# SPEAK OUT!!!

The Mount Morris Shopper feels that everyone has a right to be heard (or read, in this case) so we are offering this page each week (space permitting) for our readers to share their ideas, views, feelings or whatever. Realizing that everyone cannot AFFORD to pay for this privilege, the Mount Morris Shopper is offering this page as a FREE Public Service for articles or letters sent in for publication. All letters submitted must be signed with the name, address and phone number of the author. Please make letters as brief as possible.

Dear "Speak Out",

I take issue with Ron Powell's rampage against pastors who do not reply to his articles in this publication. Most pastors I know do not have a lot of discretionary time - they are busy taking care of the myriad of responsibilities relating to their congregations and the community at large. Many pastors now serve two congregations and I know of one who serves 4. They are not retired like he is.

I would also like to thank Lauren Berger for introducing me to the concept of the Overton window, and Ad Fontes Media/Media Bias Chart. We usually cannot see our biases until someone points them out to us, and as uncomfortable as it is, we can begin to see things from different angles.

Now for a comment on socialism, brought up by both Chris Norton and Lauren. While the concept of workers owning the means of production sounds good, there will always be flaws in the practical working it out. I think the ESOP concept is a really great one - Employee Stock Ownership Plan, because there is incentive for making the business be successful and profitable. The idea of each employee having equal say in how a company or manufacturing plant operates only leads to chaos. I also disagree with Lauren's comment in the July 17th Shopper "... we have no educational, childcare, unemployment, healthcare, or physical... infrastruc-ture." Really? The Rochester Business Journal Schools Report Card that came out in June 2022 is a very scary report. For example, the Rochester City Schools spend almost \$20,000 per student per year, teacher pay is almost in the top third of 59 districts, yet they are 3rd in student absenteeism rate, last in Regents Diplomas awarded, last in 4th grade English competency at 20%, and Math at 4%. These problems are not due to lack of money. Where is individual student responsibility demanded? The people I know who receive Medicaid are well cared for, and I see governmental agencies offering free childcare for working parents in our area. I see more job postings than are being filled, and yet I see healthy young people graduating from high school who are unwilling to get jobs; they live off "the system." Even John Smith found this a problem when he established the Jamestown, Virginia Colony in 1609. He addressed the colonists with these words; "Countrymen, the long experience of our late miseries I hope is sufficient to persuade everyone to a present connection of himself, and think not that either my pains nor the adventurers' purses will ever maintain you in idleness and sloth...the greater part must be more industrious or starve... You must obey this now for a law, that he that will not work shall not eat (except by sickness he be disabled). For the labors of forty honest and industrious men shall not be consumed to maintain a hundred and fifty idle loiterers." (He is quoting from II Thesalonians 3:10 written by the Apostle Paul.) Even Vladimir Lenin quotes that Bible verse in his 1917 The State and Revolution, explaining that in socialist states only productive individuals could be allowed access to the articles of consumption. This part of socialism makes sense.

As to whether Jesus subscribed to socialist ideals? Chris referenced a lot of passages, and I will reference a couple more. The parable of the talents in Matthew 25:14-30 tells of a master entrusting his servants with 5, 2 and 1 talent(s) "according to his ability." (He did not see them as having equal ability, although we like the quote in our Declaration of Independence that says, "all men are created equal" - a different concept altogether.) Some of the points in that parable are that success is a product of our work. (Adam was given a job, to tend the garden...he didn't just sit around all day.) Also, we are held accountable for our work. (The parable of the minas in Luke 19: 11-26 is very similar.) On the other hand, we have the story of the workers in the vineyard in Matthew 20: 1-16 in which each worker is given equal pay whether he worked all day, or just one hour. These are difficult concepts for those who think they have Jesus figured out!

Again, Paul in II Corinthians 9:12 (from The Message version of the Bible) admonishes us, "Carrying out this social relief work involves far more than helping meet the bare needs of poor Christians. It also produces abundant and bountiful thanksgivings to God. This relief offering is a prod to live at your very best, showing your gratitude to God by being openly obedient to the plain meaning of the..."

(continued)

Message of Christ." I have heard it said that if Jesus visited most churches today, he would still be rejected because of his radical message. We need to be very careful that we don't choose to practice "churchianity" over "Christianity."

I am just glad that we still have the freedom graciously given in this Shopper, and are able to learn from each other. Ron, as a suggestion, it would be helpful if you used a more modern version of the Bible for your quotes. Fewer people relate to King James English and I think you are losing a lot of potential readers by insisting on that version over a more lucid one for today's readers.

Thank you!

Carolyn Pollock,  
Hunt

Dear "Speak Out",

**Revisiting 911 - Part One:** The 21st anniversary of 9/11 is next Sunday. We first need to understand that God temporarily removed His hedge of protection from America on that day because of our turning away from Him. This turning away from God has been progressing for many years with our determination to ignore God's Word with our decisions to follow our ungodly ways.

We have decided that our ways are far better than God's ways and that God desires to keep us from having fun and wishes to interfere with our free will. Next, we need to understand that God was sending us a warning and desired to get our attention to turn from our evil ways. God loves us and desires that we follow His statutes so we can live godly and joyful lives.

Unfortunately, we have decided that our ways are better than His ways. Isaiah 55:8-9 KJV: "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

Next, we need to understand exactly who these terrorists were and who their ancestors were back thousands of years ago. The Persian Empire were people of extreme violence and terrible cruelty. To understand who these people were, we just need to view the Islamic people of the Mid-East today. Most of these terrorists were from Saudi Arabia. The ancient Persian Empire is modern day Iran and Iraq. I do not need to explain who these people are today as we spent decades in Iraq attempting to establish a free society.

Modern day Iran is a definite threat to Israel today as their goal is to destroy Israel and push her into the Mediterranean Sea. They call Israel the "Little Satan" and America the "Big Satan". These Islamic terrorists hate Israel and America and will not be happy until they have destroyed both Israel and us.

The following is a list of the nineteen radical Islamic terrorist hijackers aboard the four airliners. This list is not intended to commemorate and honor these terrorists but to help you fully understand their commonality and purpose on that day. I wish I had time and room in this article to list all 2,977 fatalities and the over 25,000 people who were injured that day. The terrorists on American Airlines flight #77 were (1) Khalid Al-Midhar; (2) Majed Moqed; (3) Nawaq Alhamzi; (4) Salem Alhamzi and (5) Hani Hanjour. The terrorists on American Airlines flight #11 were (1) Satam Al Suqami; (2) Waleed M. Alshehri; (3) Wail Alshehri; (4) Mohamed Atta; (5) Abdulaziz Alomari. The terrorists on United Airlines flight #175 were (1) Marwan Al-Shehhi; (2) Fayez Ahmed; (3) Ahmed Alghamdi; (4) Hamza Alghamdi; (5) Mohald Alshehri. The terrorists on United Airlines flight #93 were (1) Saeed Alghamdi; (2) Ahmed Alhaznawi; (3) Ahmed Alnami and (4) Ziad Jarrahi.

It must be said that most Muslims are not enemies of America but these nineteen were radical Islamic terrorists bent on killing as many Americans as possible. The hatred between the descendants of Abraham's sons, Isaac and Ishmael, in the Bible has been going on for thousands of years and will not end until Jesus Christ returns to Earth to judge and end this violence. Lasting peace will only come from the Prince of Peace, Jesus Christ.

Lord willing, I will see you next week

Ron Powell

# Morris Ridge Solar Energy Center Livingston County, New York

## NOTICE OF SUBMISSION OF JOINT PERMIT APPLICATION, INCLUDING WATER QUALITY CERTIFICATION

This notice announces that, on or about September 6, 2022, Morris Ridge Solar Energy Center, LLC (“MRSEC” or “Applicant”), a subsidiary of EDF Renewables Development, Inc., will file a Joint Application for wetlands and related permits, including a request for a Water Quality Certification (WQC), with the U.S. Army Corps of Engineers (USACE) and New York State Office of Renewable Energy Siting (ORES), respectively, relating to its proposed 177 megawatt (MW-AC) solar-powered electric generation project to be located in the Town of Mount Morris, Livingston County, known as the Morris Ridge Solar Energy Center.

On June 25, 2021, the Applicant was issued a Siting Permit under Section 94-c of the New York Executive Law from ORES (Matter # 21-00025). The Joint Application that is the subject of this notice covers the permits/approvals required to construct and/or operate the Project under the Clean Water Act § 404 from the USACE and for Water Quality Certification from ORES (Clean Water Act § 401 and 6 NYCRR Part 608). No public comment period is required for the Joint Application at this time.

The Joint Application includes, among other things: a description of the Project, including details on Project components, Project design, Project construction, and related information; an analysis of the environmental setting of the Project; results from analyses conducted to assess potential impacts to aquatic resources, streams and jurisdictional waters from construction and operation of the Project; proposed measures to minimize environmental impacts; and reasonable alternatives. The Application also addresses compliance with the Endangered Species Act and the Historic Preservation Act.

The Project will have the following environmental impacts relevant to the Joint Permit Application under review. Construction of the Facility is anticipated to result in less than a half-acre of temporary impacts to federally jurisdictional wetlands and streams. In addition, four new permanent culvert crossings of federally jurisdictional streams will be installed. The construction of the Facility will not result in any permanent loss (fill) or forest conversion impacts to federally-regulated or State-regulated wetlands or State-regulated adjacent areas.

Pursuant to the ORES regulations, this notice is being provided in accordance with 19 NYCRR § 900-1.4(b) (1) and § 1.6(c) and will be published at least three (3) days prior to the filing of the Joint Application with ORES. A copy of the Joint Application will be served on the Chief Executive Officer of each municipality in which any portion of the Project is located, as well as those persons and agencies enumerated in 19 NYCRR § 900-1.6(a).

This Joint Application, when filed with ORES, will be available on the Project’s dedicated website (<https://www.edf-re.com/project/morris-ridge-solar-project/>) or on the ORES website at (<https://ores.ny.gov/permit-applications>) under Matter Number 21-00025. Documents may also be viewed at the following public repositories: Mount Morris Library, 121 Main Street, Mount Morris, NY 14510 and Bell Memorial Library, 16 East Street, Nunda, NY 14517. Libraries often have free internet access.

# Small Steps Big Rewards

The Aging Mastery Program® (AMP) aims to help millions of baby boomers and older adults take key steps to improve their well-being, add stability to their lives, and strengthen their ties to communities. AMP includes:

-  Classes, Activities, and Clubs
-  Rewards and Incentives
-  Implementation and Evaluation Materials
-  Online Tools and Resources

*"This program was very uplifting and I learned that the aging process can be done gracefully. I am working on a plan for the future to share with my family."*

## The Aging Mastery Program®

In this program, participants take core and elective classes that combine evidence-informed materials, expert speakers, group discussions, levels of mastery and achievement, and small rewards. All of the courses are designed to provide the skills and tools needed to achieve measurable improvements in managing health, remaining economically secure, and contributing actively in society.

### AMP Core Curriculum

**Navigating Longer Lives: The Basics of Aging Mastery:** Introduction to the program and its philosophy with a special emphasis on the new realities of aging, making the most of the gift of longevity, and taking small steps to improve health, financial well-being and quality of life.

**Exercise and You:** Discussions of the importance of exercising both the mind and body with a focus on strategies for incorporating meditation, aerobics, strengthening, flexibility, and balance into daily routines.

**Sleep:** Overview of how sleep patterns change as we age, the importance of monitoring the sleep cycle, and simple strategies to improve sleep.

**Healthy Eating and Hydration:** Review of nutrition as it relates to aging with a focus on strategies for incorporating healthy eating and hydration into daily routines.

**Financial Fitness:** Introduction to strategies for remaining economically secure in an era of longevity with an emphasis on setting financial goals and setting financial boundaries with friends and families.

**Medication Management:** Best practices covering how to take medications as directed, how to store medications safely, and how to keep track of multiple medications.

**Advance Planning:** Guidance around key steps needed to manage health care, financial, and housing/care decisions with a focus on considering the role of personal values and beliefs in these decisions.

**Healthy Relationships:** Exploration of the benefits of being socially active, as well as the risks of isolation with a focus on practical strategies for continuing to build and strengthen friendships and family connections as we age.

**Falls Prevention:** Overview of the importance of falls prevention among older adults and strategies to prevent falling.

**Community Engagement:** Introduction to the value of continuing contribution and small acts of kindness with a focus on identifying personal aptitudes for meaningful volunteer and civic opportunities.
