SIMONDS INTERNATIONAL

PUTTING THE COMPETITIVE EDGE IN YOUR HANDS.

Every operation needs an edge. And you'll get one with Simonds **PreSharp™** blades. Backed by the industry's best service, you'll experience superior blade performance with our unique square-faced edge for faster feed rates and a smooth, clean cut.

Invest in your operation, and gain the competitive edge. Choose the blades that outperform the rest.

PRESHARP

Simonds **PreSharp™** blades have a unique, square-faced cutting edge that:

- **Delivers cleaner boards.**
- **Increases production.**
- **Puts more $$$ in your pocket.**

Conventional blades channel dust to the side of the blade, increasing dust spillage.

THE PALMATE GROUP
PERFECTING PROCESSES

SOFTWARE SOLUTIONS THAT
UNIFY YOUR BUSINESS

SALES
In PalMate, every important detail of an order tracks through the system ensuring that your clients receive exactly what they ordered every time.

PURCHASING
Whether you purchase lumber, fasteners, supplies, or pallets, PalMate gives you a complete overview of everything that has been ordered and received.

ACCOUNTING
PalMate seemlessly integrates accounting with every other area of your operations resulting in increased efficiency and production.

LOGISTICS
PalMate gives a birds-eye view of every order, load, and pickup right from your computer or tablet, and so much more.

PRODUCTION
Production can be difficult to manage in today's hectic business environment. PalMate allows you to schedule and track production with ease, along with inventory tracking throughout the process.

REPORTING
PalMate collects all data as it is being entered, making it immediately available to all departments as well as your complete inventory at a glance.

Bright St★r Presents:

Auction Agent Steve Bauder:

Bright Star Auctions is excited to announce that **Steve Bauder** has joined our auction team! Steve has many years of experience in the sawmill & forestry industry and is very knowledgeable in timber equipment. He will help you liquidate your surplus assets or complete operations. Call Steve today to consign your items to Bright Star's virtual auctions or for a free consultation.

- Worked as a Logger from 1980 -1985
- Started and operated Stephen H Bauder, Inc. 1985 -2016 Logging and Land Clearing, Log Trucking and Log Sales.
- Purchased The Maier Lumber Company in 2002 and operated the sawmill until 2007 when it was destroyed by a fire, then continued to operate as a Log Yard until 2012 when the property was sold.
- Worked as a contractor for Ironplanet as an equipment inspector from 2011-2014.
- Worked at Nortrax and Five Star Equipment (John Deere Dealerships) at the New England and Pennsylvania locations inspecting the trades taken in on new equipment sales from 2015-2017.
- Took a sales position with HMC covering PA, NY, KY, TN, NC, SC and WV, in 2018.

My reaction would be " FLABBERGASTED". Really outstanding results from selling my forklift in your virtual auction. I am very pleased. Thanks to you, your team, and Steve Bauder for directing me to your auctions. Great job.
Sincerely, Larry Mahaffey

Your Customers Prefer Air Drying Pallets without Chemicals!

Motion Pallet had an opportunity to grow with a food grade customer who was going from a #1 recycled to a shipping pallet. The customer required the pallet to be dry to the touch. While working on a solution to drying pallets we explored building out a section of our existing warehouse into a drying chamber. The chamber turned out to be costly and cumbersome with the double handling of all the pallets. Four years ago at Richmond we had talked with Jim and toured the AFTS. After contacting others with AFTS we decided to order two kits We have now ordered our 5th kit and could not be happier.

The AFTS is an inexpensive, smart solution to controlling mold, wetness and adding warehouse space. The AFTS gives us piece of mind. The pallets are in an artificially controlled environment eliminating the risk of coming in Monday morning to loads of spoiled pallets. We now have less pallets in our warehouse lowering the amount wet air and potential for mold. Ninety percent of our business is high volume, 48x40 food grade pallets. The cost of a load or two of spoiled pallets and black eye for our company are not worth the risk.

The AFTS is like, Ron Popeil and his rotisserie oven. "Set it and forget it"! Put the pallets in the AFTS and you don't have to worry they take care of themselves. —*ANDY DUFFRIN, MOTION PALLET, STEPHENSON, MI*

HOT ON THE MARKET!

Slab Flattening Mill

Wood-Mizer introduces the MB100 SlabMizer Slab Flattening Mill designed for woodworkers who want high-quality flattened wood slabs up to 36” wide with minimal labor.

Compared to a traditional router or planer, the MB100 flattens material up to 36” wide and 8” thick in less time using a 3 HP electric 5" cutting head equipped with five 4-sided carbide knives. For wider material, Wood-Mizer offers the MB200, capable of processing material up to 56” or 72” wide.

The MB100 requires at least one LT15WIDE bed section sold separately from Wood-Mizer to operate or can be added to the popular Wood-Mizer LT15WIDE portable sawmill bed to optimize processing space. For longer capacity, unlimited 6’ 8” modular bed sections can be added to extend the material length.

For More Information,
Visit www.woodmizer.com or
contact your local Wood-Mizer representative.
