For Those Who Would Rather Eat the Herd Than Follow it.

Our exclusive ceramic grills celebrate American ingenuity, quality craftsmanship, and the independent spirit of those who share our passion for great food. If you consider a delicious meal shared with family and friends as time well spent, then you understand. Grill sizzling steaks, bake wood-fired pizza, roast wild game, or smoke a beef brisket-all on the same grill. Leave the herd of so-so metal grills behind and move up to Primo.

Thank You
Mike & I would like to thank everyone for attending the soup supper/auction. It's so nice to live in a community where everyone knows everyone and is willing to help them. I want to send out a special thank you to Jesi Duncan (our future daughter-in-law) for organizing the whole event. Also a big thank you to Gail Padgett for doing the auctioneering. It was a special night just to spend it with our friends and family. Again a big big thank-you to everyone who donated anything, or helped in anyway; even if you just stopped by to say hello.
Thank you so much.
Thank you. God bless everyone.
Mike & Dixie Garmon

MARCH IS
NATIONAL Colorectal Cancer Awareness Month

Colorectal cancer is one of the few cancers that can often be prevented entirely if caught early with proper screening.

THE IMPORTANCE OF COLORECTAL CANCER SCREENING

If you are age 50 or have a history of colon cancer in your family, this information is for YOU...

- According to the American Cancer Society, excluding skin cancers, colorectal cancer is the third most common cancer diagnosed in both men and women in the United States.
- When colorectal cancer is found through a screening, and not because someone already has developed symptoms, it is less likely to be widespread, and is more likely to have a better prognosis.
