are ready to serve over hot nachos. Open the foil packs, add desired toppings and serve immediately.

Strange BUT TRUE

By Lucie Winborne

* President William McKinley always wore a red carnation for good luck, but sometimes gave it away as a memento. When greeting a crowd in 1901, he handed a 12-year-old girl named Myrtle the bloom off his lapel, saying, "I must give this flower to another little flower." While it's not known if the gesture proved lucky for Myrtle, just minutes later McKinley was fatally shot by a man in the crowd.

* The larger an animal's brain, the longer it will yawn.

* Smoking has long been banned by airlines, but ashtrays are mandatory on every plane, for safe disposal in case someone breaks the law.

* A Chinese farmer named Wang Englin, who quit school in the third grade, spent 16 years teaching himself law in order to sue a chemical company that was polluting his village. Unable to buy all the books he needed, he paid a local bookstore with bags of corn to let him sit and read, copying information by hand and using a dictionary when necessary. He finally won his case in 2017.

* During World War II, a Dutch warship was disguised as a tropical island to escape detection by the Japanese.

* Convinced that stomach ulcers were caused by H. pylori bacteria, although no one else seemed to believe it, Dr. Barry Marshall drank the bacteria himself (testing it on humans was illegal), developed ulcers within days, treated them with antibiotics, and ended up winning a Nobel Prize.

* On average, professional soccer players run as far as 9 miles in a match.

Thought for the Day: "Life is like arriving late for a movie, having to figure out what was going on without bothering everybody with a lot of questions, and then being unexpectedly called away before you find out how it ends." -- Joseph Campbell
