# Lawrence Family Chiropractic keeps you in line

## Advertorial

"Dr. Eric Jaszewski of Lawrence Family Chiropractic wants to explain exactly how regular chiropractic care can help you and your family. Our goal is to help you achieve optimal health for many years to come!

At Lawrence Family Chiropractic, we have a unique and highly advanced system of both analyzing and adjusting the spine. Our office is one of the only offices in New Jersey that utilizes "video-fluoroscopy", the most advanced technology in joint motion imaging. We are continually amazed at how modern chiropractic care helps the

families who seek care in our office. We will educate you about chiropractic and other natural solutions to common health problems. Chiropractic helps with so much more than traditional back and neck pain. It can help alleviate symptoms experienced from a variety of conditions.

We use the Pierce Results System as a way of evaluating your spine, noticing how it moves through what should be normal ranges of motion. Spinal problems are revealed by having you turn and bend in specific ways. This thorough biomechanical analysis provides the basis for making a specific and highly-effective adjustment.

"Subluxation" (spinal misalignment) creates an inflammatory response that can be measured by changes in temperature. We'll monitor your progress and watch for pattern changes along your spine by using highly-sensitive temperature measuring equipment.

As better spinal function returns and nerve interference is reduced, your body's inborn healing ability will be enhanced and another chiropractic success story is sure to be recorded!"

## Advertorial

The family and staff of DeLorenzo's Pizza on Sloan Ave. are grateful once again for the honor of winning The Trentonian's Readers Choice Award for 2022.

Recovering from the devastating pandemic we all suffered through brought about a whole new set of challenges. Supply chain problems, staffing shortages and higher prices for everything made the past

year difficult for all of us.

We here at DeLorenzo's have been blessed to be able to carry on with our 80+ year tradition of creating a great pizza, served in a family friendly atmosphere by myself, my family and my hard working dedicated staff.

Most important of all we'd like to thank to all our loyal customers who choose DeLorenzo's Pizza time and time again.

# Best Orthodontist around is Dr. Greco once again

Advertorial

The orthodontic practice of Mark R. Greco DMD is a second-generation staple in Mercer County. Our office is a private, quality-oriented practice with a controlled volume of patients permitting us to run efficiently and on time. Metal braces are still in, but we also utilize the latest technological advances in the industry including self-ligating clear braces, Invisalign, and a wide variety of growth helping appliances. Combine this with digital x-rays and diagnostic models and you will find that we are uniquely prepared to communicate with both you, and of equal importance, your regular dentist.

When asked what makes

your office unique, Dr. Greco emphasized that "we specialize in custom treatment plans. This means each patient presents with a unique set of circumstances and goals. So rather than present only one orthodontic product or plan we explore alternatives in both type of appliances and methods to achieve the desired outcome. This said, the vast majority of my adult and late teen patients opt for Invisalign – it's simply cleaner and more socially comfortable for them and the cost is roughly the same as clear braces. In a nutshell, we try to customize our orthodontic approach to provide the greatest probability of success. This leads to shorter treatment time and better results."

I would personally like to thank my patients for voting myself and staff the "Best Orthodontist", for the 9th year in row, and "Best Children's Orthodontist" for the past 2 years. We recognize that every patient has different needs, and we pride ourselves in the courteous service we deliver to each person who walks through our doors. Call us at 609-586-2865 or visit us at [www.GrecoOrtho.com](http://www.GrecoOrtho.com) for a complimentary consult.

You will treat yourself to a thorough understanding of what orthodontics can do for your smile.

Whether you're an adult, adolescent or child, know that we are committed to helping you achieve the smile you deserve – a healthy, beautiful one.

## Gaetano's On A Roll!

Advertorial

The Original Gaetano's Cheesesteaks managed to grab six Reader's Choice Awards this year.

Five out of the six were in the sandwich category in one way or another.

Best Cheesesteaks and Steak Sandwiches pretty much go hand in hand. Their proprietary steak blend, fresh baked daily seeded rolls helped them grab those awards which they have had many times before as far back as 2014.

They also managed to win Wraps and Sandwiches as well as Specialty Sandwich.

Owner Bill Hansen credits the win for Specialty Sandwich to his special board. "We create different 'special' sandwiches that aren't available on the menu and put them up on the chalk board and people go crazy. We try out of the ordinary combinations and ingredients to see what people like."

He also says that people will ask for old specialty sandwiches some-

times years after they've been taken off the board.

The fifth award on a roll goes for Catering. The most popular catered item is their cheesesteak tray, which is you guessed it, their famous cheesesteaks cut into bite size pieces placed on a tray with all the fixings on the side.

Very popular with the offices and meetings and one of the only items that you can order off of the catering menu with less than 24 hours notice.

The last award they managed to earn was best Buffalo Wings. Cheesesteaks might be their "bread and butter" but with 16 different sauces ranging from a "no heat, all flavor" to "might as well be lava" on their in house wing temperature scale, it's no surprise they were able to reclaim this award, which they have won several times before.

Gaetano's is extremely grateful to have won so many Readers' Choice Awards and credits it to hard work, the freshest ingredients and the BEST customers in the world!

"We are always so humbled when customers come out to support us; whether it be to go vote for us, pass our name along to friends and neighbors or just stopping in to grab a sandwich and say hello."

Gaetano's is located at 1280 Route 33 in Hamilton Square across from Shop Rite and beginning September 11th they will be OPEN seven days a week including Sunday (12pm-6pm) for the kickoff of Football season through Super Bowl Sunday!

# Spin Doctor: Eco-friendly laundry with the best results

Advertorial

The staff and management team of Spin Doctor Laundromat is ecstatic about the selection by readers of The Trentonian as 2022 Best Laundromat. Keeping the doors open, and their standards high during the pandemic was not easy, but they were not going to throw in the towel because their slogan is "The Cure for Dirty Clothes."

According to business leadership, "The Cure" is supported by four brand pillars:

Exceptional Customer Service: Delivered by staff recognized for their responsiveness and consultative skills.

Eco-Consciousness:

Equipped with both water and energy saving machines.

Leading-Edge Technology: Laundromat features Electrolux™ high-performance washers with text-to-customer capabilities and is the only manufactured equipment to be Hazard Analysis Critical Control Plan (HACCP) certified to kill viruses.

And there is no need for their customers to bring coins: Cash or electronic funds from debit and credit card are transferred to Laundry Cards via self-serve kiosks---the Laundry Cards in turn operate the equipment. The Laundry Cards also accrue loyalty points, its funds do not expire, and the balance can be checked, any

time, remotely ([www.laundrycardlive.com](http://www.laundrycardlive.com)).

Community Engagement: The management operates an elderly outreach program, and actively builds relationships with local businesses, government, and charitable organizations to generate goodwill.

Visit the business and you will experience a laundromat that is clean, bright, and spacious (3,000 sq. ft.); forty-one washers in three sizes, (including eight triple-loaders with an exclusive comforter cycle) and thirty-six jumbo dryers. Customers will also find a handicap accessible facility complete with a child play area, workstation, picnic seating, big screen TVs, a charging sta-

tion, and plenty of parking. Plus, if, you're busy—as most of us are, the company offers superior wash, dry and fold services every day of the week.

And Spin Doctor Laundromat is likely to be a "Reader's Choice" in towns across the country because they are expanding through franchising. For more information on about investment opportunities visit [www.spindoctorfanchise.com](http://www.spindoctorfanchise.com).

## The Best Just Got Better

## Advertorial

Beyer Eye Associates is honored to be awarded Top Eye Care by the Trentonian Readers' Choice seven years in a row. We would like to thank our patients and staff for their commitment and dedication.

Our philosophy has always been that one of life's most precious gifts is your vision. We continue to promise to provide our patients with the highest level of eye care services, creating unchallenged loyalty, satisfaction, and patient retention. We emphasize integrity, commitment, and performance excellence in a friendly environment, establishing our reputation as a premiere health care destination.

We have three convenient locations: Mercerville, Millstone, and Newtown Pennsylvania. Our expanding services include comprehensive

eye care, glasses, contact lenses, treatment of eye diseases and disorders, as well as cataract and eyelid lift surgery.

We offer the latest technology in ophthalmic testing used for cataracts, glaucoma, macular degeneration, diabetic eye exams and dry eye. A small part of our patient services include:

Drop-less eye exams with our non-dilating digital retinal camera (Optos) which allows the doctors to view more than 85% of your retina for routine visits.

A myopic control program for halting near sightedness progression with the use of custom designed glasses and contacts are available.

Cataract patients receive advanced technology lens implants for the treatment of astigmatism and extended depth of focus, giving patients back their youthful

vision.

We are one of the few offices that are using electroretinography to detect subnormal function of the retina and optic nerve.

Dr. William R Beyer Jr. has been in practice for over 40 years in Mercer County. In January of 2014, with the proud addition of his two sons, Mark, and Eric, we became Beyer Eye Associates. We use state-of-the-art electronic medical records system which allows office visit summaries, prescriptions, and referrals readily available to the patient at the time of the visit.

Dr. Peter Perno starts his second year as our third comprehensive optometrist. He will be providing primary eyecare, contact lens fitting for corneal disorders and progression of myopia using corneal reshaping. He brings with him his exceptional educational background and experience. He received his undergraduate degree from Purdue University. In 2016 he gradu-

ated from the Pennsylvania College of Optometry with clinical honors for pediatric and ocular disease rotations. He also completed additional training at the New England College of Optometry and residency with Providence Veterans Affairs Medical Center.

Thank you for acknowledging our practice as Top Eye Care as we continue to strive and do better for our patients and the community we serve.

## Black belt or beginner, Karate Fit USA's got you

Advertorial

The blend of practical martial arts taught in Mercer County since the 1980s is currently owned and instructed by Shihan (Master Sensei) Mark Swingle. Sensei Swingle also began his own training in Isshin Ryu Karate 35 years ago in upstate NY, and has taught karate since 1989. After living and training in Japan for 10 years, Sensei Swingle moved back to NY and then to Lawrenceville in 2004 to start this new style as a White Belt. He eventually got his 4th Degree Black Belt here and took over the style in 2018. COVID through a major wrench in the works of all fitness-related business, but thanks to a core group of students and instructors KF USA emerged stronger in a new location in the Lawrence Shopping Center.

Karate Fit USA teaches a practical but fun blend of Self-Defense, Okinawan Karate, Traditional Weapons and Small Circle Jujitsu. Every-

thing is age-appropriate, but the goal is self-development and actual applications, through individual practice, partner work, circle attacks and sparring: Less fluff, more stuff! Class sizes are kept small (usually under a dozen), so that members can get the individual attention they need to thrive. No classes of 20 or 30 or whatever at KF USA!

Karate Fit USA also has an international presence, and September 23-25 is again hosting the Small Circle Jujitsu East Coast Camp with Prof. Leon Jay from England and many grandmasters and guests from around the U.S.A. We are also proud to have a Canadian with 50+ years of experience in various other styles who selected our school after visiting others in the area as the place where he could learn and contribute. There are also the Japanese connections from Sensei Swingle. Experienced students are always welcome, but no experience is required to begin your journey with KF USA!

Submitted Photo

Karate Fit USA is proud to be an "old school" school, but with many innovations. Not part of some big chain network of corporate schools, KF USA tries to be the karate equivalent of your favorite local restaurant. And judging from the Trentonian Readers and the many home-grown instructors that have been here for a dozen or more years, they seem to be succeeding! KF USA offers all new people a free trial class, and there is a further New Student Special to make it easy to see if you like what and how they teach. Info is available at [www.karatefitusa.net](http://www.karatefitusa.net) and you can text/call 609-690-9060

We open the season on September 23rd with Once, the musical, presented by Playful Theatre. Fall in love with the story of an Irish musician and a Czech immigrant who connect over their shared passion for music on the streets of Dublin. Over the course of one fateful week, an unexpected friendship and collaboration quickly evolves into a powerful but complicated romance, accentuated by the inviting, emotional score that earned an Academy Award, a Grammy Award, an Olivier Award, and a Tony Award. Featuring original songs from the critically acclaimed film, including 'Falling Slowly,' this achingly beautiful, joyously uplifting show strikes an unforgettable chord in audiences and speaks to the power of music to connect us all. This special event runs for 2 weekends and is \$24 for all.

## Yates Coins and Precious Metals LLC Continues a Mercer County Tradition

## Advertorial

Do you remember your first collection?

Maybe it was baseball cards or records. Perhaps sea shells or Pokemon cards.

You may have had a coin collection!

That's what Scott Yates, owner of Yates Coins and Precious Metals LLC in Ewing NJ, collected as a boy.

Over time that hobby became an interest that went beyond filling coin books with specific dates. Scott began studying coin varieties and their values based on condition and rarity. Error coins were of particular interest, especially among pennies.

So much so, that in the early days, it was common for people to empty their

pockets, mason jars and occasionally five gallon water jugs, in hopes their keen-eyed friend would spot the rare treasure hiding among their spoils, leading to a windfall and making their day!

Every once in a while that's just what happened!

A Hobby Becomes a Career Initially, Scott searched for those treasures at home or while working at his other jobs. Eventually, his interest grew into an expertise based on experience and education.

Then, a dozen years ago, when he joined Colavita Coins on Scotch Rd in Ewing, as a full time employee, his hobby blossomed into a career.

Scott's numismatic skills continued to develop over the years, and recently,

when the owner retired, he jumped at the opportunity to open his own coin shop in the same location, to continue serving his friends and many loyal customers, as well as welcoming new ones.

A Township Treasure For over 30 years, the coin shop at Scotch Road Plaza in Ewing, has attracted collectors of all ages.

Yates Coins and Precious Metals LLC continues that tradition.

People know it as a place to stop in, share stories, and meet up with others who have similar interests.

It is a place to look for that missing key date, sell your grandfather's collection, or buy an empty book to start a brand new one for your own child!

Additionally, you can buy

and sell gold and silver at competitive rates.

Other services at Yates Coins and Precious Metals LLC include offering proof sets, modern and foreign coins, and supplies as well as other collectables.

You will find antique items, artwork and decor, collectable cards, toys and more.

Bring in your coins to be appraised. Whether you come in to visit, make a purchase or sell your own treasures, you can feel confident that you will benefit from the knowledge and integrity you would expect from a shop with over 30 years of service experience, in the Mercer County community.

Scott Yates welcomes you to Yates Coins and Precious Metals LLC located at 207 Scotch Road, Ewing, New Jersey.

# Rich's Carpet One voted best carpet & flooring in 'Reader's Choice'

## Advertorial

"Experience the 'Unexpected' in Customer Service," is the slogan at Rich's Carpet One Floor & Home. However, entering the store you will not see it displayed on employee work shirts or big painted banners hanging from the rafters. It's simply an unwritten rule diligently followed starting with the owner straight down to every single employee.

What separates this business from the BIG home center competitors is the personal service given to all its customers.

"We work hard to achieve customer loyalty, because a satisfied customer is worthless but a loyal customer is priceless," said Rich Linnell, store owner.

"We provide exceptional service you don't get from our competition. We work hard to get a customer to be loyal and do what we have to do to make our customers happy. I hope my customers remember their pleasant experience here and I hope they come back."

"WOW" is the first word Linnell wants customers to express when walking into the store.

"I learned through the

years that impression is everything for the customer," Linnell said. "From how they are treated on the sales floor right down to the personal greeting they receive. I want a WOW atmosphere. WOW is related to the unexpected. For example, one of my installers finishes a job and when he finishes the work area is wiped down and cleaned — that's WOW!"

In Linnell's eyes complaints are "opportunities to generate loyal customers as long as we take care of the situation. Remember that word of mouth travels faster if it's bad news than good news. Each customer has a unique personality and you must be a good listener."

Rich's Carpet One boasts of a small but stellar staff, "who all share the same passions and functions to make the customer have a pleasant experience," Linnell said. The dedicated staff starts with John McCabe, Linnell's partner; Rob Hafitz, manager; Hannah Clark Hafitz, assistant manager; Robynn Dumont, Chris Burke, and Angela Verduchi, sales associates; Dawn Lippincott, executive assistant and the office backbone; and Angel Ro-

driquez, warehouse manager.

This famous-brand oriented store carries all types of hardwoods, carpeting, vinyl, ceramic and laminated tiling, sheet vinyl, carpet remnants, binding services and shop at home services.

Rich Linnell, with his partners: John McCabe, Maryann Bush, Donna Calu and Sherry Mattaliano, purchased the business from East Windsor Carpet One Floor & Home. In the floor

covering business for over 42 years, Rich brings a wealth of knowledge and experience to share with all his customers.

Business hours are 10 a.m. to 6 p.m. Monday through Saturday; and 10 a.m. to 4 p.m. Sunday.

Hamilton Car Wash was first purchased in 1967 by the Kirikian family. What many people do not know is that Hamilton Car Wash played an important role in the development in two major car wash advancements in the car wash industry.

In the early 1970's, Hamilton Car Wash was used as a test facility in creating and developing the "brushless" cloth washing material, which later became the staple material in the car wash industry. This started the development of cloth material by the car wash manufacturers and also car washing material advancement from bristle brushes.

In the late nineties, Hamilton car wash was once again in the forefront of car wash material technol-

The Hamilton Area YMCA was born of a need to serve children and families in the community and 71 years on, they're still doing that, and so much more. The organization accomplishes its mission through programs that nurture the potential of young people, improve individual health and well-being, and provide opportunities to give back to the community and support our neighbors.

The YMCA's reach ranges from our two beautiful Branches to 13 elementary schools and into underserved communities. A walk through their lobby reveals a hub of activity utilized by preschool students to Active Adults.

The Y provides programs and services to more than 8,500 children, individuals and families throughout Central New Jersey, and

has more than 100 volunteers. Approximately two-thirds of its members are from Hamilton Township, making the Y the largest community organization in Hamilton.

Some of the programs the Hamilton Area YMCA offers are timeless, the things that our community will always need, such as:

- Child Care
- Swim Lessons
- Group Exercise Classes
- Wellness Center
- Youth Sports

In recent years, the Hamilton Area YMCA has expanded to ensure that they reach every member of the community. This led to the creation of programs that address friends and neighbors with specific health or developmental needs:

- Food drives for neighbors facing food insecurity
- A transformative summer camp experience
- Swim lessons for un-

derserved populations

▪ Diverse Abilities programming for children and adults

These programs demonstrate The Ys commitment to ensuring the impact of their mission of youth development, healthy living and social responsibility is felt throughout all parts of Central New Jersey.

As a non-profit organization, the Hamilton Area YMCA relies on the support of the community to do its mission work. The Y enjoys partnerships with a variety of local businesses, corporations and foundations and raises funds through their annual giving campaign and special events held throughout the year.

# The Jammer family is here for your family

Advertorial

You hear it said time after time, "Family owned and operated." Four simple words, yet they pack a punch:

- Legacy;
- Tradition;
- Ethics;
- Hard work;
- Respect;
- Leadership;
- Trend-setter;
- Relatable;
- The American Dream.

All these positive traits and attributes go into every family-owned business. It is no wonder why according to the U.S. Bureau of the Census, about ninety percent of American businesses are family-owned or operated.

Jammer Doors and Windows is that family owned and operated business, established 102

years ago!

It has been over a century since Louis and Laura Jammer opened their weather-stripping business in Morrisville, Pennsylvania. Four generations later, the Jammer family, which markets a variety of entry doors, garage doors, and replacement windows, is poised to open a new state-of-the-art showroom on Route 1 in Lawrenceville, NJ.

"My great-grandparents started a weather-stripping business that installed windows and door screens in 1920, which incidentally, is one year before the first overhead garage doors were ever sold," said company Vice President, Louis Jammer IV. "They later branched out into the overhead door business and then into additional door and window styles. Through the Great Depres-

sion, World War II and all the economic upheavals, including the Covid-19 Pandemic, our family has been able to succeed by offering our customers a blend of top-quality products and unmatched personal service."

Even two years since the start of the Covid-19 Pandemic, we are seeing unprecedented demand in the home improvement industry in our local tri-state area, focusing mainly on the suburban areas. These past two years, the garage has become the answer to many kinds of pandemic related problems: it's the remote office; the home gym; the one-room schoolhouse. The pandemic had effectively shifted the evolution of the garage from a detached building used as storage to a space inseparable from the home itself. While the pandemic has changed our

use of the garage, unfortunately the pandemic also increased the demand for steel.

While the pandemic has changed our use of the garage, unfortunately the pandemic also increased the demand for steel. Garage doors have a more complex supply chain than windows, HVAC systems and plumbing fixtures. Many of the garage door components are made from steel, which has been in short supply and subject to an increase in price. Louis Jammer IV assures that, "while the increasing price in steel has caused our number one seller of steel garage doors to rise over 200%, Jammer Doors prides itself on a 'no pressure' sales approach."

Jammer Doors proudly sells the ProVia line of entry doors, storm doors, sliding patio doors and specialty windows. In addition, Jam-

mer's Garage Door Division offer Raynor, Fimbel, CHL, and Artisan doors along with a comprehensive selection of garage door openers. "Even with the supply chain shortage many industries are facing, Jammer Doors will do its absolute best to work with customers keeping them up-to-date on every phase of the ordering process and being as transparent as possible to ensure the customer has all the relevant information they need to make an insightful decision when ordering their garage door," said Louis Jammer IV. "We are not here to sell your next door, we are here to sell you your forever door," Jammer adds.

And since Jammer Doors is in the business of ensuring that their customers are satisfied in the product they are ordering, they are in the process of redesigning a state-

of-the-art 4,800 square-foot showroom to give customers the chance to experience the products in an interactive environment. The showroom, which is currently under construction, for a slated projected October 2022 opening, will feature displays of entry doors, patio doors, garage doors and vinyl replacement window displays. "Since some of our doors represents a substantial investment, it is important for our customers to have the opportunity to touch and feel the products and see them displayed in a clean, modern environment." Jammer also noted that fair pricing is another hallmark of his family's business. When clients meet with a Jammer Doors representative, they will receive a straightforward, accurate quote that isn't complicated by tricky gimmicks and come-ons.
