SPEAK OUT

Dear "Speakout",
Alternate Journalism Sources.

This article is a continuation of last week's article "What Happened to True Journalism?" We need to ask ourselves "If we cannot rely upon main-stream media for accurate and truthful news, just who can we trust to provide the news of the day?"

In colonial times, the local churches were aflame with righteousness and were the places where the colonists received their news. The cost of printing was very expensive so one copy would be given to each area minister, and he would read it at an appointed time during the service.

Topics such as economic downturns, unemployment, famine, corruption in government, earthquakes, volcanoes, tornados, hurricanes, forest fires, recent acts of violence and other unlawful happenings would be announced.

When members of the congregation asked why these awful happenings were occurring, the minister would explain from God's Word. I would encourage ministers to explain and calm the hearts of their congregations with sermons on current topics. "Prophecy is pattern" and therefore studying events in both the Old Testament and New Testament show us patterns which have happened in the past and show us what to expect in the future with exact time intervals.

Therefore, churches should be preaching on what God has told us will happen in the future to prepare us for these events. With most Americans asking if there is any hope left for America and the world, we have the "Blessed Hope of the Gospel" of Jesus Christ to comfort us. This is often referred to as the "Good News of the Gospel."

Living our lives with uncertainty is a terrible way to exist and can be eliminated by the certainty that God is Sovereign and is in control of everything that happens in the world. He allows mankind to have free will to an extent but stops things from happening when He wills it. God has not left us in the dark of upcoming events and is revealing many of the secrets which have been hidden for thousands of years as the end of time nears.

Americans desperately long for direction from God's Word from their churches but all too often receive a watered-down social gospel to tickle their ears. People would begin attending services again if they were told the truths from God's Word.

The "Speakout" section is a wonderful platform and a very rare opportunity to express ourselves. If we do not avail ourselves of our Freedom of the Press and Freedom of Religion, we will eventually lose them. Knowing the truths of what is really happening in our world and understanding that every event from eternity past to eternity future has already been predestined will give us the peace in our hearts which we all wish to possess. Our Freedom of the Press and our Freedom of Religion are intertwined and should be used together with great respect and reverence.

I would respectfully suggest that area ministers, elders, deacons, Sunday School teachers and congregation members would submit their views on current events along with anyone else who have views and concerns on what is happening in this world. Perhaps we can again regain true journalism.

I look forward to hearing from each and every one of you. Lord willing, I will send an article again next week.

WATER SURVEY

The Town of Mount Morris is considering a Town-Wide Extension of Public Water project. The purpose of this project is to provide a safe and reliable potable water supply. In addition, the project would provide fire protection for residents located within the proposed Town of Mount Morris Water District No. 2. In order for the Town to determine if this public water project should be pursued, the Town is conducting surveys. Surveys are being mailed out during the week of August 31, 2022 to Town property owners who do not already have public water. If you do not receive a survey, please contact the Town Clerk's Office at 585-658-2730.

TOWN CLERK OFFICE HOURS

Monday: 10:00am-6:30pm
Tuesday, Wednesday, Thursday: 8:30am-4:30pm
Friday: Closed

LOCAL CONSTRUCTION

The second part of Phase II has begun. This part of the project is to facilitate a culvert replacement along Route 63 near Route 408 and requires Route 63 to close in all directions in the vicinity of the culvert. Please be sure to take care when driving during our local construction phase as traffic can get congested. Please slow down, take your time and drive careful.

SAVE THE DATE

The Town of Mount Morris will be hosting a "Music in the Park" event at Tuscarora Park on Friday, August 19, 2022 from 6:00-9:00pm. Stay tuned for more information!

Positively Livingston

at Hemlock Little Worlds Fair

Arc GLOW is proud to be a vendor at the Hemlock “Little Worlds” Fair. As a parent and family driven organization, Arc GLOW’s mission is to empower and support people of all ages with a broad spectrum of emotional, intellectual, and developmental disabilities. By having a booth at the Hemlock Fair it allows the people we support to gain much needed community interaction and to help inform the public on our programs/ services and our employment opportunities.

Since 1857, the Hemlock “Little World’s” Fair has been educating and entertaining people of all ages, from all walks of life and from literally all parts of the world. When one ponders all the global changes our “Little World” has seen since 1857, it is quite amazing an organization like the Hemlock Committee is not only still in existence, but has actually kept growing. Considering Hemlock Fair, as are most county fairs, are mostly volunteers, this is, indeed, quite a feat.

“The Hemlock Fair brings people from all over the world to Livingston County,” says Arc GLOW CEO Martin Miskell. “ Their focus is putting together an amazing community experience and ours is serving people with disabilities. But we both stress inclusion to build our local community. At our core, both groups bring people together – and nothing brings people together quite like the entertainment at the Hemlock Fair.”

Participants of our Day Habilitation and Pre-Vocational departments are spearheading this initiative to work toward goals of community involvement (Day Habilitation) and gain skills to obtain employment (Pre-Vocational). The pictures attached are of our Bridges Day Habilitation Program enjoying yesterday’s fair.

ABOUT THE CHAPTERS: Arc GLOW, formerly The Arc of Livingston-Wyoming and Arc of Genesee Orleans, are family-founded agencies dedicated to helping people with intellectual and/or developmental disabilities (I/DD) meet their full potential and find fulfillment in learning, personal relationships, employment, volunteerism, recreation, the arts, and more. For more information or how -to receive services visit www.ArcGLOW.org. If you have any questions, concerns or comments, please reach out to Interim Director of Development & Public Relations, MarcAnthony Bucci at 585-447-7727 or at mbucci@arcglow.org.

Need Help Paying for Medicare?

The **Medicare Savings Programs** can help with Medicare costs, like your monthly Part B premiums and sometimes also Part A and B coinsurance and deductibles.

If your gross monthly income is less than \$1,549 for an individual or \$2,080 for a couple, you may be eligible for this program.

The **Extra Help Program** helps pay some of your Medicare Part D drug plan costs.

If your gross monthly income is less than \$1,719 for an individual or \$2,309 for a couple, and your assets are less than \$15,510 for an individual or \$30,950 for a couple, you may be eligible for this program.

These figures are based on the federal poverty limits and are subject to change.

Sun Safety for the Summer Months

Sunburns and tans are a result of too much exposure to ultraviolet (UV) radiation from the sun. Even when a sunburn or tan fades, the damage caused to skin cells does not, and the effects cannot be reversed. These effects include early aging of the skin (wrinkles, age spots, etc.) and even skin cancer. Sun exposure happens when you're doing everyday activities such as biking, gardening, and walking. People who have jobs that require them to work outside are more likely than anybody else to be over-exposed.

There are three skin cancers that are most common. These include basal cell, squamous, and melanoma. About 90% of skin cancers are the result of too much exposure to UV rays. UV exposure adds up over time, increasing the risk of developing skin cancer, so sun protection should start at an early age. Here are a few ways to stay sun safe:

- Wear long-sleeved shirts, pants, and a wide-brimmed hat to get the best protection. If you're wearing a baseball cap or short-sleeved shirt, make sure to put sunscreen on your ears, neck, and arms.
- Stay in the shade as much as possible between 10 a.m. and 4 p.m., which are peak times for UV rays.
- Use a broad-spectrum sunscreen of at least SPF 30 on any exposed skin. Apply the sunscreen to dry skin 15-30 minutes before going outdoors and re-apply it every two hours, as well as after swimming, sweating, or toweling off.
- Wear extra sun protective clothing around surfaces like sand, water, and concrete that reflect the sun's rays and could increase your risk of sunburn.
- If you work outdoors, ask about sun protection at your job, like wearing sun-protective clothing.
- Follow these tips on cloudy days too! Clouds do not block most UV rays.
- Avoid indoor tanning.
