### Lake Park Mobile Food Pantry

The Food Bank of Iowa Mobile Food Pantry will be open for distribution on Thursday, October 6, from 4:30-6:30 pm at the First Presbyterian Church in Lake Park.  
 We have returned to grocery store style pick-up inside the church. You will need to bring your own bags or boxes to collect your groceries and take them home. Do not arrive or line up at the door before 3:30 pm. The door to the building will be open at 3:30 PM but distribution will not start before 4:30 pm.  
 For questions, call James Kessler at 712-330-1738.

### All Saint's Day Eucharist & Potluck at St. Alban's Episcopal Church

Everyone is welcome to attend "All Saints Day Eucharist & Potluck" on November 1 at St. Alban's Episcopal Church in Spirit Lake.  
 All Saints Day is a day of remembrance and to give God thanks for all lives of our dearly departed and to celebrate the honor of all the saints of the church, known and unknown.  
 Holy Eucharist will begin at 6 pm on Tuesday, November 1, followed by a potluck meal. If you wish you can bring a potluck dish in memory of a loved one(s).  
 St. Alban's Episcopal Church is located at 2011 23rd Street near Lakes Regional Healthcare in Spirit Lake.

### SAAC Breakfast

# SUPERVISORS BOOST COUNTY GENERAL PROPERTY TAX LEVY TO THE MAXIMUM

On Tuesday, September 27, 2022 the Dickinson County Board of Supervisors boosted the maximum allowable County General Property Tax Levy Rate from the present 2.45135 to the maximum allowed under Iowa law (3.5 per \$1,000 of assessed property valuation). The purpose of the boost is to pay for Dickinson County to join a new statewide public safety radio communications system. Under the plan the existing Dickinson County public safety communications system would be discarded in favor of a new statewide communications system operated by the State of Iowa. It is unknown how many years the County Taxpayers would have to continue paying the 3.5 maximum rate allowed under Iowa law.

The major benefit of the new statewide radio system is for State Highway Patrol Troopers -traveling between several counties - to have seamless radio communication. The benefit to Dickinson County police and fire departments is not so clear. With the new software controlled system Dickinson County police and fire would have to share a limited number of communication channels with State Troopers and State Conservation Officers. Radio coverage inside buildings using handheld portable radios for city and county police and fire would not be as reliable as the present Dickinson County Public Safety Radio System.

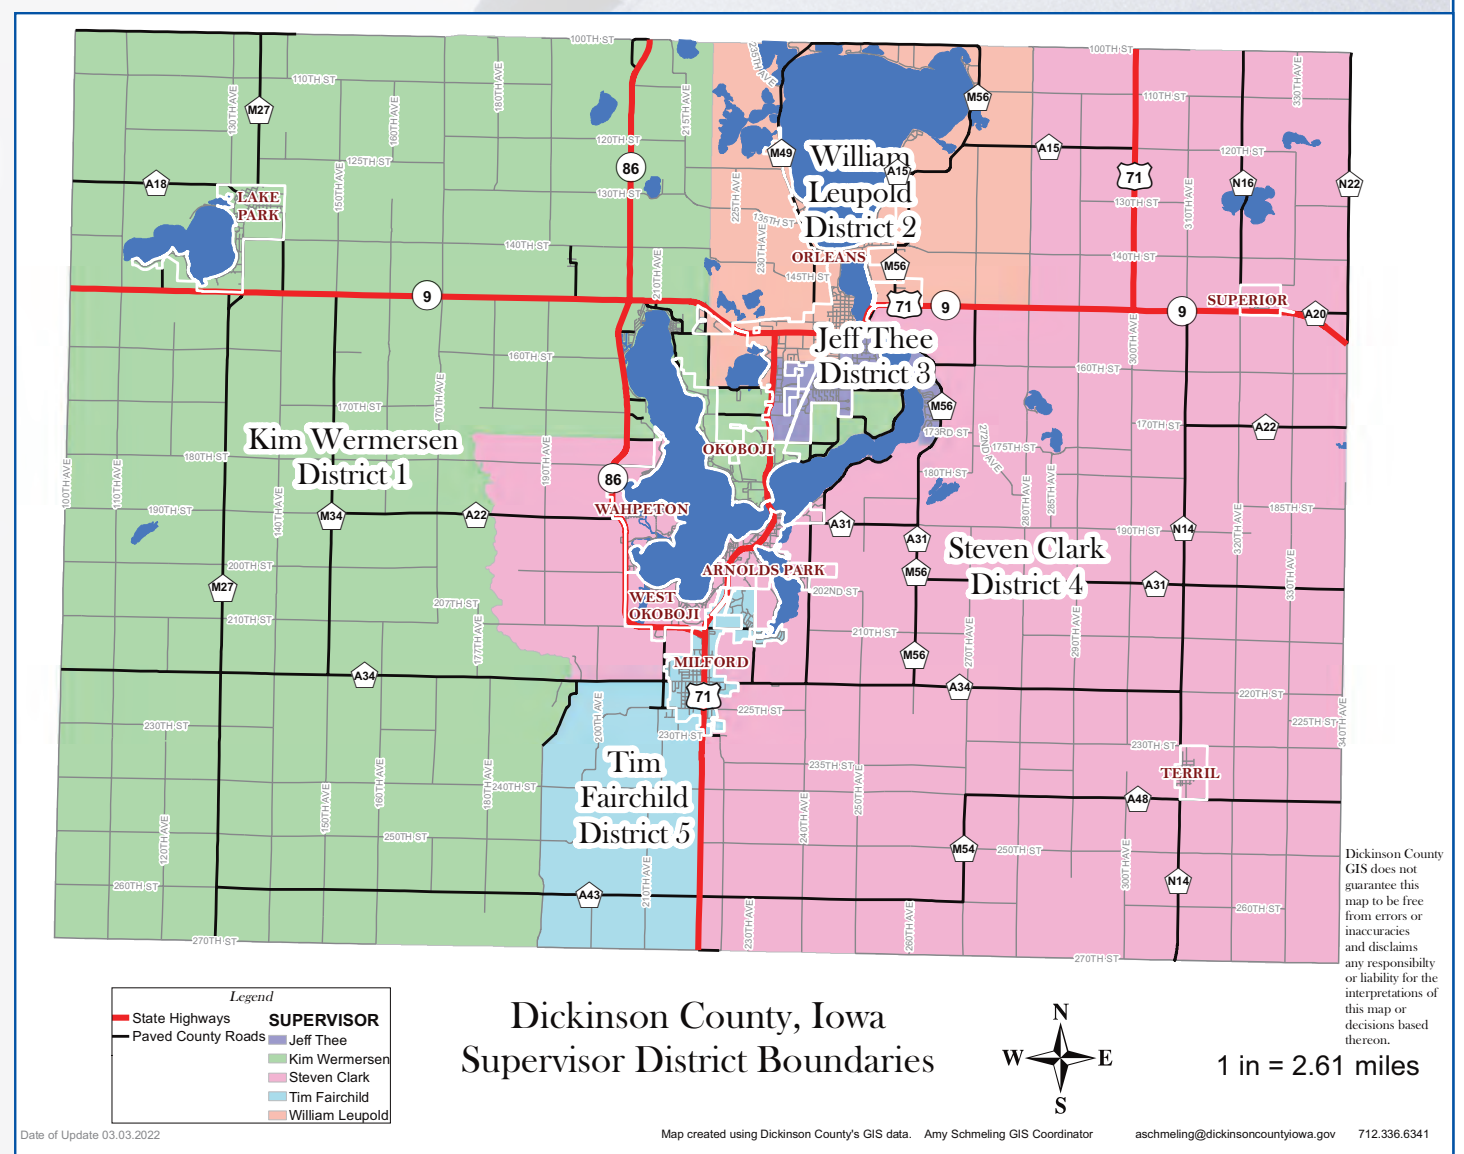

The initial cost of the statewide radio system for Dickinson County will probably exceed \$5 million dollars. Additional costs for accessories, maintenance, and training would drive the initial cost higher. In the future, the higher purchase price and maintenance cost of the more sophisticated radios will add to the costs of the Cities and the County. One stimulus for spending such a large sum of money now is that maybe excess American Rescue Plan Act (Covid) funds could be used to pay part of the initial costs.

With the existing Dickinson County Public Safety Radio System the County and Cities own the equipment and operating software. By joining the Statewide Radio System, the State of Iowa will own some of the equipment and the operating software - and will therefore be in control the system.

For many years Dickinson County has had the lowest General Tax levy in the State of Iowa. With this Board of Supervisors decision to utilize the maximum General Fund levy, Dickinson County will lose the lowest in the state honor.

There is always a temptation to buy the latest and fanciest new technology, but there is no guarantee it will be better than what Dickinson County has now.

This map shows the five Board of Supervisor Districts in Dickinson County.

**United Community Bank Joins the Fight Against Breast Cancer**

United Community Bank has united to fight breast cancer with the American Cancer Society through participation in their UCB Pink & Jeans Days for October Breast Cancer Awareness Month. UCB employees at all five UCB locations have joined in the fight against cancer by donating \$10.00 to wear pink and jeans on Fridays in October. In addition to raising awareness about breast cancer, the funds raised for the American Cancer Society will help in their efforts to help save lives from breast cancer through early detection and prevention, innovative breast cancer research, and patient support.

Pictured left to right: Amy Waechter, UCB Hartley; Rachel Vanden Berg, UCB Okoboji; presenting \$500.00 check to Dana Kaufman, American Cancer Society, Senior Community Development Manager; Lynette Tracy, UCB Ocheyedon; Amanda Sether, UCB Lake Park and Michelle Birchard, UCB Milford.

United Community Bank is a local, family-owned community bank with locations in Milford, Okoboji, Hartley, Ocheyedon and Lake Park, Iowa. We are dedicated to meeting the needs of our clients and communities with a full range of financial services, while partnering with them to help attain their financial goals today, tomorrow, and across generations. ## LIVE! at the Museum

This little pie tin, with a painted scene of a log cabin, is a special piece at the Dickinson County Museum. The log cabin, known as the Gardner Cabin, still stands near Pillsbury Point. According to a note on the back of the pie plate, the painting was done by Abbie Gardner Sharp. It was sold to the Weller family about 1887 by Abbie Gardner Sharp, and later donated to the Museum by the Weller family.

### LETTERS TO THE EDITOR

**To The Editor:**  
I lost my favorite pair of gloves somewhere and on the off chance it had been at Goodies where I had coffee with friends last Friday, I stopped there to check. I learned that a very kindhearted person had brought the wet gloves in from the parking lot. I then learned a very kindhearted gentleman had then taken the gloves home and washed them. I was happy to get my gloves, but these kind acts were even better. Thanks so much - I'll remember these acts of kindness every time I wear the gloves.

**RECORDING STANDARDS STILL EVOLVING**  
*The LP vs CD battle goes on*

While it really wasn't too long ago, there is probably no one alive today who can remember the early years of the 20th Century when recorded music was played on an Edison Gramophone with a large, tuba-like horn for a speaker. Not only has the music undergone several generations of changes, but the recordings and the devices that make and play the recordings have changed, too. You may have seen pictures of the cylindrical tubes that were used for recordings way back when they were considered a luxury item for the parlors of the well-off. The sound resembled the *Rice Krispies* trio, *Snap, Crackle, and Pop*, for many years before the 78-rpm records were pressed as 10" and larger flat discs that might have sounded somewhat better, but were not anywhere near today's multi-channel, digital standards used on LPs and CDs.

Being logical, each iteration of the industry should have been an improvement over previous iterations. Although that has generally been the case, there are those who still think otherwise today, when it comes to Long Playing Records and Compact Discs. Just think of the advances between the Edison Cylinders and 78rpm discs; then 33-1/3rpm, and 45rpm discs before cassettes and the CD. There was a difference in the marketing of 45s and LPs that ended up with both being simultaneously successful for several years, using the same turntables or changers. The only debate today is a more than decade-long dispute between LP enthusiasts and those who realize the advantages of the CD. This dispute saw more light shed on it in recent sales reports indicating increased sales for both mediums -- and that for the first time since 1990, LP sales beat sales of CDs and digital albums combined! We miss the logic of the LP enthusiasts who think LPs sound better than CDs. That is virtually impossible. And a vinyl record deteriorates with every play when the sharp metal stylus is dragged through the groove which is made up of minuscule hills and valleys that provide the vibrations of sound that translate to the speakers or headphones. That extra noise through the speakers of a table-top portable player is amplified slightly out of sync with the recording, and adds nothing to enjoyment. A higher priced turntable on one shelf and a quality amplifier and speakers away from the turntable should get around that. Portable players (which abound on the shelves of most national retailers (Big Box Stores) where very few small-town retailers can offer anything else that is affordable for the average working person..

Over the years we have purchased hundreds -- okay, thousands -- of second-hand 45s, LPs and CDs -- only we have checked them carefully, as what disturbs us more than the illogical dispute is the condition some of the media is in when donated to whatever charitable outlet. Too many of the pieces are so badly damaged that they are simply put in the trash instead of ever being put on a shelf in the store -- or someone's home. The CDs couldn't have been that bad. Or could they?

Even though the summer months are behind us, it appears there is still a lot going on all across the campuses of the UofO and ILCC, starting tonight. Iowa Lakes will offer its first presentation of *The Night at the P.A.C.* -- the Janice K. Lund Performing Arts Center, in Estherville. The event will feature instrumental and vocal performers covering several musical genres. This is the first of what is planned to be a regular entertainment feature at the P.A.C., featuring interested singers and musicians. To be a part of the fun on stage, contact the Iowa Lakes Music Department at 712-362-8345. The programs are open to the public at no cost...

**Be careful here** -- the Brits are coming -- or at least the script from three British playwrights who have seen their work on stages in London for many years -- in addition to doing five recent tours in the UK. Unlike the Brits of 1776, these guys have had fun with *The Play That Went Wrong*, a collaboration of efforts by Henry Lewis, Henry Shields, and Jonathan Sayer -- all of whom are part of the *Mischief Theatre Company*, which should give you an indication of the fun you can expect when the show hits the stage of the Main Street Community Theatre in Emmetsburg this weekend, featuring a troupe that has been performing most successfully in Palo Alto County for many decades!

...*Wrong* opens Friday night, with the second performance on Saturday night -- both at 7:30, followed with a 2:00 matinee on Sunday. The schedule repeats on Friday, Saturday and Sunday, of next week, the 8th, 9th, and 10th. Leave a callback message at 712-852-3485 for more information.

Entertainment on the stage in the barn at the *Little Swan Lake Winery* will include Jeff Fossbender, Thursday, from 6-8; Bailey Scott, in *Life in Progress*, on Saturday, from 6-8; and *The Rick Ayres Jazzed Up Sixtet*, Sunday, from 4-6.

**Research Director RD** is up to her usual tricks seeking out fun subjects to put with good music. This week RD is noting the October 5, 1956, premiere of the of *The Dinah Shore Chevy Show* on NBC Television. *The Chevy Show* used the theme song, *See the USA in Your Chevrolet*, which was penned by Leo Corday and Leon Carr, who is better remembered, Eddie Holmans' 1970 Top Five Hit, *Hey There Lonely Girl*; as well as *The Almond Joy - Mounds* commercial jingle, *Sometimes You Feel Like a Nut, Sometimes You Don't*. For the record, *Peter Paul* no longer makes *Mounds* or *Almond Joy*. Thank *Hershey's* the next time you're at the candy counter. *Hershey's* bought the two candy bars years ago after Peter Paul bought them and merged with *Cadbury*...

The motion picture *Breakfast at Tiffany's*, starring Audrey Hepburn and George Peppard premiered this week in 1961. The theme song -- you should remember -- was Henry Mancini's *Moon River*, which won an Oscar for the Best Original Song, and Grammys for Record and Song of the Year! October 7, 1942, was the birth date of New York-born composer Ralph Rainger. His credits include the Oscar-winning *Thanks for the Memory*, *Easy Living*, *June in January*, and *I Wish on the Moon*. RD ties this to Sunday's full Moon, which Bing Crosby first sang about with its lunar beauty in the *Paramount Pictures* release of *The Big Broadcast of 1936*...

**To The Editor:**

**Grassley Is Out-of-Step**

As expected, current Grassley TV ads are misleading and untruthfully distorting Michael Franken (and Democrats) stances on taxation and economic issues. So, what are Grassley's priorities? If you go to his website, he proposes no tax on earned interest up to \$300, no tax on dividends or capital gains, demanding "transparency" for large food and drug conglomerates, expand tax deferred savings and suing OPEC while expanding use of 15% ethanol. He says Social Security shortfalls can be addressed by a Reagan/O'Neil approach which raised withholding rates for employees and employers versus uncapping wage restrictions at \$147,000! He also claims current inflation is caused by Biden's spending and anti-energy programs. Outside of the fact he doesn't understand basic economics relating to inflation, his other proposals benefit only the wealthiest and protect his big corporate donors. It's time for Iowans to come to grips with Grassley touting all the bills he takes credit for in local paper editorial pages that fail to address his actions/inactions on major issues affecting America and Iowa.

**Women's Rights:** He along with McConnell and Graham led conservative activist court-packing and Supreme Court nominations to assure overturn of Roe vs. Wade. He also opposed equal pay legislation for women. Grassley has shown he is anti-women's rights.

**Tax Policy/Wealth Inequality:** He claims he led major tax cut legislation over 40 years proposed to expand the economy and corporate capital investment. It did just that for the wealthiest while grossly increasing the national debt. Deficit spending by the last four Republican Administrations was \$16.5 trillion dollars, leaving incoming Democratic Administrations recessions to deal with! The last tax cut in 2017 increased the wealth gap by 50% to where 1% of Americans own 40% and 10% own 70% of all assets! 25% of families have less than \$10,000 in net assets today! As to corporate tax cuts, 70-80% predictably went to stock buybacks and dividend increases with little major capital investments. Since less than 50% of Americans own stocks, guess who benefits! In 2022 stock buybacks may exceed \$1 trillion dollars, an all-time record! Grassley's new proposals only make tax/wealth issues worse.

**Healthcare:** He voted against Obamacare and later voted for its repeal. He has opposed Medicare negotiating drug prices. He voted against a \$35 cap on insulin. Does Grassley realize how many Iowa families require insulin and now rely on Obamacare for basic health insurance needs? Despite all the minor bills he claims credit for, he has shown no concern for enacting major programs assuring affordable healthcare to all.

**Agriculture:** He has been involved with ag bills which guarantee safety nets for farmers (from which he personally benefits). However, his haranguing about meat company monopolistic practices can be traced back to his inaction beginning in the 1980's when regulations and anti-trust laws were ignored or laxly enforced leading to gigantic ag mergers for meatpacking, feed, seed, drugs, fertilizer/chemicals and commodities which led to rapid declines in family farm numbers and small co-ops. Additionally, he stood by as Trump's Administration authorized oil company ethanol exceptions which crippled ethanol production viability. Farmers can be better served than just addressing new ag bills and asking for "transparency."

**Immigration:** Along with all Republicans, he has opposed any meaningful immigration reform legislation while decrying "out-of-control" borders! Immigration is a major problem that has not gone away regardless of administrations. It is only worsened by governors playing games with immigrants seeking asylum being flown around wasting taxpayer dollars. We have a huge labor shortage in Iowa and America, right now numbering 11.2 million jobs nationally! We also have a social security funding problem that cannot be sustained by current workforce numbers. Wouldn't it make more sense to issue temporary work permits to these asylum seekers? Immigration reform and economic programs for our southern neighbors must be addressed and Grassley is incapable of even thinking about it.

**Voting Rights:** He along with all Republicans stood by as the Supreme Court gutted existing voting rights legislation going back to the '60s and opposed any Senate debate on House passed HR-1 and HR-4 voting bills. Even though Iowa has had no history of voting fraud, he claims new state legislation makes it easier and fairer to vote! Due to Senate inaction, most Republican controlled states, including Iowa, have enacted voter restrictions based upon the "Big Lie" but with these restrictions in place, Republican candidates will most certainly still claim fraud if they lose. Grassley hasn't repudiated Trump's anti-Constitution actions. He stated he wouldn't be smart to not accept Trump's endorsement!

The Biden Administration inherited economic and healthcare disasters and it has addressed these issues with little or no help from Republicans. It has gotten legislation passed for COVID relief, infrastructure, gun safety, chips & science, some tax reform, drug pricing, climate change and has stood up to Russian aggression by solidifying our alliances and admitting Norway and Finland into NATO. The US economy remains fairly strong with employment at record levels, rising exports, consumers maintaining spending and infrastructure projects moving forward. Inflation is still an issue, but it is mainly caused by pent-up demand and supply issues resulting from COVID, war in Ukraine and past inaction to address world trade, domestic policy and climate changes. Solving these latter issues takes time and requires legislative bi-partisan support. There may be additional pain for all to tame inflation; but remember the stock market is not the economy and the Federal Reserve cannot manipulate supply issues, it can only try to channel demand by interest rate adjustments. Achievement for long-term economic success requires new faces in Congress willing to put legislative priorities over power preservation.

The bottom line is Grassley is out of step with the modern world and clings to the dated idea that tax cuts benefiting the wealthy and corporations solves all issues. Above all he cannot acknowledge his present party, dominated by a twice-impeached former president who refused to accept he lost an election and led an insurrection against our constitutional democracy, is a threat to our country's existence. After decades of inaction on priority needs of Iowa and America, Senator Grassley needs to be retired to real farm life. Michael Franken offers a bold new forward-looking approach to assure our constitutional democracy survives; rights are restored; national defense maintained; we address climate change, immigration, healthcare and fair tax policy/wealth discrepancies.

Clearly a Franken vote is for the future; a Grassley vote is for the past. It's time to embrace the future!

## Downtown Walking Tours in Spencer

Clay County Heritage is excited to announce that they will be providing Downtown Walking Tours in Spencer on Saturday, October 22. Those interested should call 712-262-3304 to RSVP as space will be limited. There will be two tours on the 1931 Fire at 10:30am and 1:30pm. There will be two tours covering general history of the buildings between 4th and 7th street at 11:30am and 2:30pm. These tours will start at the times stated above and last about 40 minutes – participants are encouraged to wear warm clothes and their walking shoes!

Thanks to a grant from the Walden Charitable Foundation, the Downtown Walking Tours scheduled for October 22 will be free. If Clay County Heritage hears enough interest from the community, they may schedule more for-fee walking tours in the future. The grant from the Walden Charitable Foundation also allowed Clay County Heritage to hire Spencer High School's Kaylee Nachtigal, as a summer intern. Ms. Nachtigal completed the research necessary to make these tours possible.

Clay County Heritage would also like to remind everyone to visit their current temporary exhibit "Marion Helland: Nine Decades of Civil Rights Service." This exhibit showcases Marion's dedication to Civil Rights including her time teaching in the Freedom Schools, camping on Capitol Hill with the Poor People's Campaign, and more.

Admission to the Clay County Heritage Center and Parker Museum is always free, thanks a sponsorship from Spencer Hy-Vee. For further questions regarding these events, please call the Clay County Heritage Center at 712-262-3304.

## Defenses Deserve Better

Hawkeye and Cyclone fans were united in misery on Saturday by a lack of offensive firepower that led to both teams dropping their football games, as Iowa fell to #4 Michigan 27-14 and Iowa State dropped a game at (newly ranked) #17 Kansas 14-11. I had planned to write about just the Iowa game this week, but after watching both defenses play their hearts out to just be let down by their offenses (and special teams for ISU), I felt the need to address both games.

Iowa was a 10.5-point underdog and not many people thought they could beat Michigan, especially with an offense that came into the game dead last in the nation. Hawkeye faithful held out hope, however that they could pull off the upset as five of the last six Top 5 teams who had entered Kinnick Stadium left with losses. For that to happen, Iowa's defense would need to create turnovers and probably score a touchdown of their own, but Michigan came in with a great game plan of controlling the ball and did not turn it over all day. The Wolverines methodically controlled the first half and took a 13-0 lead into intermission. Michigan continued their ball-control offense and stifling defense (although that's not hard against Iowa's offense) in the third quarter and built a 20-0 lead entering the final frame. The Hawkeyes finally showed some life on offense and scored their first touchdown against Michigan in 13 quarters when Kaleb Johnson scored early in the 4th quarter. Iowa got the ball back down 20-7 and drove deep into Michigan territory but was unable to convert on a 4th and 2 as they threw a one-yard pass to tight end Sam LaPorta that ended any hope of a Hawkeye comeback. Michigan would score a late touchdown to make it 27-7 before Iowa scored with :08 left to make the final 27-14. For three quarters Iowa's offense was once again abominable, totaling just 98 yards during that stretch. The Hawks showed some offensive life in the final 17 minutes, adding 183 more yards to that total, but some of that could be attributed to Michigan playing a softer defense with a 20-point lead, as when Michigan needed a stop, they sacked Spencer Petras two times and forced a pressured pass on 4th down late in the game when Iowa was down 20-7 and trying to mount one last rally. Iowa was also hurt by some very questionable calls that brought back big gains and ended up in 15-yard penalties. Not only did that take away any momentum Iowa had, it also put their struggling offense behind the chains with 2nd down and long situations. While the refs didn't cost Iowa this game against Michigan, they certainly did not do the Hawkeyes any favors.

Iowa State entered the game in Lawrence as a 3-point favorite despite the fact that Kansas was 4-0 and everyone's favorite feel-good story of the year after going 2-10 last year and having many seasons before that of last-place Big 12 football. The Jayhawks quickly jumped on Iowa State to take a 14-0 lead before the Cyclones finally scored with 2:51 left in the first half on an Easton Dean touchdown catch from Hunter Dekkers. As was the case all day, ISU's special teams would struggle, and a high snap forced holder Blake Clark to improvise and find his way into the end zone to trim the KU led to 14-8. Iowa State's defense stepped up big time in the second half, holding dynamic QB Jalon Daniels and the Kansas offense to just 28 yards on 20 plays in the final two quarters. The Cyclones were able to move the ball, gaining 173 second half yards, but had to settle for just a 35-yard Jace Gilbert field goal in the third quarter. Gilbert would dink two other field goal attempts off the right upright during the game, and then duck-hook a final 37-yard attempt to send the game into overtime with just :28 left. I love ISU Coach Matt Campbell, but I do disagree with sending Gilbert out there for the final attempt as the Cyclones had fourth and inches at the KU 20-yardline with about 1:00 to play and one timeout. I would like to have seen a QB sneak with Dekkers to get the first down, and then take some shots for the victory with a touchdown. Gilbert is a freshman with a huge leg, but after two misses, one could see the kid had no confidence, and I didn't like putting the game on his shoulders at that time. This was another Cyclone loss where they dominated the game with 20 first downs to 10 for KU, 100 more total yards and a 10:00 time of possession advantage; however, like many ISU losses in the past, the Cyclones special teams were awful (three missed field goals, a muffed punt, the bad snap on the extra point and a 45-yard KU kickoff return) and the Cyclones lost the turnover battle 2-1, once again not "winning in the margins" as Campbell likes to say.

So where do these 3-2 teams go from here as things don't get any easier for either team with Iowa having to travel to 4-1 Illinois and Iowa State hosting #20 Kansas State? Hawkeye fans can hope that the fourth quarter offense shows up for four quarters, but they are facing an Illinois defense that is probably the second best in the BIG, behind only Iowa. Petras played well in the fourth quarter, and hopefully that will give him some confidence. I also think it will help him to play on the road as he won't have the hometown "fans" booing him throughout the game. Iowa State will need to fix their offensive line and running issues, as they could only muster 26 rushing yards against a Kansas defense that came into the game giving up 6.5 yards per play. It didn't help that starting running back Jirehl Brock was injured on the first series, or that his backup Cartevious Norton didn't even make the trip to Lawrence because of an injury, but the Cyclones have capable backs in Deon Silas and Eli Sanders and they will need to step up this week. ISU also needs Dekkers to be more consistent and scramble more, as it seems to me that he is hanging onto the ball in the pocket too long at times, and he's a very capable runner. One thing is for sure, if the Hawkeye and Cyclone offenses can't figure things out, they are wasting elite defenses who can't keep them in conference games forever and the seasons will end in disappointment for all of us Iowans!

## PROST for a great Oktoberfest!

The Iowa Great Lakes Area Chamber of Commerce had another successful University of Okoboji Oktoberfest last weekend. With nearly 600 registered bike riders and hundreds more attendees from near and far, the Iowa Great Lakes was filled with fall fun! The Chamber and its staff would like to thank the countless volunteers for their time and assistance in making this year's event a success.

A huge thank you to the City of Arnolds Park for their sponsorship in presenting the 32nd annual event and welcoming so many attendees from near and far. Thank you to our sponsors: City of Arnolds Park, West O Beer, The Three Sons, Dr. McGillicuddy's, Hy-Vee, Fareway, The Boonedock's, Rocky Thompson Photography, KUOO, Northwest Bank, Okoboji Motor Company, Krafty's Meat Market, Spirit Lake Noon Kiwanis, Arrowwood Resort & Conference Center, MHR Insurance, Premier Communications, Okoboji View Golf Course & Pub 19, Kozy Heat, and Liberty National Bank.

Miss out on the fun? Have no fear, the event will return next year! Next year's event will be held on Saturday, September 23rd with activities from 10:00 am – 4:00 pm at Preservation Plaza in Arnolds Park. Start your morning off with a beautiful 24-mile bike ride around West Lake Okoboji. The scenic ride begins at 10:00am taking off from Preservation Plaza in Arnolds Park and following the beautiful trails around Lake Minnewashta and West Lake Okoboji.

# Obituaries

A funeral service for Ruth Bonsall, age 93, of Spirit Lake was held Wednesday, September 28, 2022, at the United Methodist Church in Spirit Lake. Interment was at Lakeview Cemetery in Spirit Lake.

**Ruth Vivian Bonsall**, age 93, of Spirit Lake, died Saturday, September 24, 2022, at Accura Healthcare in Milford.

Ruth was born September 10, 1929, daughter of John Henry and Elsie Mae (Marsh) Jones in Primghar, Iowa. She attended school in Primghar where she was known for her penmanship and would bless her family and friends with many cards and letters. While in high school she was a secretarial assistant to the superintendent. Ruth also was a movie theatre usher where she grew her love of old Hollywood. Her favorite being Rhett Butler in "Gone With The Wind". She grew up with modest means so hence came her saying "of being pioneer stock".

During the summer season her family would come to Okoboji to work at many jobs such as Fillenwarth Cottages, Red's Cafe, and her family for a time had a restaurant located in the amusement park which Ruth named the Cozy Nook. This is where a young man home from WWII would whistle at a red headed young lady of Irish descent that led to Ruth marrying the love of her life, James Bonsall, on June 23, 1947. James was then called up to serve in the Korean War. Ruth and James lived in Fort Leonard Wood, MO; Madison, SD; Spencer, IA and Storm Lake, IA before returning to their beloved Spirit Lake where they would make a life together for 61 years and dulled the wax on many a dance floor.

Ruth could be seen pulling a wagon with her children as she sold Avon. In later years, Ruth worked at Ballantyne Jewelry Store. The Spirit Lake United Methodist Church was very important to her as she held an office with the Women's Ministry for 50 plus consecutive years.

Ruth was all about family and being the best mom and wife she could be. Her family mutually agree hands down that she was tops at baking and cooking. Ruth and her sister-in-law always competed on who would find the next best recipe.

It was hard for Ruth to find enough hours in the day to enjoy her pastimes of drawing, reading, taking walks, playing cards, music and she loved the yearly vacations with her favorite being Branson, MO and many know her from her loyalty to Rock the Roof. Since Ruth had a September birthday she thought that it needed to be celebrated daily at the Spencer Fair.

Ruth is survived by daughter, Janet (John) Wahl of Sheldon, IA; three grandchildren, Jeff (Dawn) Bonsall of Council Bluffs, IA, Kelli Bonsall of Spirit Lake, IA and Autumn (Brian) Fennewald of Pleasantville, IA; four great-grandchildren, Rylee Bonsall and Sadie, Lucy and Easton Fennewald; daughter-in-law, Denise Bonsall of Spirit Lake; sister-in-law, Edeltraud Jones of Roy, Utah; five nieces and nephews.

Ruth was welcomed into heaven by her parents, John and Elsie Jones; her husband, James Bonsall as well as her two sons, Jim Bonsall and Ron Bonsall; brothers, Sylvan Marsh and LeRoy Jones; sisters, Inez Jones and Viola DeBruin; brother-in-law, Richard Bonsall and his wife, Anna Mae.

Turner Jenness Funeral Home was in charge of arrangements.

A Celebration of Life for Nancy Younie, age 74, of Lake Park will be held Tuesday, October 4, 2022, at 10:30am, at First Presbyterian Church in Lake Park. Burial will be at Memory Gardens Cemetery in Spirit Lake. Visitation will take place prior to the service, from 9:30-10:30am, at the church. Memorials may be directed to the Younie family to be divided between Nancy's favorite organizations.

**Nancy Ruth Younie**, daughter of Roland (Red) and Esther Helen (Bisbee) Brown, was born January 24, 1948, in Spirit Lake, Iowa. She graduated from Spirit Lake High School and went on to receive a secretarial degree from Mankato Commercial College.

Nancy was the middle school secretary for the Cherokee Community School District for thirty years. After her retirement, she moved to her home on Silver Lake near Lake Park, Iowa.

Traveling was an important part of Nancy's life and she was able to visit 46 states, England, Wales and Canada. She traveled with friends to various southern states for part of seven winters. She also enjoyed her cat, Hershey, reading, painting, crafting and playing cards.

Nancy was a member of the First Presbyterian Church in Lake Park where she served as an Elder. She was also a member of the Lake Chapter of the D.A.R. and the Lake Park Historical Society.

Nancy passed away September 24, 2022, in Cherokee, Iowa, at seventy-four years of age.

Nancy is survived by her son, Mark (Lynn) Younie of Cherokee, Iowa; son, Matthew (Chandra) Younie of Storm Lake, Iowa; brother, Thomas (Lori) Brown of Oregon, Illinois; grandchildren, Colton, Catelyn, Warren, Shane, Brandon and Chantal; great-grandchildren, Olivia, Ethan, Dawson, Parker, Caydence and Carter; nieces and cousins.

She was preceded in death by her parents and grandson, Caleb.

Turner Jenness Funeral Home is in charge of arrangements.

**Harlan Russell "Speed" Maas**, the son of Harley and Marian (Russell) Maas, was born on December 12, 1934, in Terril, Iowa. He passed away on Monday, September 26, 2022, at Spencer Hospital in Spencer, Iowa, at the age of 87 years.

A memorial service took place at Henry Olson Funeral Chapel in Estherville, Iowa, on Saturday, October 1, 2022, with Pastor Tom Marth as the Officiant. Mr. Maas was laid to rest at Fairview Cemetery in Terril, Iowa.

Harlan attended and graduated from Terril High School before marrying Evelene Hanson on June 10, 1956. The couple made their home in Terril, before moving to Waterloo for 17 years. The couple then moved to Mountain Home, Arkansas, where they stayed for 22 years before moving back to Terril and most recently to Spencer.

Harlan worked as a mechanic and hospital courier until his retirement in 1994.

While in Arkansas, Harlan participated in the community theater. He loved the spotlight. In his free time, he enjoyed hunting, especially pheasant, and fishing, anytime, anywhere. He was a member of the Lutheran Church.

Harlan is survived by his wife, Evelene (Hanson) Maas, Spencer; his children, Darilyn (Craig) Larsen, Urbandale; Jenelle (Jeff) Vobr, Pelkie, Michigan, and Ryan (Melissa) Maas, Floral, Arkansas; six grandchildren, Hannah Larsen, Sean (Ashley) Larsen, and Jill Larsen and Kimberly (Ron) Shelton, Sara (Beau) Langland, and Tyler Vobr; and eight great-grandchildren.

He was preceded in death by his parents, Harley F. and Marian O. (Russell) Maas, and his sister, Marilyn Maas-Baedke.

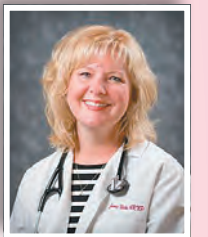

Online condolences can be left for Speed's family at [HenryOlsonFuneral.com](http://HenryOlsonFuneral.com).

## LETTERS TO THE EDITOR

### To The Editor:

The Okoboji Women's Club was organized in 1950. It was involved in many projects. For one of the projects, between 1966-1968, the club purchased an old garage along Highway 71 in Okoboji. It was converted to an art studio/shop. Major benefactors, Bud and Bev Pearson, embraced the club's goals, which led to the opening of the Pearson Lakes Art Center in 1991.

We continue to support many local organizations. We, again, would welcome new members who would enjoy our monthly meetings with guest speakers who present a variety of topics. The next meeting will be at 1:00pm, on Friday, October 7, 2022. Our guest speaker will be Denny Perry, telling about the American Legion. We meet at Homestead Cooperative at 2351 27th Street, Spirit Lake, Iowa.

If you would be interested in attending, please call Lyn Marksbury at 712-574-2165 to make a reservation. We have fun and friendly fellowship at our monthly meetings. We encourage you to join us.

**Honor Student Grace Lutat Nominated for The Congress of Future Medical Leaders**

Grace Lutat, a senior at Estherville Lincoln Central High School of Estherville, Iowa, is a Delegate to the Congress of Future Medical Leaders to be held June 21-23, 2023, just outside Boston, on the University of Massachusetts Lowell campus.

The Congress is an honors-only program for high school students who want to become physicians or go into medical research fields. The purpose of this event is to honor, inspire, motivate and direct the top students in the country interested in these careers, to stay true to their dream and, after the event, to provide a path, plan and resources to help them reach their goal.

Grace's nomination was signed by Dr. Mario Capecchi, winner of the Nobel Prize in Medicine and the Science Director of the National Academy of Future Physicians and Medical Scientists to represent Iowa based on her academic achievement, leadership potential and determination to serve humanity in the field of medicine.

During the three-day Congress, Grace Lutat will join students from across the country and hear Nobel Laureates and National Medal of Science recipients discuss leading medical research; be given advice from Ivy League and top medical school deans on what to expect in medical school; witness stories told by patients who are living medical miracles; be inspired by fellow teen medical science prodigies; and learn about cutting-edge advances and the future in medicine and medical technology.

This is a crucial time in America when we need more doctors and medical scientists who are even better prepared for a future that is changing exponentially. Focused, bright and determined students like Grace Lutat are our future and she deserves all the mentoring and guidance we can give her.

The Academy offers free services and programs to students who want to become physicians or go into medical science. Some of the services and programs the Academy offers are on-line social networks through which future doctors and medical scientists can communicate; opportunities for students to be guided and mentored by physicians and medical students; and communications for parents and students on college acceptance and finances, skills acquisition, internships, career guidance and much more.

The National Academy of Future Physicians and Medical Scientists was founded on the belief that we must identify prospective medical talent at the earliest possible age and help these students acquire the necessary experience and skills to take them to the doorstep of this vital career. Based in Washington, D.C. and with offices in Boston, MA, the Academy was chartered as a nonpartisan, taxpaying institution to help address this crisis by working to identify, encourage and mentor students who wish to devote their lives to the service of humanity as physicians, medical scientists.

**Iowa Roots Round**

The first-ever Iowa Roots Round tour with Chad Elliott, Ryne Doughty and Kathryn Fox will kick-off on Thursday, October 27, at the Pearson Lakes Art Center in Okoboji, Iowa, at 7:30pm.

The Iowa Roots Round show celebrates Iowa songcraft. During each show, three Iowa artists will all appear on stage together to swap songs and stories for an in-the-round style live event.

Chad Elliott blends folk roots, swampy blues and soulful writing to deliver an original Americana sound. His live performances have been honed over a decade of being on the road performing more than 200 shows each year. Elliott is lauded as "Iowa's Renaissance man" by Culture Buzz Magazine. He has penned more than 1,500 songs in his career while also cultivating his skills as a painter, sculptor, illustrator and author.

Ryne Doughty's music is deeply rooted in real life stories of love, loss, work and play. His stripped-down, earthy sound is directly influenced by the small, rural town where he was born and raised. The hard-working, simple living and friendly way-of-life of the Midwest shines through his music that is understated yet complex and rich with beauty and realism.

Deemed "fiddler extraordinaire" in Cityview Magazine, Kathryn Fox is a DownBeat award-winning artist. She played on the Grammy-nominated track "All My Tomorrows" with Kate McGarry. She has recorded with George Benson, The Beach Boys, Pharrell Williams, Gloria Estefan and Osmond Brothers. Kathryn has leaned into songwriting in recent years, penning hundreds of songs at the piano, guitar and mandolin. Drawing from her love of folk, Western swing and jazz music, Kathryn's writing varies in feel and approach, and leads with imagery and memorable melodies.

Join us, on October 27th, in the Lauridsen Performing Arts Theater, for a night of live music creations by Iowa's own. Tickets available at 712-332-7013. Members \$20, Non-Members \$30.

## 85th Birthday Announcement

Patty Grothaus will be celebrating her 85th birthday on Saturday, October 8, 2022. Greetings can be sent to 1301 28th Street, Spirit Lake, IA 51360.

## Lockie to speak at ILUUF

Sara Lockie will speak at the October 9 Iowa Lakes Unitarian Universalist Fellowship Hybrid service. Her message will address the proposed "Right to Firearms" amendment to the Iowa Constitution to be voted on in November 2022. It will include historical data on gun violence in Iowa, a reading of the actual amendment, its legal ramifications for sensible gun safety measures, and information on the consequences of similar amendments passed in other states. The effects of this amendment will be far-reaching and long-lasting. This presentation is designed to provide voters with the information they need to cast an informed vote.

For those comfortable meeting in person, the service will be held in the Bay Hill Room at Arrowwood Resort and Conference Center. Coffee begins at 10:30am with the service beginning at 11:00am. Visitors are always welcome and those who wish to attend via Zoom can request an invitation with the Contact Us link on the Fellowship Website [www.uuokoboji.com](http://www.uuokoboji.com).

Sara Lockie is a dedicated gun violence prevention advocate from Waverly, Iowa. Her experience as a teacher and parent informs her understanding of the sensible steps that we can take to prevent gun violence.

The Iowa Lakes Unitarian Universalist Fellowship (ILUUF) is a member of the Unitarian/Universalist Association. ILUUF is a welcoming community seeking to provide opportunities for people of all ages to grow in their spiritual and ethical lives, finding the means to engage the world in creative and transformative ways. ## Northwest Financial Corp Earns Top Workplace Award

Northwest Financial Corp. has been awarded a 2022 Top Workplaces honor by the Des Moines Register. The Top Workplaces are based solely on the results of an employee feedback survey administered by Energage, LLC, a leading provider of technology-based employee engagement tools. The anonymous survey measures several aspects of workplace culture, including alignment, execution, and connection, just to name a few.

"During this very challenging time, Top Workplaces has proven to be a beacon of light for organizations, as well as a sign of resiliency and strong business performance," said Eric Rubino, Energage CEO. "When you give your employees a voice, you come together to navigate challenges and shape your path forward. Top Workplaces draw on real-time insights into what works best for their organization, so they can make informed decisions that have a positive impact on their people and their business."

Greg Post, President and CEO of Northwest Financial Corp. commented, "Receiving the Top Workplaces award for eight consecutive years is an incredible honor. I'm proud to share that our organization is filled with talented employees who are given the opportunity to grow and develop their skills, encouraged to share ideas for process improvement, continually provide first-class service and go out of their way to support and improve the communities in which we serve and live in. Our management's focus on attracting and retaining the best people to work for our company results in becoming an Employer of Choice. We ask ourselves; how can we add value to our employees and what do we do as a company that is unique? We look for people who are team-oriented, engaged and community focused, and who are interested in growing personally and professionally."

Northwest Financial Corp. is a family-owned organization with over \$2.6 billion in assets and includes two bank charters, Northwest Bank and First National Bank in Creston, and Northwest Wealth Management, LLC. The organization employs 432 team members and focuses on the importance of supporting a good balance between work and personal life.

## Caregivers Support Group

Lakes Area Caregivers Support Group is available for help dealing with the stress of being a caregiver to someone with Alzheimers or other dementia disorders.

This community caregivers group meets at 10:00 every Wednesday morning at First Presbyterian Church in Spirit Lake. This is an opportunity to discuss with other caregivers stories and concerns in a comfortable and confidential manner.

A typical meeting might include a presentation on topics such as handling of legal issues, stress reduction, care facilities, positive coping language, and sharing personal methods of handling challenges faced every day by other caregivers.

## Pumpkin Chocolate Chip Oatmeal Cookies - Makes 24

- 1 cup all-purpose flour, leveled
- 1 teaspoon pumpkin pie spice
- 1/2 teaspoon ground cinnamon
- 1/2 teaspoon baking soda
- 1/4 teaspoon salt
- 1 1/2 cups old-fashioned rolled oats
- 1/2 cup unsalted butter, softened
- 1/2 cup packed light brown sugar
- 1/4 cup granulated sugar
- 1/3 cup pumpkin puree, squeeze out the excess moisture
- 1 large egg yolk, at room temperature
- 1 teaspoon pure vanilla extract
- 1 cup semisweet chocolate chips

Preheat the oven to 350°F. Line two large baking sheets with parchment paper or silicone baking mats. In a large mixing bowl, whisk together the flour, pumpkin pie spice, ground cinnamon, baking soda, and salt until well combined. Stir in the oats. In the bowl of a mixer, beat the butter, brown sugar, and granulated sugar together for 1 to 2 minutes, until well combined. Mix in the pumpkin, egg yolk, and vanilla extract until combined, stopping to scrape down the sides of the bowl. Mix in the dry ingredients until just combined, then mix in the chocolate chips on low speed until fully incorporated. Using a 1/2-tablespoon cookie scoop, spoon the cookie dough onto the prepared baking sheets, leaving room between cookies. Gently press each ball of cookie dough down to slightly flatten it. Bake for 9 to 11 minutes, or until the tops of the cookies are set. Remove from the oven and cool for 5 to 10 minutes; then transfer the cookies to a wire rack to cool completely. Store the cookies in an airtight container for up to 5 days.

## Managing Winter Home Energy Costs with Anticipated Increases

by Carol Ehlers, Human Sciences Specialist, Family Wellbeing

When prioritizing expenses, a major household bill is utilities (e.g., electricity, gas, water and sewer, landline and cell phone, and internet/cable). The highest utility cost is typically heating the home.

Plan for increasing home heating costs over the next six months as utility providers are warning that they may increase these costs.

The average Iowa household utility expense of \$2,580 varies widely according to the size of a home, climate, and utility usage patterns. Regardless of what you pay for utilities, there are ways to pay less.

**Step 1: Check Eligibility and Request Energy Assistance**

The Low-Income Home Energy Assistance Program (LIHEAP) assists households with a portion of the home heating bills, particularly those facing disconnection or who have trouble paying their utility bill. Early applications for LIHEAP started October 1, with November 1 through April 30 as the annual application timeframe through a local community action agency. A general overview of the LIHEAP program is available in multiple

languages. Application help from a local Community Action Agency is found on the Iowa Department of Human Rights' website: <https://humanrights.iowa.gov/dcaa/where-apply>.

**Step 2: Ask for A Winter Moratorium**

Your utilities may not be shut off during the "winter moratorium" if you apply for and qualify for the Low-Income Home Energy Assistance Program (LIHEAP). This program helps many low-income households pay their heating costs.

If you are certified eligible for LIHEAP, utilities cannot shut off your gas or electric services from November 1 through April 1, but you should still try to pay as much as you can on your utility bills, even during the winter moratorium. It is always best to keep making payments to the maximum extent possible during any period when your utility provider is prohibited from disconnecting your service. Making payments during the winter moratorium creates "good will" with the utility company (with whom you may be negotiating a payment plan) and keeps the problem from getting worse.

**Step 3: Manage Utility Bills**

When managing utility bills, you should always know how much to expect, and consider weatherizing or lowering the thermostat, if needed.

**Know How Much to Expect.** Ask your utility provider for how much the utility bill was last year for your home or apartment. Electric and natural gas average

monthly costs start at \$215 and go higher depending on the size of your home and weather conditions. Pay as much as you can afford monthly.

- Weatherize. Leaky or old windows can account for 10 to 25 percent of heating costs due to warm air escaping. Replace windows with double-pane windows or install storm windows. Get help from the Iowa Weatherization Assistance Program: <https://humanrights.iowa.gov/dcaa/weatherization>.
- Lower the Thermostat. Dial down the thermostat and save energy in the winter by setting the thermostat to 68°F while you're awake and setting it lower while you're asleep or away from home. Even one degree lower can make a difference. Industry figures state that for every degree you turn down your thermostat (and leave it for 8 hours) you save between 1 and 3 percent of your heating bill.

Free financial counseling is also available to all Iowa residents through ISU Extension and Outreach's Human Sciences Specialists in Family Wellbeing and Finance. We can help revise budgets, prioritize spending, and link you to community resources. To do so, contact Iowa Concern at 800-447-1985 and ask for free financial counseling.

## LETTERS TO THE EDITOR

The Okoboji Pioneer Booster Club (OPBC) would like to offer heart-felt gratitude to our community for supporting this year's "Paint the Town Maroon" Homecoming fundraiser. Due to your support, we were able to raise over \$2,000!

We are especially grateful to Clary Lake Service for creating an additional stencil, Consumers Lumber for providing paint for the project, and Central Bank for being an active partner in this fundraising project. Central Bank not only helped cover the cost of supplies, but they also provided all the workers! Painting nearly 100 Pioneer Pete's around town!

This fundraiser was a huge success, with the money raised going right back to serve and support ALL of our students with proud Pioneer tradition! OPBC does this by setting aside a percentage of our fundraising funds that can be used by the school to support ALL programs, including speech, drama, music, debate, etc. In addition to those programs being supported, the OPBC provides financial and volunteer support for all athletic programs at the middle school and high school levels to enhance their respective sports and their overall athletic experience.

OPBC is dedicated to the continued support and invites you to attend our monthly meetings, held on the third Wednesday of each month at 7:00pm in the Upper Commons of Okoboji High School.

Go Pioneers!  
Shantel Pausley,  
Okoboji Pioneer Booster Club Board President

**8.65 +/- ACRE BUILDING SITE & PERSONAL PROPERTY TO BE OFFERED AT: PUBLIC AUCTION**  
**Saturday Morning October 8, 2022 | Sale Time 10:00 AM**  
**LOCATED** at 3157 180th Street or from Premier Bank at intersection of Highways 9 & 75 in Rock Rapids, Iowa, 3 miles south on Highway 75 and 1/2 mile east on 180th Street. (Auction to be held at this location.)

**General Description:** This real estate is an 8.65 +/- acre building site that is located approximately 1 1/2 miles outside of the city limits of Rock Rapids, Iowa. There are numerous buildings on this property including a 1 1/2 story home that was constructed in 1936 and has approximately 1,276 square feet of living space. This home has 3 bedrooms, 1 1/2 bathrooms, living room, kitchen and full basement. This home is in need of repairs before a prospective buyer(s) can reside in the dwelling. Other outbuildings on this property include: 22' x 126' hog house/machine shed, 20' x 60' old-style hog house, 26' x 32' corn crib, and 22' x 30' country school house that was moved in for storage space. The outbuildings are also in need of repair. This property has electrical service that is supplied by the Lyon Rural Electric Cooperative and water service is provided by Lyon-Sioux Rural Water. The real estate is also located within the Central Lyon School District. According to the Lyon County Farm Service Agency, this Real Estate has 2.75 acres in current cropland production. This crop field is currently planted to an alfalfa/grass mix. The cropland has been determined Non-Highly Erodible (NHLE) by the Natural Resources Conservation Service. The current septic system on this parcel will need to be brought up to code by the new buyer(s) and the seller will not compensate for costs of a new system. **This property is being offered AS-IS.**

**Legal Description:** Lot 1 in West 1/2 of the West 1/2 of the Northeast 1/4 & Parcel D in the Northeast 1/4, Section 21, Rock Township, Township 99N, Range 45W, Lyon County, Iowa.

**Real Estate Taxes:** The current real estate taxes are \$1,390.00 per year and will be pro-rated to the date of possession.

**Possession & Closing:** Possession of Real Estate will occur on Tuesday, November 1, 2022 when clear and marketable Abstract of Title will be delivered to the buyer(s).

**Inspection of Real Estate:** Inspection of the property may take place by contacting the auctioneers listed below.

**Terms on the Real Estate:** Buyer(s) will be required to make a 20% (non-refundable) down payment as well as sign a purchase agreement immediately following the auction. The remaining balance will be due and payable on Tuesday, November 1, 2022 when clear and marketable Abstract of Title will be delivered to the buyer(s). Sale of this real estate is subject to the confirmation of the sellers. Any comments or descriptions made on the day of the auction will supersede any and all written material.

## Military Records Free for Vets

(Spirit Lake, Iowa) The Iowa County Recorders Association wants to make all veterans aware that recording or requesting military records is always free of charge for a veteran. In recent weeks it has been reported that a third-party company has been charging veterans to record these documents. Please review the Iowa Code chapter and information regarding submitting copies of DD214 documents below. Please remember to always contact your local County Recorder for assistance recording or requesting military records.

The County Recorder's office has on permanent record, military discharges that have been presented for recording by the veterans themselves. Pursuant to Iowa Code Chapter 331.608(6), notwithstanding section 22.2, subsection 1, such record shall be confidential and shall not be made available for examination or copying except as follows:

- To the person who is the subject of the record, to a member of that person's immediate family, or to that person's agent or representative duly authorized in writing.
- To a person requesting to examine or copy a record when the event that resulted in the record being made occurred more than sixty-two (62) years prior to the request. However, the recorder shall redact any social security number included in a record made available pursuant to this paragraph.
- To a person who is a funeral director licensed pursuant to chapter 156 and who has custody of the body of a deceased veteran.
- When otherwise ordered by a court of competent jurisdiction.
- When otherwise required by a department or agency of the federal or state government or a political subdivision. The recorder shall make these records available to the Department of Veteran's Affairs. The Department of Veteran's Affairs and its employees shall be subject to the same state and federal confidentiality restrictions and requirements that are imposed on the recorder.

Veterans are also eligible to submit legal copies of their DD214 to the County Recorder's office in the county in which they reside. There is no fee to record the DD214 and copies of military discharge records may also be requested free of charge. Veterans and entitled immediate family members may request copies in-person or complete a military discharge application. All records not on-record in your local county can be requested from the National Personnel Records Center.

For more information, please contact the Dickinson Recorder's Office at 712-336-1495 Ext 5.

## Milford Library News

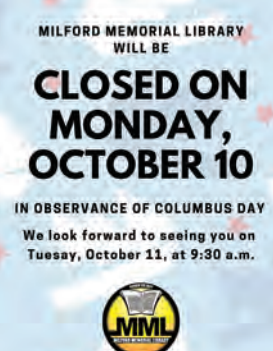

Milford Memorial Library will be closed on Monday, October 10, in observance of Columbus Day. We look forward to seeing everyone on Tuesday, October 11.

Get into the Halloween spirit by joining Curt Strutz for Visiting the Beyond, an interactive and unique presentation on Wednesday, October 12, at 6:30 p.m., in the Milford Community Center. Attendees will take tours through the nation's most haunted locations - possibly including abandoned hospitals, schools, asylums, homes, and more. All done with original photography, deep history, and haunted experiences. Visiting the Beyond is a fun mix of history, photos, storytelling, and humor. This program is sponsored by the Friends of the Milford Library, Arnolds Park Library, and Spirit Lake Library.

MML's Young Adult Horror of a Challenge Box is now available for registration. The little box of horrors will have 4th through 12th graders figuring out how to defend themselves against Skittles the clown, the Blob, and vampires. This Challenge Box will be ready for pick-up starting Tuesday, October 11, through Friday, October 21. This is a free activity, but it does require registration. To register call MML at 712-338-4643 or online by going to <http://milfordlibrary.weebly.com/young-adult-registration.html>.

For those who registered with the Dickinson County Extension and Outreach, reminder of the Pressure Canning, on Thursday, October 13, at 5:00 p.m., at the Milford Memorial Library. For more information contact: Dickinson County Extension and Outreach Sue Boettcher, boettche@iastate.edu 712-336-3438.

Join MML's Open Book Discussion Group on Tuesday, October 18, at 1:00 p.m., to discuss the featured book Rebecca by Daphne De Maurier. Copies can be found at the library. It is not necessary to attend all of the meetings, and you are welcome to come and go as you please.

**ISU Extension and Outreach offers Virtual Teacher License Renewal Course "Small Change"**

Reality TV often features contestants demonstrating skills as they live in the woods, race through an obstacle course, or compete in challenges on an island. However, in the reality of everyday living, financial literacy skills are far more important for survival and are now required for high school graduation, says Carol Ehlers, a human sciences specialist with Iowa State University Extension and Outreach.

That is why Ehlers encourages K-12 teachers to register for the upcoming "Small Change: Building Financial Security for Educators" online course starting Tuesday, Nov. 1, from 5 to 7 p.m.

The course content is embedded in the financial literacy standards of the Iowa Core 21st Century Skills and Social Studies, and connects participants with curricula, resources, and school-based programs for elementary, middle, and high school levels. Educators can earn one Iowa License renewal credit.

"Financial literacy skills are important at any age, but the younger you develop the skills, the more time you have to reap the benefits. When we teach youth personal financial skills, they gain a solid foundation for a lifetime of financial independence and decision-making," said Ehlers, who specializes in family wellbeing and finance.

The online course supports the effort to increase Iowa students' financial literacy, as the state added a personal finance course as a graduation requirement beginning with the graduating class of 2021.

The 'Small Change: Building Financial Security' course features vetted curriculum and resources. It has been accepted as a BoEE Endorsement Class for Financial Literacy and Business Teachers.

The educator course focuses on making more informed decisions about financial management and building greater confidence to make small changes that can make a difference. Participants explore gamified lessons that are timely and relevant to themselves personally and to their classroom.

- Lesson topics include:
- Finance Fundamentals—getting organized, smart borrowing, estate planning
  - Insurance—life, health, disability, long-term care, auto, home, liability coverage
  - Investing—risk tolerance, investment choices, funding long-term goals
  - Retirement—preparing for retirement, building a nest egg, Social Security, IPERS

The course format requires participants to:

- Participate in a live, virtual 2-hour introductory workshop on November 1, 2022, from 5:00 to 7:00 pm.
- Complete at least 4 of 12 gamified online lessons covering financial topics.
- Complete assignments to promote financial literacy and connect with resources.

"Educators explore research-based resources that look at strategies for handling and managing debt, how to use various financial services, how to create a personal insurance plan, ways to examine how choice of career and lifestyle will affect personal financial planning, and much more," Ehlers said.

Thanks to a grant from the FINRA Investor Education Foundation, Iowa teachers partner with Extension and Outreach to complete the course.

The course fee is \$25 to ISEA members and non-members. Those who do not need license renewal credit may register and audit the course for a \$10 fee.

Register online by Oct. 25 at <https://event.me/bgxknM> or search for Small Change Online at <https://isea.org/course/>. Space is limited.

## Nationally Ranked, Powersports & Power Equipment Program Featured At Iowa Lakes Board Meeting

The Iowa Lakes Community College Board of Trustees met Tuesday afternoon for their regularly scheduled board meeting.

Kyle Norris, Executive Dean of the Emmetsburg Campus, began Tuesday's meeting by introducing new Iowa Lakes faculty members to the Board. New faculty members included Dr. Thomas Beall, Veterinary Technician Program Coordinator & Instructor, Ashleigh Hanson, Nursing Instructor, Dr. William Heidorn, Physics Instructor, Tanya Killian, Nursing Instructor, and Christopher Mundie, Speech Instructor.

Norris introduced the Powersports and Power Equipment Technology faculty Matt Bohl and Dustin Ross, both Assistant Professors. Bohl has been with Iowa Lakes for 22 years, earned his Associate in Applied Science (A.A.S.) degree from Iowa Lakes Community College and serves as the Program Coordinator. Ross has been with Iowa Lakes since 2010 and earned his A.A.S. degree from Iowa Lakes Community College.

The Powersports and Power Equipment Technology program at Iowa Lakes is the best running program offered in Iowa, receiving national rankings by multiple sources as a top 5 motorcycle mechanic program in the United States, with Motorcycle Industry Jobs ranking Iowa Lakes as 2nd in the nation. The Powersports and Power Equipment Technology program has earned high rankings due to its intuitive two-year degree, high student success rates, the program's student-centric, hands-on learning environment, and the vast number of industry certifications earned.

"We have seen a significant increase in student interest in our program, drawing students from our local area and throughout the country. We currently have students enrolled in our program from Illinois, Nebraska, and even Colorado," said Bohl.

The Powersports and Power Equip-

ment Technology program at Iowa Lakes provides diverse training that prepares students to repair a variety of two and four-cycle engines, powertrains, and chassis. Additionally, students learn how to maintain and repair power sports vehicles such as motorcycles, ATVs, UTVs, snowmobiles, personal watercraft, and even small engine equipment such as generators, chainsaws, lawn mowers, and more.

"We continue to advance and develop our program by staying ahead of industry trends and innovating the curriculum offered to provide an extended focus on electrical equipment. The industry is changing, and we are staying ahead of the curve to offer our students the knowledge and skills needed to enter the workforce positioned ahead of the competition," said Ross.

Students enrolled in the Powersports and Power Equipment Technology program earn a two-year A.A.S. degree and a vast number of specialized certifications.

"Our students work on all leading brands such as Polaris, Victory, Honda, Yamaha, Harley Davidson, Suzuki, Kawasaki, John Deere, Toro, Stihl, Echo, and more," added Ross.

"Students have the opportunity to leave with a degree and the industry certifications needed to be competitive within the job market by completing more than 12 certifications while enrolled, putting our students in high demand upon graduation," said Bohl.

Iowa Lakes Powersports and Power Equipment Technology students Dylan Short, Cherokee, Iowa, and Jagger Horken, South Sioux City, Nebraska, attended Tuesday's meeting to share why they chose to attend Iowa Lakes.

Short shared, "I chose Iowa Lakes because the Powersports and Power Equipment Technology program is recognized as a national leader for motorcycle programs and the

program was close to home. I received immediate interaction from the program

Matt Bohl, Assistant Professor, Dylan Short, Iowa Lakes second-year student, Jagger Horken, second-year student at Iowa Lakes, and Dustin Ross, Assistant Professor and Program Coordinator

faculty upon my inquiry into the program and was on campus that week to visit. I have also had the opportunity to serve in a leadership role while attending Iowa Lakes as a Resident Assistant on the Emmetsburg Campus. I am excited for the opportunities ahead of me."

Horken added, "When I was searching online for motorcycle programs, I found that the Powersports and Power Equipment Technology program at Iowa Lakes was nationally ranked, and I also received a referral from Western Iowa Tech to check out the program at Iowa Lakes. Once I arrived on campus, I knew I had to attend after seeing the facilities and the available technology and meeting and learning more from the program faculty."

Short and Horken are both second-year students in the program.

Additionally, the Powersports and Power Equipment Technology program has participated in the state and national SkillsUSA competition for more than 20 years, bringing home several first-place team and individual awards.

To learn more about the nationally ranked Powersports and Power Equipment Technology program offered at Iowa Lakes, visit [iowalakes.edu](http://iowalakes.edu).

Dr. Dan Lutat, Executive Director of Foundations & Governmental Affairs, then shared the current happenings with Iowa Lakes Community College Foundation and received approval to accept a generous donation for the Smith Wellness Center.

The next meeting of the Iowa Lakes Community College Board of Trustees will be held on Tuesday, October 18, 2022, at the Administration Building, 19 South 7th Street, Estherville, Iowa, at 4:30pm.

Jagger Horken (South Sioux City, Neb.), Isaac Bruggeman (Inwood, Iowa), Jacob Stark (Council Bluffs, Iowa). Back From Left to Right: Blake Renner (Aurelia, Iowa), and Dylan Short (Cherokee, Iowa).

## MWI Components: Manufacturing a Modern Perspective

by Shannon Clark, Marketing Coordinator

MWI is making great efforts to shine a positive light on modern manufacturing. It appears most people just don't see manufacturing the same way we do here at MWI Components. However, manufacturing is one of the core business fields that keep everyone's lives running smoothly. I challenge you to go through your day, and take note of every item you use that was manufactured. Chances are, you'll appreciate manufacturing much more by the end of the exercise.

Throughout the past year, we've initiated various campaigns to highlight our team and the careers in manufacturing. You may have seen our most used hashtags: #PROUDtoManufacture, #ManufacturingPride, or #ProudlyBuilding. This week, we are asking the community to share our newest campaign post on Facebook. The post displays machinery with an Iowa outline and reads, "Support Iowa Businesses that are PROUD to manufacture," with the addition of our new hashtag: #IowaManufacturer. The purpose of the post is to unite local manufacturers, and give our community the opportunity to show their support for these businesses.

When we heard The Lakes News Shopper was doing a, "Modern Manufacturing,"-centric issue, we thought, "Wow, this couldn't be more perfect!" This is exactly what we've been trying to show the world for the past year. In addition to our unique quotes that support production and working with your hands, we've also made a point to tell our story

through several campaigns. In early 2022, we capitalized on a #OurHouse series where each day we had a new intention with approximately 6-8 posts going out daily that either represented our story, our people, or why we are proud of what we do. Then again in July we pushed the #PROUDtoManufacture campaign. Our symbol for that hashtag is the MWI Flag (if you haven't seen it, check out our Facebook page!). For a week in July, we featured images with this flag at our two facilities in Spencer - posting approximately 25 posts throughout the week. For professionals at MWI Components, this flag is a symbol of pride, working for a purpose, manufacturing for the United States, and supporting our production professionals.

What's next in our journey to unveil the prominent aspects of modern manufacturing? Well, MWI recently

partnered with the No Boundaries organization. In this program, high school juniors and seniors choose two projects of interest from various businesses to work on throughout the school year. We were fortunate enough to be paired with six dynamite students from Spencer, Okoboji and GTRA: Adelynn Berger, Anna Shine-Johnson, Gracie Ebner, and Katie Wittrock (Spencer), Brady Muzney (Okoboji), and Treyton Kleve (GTRA), with Chris Olesen (Graettinger) as the facilitator. Their first project assignment was working on an ad to place in this issue (see page below). We are confident that, with this team, we will be able to analyze the current perception of manufacturing, shine a brighter light on production and production associate professionals, and showcase the great career opportunities that lie within the world of manufacturing.

## National Manufacturing Month

October is National Manufacturing Month. This month has been set aside to proudly celebrate the achievements of America's manufacturing sector. It acknowledges and appreciates the efforts of all the men and women technicians, engineers, and shop floor workers who have contributed to our nation's economic prosperity. It is also the chance for us to celebrate and highlight the manufacturing industry's contributions to the state and nation and build excitement about all of the career opportunities in manufacturing.

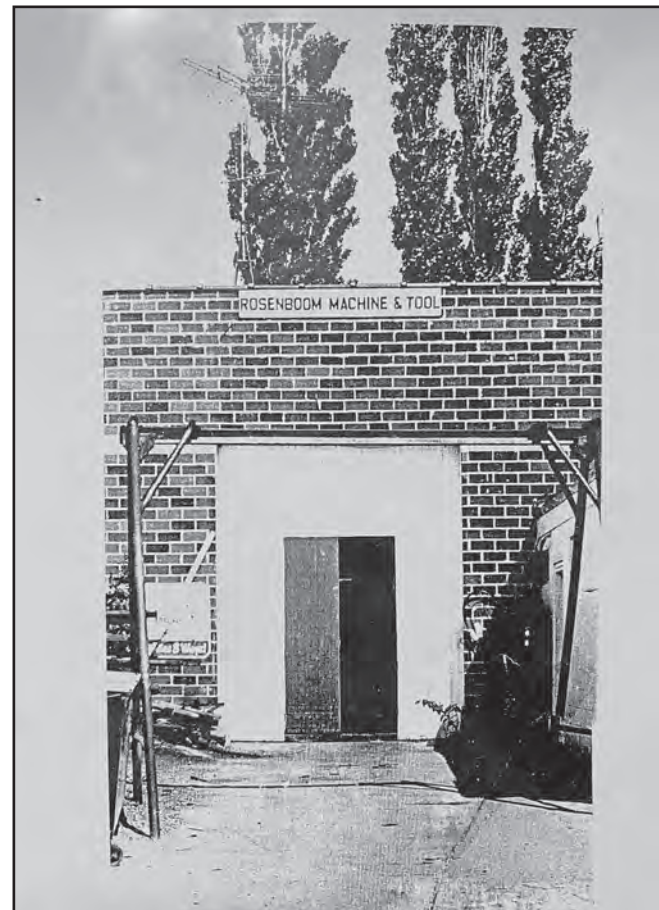

Manufacturing Month is also a time for us to take stock of the challenges facing the manufacturing industry and collaborate to find creative ways we can solve those challenges. For manufacturers, we hear time and time again that their biggest challenge is finding qualified workers. There are currently 800,000 open manufacturing jobs nationwide. Over the next decade, it is estimated that 300,000 men and women will leave the industry as baby boomers continue to retire. We must train up the next generation and find creative technological advances for employers to be able to expand operations to meet the ever increasing demand of the global economy.

In 1974, Lary and Vivian Rosenboom started their tool and die manufacturing business in a small shop in Sheldon, Iowa. Forty-eight years later, they have continued to grow and thrive. They have expanded their operation to three locations in Sheldon, Iowa, Spirit Lake, Iowa and Bowling Green, Ohio and provides quality, consistent, and rewarding employment to almost 900 employees. Rosenboom remains a family operation with Lary and Vivian's four sons all actively involved in the company. What an accomplishment and example of the American dream for this family, and Rosenboom's small town roots run deep and we are committed to providing for and investing in the lives of our employees and communities.

As part of National Manufacturing month, we would like to highlight the many different career opportunities which are available at Rosenboom. Manufacturing is no longer the dark, dirty, dangerous work of the past that so many may envision. Today's manufacturing looks entirely different. Advanced manufacturing is clean, diverse, high tech, and sustainable. Technology has become key to Rosenboom's success, and we are looked to as a leader in the industry due to our continued advancement in technology. We were one of the first in the industry to incorporate robotic welders, CNC lathe and mill machines, and more recently, collaborative robots.

At Rosenboom, you can have a rewarding career whether you have no advanced degree or an associates, bachelors or master's degree. We have quality assurance positions where the employees ensure we are providing quality products so that our customers have safe, reliable cylinders on their equipment. Our engineering department is constantly looking for revolutionary ways to improve our cylinders, make them more affordable and efficient, and provide solutions to our customer's needs. Our maintenance team is skilled in machine and equipment set up, fabrication, repairs as well as robotics and automation and controls systems. Our production floor offers opportunities from assembly, CNC (computerized numerical control) operations and programing, material handling, industrial painting, and robotic welding operations. Our continuous improvement team is constantly analyzing workflow and strategies to improve operations and increase efficiencies. Our customer accounts team builds deep relationships of cooperation with our customers to strengthen our relationship and to ensure mutual success. Our buyers are sourcing supplies to ensure the materials needed in manufacturing are available and of a high quality. We also have positions in warehouse, inventory, human resources, finance and training.

Rosenboom has career opportunities that provide stable, and rewarding employment with learning and advancement opportunities. Come check out our company and opportunities on our website at: [www.rosenboom.com](http://www.rosenboom.com). Join the Rosenboom team today!

## JBS

### Bringing More to the Table.

Our commitment to feed people goes beyond the plate. We lead the industry in sustainability efforts. We build up the rural communities where we operate. And, we provide free education for our team members and their children.

### Sustainability

We believe that every meal should help us achieve a better tomorrow. And that belief has put us on an industry-leading journey to achieving net-zero emissions by 2040. By investing heavily in reducing the impact of food production, we're working to ensure that every meal is a sustainable one.

### Better Futures

We believe in feeding a person's needs, not just their appetite. Because of that, we're offering tuition-free community college education for our employees—and their children. In doing so, we're providing new opportunities and chances for them to grow today and tomorrow.

### Hometown Strong

We believe that everyone, everywhere, deserves the chance to grow. That's why we're investing millions into the rural hometowns where we work. By building the educational, recreational, and social service infrastructures they need, we're helping them become the most vibrant communities they can be.

At the heart of every culture around the world is delicious food that brings us together.
