Lakeshore Technical College's Heidi Soodsma Receives National Recognition for Exemplary Service

Heidi Soodsma - executive assistant and senior advisor to the president at Lakeshore Technical College

The Association of Community College Trustees has awarded Heidi Soodsma, executive assistant and senior advisor to the president at Lakeshore Technical College, its 2022 Professional Board Staff Member Award for the association's central region. She is one of five candidates eligible for the association's national-level award. That award will be announced in October at an awards presentation held during the annual ACCT Leadership Congress in New York.

"Heidi performs her role at Lakeshore at an exceptionally high level and, as a result, elevates the performance of everyone she works with," said Lakeshore President Dr. Paul Carlsen. "All of us at Lakeshore are proud of Heidi for earning this recognition."

The award is presented to a board staff member of an ACCT member two-year post-secondary institution or affiliated state system in recognition of exemplary service.

Soodsma joined Lakeshore in 2014. She works closely with the board of trustees, employees, and community members. According to Carlsen, Soodsma's presidential support and strategic position on his leadership team have proven to be a valued asset to the board, himself, and the college. Soodsma also serves as a board member for United Way of Manitowoc County and The Crossing of Manitowoc County.

For more information about Lakeshore Technical College, visit gotoltc.edu.

September Mystery Photo

Can You Identify the Photo?

Take a look at the September mystery photo above. Do you know anything about it? Where is/was the location? If you know, let us know!

To enter the September contest, send an email to depotdispatch@elkhartlake.com or a letter with as many details as you can to the Elkhart Lake Chamber, P.O. Box 425, Elkhart Lake, WI 53020, or drop off at the Chamber Office, 41 E. Rhine St.

The person with the best submission will receive a finely matted, quality enlarged print of the original, courtesy of Schamberger Gallery in Elkhart Lake.

Please share your guesses and help us keep the contest up to date.

August Mystery Photo Answer

This month's photo really captures some major Elkhart Lake history.

The excursion boat is the "Hope" operated by WP Schwartz Boat. It was steam powered. The picture is from around 1900 because the "Hope" was scrapped when gasoline power came about. Probably 1910-1920.

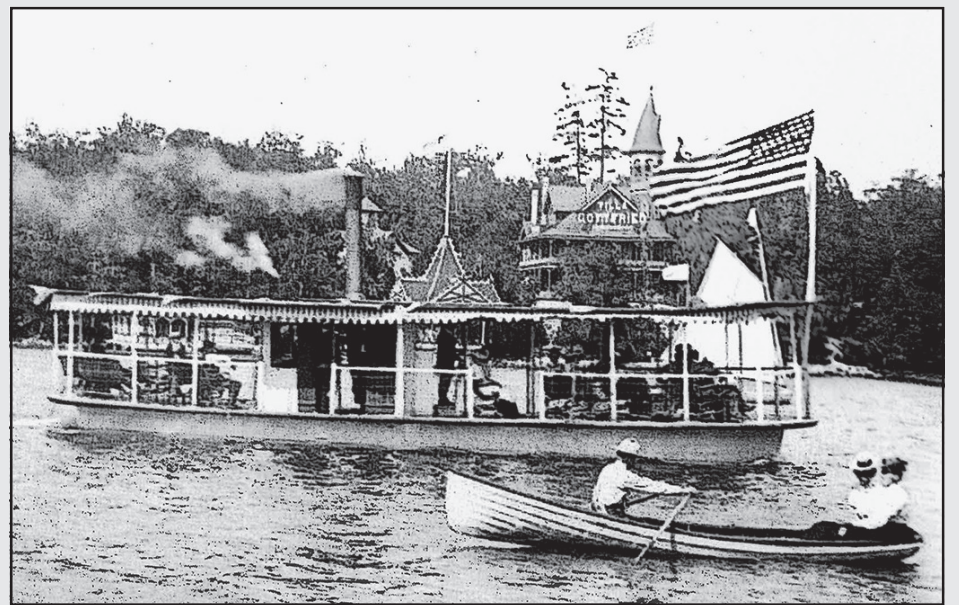

One of Mr Schwartz's children was Ben. He captained boats on Elkhart for many years after his father. He's a bit of a legend himself. Before captaining he did other things including being in WWI. I was fortunate as a kid to have known him. As a 6 or eight year old kid I remember him telling me worldly

stories and giving me exotic coins from his travels. I still have a post card he sent me in 1964.

Behind the "Hope" is the Villa Gottfried. Erected in the 1880's and sadly torn down in 1946. It was built by a Chicago brewer of German descent named Mathias Gottfried in the form of a German castle. You can also see the top of the bandstand/gazebo that was built off shore. I think he liked to have fun!

Finally in front is a row boat probably rented from Mr Schwartz's business. I think that's Tom Wiese rowing the boat.

Elktoberfest Result of Partnership

When Elkhart Lake celebrates its inaugural Elktoberfest on September 23-25, it will culminate the efforts of a successful partnership between the Elkhart Lake Chamber, Elkhart Lake Tourism and a talented group of Lakeland University marketing students.

Folks in Elkhart Lake have been talking about creating a new fall event for several years. As the village emerged from the COVID pandemic, the idea of an Oktoberfest-type celebration took shape.

When Elkhart Chamber Executive Director Melissa Koehler got a message from Lakeland marketing teacher Kim Viglietti searching for a project for her marketing management course, the planning kicked into high gear.

“Lakeland’s interest could not have come at the more perfect time,” said Kathleen Eickhoff, executive director of Elkhart Lake Tourism. “This was an amazing gift. It gave us an opportunity to have some young minds about the age of people we’re trying to bring into the village help us come up with new and fresh ideas.”

Viglietti, a resident of Elkhart Lake, was searching for a hands-on learning project for her spring capstone class that would allow her students to take the knowledge they had acquired from previous classes and put it all together in a real-world situation.

She divided her 15 students into small groups, and the class delivered a complete marketing plan with financials, logo ideas, a plan for the weekend’s activities and targets for attendance from local and non-local visitors.

Lakeland students researched Oktoberfest celebrations held all over the world, and generated ideas to match Elkhart Lake’s goal of hosting a family friendly event.

“We came into their class three times,” said Koehler, who worked as director of Lakeland’s Milwaukee Center from 2002-07. “The first time we talked through the event and shared information about Elkhart Lake. The second time was a

and various children’s activities, and SwitchGear Brewing Company’s annual party and festivities. The weekend closes with a fall community breakfast on Sunday morning.

Students helped write a successful Travel Wisconsin JEM Grant application, a process that Eickhoff said requires significant research and ideas that will show the grant selection committee

“There is something almost breathtaking watching ideas that were scribbled on the whiteboard come to life,” Garza said. “This experience also taught me that not every idea or concept makes it to the final draft and that’s okay.”

As part of their research, Garza and a group of fellow classmates drove through Elkhart Lake to learn more about the community and draw some inspiration.

“The class worked together like a real project management team or marketing team would in order to complete a project,” Garza said. “We did a lot of work, however, it didn’t feel like it. Our class collaborated extremely well making the workload less stressful and overwhelming.”

Garza said the project allowed students to demonstrate they understood how skills they learned in the classroom translated to real-world situations.

“Lakeland is always offering unique experience for students,” Garza said. “Kim Viglietti, specifically, uses her connections, knowledge and talent to ensure her students are prepared for post-graduation and I am so thankful for the opportunities she has created for me.”

Viglietti said she hopes to work with Elkhart Lake in the future after they delivered a perfect opportunity for her students to learn.

“I’m very proud of these students,” Viglietti said. “This was the cream of the crop and we put our best foot forward.”

The complete Elktoberfest schedule is available at the event website, www.elkhartlake.com/elktoberfest.

brainstorm session with several members of the planning committee, and the last time the students presented their plan. Many times, we shared ideas back and forth via email directly with students.”

Elktoberfest weekend begins with a stein social and community prost featuring beer from Elkhart Lake’s brewery, SwitchGear Brewing Company. Live music will be featured throughout the village during the weekend.

Saturday brings a day full of fall activities for the entire family – 5K Wine & Beer Run/Walk, traditional Oktoberfest games for adults, the Root Beer Garten

an event that’s unique and worthy of funding.

“The work the students did was very inspiring,” Eickhoff said. “They really brought some exciting and clever ideas that we think were a big reason we got the grant. The root beer garden was a key component which was their idea and we loved it.”

Skylar Garza, a member of the class who graduated in May and is working as marketing manager at Above & Beyond Children’s Museum in Sheboygan, said the experience helped her learn she loves event planning.

Why I volunteer for Glacial Lakes Conservancy

By Alex Mann

people at a weekly birding club. I quickly got hooked on birding, which led to my growing interest in conservation opportunities in my community.

My early volunteer experiences with GLC were removing invasive plant species on properties and participating in Birdathons. Last summer, I was excited to dig out my waders to support the turtle monitoring project at Willow Creek. My favorite part about volunteering is hanging out with the wildlife, and GLC provides excellent resources for learning. I enjoy working with the naturalists that come to our properties and share their knowledge. The more I learn, the more exciting it is to be part of an organization that works to protect nature.

I grew up in Green Bay, WI and spent most of my childhood outdoors. Behind my house, my brother and I would spend our days exploring the woods and all the wildlife that lived in it. My parents encouraged our curiosity, although my mom did have to regularly enforce her rule of "no critters in the house!" I spent many years in Boy Scouts where I continued to experience Wisconsin's natural areas. A few years after graduating college, I met a group of

As a new member of the GLC Land Management Committee, I am starting to help perform land surveys. Many of the land owners have spent decades planting trees, controlling invasives, and monitoring the wildlife to ensure that their land continues to support our native species. I admire the patience that goes into maintaining these properties, plus the trust they have in GLC to protect this land forever.

Sarah McEneaney and Lydia Ricci: The Extra Ordinary

August 23, 2022–February 26, 2023

Over the past two years, we have all been forced to reevaluate our domestic surroundings as sources of encouragement, delight, and, curiosity that we once sought elsewhere.

Artists have always drawn inspiration from their homes. Sarah McEneaney and Lydia Ricci mine the objects and events that animate and populate their everyday lives to highlight the constant presence of exciting potential in seemingly ordinary circumstances.

Through her daily practice of meticulously painting images of her home and studio,

and the happenings within those spaces, McEneaney examines the rich opportunities for reflection that abound around us. She, and her pets, inhabit a lushly colored and detailed haven where activities and events such as drinking water and a rainstorm unfold into poetic moments of meaning.

Ricci's miniature objects, made from hoarded paper and cardboard, act as stand-ins for emotionally charged experiences and relationships. Their diminutive scale provides a safe distance for contemplation of the difficult situations or memories they contain.

Both artists' bodies of work cohere into entire worlds—full of characters, drama, and plot twists—from the (un)limited

surroundings of their homes and studios.

SENIOR CITIZEN DINNERS AVAILABLE - 11 AM TO CLOSE

Sundance Farm to host Horse Trial in Plymouth, Wisconsin!

A unique opportunity for horse-interested spectators is coming soon. Riders from IL, WI, IA, MN, KS, ND, MO, and NE, will be competing for top honors in the Midwest.

The Sundance Farm Horse Trials will be taking place September 30-October 2, 2022. This is a nationally recognized competition approved by the United States Eventing Association. Riders will begin the competition on Friday, with dressage rides in three rings. This test requires riders to do specific maneuvers on horseback showing the communication of horse and rider throughout the ride. Riders wear black coats, light colored breeches and tall black boots. Dressage begins at 8:00am

On Friday afternoon and Sunday, riders must switch equipment and apparel to compete in the next phase of the competition. This would be the stadium jumping which is held on the grass. The colorful course of jumps is situated on reasonably flat terrain, however there are some hilly rolls and dips to the course that add challenge to conquering the jumps. All the poles sit on shallow metal cups. If the horse happens to lightly rub any of the jumps the poles will fall down and the competitor will garner 4 penalties per jump. Horses are also penalized for refusing jumps or for doing the course too slowly. Equipment for this phase includes protection for the horse's legs and helmets for the riders. The saddles are also different as they help place the rider more forward for staying over the horse's center of gravity for jumping. Some horses and riders have difficulties with bright fences, while others have problems with the wider oxer jumps, or the combinations that require the horse to jump, take two strides and immediately take a second jump. The morning starts with the more advanced levels where the jumps are higher and wider. There are also more jumps and the optimum time is shorter. Stadium jumping begins at 11:30am on Friday and Sunday at 8:30am.

Saturday morning competition is phase two, starting at 8:30. Known by competitors as the 'Cross Country' Phase, it is the main reason most riders are in this sport. This course is made up of solid obstacles that do NOT fall down. Horse and rider must jump a course of cabins, logs, roll tops, coops, ditches, banks and water. Many are located on rolling terrain, through the woods, and across fields or around fields. An optimum

time is required, so again, riders must keep up the pace and cut corners where they can.

While riders are permitted to walk the course as many times as they want, beforehand, the horses are not allowed to see the course ahead of time. Trust between horse and rider is a big part of this day's competition. Horses wear protective leg gear. Riders are required to wear protective helmets and vests. It is traditional for competitors to outfit themselves and horses in a specific color theme. All the equipment and rider attire will be the same color, so leg wraps match saddle pads and protective vests making for ease of spectators to identify their favorite rider.

This particular horse trial, while only in its 9th year, is becoming known for the bright triangular Sargento cheese wedges that the horses must jump over, along with the Bank First National Picture Frame jump that the upper level horses must jump through. Various stone wall fence lines have been cut through to offer better gallops on course and a path through the hollow is now available for easy viewing by spectators. The Sundance Farm Horse Trial has been featured in the National Eventing magazine as an 'Up and Coming' attraction in the Midwest. The course has a reputation, with competitors, as being the most beautiful course in the Midwest.

Depending upon the number of competitors, Sunday's competition will go until at least 100pm.

The property will be transformed from alfalfa fields and wooded lanes to obstacles and gallop areas with beautifully decorated jumps. A tent city of horse stabling and a vendor area of all kinds of horse products will be featured for visitors.

Admission is free. Food will be available on the grounds. Consider coming early to see horses and riders preparing and warming up. The first horse goes on course at 8:30am.

The competition entrance address is W6224 Woodland Road, Plymouth. Located near Sargento, off of County Road C.

Message from the District Administrator: Dr. Adam Englebretson

It is with great pleasure and enthusiasm that I write this article as the new District Administrator in the Elkhart Lake-Glenbeulah School District. I have only been officially in the district for a few weeks, but I can already tell the district is a special place. I am truly honored to have this role in a school district and community that values academic excellence. Such commitment to excellence comes in part from strong community spirit, where citizens are proud of their children and show great support for the district's programs and educational initiatives.

As an educator for over 20 years, I value the programs and services in place, and am committed and excited to continue building on what retiring District Administrator Ann Buechel-Haack has built for many years, working with the students and community to – "Challenge, Inspire, and Empower in a Caring, Innovative Learning Environment." I have a lot of respect for Ann, and I look forward to continue supporting her endeavors and the great work she has accomplished. She has been a great partner in the transition process the past few months. We were able to spend time and attend meetings together, which also allowed me to meet many community members. I have attended Library Board and Chamber of Commerce meetings, and am looking forward to collaborating with other civic organizations in the community.

My first few months in this new role are going to be spent familiarizing myself with the people, communities, and processes that make up the Elkhart Lake-Glenbeulah School District. I look forward to learning about the district, and how I can best support students, staff and the community. We want to continue providing opportunities for students to grow, explore, and pursue their educational interests, create strong partnerships with the community, and give students the educational edge to succeed and become successful citizens.

This summer has been a busy one in the district. A district facility study is being performed, looking at the district's maintenance needs and plan for updates and improvements in the upcoming years. The maintenance staff has been working hard cleaning and updating the facilities. The parking lots were replaced, the elementary/ middle school kitchen was refurbished, and the fitness center was painted and a new roof installed.

The teaching staff have been meeting throughout the summer to work on curriculum and to prepare their rooms to provide students with the best possible learning environments. They will be returning on Monday, August 22nd for four professional development days to prepare for the school year. All students and parents are invited to the schools' Back-to-School Nights on Tuesday, August 23rd from 4:00-6:00pm. This is a

great chance to meet all the teachers and begin organizing lockers and supplies. We look forward to seeing everyone!

I certainly welcome questions and dialogue with members of the Elkhart Lake-Glenbeulah School District community and encourage people to reach out, or stop in, at any time.

Go Resorters!!

A Message from Retired District Administrator, Dr. Ann Buechel Haack

It's hard to believe that it has almost two months since my official retirement date. I must admit, I didn't stop "cold turkey" but have been "weaning" myself from school and into retirement over the past few months. It's amazing how much someone can accumulate after 38 years and how many of the projects I started still needed a "finishing touch." But as the new school year begins, my "to do" list is almost done, and Dr. Adam Englebretson is more than ready and fully capable to take over my role. Having spent much time with him as he transitioned his leadership role with the District, I think the Board made an excellent choice. Dr. Englebretson has eagerly become involved with both the District and the community. You may have even bought Chamber Raffle tickets from him at Downtown Night! I have introduced Dr. Englebretson to various civic and governmental groups/organizations, and we plan to continue this into the fall. He quickly saw that our "Resorter Family" went far beyond the walls of the school buildings.

As this will be my final update, I would like to recognize and thank all members of the District for their continued hard work, contributions and dedication. At

ELGS, we are very fortunate to have a staff and school board who work diligently as a team, joining together to

meet established goals and continually growing as a progressive, innovative, caring and student-centered district. I couldn't have asked for a better group of people with whom to work. This includes not only the staff and School Board, but just as importantly, the parents, businesses, and our community members. We've made much progress over the years which could not have happened without the support of everyone in the ELG School District Community. Together we came together to do what was "best for our kids." Because over time, they became not just ELG's kids, but the students became everyone's kids. We became a "Resorter Family" and still function as one day. This is not found everywhere. It is one of the many things that make ELGS truly a unique and special place.

Personally I want to give my deepest thanks and appreciation for all the support shown while I was in the District and for the many displays of gratitude shared upon my retirement. More than once, you "brought tears to an old lady's eyes." I was truly blessed to be able to spend the last 38 years of my life doing what I love with people I loved. We worked as a team/family, and I have confidence that this will continue. Just as you reached out to me, please reach out to Dr. Englebretson. He is looking forward to getting to know better the community and the people within it. The door to the District Administrator's office remains open!

Thank you for an amazing 38 years!

CHAMBER SPOTLIGHT

Cedar Community

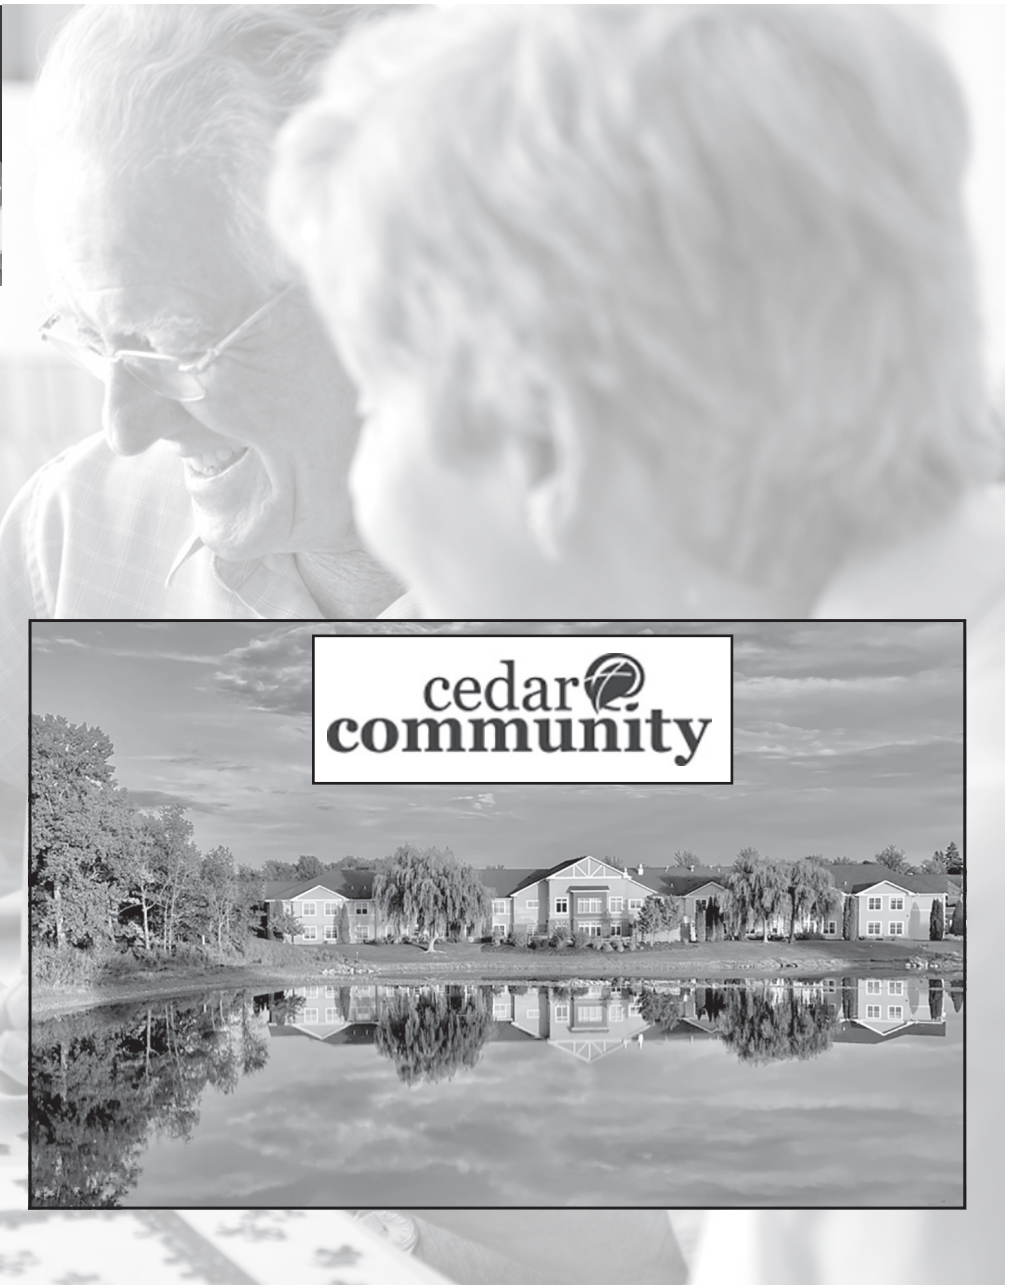

Cedar Community is the only not-for-profit, faith-based senior retirement community to provide comprehensive residential and healthcare services for older adults, based in Washington County, Wisconsin. With senior living campuses in West Bend and Elkhart Lake, your opportunity to enjoy, explore, and embrace your best life awaits!

Our Wisconsin Senior Living Options & Services Feature:

- Natural settings on beautiful campuses with lake-living amenities
- Life-enhancing programs and opportunities
- Best-in-class health care services
- Vibrant senior independent living options featuring ranch homes and apartments
- Assisted living communities that provide personal care and peace of mind
- Long-term nursing households with five-star care and engaging activities
- Award-winning memory care within calm, inviting cottage neighborhoods

Our senior living residences for those aged 55+ include historic ranch homes nestled in the woods along the shores of Big Cedar Lake in West Bend, as well as modern duplex ranch homes, and comfortable, cozy independent and assisted living apartments in both West Bend and Elkhart Lake. Cedar Community offers seniors a carefree retirement lifestyle without the worries of home and yard maintenance. It's Wisconsin independent living and retirement at its finest. Live More!

Our health care services provide the highest-quality care for seniors. From outpatient therapy and home health, to long-term care or end-of-life hospice care, our residents enjoy a maintenance-free lifestyle with peace of mind, knowing that the services they may need are right here, when they need them, from team members they know and trust. We invite you to learn more about Cedar Community – a faith-based senior living and retirement community in Wisconsin. Learn more throughout our website, or call us in West Bend at 262-338-4617 or visit www.cedarcommunity.org.

Welcome Home

We invite you to explore all that the beautiful Kettle Moraine has to offer. Conveniently located just minutes north of Milwaukee, the award-winning Cedar Community is pleased to offer a carefree and active lifestyle for those 55 and better in our new Cedar Ridge Homes.

Nestled on 50 acres surrounded by trees, lakes, waterways, and hiking trails, you are still close to shopping, golf, West Bend's award-winning farmer's market, the Museum of Wisconsin Art (MOWA), dining, and more. And, if you are an artisan or you aspire to be one, take advantage of our woodworking shop, stained glass and pottery studios, and more.

Don't delay! Only a few of these newly constructed homes are still available. And for a limited time, it is our pleasure to offer a \$1,000 moving expense reimbursement for late summer and early fall move ins.

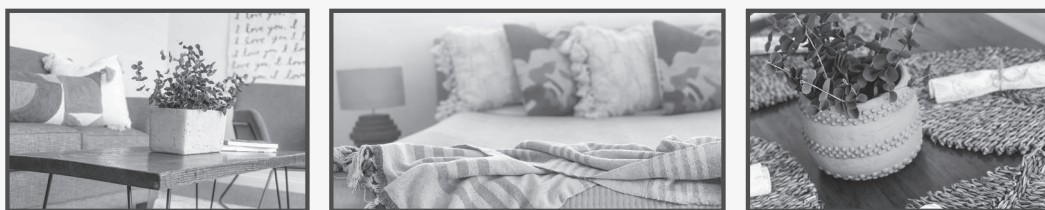

Features:

- Nearly 1,900 square feet
- Two bed/Two bath
- Two-car garage
- Basement
- Upgraded finishes
- Fitness and pool amenities
- Restaurant dining options
- Lake and trails access
- *And so much more!*

To learn more or to schedule a personal tour, call Cathy at 262.338.4615 or Abby at 262.338.4617 today. We would love to welcome you home.

Falooza Fall Festival and Country Music Marks Debut

From left: September Casteel – Rogers Behavioral Health, Kully Kollath – Samaritan’s Hand, and Dana Bear – Mental Health Lakeshore. Photo courtesy of 5th Color.

A new fundraiser, Falooza Fall Festival and Country Music Event, will support area mental health organizations over 3 days from September 29 through October 1. The Plymouth Advancement Association is hosting the event presented by Sargento Foods which offers a variety of entertainment including six country bands and a full festival experience with food, shopping and family activities. American Idol winner Scotty McCreery will kick off the festival at the Weill Center in

Sheboygan on Thursday evening.

“We are excited to offer fest-goers a fun-filled three days and at the same time contribute toward our local efforts to build a healthier community through mental health and addiction recovery organizations,” remarked Lee Gentine, Plymouth Advancement Association President. Gentine went on to add the goal is to raise \$100,000. Proceeds raised from concert admissions as well as food and beverage purchases will go to three Sheboygan area organizations: Mental Health America Lakeshore, Rogers Behavioral Health Sheboygan and Samaritan’s Hand. In a recent video interview, leaders from each of the organizations sat down to provide information about the event and the services they provide. Opened for just over a year, Rogers Behavioral Health’s September Casteel shared, “Falooza will help to raise awareness on mental health and addiction recovery because inherently stigma is something that

happens in silence. Silence perpetuates stigma and Falooza will help to break the silence.”

Other highlights of the event include a full festival in downtown Plymouth with Mill Street closed to auto traffic offering fest-goers the opportunity to stroll among a variety of entertainment, vendors, food and activities.

On Friday evening, the lineup includes performances by FM Rodeo Acoustic Duo at 7 pm at Antonio’s, and Rebel Grace at 8:30 at Racer’s Hall.

From 10 a.m. until 4 p.m. on Saturday, Mill Street in downtown Plymouth will be closed to traffic. Brent Bell and the Boys will perform at 11:00 and Dan Lepien at 2:00 p.m. Both concerts will take place on the east end of Mill Street.

Join the fun as Falooza winds down on Saturday evening with a concert by Bella Cain at the Sheboygan County Fairgrounds Park at 7:30. Entry is

located at Gate 4 and a ticket donation is \$10 for admission.

Falooza Fall Festival and Country music is generously supported by a number of sponsors including Van Horn Auto Group, Masters Gallery Foods, 5th Color, Pleasant View Realty, Richco Structures, and Rogers Behavioral Health. The Plymouth Advancement Association is a non-profit working as a catalyst for healthy and vibrant communities since 1994. Mr. Chair Band Performing on October 2

Arts at the Waelderhaus welcomes Mr. Chair, a contemporary fusion ensemble from Madison, on Sunday, October 2 at 2 p.m.

Mr. Chair looks like a jazz ensemble, enchants like a string quartet, and electrifies like a rock band, all while delighting listeners with their fresh and original sound. Drawing on influences in jazz, electronics, prog rock, classical music and beyond, Mr. Chair is a contemporary fusion ensemble performing new and cinematic music. Mr. Chair was honored to win the Wisconsin Area Music Industry's 2021 Jazz Artist of the Year and will be releasing their sophomore album this fall (along with a short opera with Philipina vocalist Leslie Damaso, a re-working of Stravinsky's Pulcinella ballet suite, and a

cinematic hip-hop album with Atlanta-based artist DeQuadray).

Admission to "Arts at the Waelderhaus" is free, and reservations are strongly encouraged. Please call the Waelderhaus at 920-453-2851 or email Jen.Balge@kohler.com to reserve your spot.

The Waelderhaus is managed by Kohler Foundation and offers unique cultural events throughout the year. It's located at 1100 W. Riverside Dr., Kohler, and is open daily (except holidays) to the public for guided tours free of charge at 2 p.m., 3 p.m., and 4 p.m.

Kohler Foundation is a non-profit, private foundation that supports arts, education, and art preservation initiatives in Sheboygan County and the state of Wisconsin.

Contemporary Fusion Ensemble, Mr. Chair, will perform at Waelderhaus on Sunday, October 2 at 2 p.m. Attendees will be delighted with their fresh and original sound.

Soweto Gospel Choir to Perform

Three Time Grammy Winner Soweto Gospel Choir Unveils All-New Show For 2022 North American Tour Entitled Hope - It's Been A Long Time Coming.

Direct from South Africa, the SOWETO GOSPEL CHOIR returns to North America this fall with an all-new concert commemorating the freedom movement in South Africa and the Civil Rights movement in the United States.

Produced by Andrew Kay and under the direction of Choir Master Shimmy Jiyane and Musical Director Dini-loxolo Ndlakuse, Soweto Gospel Choir will perform at Kohler Memorial Theater on Friday, October 7, 2022 at 8 p.m. Tickets range from \$50 to \$55 for adults and \$25 to \$28 for students and are available for purchase by visiting KohlerFoundation.org/Tickets or by calling the Kohler

Foundation at 920-458-1972.

Entitled, "Hope - It's Been a Long Time Coming," the three-time Grammy Award winning choir will perform a series of South African freedom songs along with music of the Civil Rights era including selections by legendary artists Billie Holiday, James Brown, Otis Redding, Curtis Mayfield and the one-and-only, Aretha Franklin. "Hope - It's Been a Long Time Coming," was commissioned by the University of Iowa Hancher Auditorium.

Producer Andrew Kay states, "It's a thrill for the choir to tour the United States and Canada again. These talented artists love spreading joy to audiences across the globe. And audiences, no matter where they see the choir, find their performances inspiring and their joy contagious." He continues, "This new concert is something they've

wanted to do since before their pandemic. They can't wait to share this music with everyone!"

Hailing from Soweto (South West Township), a town outside of Johannesburg and home of Nelson Mandela and South Africa's democratic movement, SOWETO GOSPEL CHOIR continues to inspire audiences around the world with their powerful blend of African gospel, freedom songs and international classics.

Comprising a line-up of some of South Africa's best vocalists, these uplifting performers have shared the stage and collaborated with the biggest names in contemporary music including Aretha Franklin, Stevie Wonder, Beyonce, U2, Diana Ross, Peter Gabriel, Chris Martin, John Legend, Pharrell Williams, Jimmy Cliff, Ben Harper, Angeliqe Kidjo, Robert Plant, Celine Dion, Red Hot Chili Peppers, Hugh Masekela and Josh Groban. SOWETO GOSPEL CHOIR was formed in 2003 at the end of the apartheid era and during South Africa's inspiring return to Democracy. Taking part in some of the major historical events in the new democratic South Africa, SOWETO GOSPEL CHOIR are proud to have performed on many occasions for the Father of their Nation, former President Nelson Mandela's and sadly at his State Funeral in South Africa and at the subsequent commemorative service at Westminster Abbey in London. They were similarly invited to perform at the funeral service for the late President's first wife, Winnie Mandela.

The Choir's patron is human rights activist and Nobel Peace Prize winner, Archbishop Desmond Tutu, and they are proud to act as Ambassadors for the Nelson Mandela Foundation.

For more information about the SOWETO GOSPEL CHOIR, please visit www.SowetoGospelChoir.com and follow the choir on Facebook (OfficialSowetoGospelChoir), Instagram (SowetoGospelChoirLive) and Twitter (Sowetogospel).

WISCONSIN'S
Elkhart Lake

Village of Elkhart Lake Updates September 2022

TID AMENDMENT UPDATE

TID #4 was officially amended in late July. This amendment was done in anticipation of potential apartments along Highway 67. The Village continues to work with Sargento and prospective developers on this property.

VILLAGE AD HOC FUTURE DESIGN COMMITTEE

Work continues on the facility study. Over the last few months, building assessments have been completed. These results show there are some deficiencies in some of our buildings. As we gather all this information, we continue to work on the options for future space needs for Village departments.

VILLAGE-WIDE REVALUATION

The State of Wisconsin sets standards that all communities in the State must be valued at 100% of market value or be kept within 10% of that value. The Village has fallen below these standards. The last revaluation was done in 2008. The Village has contracted with Grota Appraisals to have all properties assessed at 100% of market value as of January 1, 2023. Grota has sent letters out to all property owners about the process. The Village has approved an exterior inspection process only. Grota has been busy with this project over the last month. They have visited a majority of the lake properties and now will begin with other residents and commercial properties. Even though the work is being done now, these values will not be in effect until the December 2023 tax bill. A badge with photo ID will be worn by assessment staff while in the field. If you have any questions, please contact Jessica at 920-876-2122.

LABOR DAY - GARBAGE PICKUP DATE CHANGED & VILLAGE OFFICES CLOSED

A reminder that garbage collection will be one day later when we are celebrating a Monday Holiday. For Labor Day week garbage pickup will be on Tuesday, September 6, 2022, due to Labor Day. The Village offices will also be closed on Monday, September 5, 2022 due to Labor Day.

VILLAGE WATER SYSTEM

The Village hired a contractor, who spent the last few months cleaning one of the Village's wells and also providing pump refurbishment. This well had not been cleaned since it was originally put into service in the early 2000s. This cleaning should help to improve water quality. The Village is

working on putting together a long-term maintenance plan for both wells and water towers.

2021 WATER CONSUMER CONFIDENCE REPORT AVAILABLE

The Village is always testing its water for contaminants. In order to ensure that tap water is safe to drink, the EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. The Elkhart Lake Water Utility annually files a Consumer Confidence Report about the water quality in the Village. The 2021 Consumer Confidence Report can be found at <http://elkhartlakewi.gov/departments/water/>, or obtained at the Village Office at 40 Pine Street, Elkhart Lake, WI 53020, or can be requested by calling 920-876-2122.

GOOSE ISSUE

The Village is aware that there is a goose issue in the Victory Park Subdivision. They are making a mess on the sidewalks and roads in this area. We are working with Werner Homes on options to help with this problem. We will be trying a few methods this fall to try to keep the geese near the pond. These include having a fake coyote in the area, tying string at a few levels to keep the geese from crossing onto the sidewalks, and leaving some areas of the grass longer. We will continue to work with Werner Homes on a long-term solution.

YARD WASTE DUMPSTER

The yard waste dumpster is unattended. We have installed a new set of stairs that will make using the dumpster easier for residents. Please follow the signs about using the dumpster, you are on camera. If you require assistance, we ask that you set up an appointment with the public works department (920-876-2231), so someone can help you. The dumpster is provided at the Village garage from the end of May through October. This dumpster is for yard waste only, not lake waste. A truck for large brush or trees can be obtained by calling the Village garage at 920-876-2231.

GARBAGE COLLECTION ISSUES

Please call Waste Management at 1-888-960-0008 if you have any questions, they miss your pick-up or for repairs to carts. Make sure to use our Customer ID# 9515079. Then please call the Clerk's office at 920-876-2122 and let us know. There have been some issues with pickup lately with Waste

Management and the Village is trying to keep track of the issues people are experiencing.

PRESCRIPTION DRUG DROP OFF BOX

Please make sure you safely dispose of your old prescription drugs. There is a collection box located outside the police department where you can dispose of old/unused medications. Please take your medications out of their containers and just drop the pills in the box. We do not accept liquids or needles.

Drop off anytime Monday through Friday from 9:00 AM to 4:00 PM.

For more information, contact the Elkhart Lake Police at 920-876-2244 or for information on the Sheboygan County Program, please call the Sheboygan County Planning & Conservation

Department at (920) 459-3060.

BUILDING PERMIT REQUIRED

If you are planning a construction project on your home or business, you must apply for a building permit. Permits must be obtained prior to commencement of work. We have had a few people looking to install patios and doing some work and then finding out they cannot have one. We want to prevent this from happening. It is best if you call the Clerk's Office at 920-876-2122 to find out if your project will require a permit. Failure to do so will result in double the permit fees, potentially tearing out of what has been done, and could even result in a fine of up to \$1,000.

DOG REFUSE STATIONS

The Village has installed Dog Refuse Stations throughout the Village. We have installed two new ones along Victory Lane. These stations will dispense plastic bags to help in the cleanup effort. The dog stations are located at:

- S. End of Walkway
- N. End of Walkway
- Near Village Square Park
- S. Lake Street near Elm St.
- Osthoff Avenue

ENCANTO showing at the Weill Center

Encanto showing at the Weill Center on Friday, September 23, 2022 at 7pm.

Encanto is in danger, Mirabel decides that she, the only ordinary Madrigal, might just be her exceptional family's last hope.

Encanto tells the tale of an extraordinary family, the Madrigals, who live hidden in the mountains of Colombia, in a magical house, in a vibrant town, in a wondrous, charmed place called an Encanto. The magic of the Encanto has blessed every child in the family with a unique gift from super strength to the power to heal-every child except one, Mirabel. But when she discovers that the magic surrounding the

Road America Announces Featured Marque in 2023

Road America recently announced that the Kastner Cup would be the featured marque of the 2023 WeatherTech International Challenge with Brian Redman. Widely known as one of the largest vintage racecar gatherings in the United States, featuring over 50 classes of cars racing in several groups, The WeatherTech International Challenge with Brian Redman will return on July 13-16, 2023. A mid-summer classic including everything from a special Concours on Friday and Saturday along the streets of Elkhart Lake and a special Triumph sports car racer reunion makes the 2023 event a can't miss spectacle for any racing enthusiast.

"This event has become an annual tradition for hundreds of racers, enthusiasts, and thousands of fans every year," said George Bruggenthies, Senior Consultant for Road America. "We are extremely proud to announce that the event will pay tribute to Triumph sports cars and the

Kastner Cup experience, as drivers can imagine themselves as Paul Newman as they round Canada Corner, and spectators can smell the tires and race fuel just as they might've done decades before. Road America is poised to usher in the celebration with a racer's reunion, races for club and pro series—vintage, historic and contemporary racers; a Concours with expert and people's choice awards, track touring, parade laps, and a vendor marketplace, making the 2023 WeatherTech International Challenge with Brian Redman an event that everyone of all ages can enjoy."

Having the Kastner Cup for Triumph sports cars serve as the featured mark for 2023 is a fitting tribute for the event as Triumphs have raced at the fabled four-mile 14-turn circuit since the late '50s. The Kastner Cup was named in recognition of the career accomplishment and legacy of R.W. "Kas" Kastner, who passed away on April 11, 2021, at 92. Kas Kastner

was one of the most influential individuals responsible for the racing success of Triumph sports cars from the late 1950s through 1970 and beyond. To this day, his series of Competition Preparation

a row; a remarkable achievement.

The Kastner Cup has become a major event on the vintage racing calendar for British car fans. The race is held at a different track each year to provide Triumph racers across the country a chance to compete for the Cup. Open to race prepared Triumph powered cars, the Kastner Cup is awarded to one competitor based on the following criteria:

- 50% for the competitive results on the racetrack during the event (not necessarily the winner)
- 25% for the presentation of the car
- 25% for the attitude and interest in Vintage racing

More details for the 2023 WeatherTech International Challenge with Brian Redman, including entry information, qualifying procedures, concourse information, and tickets, are expected in the coming months.

Manuals are a must-read for competitors in Triumph sports cars. Later in his career, Kastner directed the Nissan IMSA GTP team that won the manufacturers' championship three years in a row and the drivers' championship four years in

All Saints Chapel Joins Chamber

New member of the Elkhart Lake Chamber, All Saints Chapel at N7902 CTH P, is a mission chapel of Grace Episcopal Church in Sheboygan, that continues to serve Elkhart Lake residents, visitors and many others for services, weddings and other religious events and recreational expeditions.

Built in an English country style, All Saints Chapel was built by the Hayssen Family with the help of Grace Episcopal Church of Sheboygan and consecrated in 1951. Since then, the chapel has offered services from Memorial Day weekend through Labor Day weekend to Elkhart Lake locals and tourists and has also offered weddings and other religious services throughout the year by appointment. Auxiliary clergy are called on to officiate most of the services at the chapel, but the Head Priest/Rector of Grace Episcopal is also the head priest of the quaint, stone chapel.

Alongside the services, visitors are welcome at any time to enjoy the peace and beauty of the chapel and

property for prayer, meditation, landscape painting and photography.

The property at one time, prior to being acquired by Grace Episcopal, had a hunter's cabin. Currently, that area of the property has St. Hubertus Hall for gatherings, named after the patron saint of hunters. The chapel also has a leaded glass window dedicated to the saint, depicting a crucified Jesus on a stag's antlers. The chapel celebrates St. Hubertus Day in early November with a Blessing of the Hunters. This year's blessing of hunters and their gear is scheduled for Saturday, November 5 at 11 a.m.

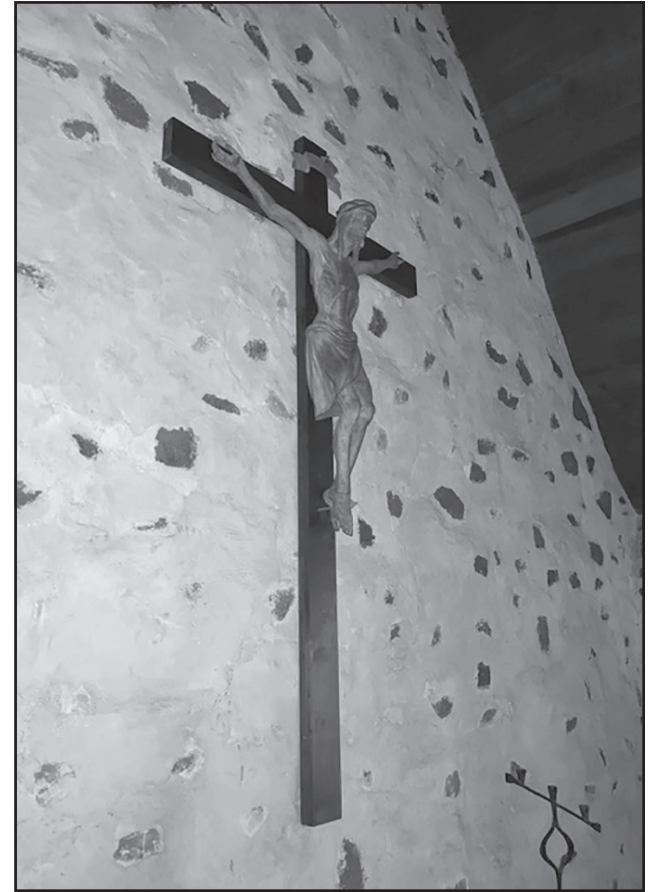

Prior to being recognized as a saint in 743, Hubertus was born in 656 in what is modern-day France. The son of a duke, Hubertus loved the outdoors and spent time hunting, even on holy days which was considered sacrilege, and was known as an expert bowman.

After his wife and hunting companion died during Holy Week in 684, Hubertus went hunting on Good Friday. While hunting, he had a vision of the crucifix between a stag's antlers and was told by Jesus Christ that he needs to find purpose and comfort in hunting, but more importantly by serving the Gospel.

Hubertus then committed to the Gospel, giving his

wealth to the poor, his titles to his brother and became a priest. He shared the Gospel among country people and hunters and took care of the poorest in the countryside and was considered a wise steward of the forest and wildlife. He became the Bishop of Liege, and in 727 died peacefully.

Walking Tour of the Village of Kohler

DESIGNING A VILLAGE TOGETHER

Frederick Law Olmsted's sons worked closely with him on projects as they began their careers, eventually taking over the family legacy and starting a landscape architecture design firm named "Olmsted Brothers." In practice for over 100 years with commissions for more than 6,000 landscapes across North America, some of the firm's most noted projects include the Stanford University campus, numerous public park systems in Cleveland, Portland, and Seattle, and the streets, parks, and planned landscapes within the Village of Kohler.

Streets in the Village of Kohler were designed to meander and meet at a variety of angles—a hallmark of Olmsted community planning. The design created grassy medians where roads converged and encouraged neighborly interaction outdoors, beyond public parks.

A century ago, Kohler Co.'s president hired the Olmsted Brothers, landscape architects from the firm that designed New York City's Central Park, to help create a fifty-year plan for the Village of Kohler, Riverbend, and all the parks and performance spaces that make up this garden community at a factory gate. Join us on Sunday, September 11 at 2 p.m. at the Waelderhaus for a walking tour of Kohler that celebrates the beauty of the Olmsted Brothers' design of Kohler.

Walking Tour of the Village of Kohler Marks the 200th Anniversary of the Birth of American Landscape Architect Frederick Law Olmsted.

Waelderhaus continues its celebration of Frederick Law Olmsted and his successor firm the Olmsted Brothers with a final Olmsted focused program on Sunday, September 11 at 2 p.m. Join Virginia Small and Angela Miller for a walking tour of the Village of Kohler. During the guided walk, attendees will hear the story of how Kohler Co.'s president hired Frederick Law Olmsted's successor firm, the Olmsted Brothers, to help create a fifty-year plan for the Village of Kohler, Riverbend, and the parks and performance spaces that make up this

garden community at the factory gate. Attendees will stroll the meandering streets of the Village of Kohler and discover various hallmarks of Olmsted community planning, including grassy medians where roads converge and encourage neighborly interaction outdoors, beyond public parks. The tour will highlight how the Olmsted Brothers, through the use of flowing landscape, shaped Kohler into one of the most beautiful, relaxing and livable communities in Wisconsin.

Virginia Small is an award-winning independent journalist who writes about parks and other landscapes; urbanism; historic preservation issues; and environmental topics. She conducts tours of historic landscapes

and has presented lectures about landscape history at state and local conferences. The Wisconsin Chapter of the American Society of Landscape Architects honored her in 2019 with its "Visibility Award" for increasing awareness of the landscape architect profession.

Angela Miller is Kohler Company's archivist, who speaks regularly about the history of the Village of Kohler as well as the Kohler Company.

Admission to this Olmsted 200 program is free, and reservations are required. Program attendees will meet at the Waelderhaus for a short slide presentation before starting the walking tour of Kohler. Please call the Waelderhaus at 920-453-2851 or email Jen.Balge@kohler.com to reserve your space.

The Waelderhaus is managed by Kohler Foundation and offers unique cultural events throughout the year. It's located at 1100 W. Riverside Dr., Kohler, and is open daily (except holidays) to the public for guided tours free of charge at 2 p.m., 3 p.m., and 4 p.m.

Kohler Foundation is a non-profit, private foundation that supports arts, education, and art preservation initiatives in Sheboygan County and the state of Wisconsin.

About the Olmsted 200 Campaign

April 26, 2022, marks the 200th birthday of Frederick Law Olmsted — author, journalist, public official, urban planner and founder of American landscape architecture. Olmsted and his successor firms designed thousands of landscape projects across the country. His democratic vision of public parks and their capacity to bring com-

munities together is more important than ever.

The national Olmsted 200 campaign (Olmsted200.org) engages a creative coalition of landscape architects, design professionals, city planners, public health professionals, conservationists, community leaders, historians and educators to explore the many ways in which Olmsted's values can address today's challenges. Rooted in Olmsted's values of universal access to parks and the health and environmental benefits of open space and resilient designs, the celebration will examine the life, leadership and enduring influence of this American visionary.

Virginia Small, award-winning Landscape Journalist and Photographer, will present "Olmstedian Legacies in Wisconsin: Naturalistic Designed Landscapes that Endure" on Sunday, May 8 at 2 p.m. at the Waelderhaus.

LTC Training & Development Opportunities Can Help Retain Employees

Employees report they value employers who invest in professional development. Lakeshore Technical College's Workforce Solutions division offers over 90 topics related to professional learning opportunities including training and development options, expertise in the latest industry trends, and more. According to recent national surveys, employers who are generous when it comes to professional learning opportunities may be a step ahead of their competitors who don't when it comes to attracting and retaining employees. Investing in professional development opportunities rated top in a 2022 LinkedIn survey asking which area companies should invest in to improve company

has never been a more critical business need," said Lakeshore's Business Solutions Manager Tonia Gibeault. "Since spring 2021, we've experienced a steady increase in the number of local organizations we're working with for their technical, professional, and leadership development training needs," added Gibeault. "When we help an organization grow their people, they grow their business." Lakeshore Technical College's Workforce Solutions division is a local resource for companies looking to fill their professional development toolboxes. The college's fall slate of seminars and continuing education includes over 30 topics related to advanced manufacturing, business

culture. It topped flexible work support, as well as mental health and wellness. Opportunities to learn and grow also ranked as the top driver of workplace culture according to a Glint survey, moving up eight spots from 2019 to 2021. Retaining and attracting employees has become a top priority for organizations due to the continued high rate of employees leaving their jobs since spring 2021, often referred to as the "Great Resignation" or "Great Reshuffle." "As companies continue navigating supply chain challenges and this unprecedented labor market, the hiring, developing, and retaining of employees to reduce turnover costs and build bench strength

and communications, professional and leadership development, continuing education, and safety and compliance. Over 60 topics are also available through the college's contract training, which offers a customized approach with training held either at a company's location or at the college. Learning opportunities help employees and employers keep up and grow with technology, leadership development, strategic planning, and industry trends. In addition, safety and compliance training must be completed as government agency compliance demands increase. For information on Lakeshore's fall seminars, go to gotoltc.edu/seminars.

IV Wellness and Aesthetics

IV Wellness and Aesthetics at 710 Eastern Ave in Plymouth celebrated its grand opening Wednesday, Aug. 17.

Jenni Scheel

Founded by Jenni Scheel, IV Wellness and Aesthetics focuses on self-care for their clients through vitamin deficiency and anti-aging therapy options with the services performed ranging from IV therapy, Aesthetic services, and laser treatments.

In IV Wellness's mission statement on their website—www.ivwellness-aesthetics.com, it is said that in today's world humans are made subject to toxins and pathogens like food additives, cigarette smoke, pollution, chemicals and many others even before birth. Their treatments are filled with fluids, vitamins and other beneficial tools needed to promote health and wellness. From IV options ranging from Immune to Detox and Vitamin shots ranging from B12 to Biotin, treatments will vary depending on the clients' needs. Treatments are also administered by board certified professionals including registered nurses, nurse practitioners, physician assistants and physicians. These treatments are also beneficial because they are administered directly into the bloodstream and do not pass through the GI tract, which can allow almost 100 percent absorption by the client's system.

IV Wellness also offers Botox, dermal filler, kybella, chemical peels, microneedling and other aesthetic services for clients to choose from, and also offers an array of laser treatments like laser hair removal, skin tightening and skin rejuvenation. The founder, Jenni Scheel, is a doctorate-prepared NP and board-certified in Aesthetics by the American Academy of Aesthetic Medicine. She is commended by clients on the IV Wellness website for her meticulous work and

IV Wellness and Aesthetics

not rushing through the procedures, making sure her clients were comfortable with the process and procedure. She has also been complimented for being extremely professional and helps her clients achieve their goals through not only her training but her personal experience as well. Those interested in potentially utilizing the skills and services offered at IV Wellness and Aesthetics can check out their website or call 920-449-5040 to book an appointment.

MHA Lakeshore Holding Walk

September is National Suicide Awareness Month, and Mental Health America Lakeshore—MHA Lakeshore—will be holding their seventeenth annual There is Hope walk on Saturday, Sept. 10 along Lake Michigan at Deland Park.

MHA Lakeshore's annual walk for suicide awareness and prevention is their largest educational fundraiser event. According to their website—www.mhalakeshore.org—over 500 people participate in this event that supports people that have lost a loved one to suicide, and brings the community together to help make a difference around suicide awareness.

Following the success of 2021's virtual event of 550 local, national and international participants, this year's event will be in-person and virtual to allow participation from anywhere. With every donation and participation in the event, the proceeds will benefit MHA Lakeshore's access to services, support services for families and individuals in Sheboygan County and beyond and strengthen the programs MHA has to offer. The funds will also help increase mental health education and stigma reduction.

According to information from MHA Lakeshore's executive director, Julie Preder,

suicide is a public health epidemic. It is the twelfth leading cause of death in the United States and the second leading cause of death between ages 15-24. Adding to the sobering information is that 130 people each day on average will take their own life and 1.2 million people attempted suicide in 2020 alone.

Sheboygan County had the highest suicide rate ever recorded in 2021, and MHA's services have increased over 500 percent since the beginning of the pandemic.

Among the events MHA Lakeshore has planned, there is also a community suicide awareness class scheduled at Ebenezer Church, 3215 Saemann Ave., Sheboygan, for Oct. 5 at 6 p.m. to help recognize the signs and symptoms of suicide. Those interested in the class can register under the event on their website.

Serving Sheboygan County since 1953, MHA Lakeshore—formerly known as Mental Health America in Sheboygan County—is a nonprofit mental health resource agency with suicide prevention as the foundation of their work.

Those interested in their events, advocacy, training and education and services to help can visit their website, call 920-458-3951 or email info@mhalakeshore.org.

KIDS PROGRAMS

Back to School Scavenger Hunt, all month –

Can you find all the school supplies hidden in the library? Pick up a sheet at the circulation desk to play.

Reach New Heights at the Library, September 1st-30th –

September is library card sign up month! All kids and teens who sign up for a library card or renew their existing card during the month of September will be entered into a drawing for a \$25 Amazon gift card.

Toddler/Preschool Story Time, Thursdays at 9:30am –

Stories, songs, and activities for toddlers and preschoolers (babies welcome). No registration required. Please skip Story Time if you or your child are unwell.

Tuesday Legos (ages 5+) Tuesday, September 13th at 3-5pm (drop in) -

We'll provide the Legos and a new challenge every month. Follow the challenge or use your own ideas. Lego creations will remain on display at the library until the following month.

After School Origami (5th grade & up), Monday, September 26th at 3pm –

Explore the art of paper folding at the library, where Ms. Jessica will guide you through a couple of cool origami projects.

ADULT PROGRAMS

Coffee Hour and Book Chat –

Wednesdays at 10am. Interested in joining the conversation? Contact us to be placed on our Coffee Hour email list to receive updates.

Book Club – Friday, September 9th at 1pm

This month we will be reading *The Good Son* by Jacquelyn Mitchard. "From #1 New York Times bestselling author Jacquelyn Mitchard comes the gripping, emotionally charged novel of a mother who must help her son after he is convicted of a devastating crime." Order your copy on monarchcatalog.org. Contact the library to be placed on our book club email list to receive updates.

Ukulele Club – Thursday, September 15th at 1pm Grashorn Civic Center

Our Ukulele Club is ready to start playing again and we are looking for new members! All levels welcome, no registration required. For more information and to get on our contact list, please email rmontes@monarchlibraries.org. Don't have a ukulele? Check out our Ukulele Kit at the library to give it a try.

has enhanced our Summer Reading Program and allowed the library to offer new services such as WiFi hotspots, Discovery kits, and Experience passes.

Thank You Summer Reading Sponsors! – Our summer reading program was a HUGE success and we have lots of sponsors to thank:
