The Visionary is a locally owned, independent, full-service optometry practice with the same doctor and the same staff you see each visit. We value our relationships with each of our patients, some of whom are the fifth generation of their families to SEE us.

Being an independent office means WE get to choose what is best for our patients; the best care, the best frames, the best lenses and contacts. We are not beholden to any insurance company or corporate structure that dictates patient choices.

Every member of our staff is cross-trained and excels in one area be it contact lenses, examination pre-testing, frame selection, adjustments or fabrication of eyewear.

When you visit The Visionary, you become family. We treat you the same way we expect to be treated. Just ask your friends and neighbors. We have been here for 29 years from our word of mouth referrals.
