Serving Up THANKS to Our Dairy Producers

Our area's dairy farmers play an important role in the health of our economy and our families. Loaded with essential nutrients like calcium, potassium, protein and phosphorus, dairy foods are both nutritious and delicious. These dairy products also have a strong economic impact on our community and our country, providing a wealth of work opportunities and revenue. During Dairy Month, we'd like to thank the men and women of our dairy industry for their hard work and commitment to quality and sustainability. We appreciate all that you bring to the table!
