## HEALTH NOTIFICATION

### Are You Hard of Hearing?

A major name brand hearing aid provider wishes to field test a remarkable new digital hearing instrument in the area. This offer is free of charge and you are under no obligation. These revolutionary 100% Digital instruments use the latest technology to comfortably and almost invisibly help you hear more clearly. This technology solves the "stopped up ears" and "head in a barrel" sensation some people experience.

If you wish to participate, you will be required to have your hearing tested in our office FREE OF CHARGE\* to determine candidacy and review your results with the hearing instruments with our hearing care specialist. At the end of this evaluation, you may keep your instrument, if you so desire, at a tremendous savings for participating in this field test. Special testing will be done to determine the increased benefits of this technology.

Benefits of hearing aids vary by type and degree of hearing loss, noise environment, accuracy of hearing test, and proper fit. This is a wonderful opportunity to determine if hearing help is available for your hearing loss and get help at a very affordable price.
