NYC DOT STREET WORK PERMITS

Every spring, summer and fall agencies such as the Department of Transportation repave our roadways. As you know, any road work requires New York City Department of Transportation permits. All permits are publicly available on the "NYC Streets Permit Management System" which can be found at nycstreets.net/public/permit/search. We are available to help you at your earliest convenience so that you can use this valuable resource. To be sure, some permits are not actively available on this website as there are instances where, for example, Con Edison is performing emergency work. In these instances, contact us at (718)892-1161 with any questions.

SPEED CAMERAS

Many of you accurately predicted that the speed camera program will be 24 hours a day and 7 days a week. It now is. Please be mindful that you may receive a speeding infraction in the mail. Drive safely and slowly! To name a few, please be careful at East Tremont Avenue and Philip Avenue, Waters Place and on the Bruckner Boulevard Service Roads. Please drive slowly. Again, these cameras will be on all day and night.

CLEANLINESS

Our service roads need all the help they can. Our business corridors need litter removal. If you see any conditions that need immediate help, please report it to 311 and contact our office thereafter. If you have neighbors with trees, please remind them to clean their tree pits and remove any litter. We must do our part to continue our community's success. We already know that city agencies like the Department of Transportation do little to no maintaining of its own properties. If you want an area serviced, do not hesitate to contact us at (718) 892-1161.
