

PRESENTS

TALK OF THE TOWN 2022

CONGRATULATIONS TO ALL!

CONGRATULATIONS

Our readers have honored and elected the businesses and people listed on these pages as their Talk of the Town favorites in Delaware County.

During this past June and July, our readers voted for their favorite places to shop and dine. They voted for their favorite retail stores, service businesses, medical providers, entertainment venues and much more. Readers voted entirely online this year as we continued to work around the pandemic.

It is important to keep in mind that more than one business can be elected in a category. This method recognizes this is not just a 'best of' election. Our readers have told us that more than one business has demonstrated that they deserve the recognition of being a Talk of the Town Honoree.

The favorites listed on these pages served our readers in an exemplary manner, distinguishing themselves from their competitors by their excellence. Being chosen a Talk of the Town choice is the highest compliment a business can be paid.

Congratulations,

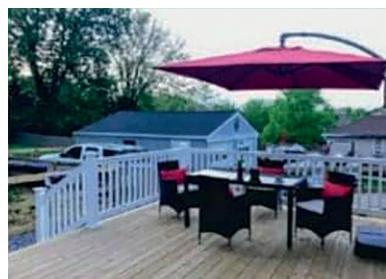

Rich Crowe - Sales Director

Our FCC Network Management Disclosure makes available information regarding our network management practices and the performance and commercial terms of our Internet access services to enable you to make informed choices regarding the purchase and use of our services, in accordance with Part 8 of the Rules of the Federal Communications Commission (FCC). Modern required for Internet service. We substantiate that the cable modem equipment provided, and the configuration of such cable modem, meets the broadband speeds advertised when attached to a wired connection based on Speedtest testing procedures. Not all services and speeds are available in all areas. Offer valid only for new residential customers or previous customers with account in good standing who have not had our service within the last 60 days. Monthly modem rental fee and/or wireless gateway may be additional. Advertised promotional prices are valid for 12 months from installation date. 300 Mbps Internet offer includes up to 300 Mbps Internet service at \$21.99 per month for 12 months. Gig Internet offers includes up to 940 Mbps Internet service at \$41.99 per month for 12 months. Regular rates apply after promotional period ends. One free month applies to base Internet service only and will be applied as credit to first or second month of services. Offer includes an additional \$5/mo discount for enrollment in both automatic payments (autopay) and paperless billing (e-bill); valid email address required. Must enroll within 30 days of placing the order. Without enrollment, the monthly service charge automatically increases by \$5/mo. Discount is for 12 mos and appears on bill within 1-2 bill cycles after enrolling. If either autopay or e-bill is canceled, services are changed, or account is not in good standing during the 12-mo period, the \$5/mo discount will be discontinued. TV rates are not promotional and are subject to change. Offer expires September 30, 2022. Price does not include Network Access and Maintenance Fee of \$6.97/month, which is subject to change. Network Access and Maintenance Fee helps defray costs associated with building and maintaining our fiber rich broadband network, as well as the costs of expanding network capacity to support the continued increase in customers' average broadband consumption. This fee is neither government-mandated nor a tax, fee or surcharge imposed by the government; it is a fee that Astound Broadband assesses and retains. Additional fees apply for taxes, surcharges, equipment, activation and installation that are not included as part of the package and are subject to change. No contract is required to take advantage of the promotional pricing and savings. No early termination fees apply in the event service is terminated in advance of the promotional end date. Customer is responsible for any account service charges in the event service is canceled. Subject to credit check. Any additional services, such as equipment, add-on channels and other tiers of service are subject to an additional charge and regular increases. Visit astound.com/official-notice for additional terms and conditions. Other restrictions may apply. A One-Time Activation Fee of \$9.99 in addition to your installation charges will be applied. The activation fee offsets a portion of our cost of setting up your account, allocating and restocking equipment to our inventory, activating your devices (boxes/modems) on the network, and connecting your home to our services. All names, logos, images and service marks are property of their respective owners. Not all services are available in all areas. Other restrictions may apply. For more info visit astound.com or call. Applies to Residential services only; commercial and business pricing and service offerings differ. Offers subject to change without notice. ©2022 RCN Telecom Services (Lehigh) LLC.
