Dear "Speakout",

Independence Day – Freedom with Responsibility

Several of our founding fathers expressed the fundamental view that with the freedom, which the Declaration of Independence provided, is linked with responsible citizenship.

Today, many Americans fervently insist on "their freedoms" and intentionally forget their responsibility as Americans.

I wish to thank the young men and women who voluntarily enlist in our military to defend those freedoms which we insist are our rights. These wonderful patriotic Americans understand that our freedoms can be easily lost if we do not protect them with conviction and determination to remain free.

The Declaration states that we are endowed by our Creator with "certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness." All too often we insist on our rights at the expense of others. This is not freedom but is selfishness and unpatriotic!

Our ancestors would be shocked with our insistence on our rights without the decision to protect those rights. We bully others who do not agree with our convictions and insist on our rights to do what we wish. We need to carefully examine our motives to evaluate whether our views are compatible with the Bible and our wonderful United States Constitution.

We have seen repeatedly in recent times how many Americans insist on the freedom to do what they wish even though our wants are inherently self-centered. A vast majority of our elected officials reinforce these ungodly views and utilize their power to enforce their agendas upon anyone who disagrees with them.

Proverbs 29:2 KJV reads "When the righteous are in authority, the people rejoice: but when the wicked beareth rule, the people mourn."

A majority of American voters elected ungodly officials into office in 2020 and are now groaning about inflation, lack of jobs, inadequate salaries to pay their bills and the general direction of our country. Our freedoms are very fragile and can be removed very easily if we do not stand up and be counted as loyal and patriotic Americans.

When Pope John Paul II visited America, President Ronald Wilson Reagan said "Welcome to the home of the free." The Pope immediately responded by asking "Freedom to do what?" He continued by saying "Freedom consists not in doing what we like, but in having the right to do what we ought." How true is this statement!

My parents instilled in me as a child that I should be concerned about the desires and aspirations of others and not on what I desire. I have never forgotten that premise and have purposed to make it one of the fundamental principles of my life. If we were to apply that concept to the decisions in our lives, there would be far less friction and division in our world.

During President John Fitzgerald Kennedy's inaugural address on Friday, January 20, 1961, he uttered the challenge, "And so, my fellow Americans: ask not what your country can do for you — ask what you can do for your country." He believed that democracy thrives only when citizens contribute their talents to the common good, and that it is up to leaders to inspire citizens to acts of sacrifice. If only we would return to that lifestyle today. Life's purpose is not to get our way as a spoiled child.

Lord willing, I will see you again next week.

Dear "Speakout",

Dear family and friends of the Mount Morris VFW Post #547, I am quite sure that there is not one family in our village who has not seen a family member or friend leave for training at one of the Armed Forces training centers located throughout our county. Many answered the call to serve while we were at war, leaving home for the first time as a high school graduate. Sadly, many returned home in a flag draped coffin; many were buried in the land in which they fell; and those who returned home from war came back with wounds and/or emotional issues that haunt(ed) them their entire life causing them to be unable to rejoin society — living as a homeless person or ending their internal conflict by taking their own life. These are the heroes honored or remembered at our VFW Post.

Sadly, the last few years have been difficult for everyone due to the Covid pandemic. The VFW organizations are among those in difficulty. Many posts have had to close their doors due to the inability to raise funds to pay their operating expenses. VFW Post #547 needs your help to keep us in operation. Not being able to rent our building for private events, our own fund raisers; Bingo (until recently) and everyone experiencing financial woes has made it difficult for our Post to keep pace with the raise in insurance, food supplies, utilities, and waste disposal costs.

We have reached out to our VFW members and Auxiliary Members for help, as well as local businesses. And we are very appreciative to all who have responded. We are hoping our village citizens will show their support, especially if your family has had a veteran among your loved ones; or have a loved one now serving. Any amount will be most appreciated allowing us to keep our doors open; continue to sponsor all the Veteran's programs for which we raise money; to offer support to families of those local heroes now serving; and to support all our Post heroes who have seen the enemy thus risking their lives to ensure our freedoms. You can send any donation to: the Mount Morris VFW Post #547, PO Box 44, Mount Morris, NY 14510

Please continue to check your Shopper Speak Out and ads and coming events for current updates on our planned fund raising. If you are a veteran of a foreign war, please consider joining our Post. Or if you are a relative of a Veteran, please consider joining our Post's Auxiliary. And come play Bingo on Monday nights..a fun time is had by all. And save the date for an indoor rummage sale at the VFW on July 22nd & 23rd. Check the coming events for information.

Sincerely,
Smidge Stevens
Post Auxiliary Member

Roe V Wade overturned:

Frequently Asked Questions

“Can you still get an abortion in New York?” Yes. New York has a state law that protects access to abortion, as of right now.

“Then why are people protesting?” At least 26 states are likely to ban or already have banned abortion. This means pregnant people throughout our nation either already do not, or soon will not have access to care that they need. This is very important to all of us, especially in states like NY that will see more people coming into the state for abortion care.

“What can we do?” You can donate to an organization* that helps people access abortion; you can attend rallies to connect with others; and you can remind those in your life: *everyone loves someone who has had an abortion.*

“Where can I learn more about the laws in each state?” At the Guttmacher Institute, online at [Guttmacher.org](https://www.guttmacher.org).

“What if I don’t agree with abortion?” You don’t have to get one 😊
People need abortions for all kinds of reasons, and none of them are your business or decision 😊

“When’s the next rally?” ***Let Freedom Ring!***

Monday, July 4th 2022, 10 a.m. - 1 p.m.
at 20A and 39 in Geneseo. Speakers start at 11 a.m.
Will we see you there?

***Organizations to donate to:**

The National Network of Abortion Funds (abortionfunds.org) is a nationwide resource for people seeking abortions, both to learn more and to help people finance their abortion care, including travel expenses. You can donate to them directly, or find a specific state/regional program to support which is listed in a directory on their website.
