The ninth annual *Reading Eagle* Readers Choice has wrapped up, and we're ready to announce the winners!

First, we'd like to thank our readers who nominated and voted for the businesses. And we'd like to congratulate all the winners. Winners are businesses which received the highest vote total in each sub-category.

Winners were decided based on the number of votes they received from our readers, making this a true Readers Choice contest.

Votes were placed by the very people who shop at these stores, dine at these restaurants and patronize these businesses.

Votes were placed by online ballot at ReadingEagle.com or a paper ballot published in the *Reading Eagle*.

We invite you to visit the winning businesses and see for yourself what everyone is talking about!

BEST CREDIT UNION

Riverfront Federal Credit Union

Riverfront Federal Credit Union
2609 Keiser Blvd.
Wyomissing, PA 19610
610-374-8351
www.riverfrontfcu.org

Since opening its doors in 1948, Riverfront FCU boasts a proud history as a member-owned financial cooperative headquartered in Berks County. Open to anyone who lives, works, worships or attends school in Berks County, or is a legal entity doing business in Berks, the credit union is tuned in to what Berks Countians are looking for and need, whether it's a car loan, credit card, mortgage or to help connect members with a local business for services. "Our mission has been to put each of our members in a better financial position.... We come to work every day with this goal in mind. Most of us take it home, too," says Tim McLeod, President/CEO.

Riverfront FCU offers a robust suite of electronic services to keep pace with its members' needs, including its newest addition, Riverfront Live, which connects members to branch staff face-to-face via video chat from any mobile device or computer. These self-service channels offer not only convenience but ensure that our members can reach us whenever and wherever they happen to be. Technology has given us the opportunity to expand the ways in which our members can be in the driver's seat of service engagement without removing the ability to work with a human interaction component if desired. Riverfront also houses a business services division, offering commercial mortgages, working capital loans and other products designed to help businesses in Berks County grow.

Because we're a local credit union we care about Berks County and the people who live here - after all, they're our friends and neighbors! Riverfront Federal Credit Union is active in the

community in multiple ways, and we do so by encouraging employees to volunteer and support local causes that are important to them. A big part of that includes sponsoring various events or sports teams whenever we can. That

could mean sponsoring a youth baseball team, purchasing pool memberships for local kids, or donating holiday wreaths or warm socks to senior living facilities.

Keeping members' financial lives healthy and manageable is what

Riverfront is all about. We believe in the power of people working together to make Berks County a better place for all of us. Stop by one of our multiple branches to see what we can do for you today.

Our story:

We are enjoying the ride! We first opened our doors on Rt 12, right next to the parent company Empire Wrecking. In 1999, we moved to our 30,000 sq. ft. flagship store on Route 183 in Leesport, (right next to the Hitching Post and Classic Harley). During the pandemic, we opened our Design Center at 641 Penn Ave in West Reading. West Reading rocks!!! We have so much to offer. Please visit visitwestreading.com to see all of the events. Our 110,000 sq ft distribution center is located in Robesonia PA. Last month we purchased the West Ridge shopping center and are updating to an outdoor shopping area, while adding an outdoor eating area.

Plans for our Collegeville location to be opened early 2023. The footprint will be very similar to our Penn Avenue location.

Growth is great and fabulous, but without our team we are NOTHING. We are family at Empire. We feel that way about our team past and present. We are honored to be an employer.

We all love to hustle! We love to learn and be a resource to our clients every day. At Empire, we design and supply and refer you contractors in the field that you need to install. Working hand in hand with the contractor leads to a great relationship between the homeowner, the contractor and Empire. Everyone does what they do best, without marking up services, resulting in the best price for you.

We support Breast Cancer Awareness. Join us for Ladies Night October 25, 5pm-9pm.

Thank you Home Owners, Contractors, Realtors, Remodelers and Investors!

“We knew once we won we would work twice as hard to win each year. We could not be more grateful that it worked, and we will continue to strengthen our core to serve you better.”

Our motto says it all....Great Value, Great Views, Great Fun...Great Golf!

Manor Golf Club is a 100 year old public golf course that is rich in history and scenery. Our appeal is to all golfers-the strength of the course is its character, where shot making takes precedence over length. Course conditions are always a priority-our maintenance staff has combined experience of over 100 years working at our course.

We are passionate about providing a true "family feel" experience to our golfers. We host many leagues, team matches, and over 65 tournaments/events for charitable causes. We pride ourselves on having the largest instructional program in the area for golfers of all levels and are honored to be a host site for the First Tee program. Private instruction, clinics, junior leagues

and even camps for our young golfers ages 4-14 allows us to introduce the next generation to the great game of golf in a fun and safe environment. Berks Catholic, and Wilson (2020

District Champs and 2022 County Champs), call our course home.

Not only do we provide a unique, challenging tract for your round, but also our all natural grass driving range and short game areas provide practice opportunities and are open to the public. After your round-browse our fully stocked pro shop or relax and have a snack/beverage in our snack bar area featuring our famous Manor hotdogs and a variety of IPA/beverage offerings.

A heartfelt "THANK YOU" to our golfers for your support and for voting us the best! Thank you also to our entire staff that ensures our customers are treated like family.

We plan to provide more upgrades to our course in 2023 and look forward to seeing our golfers swinging at the Manor for many years to come!

Let's Taco Bout It

Let's Taco Bout It
616 Penn Avenue
West Reading, PA 19611
(484) 926-2230
letstacoboutit.net

Our story began in 1991, when Josefina and Rafael Jimenez Sr., started offering favorite family recipes to our community in a taco truck. Think of that innovative approach? They were using a food truck BEFORE it was all the rage. The business became so popular, they moved operations into a fully functional kitchen with seating available to accommodate the ever-growing list of faithful customers.

In 2016, their son Rafael Jimenez, Jr., branched out and opened Let's Taco Bout It, and customers continue to enjoy the favorite family recipes that was served to the community 31 years ago.

We hope your tacos are stuffed, your ceviche is fresh, and your horchata is always full. If not, we can Taco Bout It.

 www.pwessig.com

Since our humble beginning as Paul W. Essig Plumbing in 1938, we have evolved into a third-generation, award-winning, family-owned company. While many things have changed since then, including our name today as Essig Plumbing, Heating & Cooling; one important point remains the same, our commitment to support our wider community with superior technicians,

service, and quality.

Steve Essig, President, not only believes in this core value; but operates under it. He states "In the home service industry

everyone believes that you must put your customer first. I realized that you can't put your customer first, until you put the employees first...If we put the employees first, they will put the customer first."

By providing our employees with on-going training, support, and positive encouragement, they are better able to serve our customers

by providing superior service, honest communication and fair pricing.

Our mission here at Essig is to support

the communities in which we live and work through a variety of means. We encourage our team to give back through multiple volunteer opportunities each year. We also continue to support community partners like Hope Rescue Mission, Salvation Army, and other organizations with both monetary donations and volunteer support.

Of course, we also support our community by providing the best plumbing and HVAC technicians, services, and products in Berks County.

It is for all these reasons that so many people have chosen to use Essig and continue to choose Essig for so many years. For this we say, thank you Berks County for placing your trust in our humble company for the last 85 years, we certainly appreciate the support!

New Castle Lawn & Landscape ranked #2 throughout Canada

and the US!

Beyond helping our customers to achieve the beautiful properties of their dreams, at New Castle Lawn and Landscape, we're big supporters of giving back to those in need, right in our very own backyard, right here in the Greater Reading area. We are a locally owned and operated business and we proudly employ a family of more than 60 employees. That family helps New Castle support such organizations as Helping Harvest, Habitat for Humanity of Berks County, Daysprings Homes, and John

Paul II Center for Special Learning.

Why choose New Castle? Our focus is on people. We strive to create and to support a work environment that's positive, that encourages growth, and that is a place where our employees look forward to coming to work each and every day. In doing so, that joy is paid forward to our customers through quality of work, and to our community through our efforts to give back. Our culture and our team are what truly sets New Castle Lawn and Landscape apart as a great place to work, and as a great landscaping business.

The New Castle team is led by co-owners Brian Cuccaro, a Penn State alumnus and one of New Castle's founders, and Brad Stephenson, a 1994 Governor Mifflin alumnus, as well as a graduate of Berks Career & Technology Center. Brian gets down to brass tacks meeting with HOA clients and attending community board meetings. Brian is also responsible for spearheading the New Castle inclusivity initiative by promoting a bi-lingual company culture. In addition, Brian is involved with the Seasonal Employment Alliance and regular visits to Capitol Hill to discuss the issues that seasonal businesses face.

Stephenson works hard to complement that initiative by overseeing and developing the tight-knit family culture at New Castle and acts as a mentor to employees. Additionally, Brad plays an active role in the community and interest groups and brings what he learns from other local leaders to the table at New Castle. Asserts a New Castle team member, "New Castle believes that if you give people the power to make decisions instead of providing them with the answers, your team will grow and take a more vested interest in the company."

New Castle team members go above and beyond to provide the best possible customer service and products. We are a respected landscape management firm providing a full range of high-end landscape design and build services, as well as ongoing care and maintenance programs for lawns and landscapes. This includes: hardscaping and outdoor living projects, design, planting and enhancements, lawn care, tree care, plant health care, snow removal, Spotted Lanternfly Control and more. Mom Chaffe's Cellarette
148 Tulpehocken Avenue
West Reading, PA 19611
610-374-5733
Momchaffes.com

In August 1936, Mom Chaffe fulfilled her dreams of a tiny Italian restaurant. She opened it in a quiet residential area of West Reading and named it The Cellarette. After her passing in 1956, the family sold the business in 1962 to Ellie and Leroy Heffner and the restaurant was renamed Mom Chaffe's Cellarette. When the Heffner's retired in 1978, they sold the business to Bill Remley. Melvin Lehman and his son John came on board as Bill's business partners in December 1979.

After a year, The Lehman's bought Bill's half of the business. After Melvin's passing in 2009, his son and wife continued with the business. Polly Lehman became known as the face of Mom Chaffe's. She died in March of 2019 at age 98. Her son John continues the tradition of hospitality that Mom Chaffe began in 1936.

Roy Owens started the Overhead Door Co. of Reading in 1965 by providing quality garage door products, installation and service. Fifty-seven years later, the ownership of the company remains in the family. Roy's sons -- Bill Owens, president and Dave Owens, who manages day-to-day operations -- continue to strengthen Overhead Door's reputation for outstanding service among both residential and commercial customers as the foundation for the success of the business.

Overhead Door is so much more than just garage doors. There's a wide variety of other products and services that Overhead Door provides, such as the Americans with Disabilities Act-compliant automatic entry doors, high-speed fabric and metal doors, insect barrier/ventilating doors, rolling and

sliding fire doors, operable walls and accordion partitions, loading dock equipment and service and industrial hollow metal doors and frames.

The company is also very active in the automatic door industry, especially in the service and repair area. Residentially, they have become one of the area's top retractable awning dealers, providing awnings by SunSetter and Perfecta.

Overhead Door Co. of Reading, along with divisions owned in Lancaster, Chester and Delaware Counties, and Berwick, collectively services Berks, Schuylkill, Montgomery, Bucks, Lancaster, Lebanon, Columbia, and Chester and Delaware Counties, including the greater Philadelphia area.

promaxfence.com

We are grateful for your support! We'd like to think our success is based on commitment to quality and customer service "If you work hard and provide quality workmanship, you will be

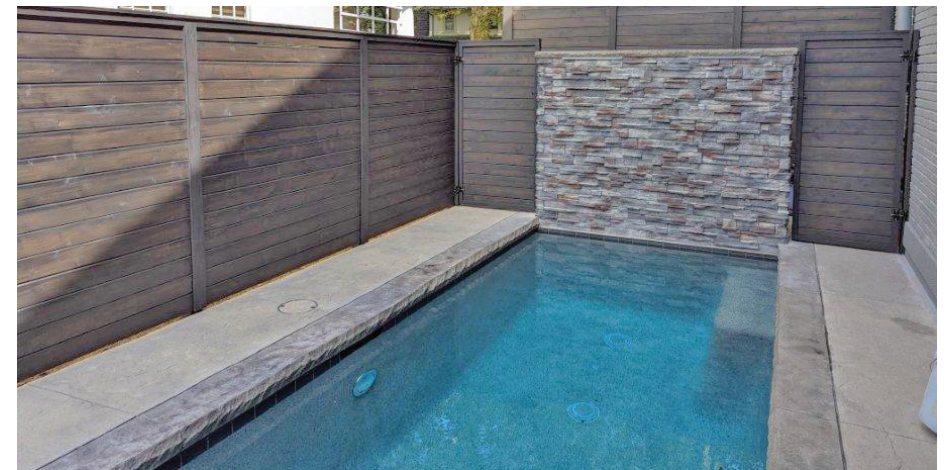

successful" says Brenden Van Buren, President.

2022 brought new challenges to our industry such as increased pricing, supply chain issues and labor shortages. The labor shortage has affected daily operations and we've relied heavily on our staff to step in and assume additional roles and workload. "We're very proud of our team who have become accustomed to the "new normal" and have gone above and beyond every day."

ALUMINUM | CHAIN LINK | VINYL | WOOD | ACCESS GATES | CUSTOM BUILDS

Despite these challenges, thanks to our loyal customers, we have continued to grow. With more homeowners choosing to improve and

invest in their homes, our residential department has grown and expanded into the State College area.

Locally we've seen an increase privacy and security. A privacy fence not only provides privacy it also helps to keep your family safely out of the public eye. Especially in more suburban areas, such as the custom horizontal privacy fence we recently built for a customer's pool area. Making the best use of your space is easily achieved with fencing.

Controlling access to your home's yard is easy with our Access Control department. Today, more and more people are using in-home services such as household deliveries, pet care, lawn

care services and more. We can develop a simple keyed access gate for pedestrian access or an automated driveway gate system.

We work hard to ensure that we continue to honor our promise of professional service at the maximum value.

Pro Max Fence Systems is conveniently located in the heart of Berks on Centre Avenue near route 12 in Reading. We're poised to serve with on-site appointments, a showroom or by using our virtual estimator for residential projects. Additionally, we serve the commercial, industrial, and municipal markets.

Local Berks County entrepreneurs Allen and Margaret Homan officially opened the doors of Time to Rise Fitness (T2R) in October 2020, bringing Allen's years'-long dream to life. After completely re-envisioning the space at 6525 Shillington Plaza, Shillington, PA, Allen brought Time to Rise Fitness to the people of Berks County. Allen and Margaret own two other businesses, Homan Excavating Inc. and The Fab Shop LLC, making the gym their third. The Homan family is continuing to add to the economy in Berks County, a place they've called home for many, many years.

Since opening in October 2020, Time to Rise Fitness has continued to be upgraded through optimizing the space, listening to member desires, and adding new equipment. T2R is a gym dedicated to all forms of fitness and training. This gym provides state-of-the-art equipment, including: Arsenal Strength, Ghost Strong, Hammer Strength, Precor, Assault Fitness, and Intek, while also offering cardio equipment, a dedicated powerlifting room, a strength and conditioning zone with turf, and studio space. As Time to Rise Fitness grows, as will the offerings within the gym. New equipment is always on the horizon, and the gym staff are always open to suggestions to keep making the gym great.

Personal training is welcome and encouraged at T2R. There are a few personal trainers already who work out of

the gym, so feel free to stop by and speak with them to get started if you don't know where. Whether you feel most at home using cardio equipment, lifting weights, or practicing yoga, Time to Rise Fitness will provide a space for you to rise and become the best version of yourself.

Time to Rise Fitness hosts two powerlifting events a year, one in June and one in November, that are open to the public. T2R also hosts charity events, fundraisers, and challenges for members and the community to enjoy!

As the years go on, we are constantly reminded how lucky we are to have such amazing and supportive members, without whom we would not have the facility we do today! Stop by today to check us out, your first workout is on us!

In 1980, the Boscov family acquired what is now known as the Boscov's Fairgrounds Farmers Market. The original market opened in the 1940's as a Saturday only market supported by local farmers. When the Boscov family acquired the market, they opened the market doors three days per week in an effort to serve more community members. Vendors provide top quality, locally sourced produce, meats, poultry, freshly baked goods, beer, wine, seafood, soups, organic meats and produce and some homemade treats for your pets as well as a wide range of prepared culinary dishes.

The market takes pride in serving the members of our community by offering healthy, affordable, quality products as an alternate to big chain grocery stores. Most vendors continue to offer curbside pickup for your convenience. "The secret to our market is that our vendors are passionate and loyal to their customers and community they serve," said Jim Boscov, Chairman and CEO of Boscov's. "If you haven't experienced the joy of the Market, I encourage you to give it a try... you will not be disappointed!"

Now one of the largest markets in PA, customers get to enjoy an incredible assortment from 65 local vendors.

Making Memories with Miss Brenda

Making Memories with Miss Brenda provides positive childcare experiences and interactions for preschool aged children in Berks and neighboring areas. Brenda has won recognition in both 2017 and 2019 and now 2022.

Brenda Castellano, Owner and operator of Making Memories with Miss Brenda started her business over 37 years ago. Brenda and her family attend workshops and training throughout the year to keep up with the best practices and developments. Miss Brenda's experience started over 38 years ago at Reading High School where she graduated in 1988. She has tried different employment opportunities to see if she would like them, but her husband Joe encouraged her to do what she has a passion for and start babysitting and their business grew to where it is today. Her children Jenna and Anthony also have roles in helping to keep the business moving smoothly.

Brenda is licensed through PA Department of Human Services and is accredited by Pennsylvania Keystone STARS. Furthermore, she is affiliated with several organizations such as PACCA (Pennsylvania Child Care Association), Start Strong PA, and ELRC (Early Learning

Resource Center). These organizations help sustain and provide valuable resources to share with the families.

Miss. Brenda has a different approach to education for the young children in her care as we have play based while using Creative Curriculum. She wants to provide all the children with safe, secure, affordable, and quality care for our families in a home-like environment. She also strives to create a positive atmosphere so the children can interact with their peers, teachers, and families.

Miss. Brenda believes that children can learn from their peers regardless of their abilities. Most children are reading, writing, tying shoes and so much more before entering kindergarten. With the small classroom ratio, she has the children can receive more one-on-one instruction to help build a great foundation for their education. Along with building partnerships with the families so we can work together at home and at school.

She feels good seeing families post

on social media about how she cares for their children including her interactions and what she does to help them overcome challenges. Even when the children grow up and move onto school, college and marriage she tries to stay in touch. Miss. Brenda is happy when she can connect and become friends with them on social media as it fills her heart with joy as she can see what they are doing in their life. She wants nothing but the best for them and their families.

In November 2014, the Martin's opened their Wyomissing store located at 350 North Park Road, Wyomissing. The

Martin's attribute their growth to their unwavering commitment to exceed customers' expectations. "We Install Confidence" is not just words to them. "Installing Confidence starts the moment the customer walks into one of our showrooms, visits our website, or calls our store," Mike said. "It does not end until we have completed the project to the customer's satisfaction, not ours. That is how we install confidence."

BEST TIRE STORE**Kantner's Tire Service**

Kantner's Tire Service
230 Franklin Street
Shoemakersville, Pa 19555
610-562-2567
www.kantnerstire.com

Kantner's Tire Service, Inc. is a family owned and operated tire sales and service business located in the town of Shoemakersville, PA. March 2022 marked 45 years that Kantner's has been owned and operated by the Roberts family.

Our history starts when Glenn Roberts (President) was hired by Paul Kantner in April 1974 to learn the business with the goal of purchasing the shop within 10 years. Unforeseen circumstances

changed that timeline, so Glenn, and his wife, Jane, officially purchased Kantner's, which consisted of two garage bays and a tire warehouse, in March of 1977. In 1990, the business expanded to include an additional bay, an additional warehouse, office and waiting room. In 1994 and 2000, respectively, Troy and Todd (Glenn and Jane's sons), joined the business on a full-time basis and are now vice presidents within the corporation. Trevor Roberts (son of Troy) started full time after graduating high school in 2013 and marks the 3rd generation working in the business. Derek Roberts (son of Troy) joined the family business following his graduation from Indiana University of PA in May 2022. Kantner's team consists of the following additional employees: Rodney Hollenbach, Dustin Kistler, Dustin Kunkle, Andrew Fry, Kevin Angstadt, Kyle Grynastyl, J.R. Molnar and Heidi Roberts (Troy's wife).

Kantner's provides tire sales and service for passenger and light truck, commercial

truck, the agricultural community, as well as small garden tractor, ATV and anything in between. We have a fleet of four service trucks and offer on-site and roadside commercial and agricultural tire service within a 30-mile radius.

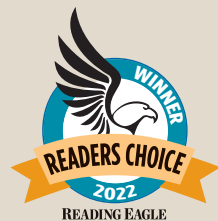

The teamwork and comradery among our staff are what makes our business a success. While serving our customers is top priority, taking care of our employees is equally important. Ensuring our employees have a work/life balance was a key driver in the decision to go to a Monday-Friday work week (closing our shop on Saturdays). To accommodate our customers, we have adjusted our process to include a key drop and pay over the phone system that will enable those folks who work during our business hours the ability to have Kantner's service their tire needs.

Our business is built on the foundation

of providing our customers efficient and exceptional service. We are grateful for the loyal patronage of our customers, especially during the uncertainty of the times and rising costs, and will continue to provide quality service for many years to come. Thank you for naming us "Best Tire Store" for a second time!
