### AES Clean Energy Development LLC – Somerset Solar Project Niagara County, New York

#### 60-DAY NOTICE OF INTENT TO FILE AN APPLICATION

AES Clean Energy Development, LLC ("AES") is proposing to construct the Somerset Solar Project, a major solar electric generating facility, under Section 94-c of the Executive Law (Section 94-c). This notice announces that on or about April 4, 2023, AES intends to file an Application with the Office of Renewable Energy Siting (ORES or the Office), pursuant to Section 94-c seeking a Siting Permit from the Office authorizing the construction and operation of the Project. The 94-c process has been implemented by rules enacted by the Office and establishes a review process with uniform standards and conditions for all renewable energy projects. The uniform standards and conditions are available at 19 NYCRR 900-6 and www.ores.ny.gov/regulations.

The Somerset Solar Project is proposed to be an approximately 125 megawatt (MW) solar photovoltaic electric generating facility proposed to be located in the Town of Somerset, Niagara County, New York (the "Project"). The Project will span approximately 693 acres ("Facility Site"). The Project is anticipated to positively impact both the environment and the local economy by reducing carbon dioxide emissions by an estimated 131,000 metric tons each year – the equivalent of taking approximately 28,000 cars off the road – and producing significant tax revenue and other economic benefits for the area. The Facility will include, among other components, solar panels, access roads, substation, inverters, transformers, electrical collection lines, and temporary construction staging and storage areas.

For more information about the Project please visit the Project website at https://www.aes.com/somerset-solar-project or contact Somerset Solar at:

Upon filing the Application, AES will provide funding in the amount of \$1,000/MW proposed in the Application to be deposited into a local agency account to be made available to local agencies and potential community intervenors for the purpose of contributing to a complete record leading to an informed permit decision as to the appropriateness of the site and the facility, and for local agencies, shall include the use of funds to determine whether a proposed facility is designed to be sited, constructed and operated in compliance with applicable local laws and regulations. 19 NYCRR 900-5.1

Any local agency or potential community intervenor shall submit a request for initial funding **within thirty (30) days of the date of application filing** and such requests can be made to:

OR by mail to:

**Christopher Robert Fergen**, 60, of Middleport, NY, passed away peacefully on Jan. 30, 2023, with his loving wife at his bedside, ending his two-and-a-half-year battle with stage IV liver cancer. He was a true medical miracle beating all the odds. Born on May 26, 1962, in Medina, he was the son of the late Robert Charles Fergen and Rayleen Eleanor Boles Fergen Hill. Fergie graduated from LA Webber Jr/Sr High School in

1980 in Lyndonville, NY, where he grew up surrounded by a supportive community of great teachers, neighbors, and life-long friends. He was so happy to make the Class of 1980 reunion last summer. He talked about it for months and set a goal to make the next one. Chris had many jobs during his sixty years of life. His favorite one was raising his kids, Saira, Rayleen, and Jessie, with help and support from their grandparents, Cheryl and Don Cherry. He enjoyed going to their school events and being a soccer dad. He met and fell in love with his wife Tina Washburn while working together at HPI in Medina, and they were married in 2015, and he happily accepted the role of father to Richard, Ayla, Randy, and Sylvia and loved having all these kids! Chris is survived by his wife Tina and his seven children, Saira (Brian) Borsching, Rayleen Fergen, Jessie (Megan) Fergen, Richard Wright, Ayla (Robbie) Roessler, Randy Wright, and Sylvia Wright, all of New York. Chris was proud to have thirteen grandchildren and many nephews and nieces. He had an extended family of siblings, Ronald Fergen, Karl Fergen, and the late Donna Roper, all from the Rochester area. He had four sisters in his immediate family- Shelley (Robert) Shepard of Tennessee, Barb (Fran) Pecoraro of New York, Dale (Jim) Walsh of Vermont, and his favorite little sister- Brenda (Mike) Christophe of Virginia. His cancer diagnosis brought us all closer and put life into perspective. He enjoyed playing horseshoes, watching car racing, listening to music, Saturday game night, meeting with the breakfast club, traveling with Tina, and meeting new people. Chris was born with the gift of gab. He could lighten the mood in any room with his quick wit and smile. Chris was beloved by all that knew him. His life on earth was too short. Last but not least, he loved his two fur babies, CJ (Chris Jr), the golden retriever, and Sabre, the Chihuahua. They were by his side throughout his illness, providing warmth and good company. In lieu of flowers, please consider an expression of sympathy by donating to the SPCA or your local Humane Society. A celebration of Chris's life will be held in late May.

A great man recently said: "I'm so lucky, I love my life." It is with extreme regret to share that **Arthur J. Hill** passed suddenly and unexpectedly, with family at his side, on Jan. 25 at the age of 78. He was doing what he loved and building until the end. A lifelong resident of Orleans County, Art was born in 1944 in Knowlesville NY, growing up on the Hill Farm and graduating from Medina High School in 1962. In the early sixties Art, known for his love of cars, bought his first race car and

raced at Lancaster Raceway. After his first race, he never looked back and owned various stock cars locally and throughout the Northeast. Art's love for the racing community knew no bounds and he cherished the many many friends he had made over the 60+ years of racing. This community and his involvement in racing was one of his greatest joys, and a staple in his life. Known in the area as the founder of Art Hill Excavating (est 1977), Art was always known as a man that loved his community, the citizens of Orleans County, and many throughout Western New York. He loved to create and help others over his 60 year career. Art's reputation was well known as one of the best operators in the business. He excelled at utilizing equipment with ease, grace, and precision. He loved to share his joy of operating heavy equipment while insisting on being fair, honest, and doing the best job possible for each customer. Art was also a mentor and father figure to many that worked at the company, loving to teach, instruct, and share his amazing knowledge of construction. Through his many years in the business, he befriended many people and loved all that Medina and Orleans County had to offer. Art was so proud of his children. His daughter, Jennifer, has owned and operated Art Hill Excavating for the past 12 years and his son, Jerry, who sells technologies to the Federal Government, meant the world to him. Later in life, Art was able to spend time in Florida as well where he married the love of his life, Marcia, and found his second family. Spending the winters in Florida, Art and Marcia enjoyed cruising abroad, racing, cars, activities on the lake, traveling the country, movies, and spending countless hours together. They were inseparable and loved each other like no other. A huge void has been left by such an amazing man as he touched so many in his life from all corners of the country. His appreciation and love for life was infectious. He was loved so very dearly by so many and will be missed but not forgotten. His legacy will continue as Art Hill Excavating continues to serve Western New York and will for many years to come. Art is survived by his wife Marcia Hamilton-Hill, son Gerald Hill of Leesburg, Virginia, wife Erin Hill, and grandchildren Nova Hill, Abigail Hill, and Kellen Hill, daughter Jennifer Hill-Young of Holley, New York, husband Aaron Young and granddaughter Lyndsay Young, stepson Shane Hamilton, wife Amanda Hamilton and grandchildren Taylor, Nixon and Kennedy, stepson Robert Hamilton, wife Tana Hamilton and grandchildren Christian, Cameron, Bryson, and Brantley, and Stephanie Chiasson and grandchildren Charles and Zachary. All are welcome to attend calling hours on Sat., Feb. 18, 2023, at the Ridgeway Volunteer Fire Company, 11392 Ridge Rd, Medina, NY 14103, starting at 11AM to 2PM with a graveside committal at the Millville Cemetery to follow at 3PM. ## Do you have HEEL pain or ARCH pain?

**HEEL SPUR SYNDROME/PLANTAR FASCIITIS** is a common problem among people who are active. It starts as a dull intermittent pain in the heel and progresses to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing or after walking.

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.
- Contributing factors: Flat pronated feet, high arched feet, poor shoe support, increase age, sudden weight increase, increased activity level, family tendency.
- 95% of our patients' symptoms are resolved with conservative treatment, avoiding surgical intervention.
- We also offer surgical procedures with the best post op success rates using Endoscopic Plantar Fasciotomy techniques (minimal incisions and scarring; often back in a shoe in 1 week).

## Albion Burger King Supports Local Hospice

Written by Julia Alt, Development Coordinator at Supportive Care of Orleans

If you've been to the Burger King in Albion, you know how friendly and personable the staff are. No matter how busy, the staff are always polite and greet every customer they serve with a smile. Local hospice, Supportive Care of Orleans are all smiles after learning they were selected as the local nonprofit of choice since 2022.

When Mark Cammilleri, Owner of the Albion Burger King, met with his staff about what nonprofit they wanted to support, they all agreed that they wanted to give back to Orleans County. Barb, one of the main employees who works the drive through, suggested the local hospice in Albion.

"We've donated to different charities in the past, including Mark's brother's involvement with C.A.R.H.A. (Christian Action Relief for Haiti). We decided, why not do something in our own community that will directly help Orleans County?"

Shelby Hollenback, Burger King Manager, and her husband printed off the Supportive Care of Orleans logo and set up the donation box for the drive through. Every month, Mark Cammilleri gives a check to the hospice based on the donations they received. Many times, Cammilleri matches the amount as well. Starting February 1st, the Burger King will be having a drive through donate-a-thon for Supportive Care of Orleans.

"We were originally going to do it just for Valentines Day, but we decided to start February 1st," Manager, Shelby Hollenbeck said.

Supportive Care of Orleans is overwhelmed by the kindness and generosity Mark and his staff have shown. Donations from this fundraiser will go directly to help the patients and families the hospice serves.

## Main Street lift bridge removed in Albion

Photos and article by Tom Rivers

**ALBION** - In the top photo a massive crane on Jan. 27 picks up the two trusses on the Main Street lift bridge in Albion. Clark Rigging & Rental used a big crane with a 400-ton capacity to lift the 53,000-pound trusses, which were set on land on the north side of the canal. The corroded steel beams will be removed and replaced with new steel. Much of the bottom part of the trusses and other beams are badly deteriorated from road salt and from more than a century of use. The removal of the bridge means there isn't a sturdy span over the canal on Main Street for the first time since at least 1914. When the bridge was built in 1913-1914, there was a temporary companion bridge next to it to allow for some traffic. This could be the first time since the Sept. 28, 1859 bridge collapse that there isn't a bridge on the canal on Main Street. Workers will put new steel on the bridge and it could be reset on Main Street in August or September, said Jon Long, the engineer in charge for the state Department of Transportation. The bridge closed to traffic in November for the 18-month rehabilitation project. A similar effort will start in April in Brockport. The state DOT is paying \$28.3 million to contractors for the two projects.

Crane-Hogan Structural Systems of Spencerport is general contractor for the project, with BVR Construction Company in Churchville hired as a subcontractor for the structural steel work on the bridge rehabilitation.

The first one was removed with a crane at about 11:45 a.m. This photo shows the truss over the lift bridge tower.

The truss on the west side of the Main Street lift bridge is hoisted on the afternoon of Jan. 27 at about 2:30.

The first truss is lifted at 11:45 on Jan. 27. Many onlookers showed up to take photos and observe a historic day in Albion.

## Travel Thoughts By Kim

Let's go on an adventure together....Hunting For Treasures!

looking for murals, statues, and signs pointing me  
 to points of interest that didn't come up on any  
 searches. If I don't have a car, I try to do tours, such  
 as hop-on-hop-off type bus tours or other ways to  
 see the local attractions - my hotel usually will  
 have lots of great suggestions, too.

I get especially excited when I find things  
 like art walks or themes throughout a town or city.  
 Here are just a few of the cool things I've found in  
 my travels:

Rapid City, SD has branded itself "City of  
 the Presidents" to build on the Mount Rushmore  
 attraction. Downtown Rapid City has a wonderful  
 life-sized statue of a President on every street  
 corner representing every President in a pose that  
 showcases his personality. My two favorites were  
 John F. Kennedy depicted walking with young  
 John-John holding a toy airplane and Abraham  
 Lincoln sitting in a chair with his young son  
 kneeling beside him in a Civil War costume and  
 Lincoln handing him a toy canon.

Plymouth, MA had sculptures of huge lobsters  
 hand painted by local artists scattered throughout  
 their downtown area. There was one painted like  
 a rock star holding a guitar above his head, one  
 painted like a sea captain, and others with historic  
 scenes on them.

San Francisco, CA had an ongoing annual  
 fundraiser called "Hearts of San Francisco" with  
 large hearts painted by local artists that sell for  
 enormous sums of money to benefit vulnerable  
 residents through a fund associated with  
 Zuckerberg San Francisco General Hospital. At the  
 time I was there, the hearts have raised over \$220  
 million to date and can be found throughout the  
 city. One in particular caught my eye when I was  
 there in 2017 that was painted by singer Tony  
 Bennett and sold for about \$3 million!

My favorite President sculpture in Rapid City, SD was right  
 outside our hotel. There is one of these on every corner in  
 downtown Rapid City representing every US President.

In Louisville, KY, I found Cave Hill Cemetery -  
 a gorgeous garden styled cemetery established in  
 the mid-1800s. It has rolling hills, lakes, streams,  
 abundance of nature, and lots of stunning statues  
 and memorials - some of the most unusual  
 memorials I've ever seen! It is where Muhammad  
 Ali and Colonel Sanders of KFC fame are buried. I  
 spent a couple hours driving through and looking  
 at all the cool statues and memorials. It was quite  
 a treat!

Sioux Falls, SD has an amazing Sculpture Walk  
 through their downtown area. Some sculptures  
 depicted historical references of the area, some  
 were quirky, some cultural, and some were even  
 interactive. The sculptures line multiple streets in  
 the downtown section of the city and is worth the  
 stroll to see them all.

In Dubuque, IA, I enjoyed a stroll along  
 the city's River Walk on the banks of the mighty  
 Mississippi River looking at various sculptures  
 created by local artists and loads of art scattered  
 throughout the downtown area.

These are just a few examples...I find  
 wonderful treasures like these just about  
 everywhere I go! Many cities and towns across  
 the country love to showcase their local artists  
 and history with murals, art walks, and themes.  
 Even our own Albion has the beautiful downtown  
 benches painted locally and the wonderful Santa  
 themed murals downtown. Another fairly local  
 example is the town of Chittenango, NY - the  
 birthplace of L. Frank Baum - author of the Wizard  
 of Oz books. They have yellow brick sidewalks,  
 loads of Oz themed shops, and a wonderful Oz  
 themed library - they even have an annual Oz-  
 stravaganza festival the first weekend in June  
 every year.

When traveling, be sure to look for the unique  
 things that are local treasures found wherever you  
 happen to be...near or far! You're sure to enjoy  
 what makes every place on earth "special" in some  
 way! Check out my blog at <http://thoughtsbykim.com>  
 and use the search box to enter the cities  
 noted here for more info and photos.

**Happy Adventuring,**  
**Kim Pritt**

Sioux Falls, SD Sculpture Walk includes this interactive scul-  
 pture of a conductor and a xylophone and chimes that passersby  
 can play. I love that the conductor is wearing shorts and hiking  
 boots with scrunched up socks. Delightful!

One of many locally hand painted lobsters throughout  
 Plymouth, MA.

I admit, when I travel I do enjoy visiting the  
 tourist spots - you know, those places that are  
 famous (or infamous) that everyone wants to see  
 at least once in their life. But, I also like to seek  
 out what makes wherever I am stand out from any  
 other place. I like to find the quirky little out of the  
 way place you can only find there or someplace  
 that tells a story of that town's past or showcases  
 local heroes, artists, or chefs.

So, I like to do my homework before I go.  
 I like to visit the area's tourism website and also  
 Google the area to see what comes up. I also visit  
 sites like TripAdvisor to search for "Things To Do"  
 in the area and use the website "Roadside America"  
 to find the not-so-well known points of interest. If  
 I have a car, I take time to just drive around town
