Sacred Cultural Forests

Learn about the sacred cultural forests of the world at Central Lakes College's next Cultural Thursday event, happening at noon on Thursday, Nov. 3 in the Chalberg Theatre, Brainerd campus. The event is free and open to the public. Attendance via Zoom is also an option. Register for the Zoom link here: tinyurl.com/jhad9n85.

Speaking with be Dr. Samantha Jones, who has traveled the world helping communities preserve and manage sacred forests and

trees. Hear her stories of ancient sentinels, sacred trees and forests and why we revere them. Dr. Jones will take us to the forests of Tanzania and Bhutan, to Japan and beyond. She'll also connect that global perspective with the trees we hold as significant here, such as champion trees and old growth forests and why they should be afforded special attention and management.

For more information on the Cultural Thursday series, please contact Jason Edens at Jason.edens@clcmn.edu.

PICK MICK Re-elect Mick Moriarty • Aitkin County Recorder

Over a decade ago I began working for Aitkin County and was elected to serve as your Recorder in 2014. The documents we preserve are of the utmost importance for legal and business transactions and a vast store of our county's history. I led the digitalization process, and technology is great, but without accuracy, it means nothing. I am knowledgeable, meticulous and detail oriented. I know the importance of tax revenues and expenditures to stay fiscally sound. My years of service have been an asset and my campaign ethical and honest. Taxpayers deserve someone who is principled, experienced, friendly, and helpful. My focus is you. I am asking for your vote this November.

Grants help children get outside for a lifetime of outdoor experiences

The Minnesota Department of Natural Resources has another phase of the No Child Left Inside grants. These grants help more children cast a line, study animal tracks, hike or bike, or simply learn more about nature.

"This successful outreach grant program continues to send resources to schools and organizations to help get children outdoors," said Jeff Ledermann, DNR education and skills team supervisor. "These grants help boost outdoor programs and initiatives all around the state and especially in communities with limited opportunities to connect with nature."

Public entities and nonprofit organizations serving youth younger than 18 can apply for No Child Left Inside grants.

Grant funds will help implement the vision of the Minnesota Children's Outdoor Bill of

Rights' (mn.gov/children-outdoors/) for each and every Minnesota child to experience outdoor recreational activities and discover the natural environment regardless of where they live, learn, or play.

The DNR will accept applications for both mini grants (less than \$5,000) or larger grants (\$5,000-\$25,000). The request for proposals will be available on the DNR website (mndnr.gov/No-Child-Grants). Applications will be accepted through 2 p.m. Wednesday, Dec. 7.

Mini grant awards will be chosen by lottery, while larger grant awards will be selected using a competitive review process. Funding can be used for outdoor recreation equipment, transportation, and related natural resource education expenses.

The DNR will host an informational webinar at 3:30

p.m. on Tuesday, Nov. 1, to review grant requirements, the application process and to answer questions. Attendees must pre-register using the registration link on the "Who should apply for No Child Left Inside grants" page of the DNR website (mndnr.gov/No-Child-Grants/Who-Should-Apply.html). The webinar will be recorded and posted on the website for those who are unable to attend.

The 2021 Minnesota Legislature appropriated \$900,000 from the state's General Fund and the Heritage Enhancement Account of the Game and Fish Fund to continue the work of the No Child Left Inside grants program. Half of those funds were awarded to 44 mini grants and 16 larger grants in 2022, and this current application process will distribute the remaining funds available under this appropri-

ation. For more information about the grant program, instructions for how to apply, and a link to the application or informational webinar

registration, visit the No Child Left Inside grants page of the DNR website (mndnr.gov/no-child-grants). Questions about these grants or the application

process should be emailed to outreachgrants.dnr@state.mn.us with "Grant Questions" in the subject line. People may also call 888-646-6367.

Zebra mussels in West Rabbit Lake

The Minnesota Department of Natural Resources has confirmed zebra mussels in West Rabbit Lake, near Cuyuna in Crow Wing County.

Property owners on West Rabbit Lake contacted their lake association and posted information on social media about finding zebra mussels in the lake. A DNR invasive species specialist searched several areas of the lake and found at least one zebra mussel at each location. East Rabbit Lake, Clinker Lake and Turner Lake will also be listed for zebra mussels because they are connected to West Rabbit Lake.

"Lake property owners and lake service provider businesses can play an important

role in detecting invasive species by carefully examining boats, docks and lifts when they are being removed from the water at the end of the season," DNR Invasive Species Unit Supervisor Heidi Wolf said.

Lake property owners should carefully look for invasive species on the posts, wheels and underwater support bars of docks and lifts, as well as any parts of boats, pontoons and rafts that may have been submerged in water for an extended period.

Whether or not a lake has any invasive species, Minnesota law requires people to:

- Clean watercraft, trailers and equipment to remove aquatic plants and prohibited

invasive species.

- Drain all water and leave drain plugs out during transport.

- Dispose of unwanted bait in the trash.

- Never release bait, plants or aquarium pets into Minnesota waters.

- Dry docks, lifts and rafts for 21 days before moving them from one waterbody to another.

Also:

- Spray with high-pressure water or rinse with very hot water (120 degrees for at least two minutes or 140 degrees for at least 10 seconds).

- Dry watercraft and equipment for at least five days before using in another waterbody.
