Celebrating
50 Years
at The Mark III

This past Saturday, June 4th, hundreds of guests helped the Mark III restaurant and motel celebrate their 50th Anniversary at a big outdoor bash featuring Barb-B-Que, craft cocktails, drink specials and live music by The Modern Day Drifters Band followed by Tony Fields & Doug Decker Band. The community turn out to come celebrate this local institution shows just how much the Mark has become a part of our local fabric. As owners Bob Camp, Jr and his wife Stacy prepared for the big anniversary party, they took some time to sit down with us and talk about the history of the establishment and how everyone that is a part of the Mark, staff and guests, feel like family.

50 years ago Bob Camp, Sr. decided it was time to make a change. He, his wife Jody and five children were living in Evanston, IL at the time. He was working in medical sales in Chicago. A job that involved lots of travel, and too much time away from his family. He was getting tired of that life and had a dream of making a living owning a restaurant and motel. Bob Camp, Jr remembers how the restaurant and hotel located at the intersection of Niles Rd. and M1-39 became a success, despite the odds.

"Dad had been looking for the right spot and saw this space had come up for sale. He came to see it on Blossomtime weekend and decided to buy it that day. He had to talk my mom into it," laughs Bob Camp, Jr. "Dad always had wild ideas but my mom's more conservative. They had talked about wanting to leave Evanston and when he saw this place, he knew it was the right location for the next phase of their life. Mom agreed and now here we are 50 years later running a business that our whole family worked hard to make a success."

Neither Bob Sr. or his wife had any experience in the restaurant and motel industry. They

Every year around this time, I write about my mom, because of Mother's Day and her birthday, which aren't far apart. This always causes her to do a lot of "Aw, shucks"-ing, because my mother is at

the very front of the line of People Who Would NEVER Call Attention To Themselves.

But this year is different. She sort of HAS to stand the limelight, because while I usually refer to each birthday as her mumble-tieth, THIS YEAR is her mumble-tieth with a "9" in front followed by a "4"!!

Ergo, thus, and therefore, we begin embarrassing mom with a column about her.

I turn for plagiarization - I mean, inspiration - to my Mom's "Grandparent Book" - a project she did for all her grandkids, which includes her personal answers to dozens of questions about her life and times.

Let's begin at the very beginning. The path that led to my Mom's co-authorship of this column began when she met my Dad, an encounter she describes thusly in her "Grandparent Book": "I met him on a blind date in March, 1946, when my dorm at DePauw University had a dance. The dancing area was so dark (one blue light bulb in the corner) that he asked me for another date in the daytime so we could see what each other looked like."

Fortunately she liked what she saw, or I suppose I wouldn't be here.

My Mom remembers this about her wedding day: "Rev. Carl Shafer, the assistant pastor, performed the ceremony, and it was his first wedding. He was young, and was so nervous that he could hardly hold his Bible, his hands were shaking so much."

Plagiarizing My Mom

Of course, Mom was a little excited by that day too, even 50 years later, when she wrote in her "Grandparent Book" that she was also "very neervous." (As a first-grade teacher for 26 years, and an impeccable speller, Mom will not be happy I mentioned this. . .I'll probably be grounded for a few weeks.)

Mom had her five kids in slightly less than nine years, starting in a year I can't mention because it would reveal my big sister's age, and ending in a year I can't mention because it would reveal my little sister's age. And if I reveal them, they would both ground me for life.

Regardless, what happened from that first unmentionable year on became Mom's answer to the "Grandparent Book" question "What was your most important learning experience?" Mom answers, "Raising a family. We tried to be honest and decent parents. We wanted a healthy family, where we would like each other and have fun with each other. Even with disagreements and struggles and pain and frustrations, we could forgive and smile and love each other.

"We found much happiness, even though there were struggles and sacrifices and responsibilities along the way. There was joy and happiness in the course of our family life."

To appreciate what kind of person my Mom is, simply update these last few sentences to the present tense. Though her flesh is weak, her spirit still strives to reflect joy and happiness. She shows us her best effort to accept life gracefully and gratefully, reflecting one of her favorite sayings: "Good examples have more value than good advice."

Thanks, Mom, for your life of good examples. I love you.

Modern Gutter Solutions LLC

My quest to meet and learn about entrepreneurs led me to **Modern Gutter Solutions, LLC**, which began operations last year. Modern Gutter Solutions is owned and operated by **Johnathon Scott**. Little fun fact for you all... Johnathon and I went to high school together! Not only do I love watching my friends succeed, but I also love being able to use the MailMax platform to share with you the great work they are doing for our community.

Johnathon is a graduate of Eau Claire High School, GO BEAVERS. After graduation, he fought MMA for three years while working side jobs. Once Johnathon turned twenty-one, he decided that he wanted to enlist in the Marine Corps, where he served his country for over five years. On behalf of myself (and I am sure everyone reading this right now), I would like to take a second to tell Johnathon "thank you" for your service to this GREAT country. Now that I am done almost making myself cry, I will get back to it. After retiring from the Marines, Johnathon moved back to his hometown in good ol' SW Michigan and opened Modern Gutter Solutions.

From the ages of thirteen to sixteen, Johnathon worked with his dad installing and cleaning gutters and thoroughly enjoyed doing the work. After moving home, he decided that the area needed more locally-owned gutter companies and took the newfound opportunity to open his own.

Modern Gutter Solutions offers five-inch and six-inch seamless gutters, gutter guards, gutter cleanings, roofing soffit and fascia (and yes, I did have to ask him how to spell "soffit" and "fascia".)

When asked why he thought his company would benefit our area, he stated that everyone needs gutter work at some point in their lives. Johnathon said he wants to be the guy that is known for his communication and his compassion towards his customers. "They aren't just another job, but another human being," said Johnathon. Because of this, Johnathon offers discounts to fellow active and retired military, senior citizens, law enforcement, and medical workers.

Do you need some gutter work done? If so, give Modern Gutter Solutions a call at 269-923-9223, email Johnathon at modernguttersolutions@gmail.com, or even a message on Facebook. Be sure to tell Johnathon that you saw the article about him in MailMax and how he is famous now because Kaitlyn wrote about him.

Are you or someone you know a new business owner in the area? If so, shoot me an email at news@MailMaxOnline.com. I would love to learn more about other aspiring entrepreneurs in our area.

Childcare Reform Efforts

We agree. These bills will alleviate issues with access and affordability for many families, while also providing more flexibility and resources to those who actually own and run child care centers; a win-win. Thankfully, this is an area where legislators across the aisle are finding common ground as well.

House Bills 5041-5048 passed the Michigan House of Representatives late last year with wide, bipartisan support. In the last few weeks, it has cleared the Michigan Senate's Economic and Small Business Development Committee and, as of writing this article, is awaiting a full vote on the Senate Floor. We are among the chorus of voices calling for that final vote to come this week, and for Governor Whitmer to sign the package into law shortly thereafter.

After all, Michigan's childcare crisis has gone on long enough. It is time to move forward with reforms that allow parents across the state to re-enter the workforce *without* setting their family back financially.

While Michigan's business community has grappled with a historic labor shortage, chambers like ours have been working overtime to identify and promote policy changes that will eliminate any and all barriers to re-entering the workforce. One commonly cited barrier, both pre- and post-pandemic, has been the lack of access to affordable childcare in our state.

Research has shown that a stunning 75% of children in Michigan live in areas with limited access to child care. This supply/demand imbalance has led to unaffordable prices for parents who do have access, leading thousands of couples to run a budget calculation that all too often determines it is actually *cheaper* for one parent to drop out of the workforce altogether than it is to pay a provider. The result of both is a childcare crisis that not only hurts growing families, but exacerbates the labor crisis many of our businesses find themselves in today.

For that reason, and as the *Voice for Business* in the region, we are proud to throw our support behind House Bills 5041 - 5048, a bipartisan package of bills seeking to expand access to quality, affordable childcare services throughout the State of Michigan. These bills intend to achieve this through the series of regulatory reforms detailed below:

- **HB 5041:** Modifies the adult-to-child ratio for in-home child care providers. Specific criteria must be met by these centers to guarantee that these expansions are done in a responsible, but effective manner. This change will come at no cost to state or local governments, yet will have a tremendous impact on access - particularly in rural communities across Southwest Michigan.

- **HB 5042:** Modifies licensing requirements for a childcare center, group child care home, or family child care home to require a disclosure of ownership interests. This prevents a center from simply changing its name and switching buildings in order to rid itself of previous violations.

- **HB 5043:** Creates an entirely new act that requires the Michigan Department of Education (MDE) to establish a "Family Child Care Network" for home-based childcare providers in every region of the state. Services available to providers through this new network will include access to coaching, training and professional development, connections, operational support, data collection, and other business services.

- **HB 5044:** Requires MDE to create a regional infant-toddler contract for childcare providers funded within the federal childcare and development block grant requirements. Contracts would have to be awarded to providers in all regions of the State and to high-quality providers located in communities where demand for infant and toddler child care exceeded supply as determined by the MDE.

- **HB 5045:** Amends 1973 PA 116, known as the child care licensing act, to revise information that must be included in a database concerning certain child care providers licensed under the act.

- **HB 5046:** Affords a child care center at least 90 days to comply with any new rule promulgated under the child care licensing act, unless there is superceding Federal obligation or immediate risk to health and safety.

- **HB 5047:** Modernizes recordkeeping requirements to allow operators to maintain licensing records and provide access to its licensing notebook through LARA's electronic database of licensing records if internet access is available on the premises.

- **HB 5048:** Creates a safe path for providers to locate in multi-use buildings to expand access to where families live and work.

"Access to care is a huge issue for many families," said state Rep. John Roth, lead sponsor of HB 5048. "Many hard-working people cannot find care for their children due to a lack of available providers or providers being at capacity. People face difficult choices as a result, such as having to take time away from their job or leaving the workforce completely. They shouldn't be forced into these choices, and these plans shore up availability while strengthening the child-care industry as a whole."

were learning on the fly. The previous owner stayed with them for over a month to help them along. They had sacrificed everything to take on the challenge and started making changes they knew would be successful but were not accepted by the community right away.

"The existing restaurant didn't have a liquor license," said Bob, Jr. "After a couple of challenging years, they felt that adding a liquor license and bar was necessary to grow the business. They got approval in 1974 and the Mark has been growing ever since. After a lot of hard work, and my mom's changes to upgrade the menu, word started to get out and business grew. By the late 1970's we had a steady business and a good reputation for our food, drinks and clean motel rooms."

While Bob Sr. and Jody did not have restaurant and motel experience, they were raising children that eventually did. Bob, Jr. and his siblings would often find themselves giving up things they wanted to do in their pre-teen and teen years to help their parents.

"All five kids Jeannine, Mike, Linda, Dave and I, have been dedicated to the Mark over the years. All having played big roles in the growth and success of The Mark. Not to mention mom and dad's hard work and sacrifice. It has truly been a family business," says Bob, Jr.

In 2011 Bob, Sr. felt that he was ready to retire. Bob, Jr. and his wife Stacy bought the business that year and have been running it ever since. Bob, Jr. had been working there since day one. He and Stacy had been managing the day-to-day operations for quite some time so it seemed like a natural progression.

Over the past decade the pair have made updates to the property. They removed the stain glass windows and put in clear glass. They took the carpet and mirrored tile off the walls and found beautiful, exposed brick behind it. They made the two back rooms into one larger room, added a wall of windows and warmed up the space by removing the ceiling, using the exposed rafters to create a cozy dining experience with lots of wood and warm tones.

"Removing the stained glass was not well received at first," laughs Stacy Camp. "But like what Bob, Sr. experienced when he made changes 50 years ago, people accepted it and we get comments now about how much people like how bright it is. We continually make upgrades, while making sure to retain the same feeling of warmth that the Mark has always had."

The couple has also upgraded all the motel rooms behind the restaurant creating a boutique experience for guests including comfy beds, kitchenettes and fireplaces in some of the units. Just last weekend they had several of the Sr. PGA golfers and caddies who stayed there in 2018, back for a return stay. One of those guests included the 2018 Sr. PGA champion Paul Broadhurst.

"We are fortunate. The restaurant stays busy, the hotel stays busy and we make sure that our key focus is customer service. We want everyone

to have a great experience here," said Bob, Jr. "The best part is that everyone that comes here becomes family. We want to thank past and present employees, past and present customers, and a big thanks to our community for all their support over the years. There's been so many great people, and so many good times."

Full Knowledge

For now we see a reflection as in a mirror; then we shall see face to face. Now I know in part; then I shall know fully, even as I am fully known. ~ 1 Corinthians 13:12

I always wondered why my parents were so strict about bedtimes. It didn't seem to me like a minute or two should make a big difference, but if I went to bed on time, my parents were happy, and if I dawdled, they were unhappy.

Now that I am an adult, I realize how much healthier kids are when they have a reliable structure in their lives. I realize that my parents loved me and were willing to enforce some structure because they knew how good it was for me.

And now that I am an adult, I wonder why God allows some things to happen in my life and the lives of the people I love. I know that God loves me, and I try to figure out his purposes, but I realize it's always like looking into a bathroom mirror covered by steam. I can't completely see the whole picture.

But that's ok. I don't need to see the whole picture. I know God sees it. And I know I don't have to fear because through faith in Jesus, I have his forgiveness and righteousness. And because I have his forgiveness and righteousness, I will see him in heaven one day. There, I will have a much clearer picture of things. I will know every-

thing I need to know to be perfectly at peace. Won't it be wonderful?

Prayer: Lord God, Heavenly Father, give me confidence in your love and protection in my life and the lives of my loved ones. Amen.
