# SPEAK OUT

Dear "Speakout",  
**The Silent Pulpit.**

I am truly saddened with the lack of response of all the ministers, church leaders and congregations in our area not responding to my encouragement to submit their views. This is a direct indication of "silent pulpits" and "apostasy" in our area churches.

Apparently, our area churches are asleep as the pulpits are silent. Jesus Christ commanded us to go into all the world. "And he said unto them, Go ye into all the world, and preach the gospel to every creature." Mark 16:15 KJV.

Jesus did not say to only preach the Gospel to those people who enter our church buildings. I recently was told by a church leader if people want to hear God's Word preached, they need to come to her church. Jesus did not say to wait until people come into a building to hear His Word but that we are to go into our culture.

During the first century people wrote to one another with events they experienced to inform and encourage one another. Those letters were read to their congregations and then forwarded on to other congregations. The "Speakout" is a perfect example of a platform which could be used to share our lives and concerns.

Today many Americans no longer read newspapers but receive their news on their cell phones. We have lost interest in directly communicating with one another. Our world often includes very small groups as we isolate ourselves and withdraw from society.

Most churches today no longer have weekly evangelism evenings into their communities. Most church congregations in our area number under 100 members and most struggle with 20 to 60 members. The circulation of the "Mount Morris Shopper" is 7000 covering homes in Dalton, Dansville RD3, Groveland, Hunt, Leicester, Mount Morris, Nunda, Piffard, Retsof, Sonyea, Tuscarora, Wadsworth, and York.

We tend to limit the scope of our influence to our small congregations when we could be impacting thousands each week with the Gospel. Area churches could reach 100 times as many people with the Gospel of Jesus Christ if they utilized the "Speakout".

The Church in the first century grew at an astronomical rate because the disciples went into all the known world of that day with the Gospel of Jesus Christ. People are hungry and thirsty for encouragement in their lives. This is a very difficult time in history to live and we need each other's encouragement to persevere and exist. Wherever I go people are complaining about issues which affect them. When I suggest "speaking out" in the "Speak Out" section, they repeatedly tell me that their input would not change a thing and would be a waste of their time.

Most of us today are suffering in one way or another whether it be from loneliness, depression, difficulty paying our bills, medical issues, unemployment, drug issues, family problems and many other things. Some are even considering suicide as a solution. The "Speak Out" section could help so many people get through the problems in their lives if only we would utilize this wonderful platform. I very much appreciate Lauren Berger for her articles and especially our area Amish community who have expressed their avid interest in my "Speak Out" articles.

Lord willing, see you again next week.

**Seth Landon Whitney** - His love for his family, fearless resolve, and sense of humor were not lost when Seth Landon Whitney passed away at age 34, on August 12th 2022, in Port Orange, FL, from a tragic accident.

Seth was born on July 22nd, 1988, in Santa Ana, California. He was a very talented young man, accomplishing everything he set out to do. In 2007 he joined the Army National Guard, where he served for 6 years as a Military Police Officer. He retired as a US Border Patrol (BP) Agent where he served on both the southern and northern US borders. During his time with the Border Patrol he attended the BP Canine Academy in El Paso, TX where he met his loyal partner and best dog friend, Ulix. Seth went on to become a Canine Instructor before he retired. He also attended the Alfred State Police Academy in NY. He served, part time, as a Patrol Officer for the Nunda Police Department.

Seth enjoyed riding motorcycles, working on cars, and going to concerts, but most of all, he loved spending time with his beautiful little family.

He was predeceased by his father Kenneth, paternal grandparents Esther and Ralph, maternal grandfather Charles, his aunt Diane, uncle John, cousin Kelly Jo, and Canine Ulix.

He is survived by his loving wife Wendy, and precious daughter Maci Quinn. Also, his mother Kelly, brother Matthew, maternal grandmother Janet, stepfather Curt, and many aunts, uncles, and cousins.

A service will be held at a later date.

The family requests those who wish to express sympathy to consider making a donation to their favorite charity in Seth's name.

Seth's family are donors to the Huntington's Disease Society of America.

You may make a donation on their website at [hdsa.org](https://hdsa.org).

When Canine Ulix retired, his medical expenses were paid, in large part, by Retired Paws.

You may make a donation on their website at [retiredpaws.org](https://retiredpaws.org).

## The Importance of Dental Health

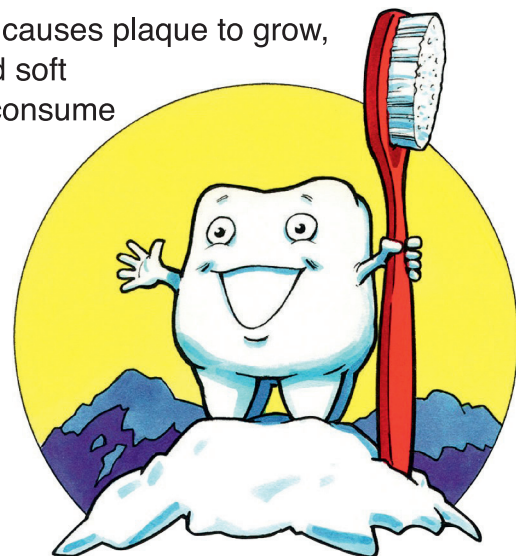

Dental health is an often overlooked area of personal wellness. Like eating healthy foods and getting exercise, oral care is part of everyone’s health and wellbeing. Poor dental health is also associated with other medical problems, including heart disease and diabetes, according to the Centers for Disease Control and Prevention.

Luckily, there are a number of ways to reduce your risk of oral disease. Brushing teeth at least twice per day with toothpaste containing fluoride is a good place to start, but don’t forget to floss at least once per day too!

Whenever possible, avoid sugary foods and drinks. Sugar causes plaque to grow, which can then lead to tooth decay. Drinks like coffee, tea, and soft beverages can also stain or yellow teeth, so it is important to consume these only in moderation.

It is recommended that you visit your dentist for a routine cleaning and check-up twice per year in addition to any other visits your dentist may recommend. Taking care to prevent oral disease will save you time, money, pain, and improve your overall health.

For more information on the importance of dental health, please contact your dental provider or the Livingston County Department of Health by calling 585-243-7299 or visiting [www.livingstoncounty.us/](http://www.livingstoncounty.us/).

**Board of Supervisors Approves Use of  
 ARPA Funding for Capital Improvement Plan**

The Livingston County Board of Supervisors approved the distribution of \$2,775,000 as part of its multi-year spending plan of one-time federal American Rescue Plan Act (ARPA) stimulus monies.

The American Rescue Plan Act of 2021 is a federal bill passed by Congress and signed into law by President Biden on March 11, 2021. It was created to support projects that provide for economic resiliency and enhance communities negatively impacted by the COVID-19 pandemic. Livingston County government is slated to receive approximately \$12,200,000 from ARPA over two distributions, with a requirement that all funds be spent by the end of calendar year 2024.

Following its meeting on August 10, the Board of Supervisors announced commitments to numerous initiatives as part of the County's Capital Improvement Plan. Using ARPA funding, significant updates will be made to Al Lorenz Park, the Government Center Complex in Geneseo and the Mount Morris Campus, Information Technology and further efforts will be made to strengthen the County's emergency response infrastructure.

"Through federal funding received from the American Rescue Plan Act, Livingston County will be able to make investments in critical areas that may have previously gone unfunded," added Livingston County Administrator Ian M. Coyle. "With these investments, the County will continue to bolster its abilities to serve the residents of Livingston County in an impactful way."

As part of its Capital Improvement Plan, the County will begin working on the following initiatives:

- \$800,000 to the Central Services Department to make significant improvements to the electrical infrastructure on the Mt. Morris Campus including a secondary feed. The current infrastructure dates back to the 1930s when parts of the campus were originally constructed.
- \$700,000 for a Livingston County Information and Technology Services plan to further improve network infrastructure, increase storage capacities, construct new servers and improve the overall end-user experience.
- \$675,000 to the Central Services Department to upgrade parking lot lighting, replace curbs and to repave the Government Center Complex in Geneseo.
- \$500,000 to Central Services to install electric feeds and lighting at Al Lorenz Park.
- \$100,000 to the Office of Emergency Management to improve and strengthen the Livingston County emergency response infrastructure through improvements to the EMS facility.

The announcement marks the latest distribution of funding through ARPA as the County approved five initiatives earlier this year. Those transfers were used to enhance broadband technology, community development, tourism, mental health resources and more.

## Breastfeeding Award of Excellence

**Livingston-Wyoming WIC Staff Members**

At a virtual awards ceremony on August 23th, the Northeast Regional Office of the U. S. Department of Agriculture (USDA) Food and Nutrition Service (FNS) announced its Breastfeeding Award of Excellence winners.

Almost 100 awards were given across the country, including 11 to WIC clinics in New York, New Hampshire and Massachusetts.

A major goal of WIC (Special Supplemental Nutrition Program for Women, Infants, and Children)

is to improve the health of babies and mothers through breastfeeding.

“The awards program was established to recognize local WIC agencies that have provided exemplary breastfeeding promotion and activities,” said USDA FNS Northeast Regional Administrator Lizbeth Silbermann. “The intent is to provide models and motivate other local agencies to strengthen their breastfeeding promotion and support activities and ultimately increase breastfeeding initiation and duration rates among WIC participants.”

In New York, the clinics achieving awards are:  
 Premiere Award Winner - The Society for the Protection and Care of Children WIC, Rochester

New York Gold Award Winners:

- Monroe County WIC, West Rochester
- Cattaraugus County, Albany
- Clinton County WIC Office, Plattsburgh
- Livingston-Wyoming WIC, Mount Morris**
- Long Island Federal Qualified Health Center, Long Island
- Mount Vernon Neighborhood Health Center, Mount Vernon
- Tioga Opportunities, Inc. WIC, Owego
- WIC of Columbia/Greene - Catholic Charities, Hudson

*“The health benefits of breastfeeding are well-established. That is why the New York State Department of Health continues to work hard to encourage women to breastfeed and create a system of support for those who do,” State Health Commissioner Mary T. Bassett said.*

*“The USDA’s recognition of multiple WIC programs from New York State is further evidence that these programs are removing barriers and increasing the opportunity for women to breastfeed their newborns.”*
