Get Vaccinated and Boosted!

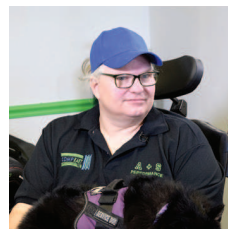

Unfortunately, many people now feel that COVID isn't a deadly threat anymore, but if you're an older adult or a person with chronic or disabling conditions, getting COVID can still kill you. Getting Vaccinated was definitely the right decision for me."

David Wantuck - Amherst, NY

"Everyone is different. If you catch COVID, there's no way to predict how severe it might be. It can kill you or you can have no symptoms at all. That's why I got Vaccinated."

Krystle Babbs - Buffalo, NY

If you are listening to all the misinformation out there, listen to this. The COVID vaccine is still the safest and most effective way of reducing risk of a serious illness or death. Just ask your doctor, I did!"

Valerie Swarts - Holland, NY

Home Energy Assistance Program (HEAP) 2022–2023

Regular HEAP is scheduled to open on November 1, 2022
Emergency HEAP is scheduled to open January 3, 2023

Apply for HEAP on-line at myBenefits.ny.gov
beginning October 1, 2022.

Applying on-line is easy, applications are received by the agency right away, and allow the applicant to track the application and benefits.

Interviews can be done over the phone.

Most individuals or families **receiving either Temporary Assistance or SNAP benefits** on September 19, 2022 will receive a one-time Regular HEAP benefit through that case and do not need to apply separately.

Livingston County residents who are unable to apply online, may request an application be mailed by calling (585) 243-7300. HEAP applications are accepted and mailed starting **October 1, 2022** at the **Livingston County Department of Social Services**
1 Murray Hill Drive, Mount Morris, NY 14510

- Non-heating electric shut offs cannot be paid with Regular HEAP Benefits.
- Do not wait until you are out of fuel to apply for HEAP. Let us know when you are **low on fuel** (less than a quarter tank). "Off Route" delivery charges will be deducted from your HEAP grant, so you will receive less fuel from your HEAP grant.
- If you have a shut off notice on your natural gas or electric, contact us **prior to being shut off**. If service is shut off, the company does not have to accept the HEAP grant to turn it back on.

Training & Professional Development Coordinator

The Livingston County Board of Supervisors has appointed Jaclyn Woollett as the County's New Training and Professional Development Coordinator.

A newly formed position, the Coordinator will be responsible for creating, implementing, monitoring, sourcing & facilitating County-wide training, learning and development activities that align with the County's strategic plan and various human resources and administrative initiatives.

Woollett comes to the County after having recently served as Grant Coordinator with Genesee Valley Health Partnership where she developed, implemented and evaluated workplans and budgets related to the New York State Office of Rural Health grant. In addition, she provided marketing support through social media, newsletters, press releases and other communication strategies to maximize the reach of Genesee Valley Health Partnership.

"We are thrilled to welcome Jackie in this important role," added Ian M. Coyle, Livingston County Administrator. "Her expertise will be of great value in helping our employees grow in their respective roles as we continue to offer exemplary service to our residents."

Prior to her time at GVHP, Woollett, who has over a decade of experience working in public health, served as the Executive Director at the Institute for Human Services where she was responsible for the oversight of a multi-service member organization that provided management support services and more for health and human service agencies throughout the Southern Tier. In addition, Woollett served in a leadership capacity with the Steuben Rural Health Network and previously worked for the County as its Disease Control and Preparedness Specialist and as a Public Health Educator.

Woollett has also worked in higher education having served as adjunct faculty with Monroe Community College, Cornell University and American Public University.

Woollett earned a Bachelor's degree from SUNY Brockport in Health Science and would go on to obtain a Master's degree in Public Health from American Public University. Additionally, she received a Doctorate in Public Health from Walden University in 2017. She has an extensive background in development and education, which she said she'll use to further the County's strategic initiatives.

"As the incoming Training and Professional Development Coordinator, I look forward to creating a robust program for County employees to acquire new skills, sharpen existing ones and cultivate leadership qualities," she said. "I am grateful to County Administrator Coyle and the Board of Supervisors for the opportunity to serve Livingston County in this leading-edge focus. It is an exciting time to be a part of the County and I can't wait to get started!"

Woollett began her new role on Monday, October 17th.
