ARIES (March 21 to April 19) A turn in a relationship upsets the amorous Arian, who is puzzled by Cupid's romantic antics. Be patient and considerate. The confusion will soon sort itself out.

TAURUS (April 20 to May 20) It's a good time for travel-loving Taureans to take off for fun-filled jaunts to new places. And don't be surprised if Cupid tags along for what could be a very eventful trip.

GEMINI (May 21 to June 20) You appear to be of two minds about continuing a relationship that seems to be riding roughshod over your emotions. A frank talk could help you decide one way or the other.

CANCER (June 21 to July 22) Stepping back from a relationship problem provides a fresh perspective on how to deal with it. Meanwhile, watch your words. Something said in anger now could backfire later.

LEO (July 23 to August 22) A changing situation makes the Big Cat uneasy. But hold on until things settle down in about a week. Meanwhile, continue your good work on that still-unfinished project.

VIRGO (August 23 to September 22) A decided improvement in a workplace situation results in an unexpected, but very welcome, added benefit for everyone. Personal relationships also improve.

LIBRA (September 23 to October 22) Money matters remain a bit unsettled, but soon will ease into the kind of stability you appreciate. Meanwhile, an expanding social life offers a chance to make new friends.

SCORPIO (October 23 to November 21) Use an unexpected roadblock in your monetary dealings to reassess your financial plans and make changes, if necessary. It soon will be smooth sailing again.

SAGITTARIUS (November 22 to December 21) Aspects of love are strong for both single and paired Sagittarians. Professional dealings also thrive under the Sag's clever handling of difficult situations.

CAPRICORN (December 22 to January 19) Set a realistic goal and follow it through to completion. Remember, you're more likely to impress the right people with one well-done job than with lots of jobs left undone.

AQUARIUS (January 20 to February 18) You like to plan ahead. That's fine. But, be prepared to make some changes because of an unsettled period that influences your aspects throughout the next week.

PISCES (February 19 to March 20) A brief phase of instability affects your usual work cycle. Use the time to catch up on chores around the house or office. Things will settle down soon after this week.

BORN THIS WEEK: You love being the center of attention and probably would be a big success in show business.

The principles in this column seem to be such common sense items, but they are violated every day.

In 1964, Ruth Harrison, a British woman, wrote Animal Machines that was an expose on the livestock and poultry farming practices of that time. The public became very concerned and even horrified, and the British government appointed a committee to examine the welfare of animals used on farms and for the food industry.

The committee presented their findings a year later in an 85 page document coined "The Brambell Report" after the chief author, Roger Brambell.

A list of Five Freedoms of Animals was included in the report. At first, the Five Freedoms were written for farm animals. With the growing demand from the public for more humanely-raised food, the American Humane Association established their American Humane Certified program, which, according to their website, is "the first-ever U.S. farm animal welfare certification effort, which now covers more than a billion animals".

Although the standards of the Five Freedoms may have begun as a gold standard for the

farm animals, they have now been widely adopted as the gold standard of treatment for all animals by welfare organizations, including but not limited to the American Veterinary Medical Association, the World Organization for Animal Health and the Royal Society for the Prevention of Cruelty to Animals. The Five Freedoms are:

1. Freedom from Hunger and Thirst: by ready access to fresh water and a diet to maintain full health and vigor.

2. Freedom from Discomfort: by providing an appropriate environment, including shelter and a comfortable resting area.

3. Freedom from Pain, Injury, or Disease: by prevention or rapid diagnosis and treatment.

4. Freedom to Express Normal Behavior: by providing sufficient space, proper facilities and company of the animal's own kind.

5. Freedom from Fear and Distress: by ensuring conditions and treatment which avoid mental suffering.

Many years ago, the Board of Directors of the Danville Area Humane Society adopted these Five Freedoms as a guideline for all its policies and procedures. If an idea that is considered "progressive" does not protect this philosophy, it is not put into place for our shelter animals or for animals outside of the shelter realm.

(Information for this column was obtained from the Michigan State University Extension website and the American Humane Association website.)

Laidback Golf Tour Stoney Creek Tournament Results

The Laidback Golf Tour held its 10th tournament of the 2022 season on Thursday August 11th at Stoney Creek Golf Club in Whitsett, N.C. The group of 18 members and 2 guest once again found the beautiful Tom Jackson designed course to be quite challenging with some of the fastest greens they have all season. There were many more three putts than one or two putts. The group carded twelve birdies for the day. There were two rounds in the seventies and seven in the eighties ; leaving over 1/2 of the field with scores in the nineties or more. Randy Ely playing in the B Flight led all scorers with his two birdie round of 78 to claim his first win of the season. Alan Bombard collected his second Tour win with a score of 79 in the A Flight. Willard Vicks playing in C Flight after being moved from D Flight following his win at Deep Springs collected his fifth Tour win with his round of 89. Rounding out the days winners was Don LaFlamme who got his first season win with a score of 92 in the D Flight.

1. In which Bill Withers song does he hold a note near the end for 18 seconds?

2. Which artist released an album titled "Comic Book Heroes"?

3. Name the group that released "I'll Sail Away," "She Has Wings" and "City Ties."

4. Which group wrote and released "Whipping Post"?

5. Name the song that contains these lyrics: "Who's gonna ride that chrome three wheeler, Who's gonna make that first mistake, Who wants to wear those gypsy leathers."

Answers

1. "Lovely Day," in 1977. That high-E note was the longest sustained note ever in a U.S. Top 40 song. Another singer (Freddy Curci) is said to have held a note for 20 seconds, but that's not confirmed.

2. Rick Springfield, in 1973. The album came out, was quickly pulled back due to legal problems, and was reissued later.

3. Red, White & Blue(grass), in 1977, all written by Ginger Boatwright, queen of bluegrass music.

4. The Allman Brothers Band, in 1969.

5. "Fire Lake," by Bob Seger and The Silver Bullet Band, in 1980. The song was partially written in 1971 but wasn't picked up again until 1979 when it was finally finished and used on their "Against the Wind" album.
