Building a Fence? Looking for Your Property Corners?

Are you installing a fence or shed? Maybe you are looking to start that backyard oasis. A boundary survey provides a clear understanding of your property lines. This ensures the project is on your property and reduces the likelihood of future disputes.

This detailed process takes time! The team at All County and Associates starts by obtaining electronic records. Once on-site, we look for markers that bound the property. We take detail measurements with electronic survey equipment. Finally, we set any missing markers using a 1/2" diameter steel pin.

of Service with the Community
Live well with us

As we at Frederick Living celebrate our 126th anniversary of service in the community, we value the trust that the Pottstown Mercury's community of readers has placed in us by voting us **BEST Nursing Care for 2022!**

We appreciate and are honored by being given this award because we know how important the care of older adults is to the families that love them.

At Frederick Living's Cedarwood Health Center, our multi-disciplinary care team works together to provide excellent care and to help each resident find meaning and purpose every day. At Cedarwood you will find:

- a commitment to the safety and security of each resident
- comprehensive physical, occupational, and speech therapy services
- 24/7 nursing care and on-call physician coverage

- care coordination by an experienced Registered Nurse
- on-site medical services and beauty salon
- activities to provide stimulation and encourage socializing
- weekly neighborhood meetings to generate ideas and share in community life
- spacious public areas provide space for activities, entertainment, and visiting
- complete housekeeping, linen, and laundry services

Frederick Living invites you to come learn more about the peace of mind we can provide you and your family as you explore the best options for your loved one. We are here to answer your questions.
