In preparation for summer, it may be tempting to visit a tanning booth or bed, but indoor tanning is just as dangerous for your skin as the sun.

Tanning beds give off high levels of ultraviolet, or UV, radiation, which damages the skin.

According to the Skin Cancer Foundation, just one indoor tanning session can increase the likelihood of melanoma by 75%.

Indoor tanning can also cause immune system suppression and complications with vision and eye health, including cataract development and eye cancer.

To get screened, contact your health care provider.

# SPEAK OUT

Dear "Speakout",

## How Can We Stop Mass Shootings in America?

I know that we are very concerned and upset about the mass shootings which are escalating in our country! I keep hearing the President and news anchors on our main-stream media asking why this is happening and what we can do to stop these killings of all ages from elementary school, middle school, high school and all other age groups.

The solution is very simple but would necessitate a change in the spiritual condition and attitude of we Americans. I would like to share the letter which I sent to President Joseph Robinette Biden, Jr., this week:

"Dear Mr. President, I am very concerned regarding the mass shooting in our wonderful country. I would like to think that you would read this letter and prayerfully consider my suggestions and comments. You commented in your recent speech "I am sick and tired of it. We have to act." You also repeatedly asked "Why?" which is the same question all Americans are asking! You mentioned that passing gun control laws will deter this violence. I agree with you, but the root cause is not the guns but the people who use these weapons to kill others. I agree that assault weapons are not guns which should be in the hands of Americans. Rifles and shotguns for hunting have been the mainstay of hunters for hundreds of years. When the National Rifle Association walks into Congressmen and Senators offices, gun control goes out of the window. When we pushed God out of our public schools, we replaced Him with police to maintain order and protect our children. You repeatedly said, "In God's name". We cry out to God when we do not have the answers to our problems. God wishes us to not only cry out to Him but to obey His Words in the Bible. We need to overturn Roe v. Wade and stop butchering our unborn children. We need to overturn the 1962 Engel v. Vitale Supreme Court ruling which removed prayer from our public schools and the 1963 Abington Township v. Schempp Supreme Court ruling which prohibited Bible reading in our public schools. We must overturn the 1980 Stone v. Graham ruling which removed the Ten Commandments from our public schools and later from our public square. We must overturn the Supreme Court ruling in Obergefell v. Hodges which allowed same sex marriage in our country. These rulings are in direct opposition to God's precepts in the Bible and will eventually bring severe judgment upon America! I realize that everyone has preconceived agendas which we wish to implement in our lives. However, when these agendas are in direct opposition and contradiction to God's precepts in the Bible, we are headed in the wrong direction and the eventual downfall of America and our way of life. I pray that you will read my letter and that I will not just receive a form letter from your office stating your views while America continues down the road to judgment and more mass shootings."

Dear "Speak Out" readers, just do nothing and wait until members of your family and friends are killed in one of these mass shootings. These mass shootings will slow and eventually stop when we allow prayer, Bible reading and the 10 Commandments back into our public schools again!
