PAID FOR BY MILLER FOR COUNCIL 2022

ARIES (March 21 to April 19) You might feel compelled to get involved on the “right side” of a seemingly unfair fight, but appearances can be deceptive. Get the facts before going forth into the fray.

TAURUS (April 20 to May 20) Bullying others into agreeing with your position could cause resentment. Instead, persuade them to join you by making your case on a logical point-by-point basis.

GEMINI (May 21 to June 20) Resist pushing for a workplace decision you might feel is long overdue. Your impatience could backfire. Meanwhile, focus on that still-unsettled personal situation.

CANCER (June 21 to July 22) Your aspects favor doing something different. You might decide to redecorate your home, take a trip somewhere you’ve never been, or even change your hairstyle.

LEO (July 23 to August 22) You might want to take a break from your busy schedule to restore your energy levels. Use this less- hectic time to also reassess your plans and make needed changes.

VIRGO (August 23 to September 22) What you like to think of as determination might be seen by others as nothing more than stubbornness. Try to be more flexible if you hope to get things resolved.

LIBRA (September 23 to October 22) Watch that you don’t unwittingly reveal work-related information to the wrong person. It’s best to say nothing until you get official clearance to open up.

SCORPIO (October 23 to November 21) With things settling down at work or at home, you can now take on a new challenge without fear of distraction. Be open to helpful suggestions from colleagues.

SAGITTARIUS (November 22 to December 21) Your creativity can help resolve an emotional situation that might otherwise get out of hand. Continue to be your usual caring and sensitive self.

CAPRICORN (December 22 to January 19) You could impress a lot of influential people with the way you untangle a few knotty problems. Meanwhile, a colleague is set to share some welcome news.

AQUARIUS (January 20 to February 18) Aspects favor recharging your social life and meeting new people. It’s also a good time to renew friendships that might be stagnating due to neglect on both sides.

PISCES (February 19 to March 20) Congratulations. Your talent for working out a highly technical problem earns you well-deserved praise. The weekend could bring news about a friend or relative.

BORN THIS WEEK: Your sense of justice makes you a strong advocate for the rights of people and animals alike.

Kevin Garrison Memorial Kevin Lee Garrison 05/18/1968 - 10/20/2022 Born in 1999 then Centreville VA in 2009. He was married for 25 years to Michele Rotondi, and was the proud father of Alexander G Garrison. He is also survived by his father, Gail E. Garrison, his mother Marie Fritz Garrison, and his brother Scott Garrison, wife Debra Garrison, niece Lauren Garrison Cruz, nephew Michael Garrison, and the many other people he called family and friends, too numerous to name. He had recently found love again, and Nicolett Kaposvari deeply mourns his loss as well. Kevin loved life even as he battled depression and heart issues. He loved Renaissance Faires and some of his favorite parts of life were working for Lundegaard Armory at both the NYRF and the CRF. He made many friends over the years through the community there where he was known for his good nature and snarky sense of humor. He was an artist who loved working with leather, wood and even painting/repainting Windstone dragons and other figures. He will be missed by many. Memorial will be held at the Danville YMCA on 11/12 from 2-5 pm. For information, contact Michele (571) 926-0057 SimplyMicheleR@gmail.com

Mysterious Figure

Sometimes inventions have changed how we perform a job. They make a certain tool or decoration no longer useful, and its earlier use is forgotten.

A 5-inch-tall bisque vase shaped like a man in a political uniform was one of these mysteries in a recent auction. It could hold small flowers for a very short time, because the small opening would hold only enough water for flowers for a day.

We have seen similar small figures identified as match holders, but it could be a "whimsy" (a fanciful figure, perhaps even a joke). We were sure it was old, and we thought the figure was a caricature of a known English politician. The style of pants, short shirt, yellow epaulets, curly hairdo and flat hat seemed proper. Whatever it was used for, it was appealing, and with eight bids, it sold for \$59 at the Conestoga auction in Pennsylvania. The value will go up if the man can be identified.

Q: What is a 100-year-old Hohner Professional model chromatic octave harmonica worth? It's in a red case that has "Made in Germany" printed on it.

A. The first harmonicas were made by hand in the 1820s. Matthias Hohner, a watchmaker in Trossingen, Germany, used machines to mass produce harmonicas. He founded his company in 1857. The company is best known for its harmonicas and accordions, but it also made other musical instruments. By 1930 it was the world's biggest musical instrument maker. Hohner began making chromatic harmonicas in 1912. Depressing the button on the side of the harmonica changes the notes a half step, making it possible to play a chromatic scale. Hohner became part of KHS, a Taiwanese musical instrument company, in 1987. Hohner has made over a billion harmonicas. Most aren't worth much, less than \$50, because they are so common. If the harmonica is a model collectors want or if there is something unusual about it, it's in perfect condition and has the original box, it might

sell for more. Take it to a music store in your area and see if someone there can give you an idea of value.

TIP: The material used to make repairs is warmer to the touch than the porcelain. Feel the surface of a figurine to tell if there are unseen repairs.

HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Kenneth Branagh will direct and play Agatha Christie's master detective Hercule Poirot a third time, as he did for "Murder on the Orient Express" in 2017 (\$55 million cost with a \$352.8 million gross) and "Death on the Nile" in 2022 (\$90 million cost with a \$137.3 million gross). Both were remakes of previous all-star films. He's chosen a lesser-known book of Agatha Christie's — "A Haunting in Venice," set in the post-WWII era.

Directed by Sidney Lumet, the original "Murder on the Orient Express" (1974) starred Albert Finney as Poirot, along with Ingrid Bergman, Lauren Bacall, Sean Connery, Martin Balsam, Vanessa Redgrave and Anthony Perkins. "Death On The Nile" (1978) was directed by John Guillermin and starred Peter Ustinov as Poirot, Bette Davis, Maggie Smith, David Niven, Mia Farrow, Simon MacCorkindale and Angela Lansbury. Branagh boasts that he's assembled an all-star cast with Jamie Dornan, Tina Fey, Michelle Yeoh, Ali Khan, Emma Laird, Kelly Reilly and Riccardo Scamarcio. Is that an all-star cast?

Angela Lansbury

ic. "The Mousetrap" reopened in May 2021 and has been going strong from there. Off-Broadway's longest running hit, "The Fantasticks," pales by comparison, with a 1960 opening running 42 years and 17,162 performances (until 2002). The 2000 film, directed by Michael Ritchie and starring Joel Grey, was a critical and box office failure. Christie knew what she was doing ... it was no mystery to her!

A last word about Angela Lansbury — fans of "Murder, She Wrote" can't imagine how much Angela and her character, Jessica Fletcher, were alike. Thanks to my friendship with the legendary Esme Chandlee, an MGM publicist during the Golden Age of Hollywood who handled Elizabeth Taylor, Ann Miller, Jane Powell and Angela (among many others), I was invited to many lunches and dinners with Esme and Angela. Angela had the ability to make anyone feel accepted and welcomed in her world. I never wanted those meals to end. The angels are the lucky ones now!

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

Social Security Benefit for 2023

It's official: Our Social Security increase for 2023 will be 8.7%. They say it's the largest increase in 40 years.

For the average senior, that's going to mean a \$146 monthly increase. Plus we're getting a small "rebate" on that massive Medicare Part B increase we faced last year when the cost went to \$170.10 to pay for Aduhelm, an Alzheimer's disease drug that was said to cost \$56,000 per year. (After facing criticism, manufacturers had to cut the cost in half, down to \$28,200.) We'll now save \$5.20 on our Part B premium, with the average monthly deduction being \$164.90. The Part B annual deductible will drop to \$226, a \$7 savings.

What's disturbing is that only a few months ago the financial gurus were expecting we'd receive a 10.2% increase on Social Security, based on all the high prices we've been seeing this year and will likely see into 2023. Instead, they've lowered that to the 8.7% ... while prices have continued to rise.

The problem is how those annual increases are calculated. They use the Consumer Price Index for Urban Wage Earners And Clerical Workers (CPI-W), which calculates the prices of goods and services for things those urban workers care about: clothing, education, electronics and so on. That CPI-W covers 29% of the population. Instead, they should use the Consumer Price Index for the Elderly (CPI-E), which focuses on goods and services that seniors spend money on: medical, drugs, food, housing and so on.

The next time you call your senators and representatives, be sure to ask why the Elderly index isn't being used. After all, they've been thinking about it since the 1980s.

Meanwhile, don't let the Medicare open enrollment period pass you by. Until Dec. 7 you have the option to make changes to your original Medicare Advantage plan, supplemental plan and prescription drug plan.

• On November 1, 1941, Ansel Adams shot a picture of a moonrise over Hernandez, New Mexico, that would become one of photography's most famous images. Adams made more than 1,300 prints of it during his career including one that sold at a Sotheby's auction for \$609,600 in 2006.

• On October 31, 1955, out of loyalty to the crown, England's Princess Margaret announced she would not marry Group Captain Peter Townsend. His divorced status would have forced her to give up her royal title, Civil List allowance, and place in the line of succession to the throne.

• On November 3, 1960, Congress passes an act creating the Great Swamp National Wildlife Refuge. Morris County, New Jersey, residents and the Port Authority of New York and New Jersey wanted to turn the swamp into a regional airport.

• On November 5, 2003, Jarome Iginla of the Calgary Flames, one of just 20 players in NHL history to score 600 goals, became the first Black player in the NHL to become captain. The previous year, Iginla was the first Black man to win gold in the winter Olympics when Canada beat the U.S. at hockey in Salt Lake City.

Expanded Help for Veteran Caregivers

The Department of Veterans Affairs is giving a helping hand to veteran caregivers of all eras. The Program of Comprehensive Assistance for Family Caregivers (PCAFC) has been expanded to include eligible veterans who served after May 7, 1975, and before Sept. 11, 2001.

At-home caregivers have been the glue that held together any number of veteran programs, and now more of them will get the assistance they need. The program assists caregivers with health insurance and access to health care through CHAMPVA, peer support, respite care (30 days per year), education and training, financial assistance and monthly stipend, certain travel expenses, resources and more. The program includes both primary and secondary (backup) caregivers, although there are different services for secondary.

At the same time, the VA is extending the length of time that Legacy participants, veterans and their caregivers can stay eligible for the program. This date now runs through Sept. 30, 2025. "Legacy" means that a veteran was designed as eligible before Oct. 1, 2020.

Eligible veterans include those who had a serious injury or a serious illness during active duty during any service era. The veteran must have a disability rating of 70% or higher, have been discharged or have a medical discharge and need at least six months of personal care services for assistance such as feeding, supervision, safety and bathing.

To learn more about the Caregiver Support Program, call them at 855-260-3274 on Monday through Friday from 8 a.m. to 10 p.m. EST, and on Saturday, 8 a.m. to 5 p.m. EST.

For an online application and specific eligibility criteria, go to www.va.gov/family-member-benefits/comprehensive-assistance-for-family-caregivers. Look for the link to VA Form 10-10CG. In addition, the veteran needs to be enrolled in VA health care. Apply for that on VA Form 10-10EZ on that same webpage. Don't send any medical records with your applications. The VA will ask for those later.

* If the sun explodes, we won't know it until just over eight minutes afterward.

* Pretty much everyone finds TV ads annoying, but at least they don't normally last too long -- with the exception of a commercial for Old Spice that aired in Brazil in 2018 and ran a staggering 14 hours, earning it a Guinness World Record for the longest TV ad ever.

* "I feel the following is the best way to remove lint from the trap on my dryer. After completion of the drying cycle, take the used Bounce dryer sheet and swipe the screen. Then throw it into the wastebasket located next to the dryer. For loads not using Bounce, take a used one from the wastebasket and use. This puts the Bounce sheet through a complete clothes-drying cycle." -- G.B. from Minnesota

* A great way to keep tennis shoes and other shoes together: When you take them off, tie the shoes together by the shoestrings (loosely) or connect the two shoes with Velcro straps if they close that way. In doing this, it is much faster and easier to find BOTH shoes when ready to go. Keep smiling! -- J.B. in Virginia
