Salome's Stars

ARIES (March 21 to April 19) A hectic period begins to wind down. Take time to draw some deep breaths and relax before getting into your next project. A long-absent family member could make contact as well.

TAURUS (April 20 to May 20) You're eager to move forward with a new challenge that suddenly dropped into your lap. But you'd be wise to take this one step at a time, to allow new developments to come through.

GEMINI (May 21 to June 20) You're almost ready to make a commitment. A lingering doubt or two, however, should be resolved before you move ahead. An associate could provide important answers to your questions.

CANCER (June 21 to July 22) Caution is still the watchword as you move closer toward a decision about a new situation. If you act too fast, you might miss some vital warning signs. Go slowly and stay alert.

LEO (July 23 to August 22) Your new goal looks promising, and your golden touch does much to enhance its prospects for success. In your private life, Cupid does his best to make your new relationship special.

VIRGO (August 23 to September 22) That impatient side of yours is looking to goad you into moving before you're ready to take that big step. Stay calm and cool. Let things fall into place before you act.

LIBRA (September 23 to October 22) A legal matter you hoped would finally be settled could be a pesky problem for a while until all the parties agree to stop disagreeing with each other. Be patient.

SCORPIO (October 23 to November 21) Partnerships -- personal or professional -- which began before the new year take on new importance. They also reveal some previously hidden risks. So, be warned.

SAGITTARIUS (November 22 to December 21) Your associates are firmly on your side, and that persistent problem causing you to delay some activities should soon be resolved to your satisfaction.

CAPRICORN (December 22 to January 19) Favorable changes continue to dominate, and you should be responding positively as they emerge. Someone wants to become more involved in what you're doing.

AQUARIUS (January 20 to February 18) A friend wants to share a secret that could answer some questions you've wondered about for a long time. Meanwhile, travel aspects continue to be strong.

PISCES (February 19 to March 20) Stay on your new course despite so-called well-meaning efforts to discourage you. Rely on your deep sense of self-awareness to guide you to do what's right for you.

BORN THIS WEEK: You have the capacity to meet challenges that others might find overwhelming and turn them into successful ventures.

1. Which group released "Takin' Care of Business"?
2. Who were Marisa, Merlina, Tony, Benny and Nino?
3. Name the group that released "Freeze-Frame."
4. Who released an album titled "Disco Train"?
5. Name the song that contains these lyrics: "Maybe I don't wanna know the reason why, But lately you don't talk to me, Darling I can't see me in your eyes."

Answers

1. Bachman-Turner Overdrive in 1973. Randy Bachman had started playing with ideas for the song when he was still a member of The Guess Who.
2. The DeFranco Family. Their best known hit was "Heartbeat, It's a Lovebeat," in 1973. They were on Dick Clark's "American Bandstand" nine times.
3. The J. Geils Band, in 1981, on the album of the same name. The song charted around the world.
4. Donny Osmond, in 1976. His cover of "C'mon Marianne" was the one song from the album re-released as a single, and it only went to No. 38. The Four Seasons' original 1967 release had climbed to No. 9.
5. "(Our Love) Don't Throw It All Away," by Andy Gibb in 1978. Written by his brother Barry, it was Andy's fifth Top 10 single. Others have covered the song, including Barbra Streisand in 2005.

Piedmont Pets

February 9, 2023

We receive more guinea pigs than any other animal, except cats and dogs of course.

When one of my nephews, Mark, was a pre-teen, he loved spending Saturdays with me because of my dog, cat, and birds. He also enjoyed volunteering at the shelter. In the early 90s, he spent a lot of time with a guinea pig we had at the shelter and he persuaded me to adopt him.

I did, although I knew that Porky (Mark's choice, not mine) would stay at my house and be my responsibility. I had no idea how wonderful guinea pigs are and how strongly they can bond with a human.

Guinea pigs originally came from South America and are considered a source of protein. I tried not to be too appalled when I learned that a friend of mine who had served a mission to Argentina had actually eaten them.

Although parents must realize that they will be the ones ultimately responsible for the care of any companion animal in the home, guinea pigs may be a good choice of a first pet for older children. They have very specific needs that should be carefully monitored.

Guinea pigs can live to be about eight years old in a home where their dietary needs are fulfilled. They must have constant access to a high-quality guinea pig food, Timothy hay, and some fruits and vegetables (especially those high in vitamin C). Any fresh food not eaten within 24 hours should be discarded.

Guinea pigs needs to have fresh, clean, chlorine-free water every day in a bottle that is kept clean and sanitary.

996 South Boston Rd., Danville, VA 24540
Phone: (434) 799-0843

The biggest concern we see is the size of a cage. If your guinea pig spends most of the time in a cage, then it needs to be a large one. If a store employee suggests the minimum size, increase that! There must be a solid floor and paper bedding should be used. Cedar shavings are a huge no-no. The cage will quickly smell if not kept clean every day; solid waste should be removed every day and wet spots should also be removed daily.

Guinea pigs love time outside their cage; however, they should never be taken outside and left there. In fact, a hawk would not be bothered by a human standing nearby and can snatch guinea pigs before the owner has time to react. In addition, guinea pigs can also get infested with fleas and other small creatures. There are plenty of ways to let guinea pigs get exercise inside.

If you believe a guinea pig may be a good first pet for your older child, there is a lot of information on-line. And don't forget - animal shelters also have guinea pigs for adoption. There is no need to buy one; a homeless guinea pig may be waiting for you at the shelter!

KOVELS Antiques & Collecting
By Terry and Kim Kovel

Trompe L'oeil

The term "trompe l'oeil," meaning "fool the eye," is an art style that was popular in the 19th century. By then, artists and audiences had enjoyed optical illusions for thousands of years. The original trompe l'oeil style dates back much further.

An ancient Greek story tells of the legendary painter Zeuxis, whose still-life paintings were so realistic that birds would fly down to peck the grapes. Another painter, Parrhasius, challenged him to a contest and showed him a painting covered by curtains. When Zeuxis tried to pull the curtains back, he realized that they were, in fact, part of the painting! This made Parrhasius the winner of the contest.

The set of shelves shown here looks like it is filled with books and figures, but it's a trompe l'oeil screen! The shelves and their contents are printed on wood panels. It's a creation by Piero Fornasetti, an Italian designer who worked from 1935 to the 1980s. He brought his skill and sense of humor to furniture, ceramics and more. His work often included optical illusions or realistically detailed images in surreal compositions. The screen sold for \$9,100 at Palm Beach Modern Auctions in Florida.

Q: We found a painted bench at an antique shop that was in excellent condition except for a piece of chewing gum stuck under the seat. What is a good way to remove gum without damaging the furniture?

A: Place an ice cube in a plastic bag and hold it against the gum. After the gum freezes solid, use a plastic credit card or spatula to scrape it off. You can hit large pieces with a hammer to break them off. Remove any sticky traces with lemon juice. Avoid using commercial solvents. They can damage antique furniture.

It's no trick: Fornasetti's trompe l'oeil screen, estimated at \$7,000 to \$10,000 at Palm Beach Modern Auctions in Florida, brought \$9,100.

glue or other sticky products. If old glue, paste, scotch tape or even stick-on notes are left on paper items, stains will eventually appear. Most cannot be removed.

National Heart Month: Four Easy Ways to Show Your Heart Some Love

By: Dr. Brian Zagol, Cardiologist, Sovah Health - Danville

We often associate the month of February with hearts because of Valentine's Day. However, there is another reason we should think of hearts in February – it's American Heart Month, a designated time to advocate for cardiovascular health and raise awareness about heart disease. According to the Centers for Disease Control and Prevention (CDC), one person dies every 34 seconds from heart disease, making this disease the leading cause of death for both men and women of most racial and ethnic groups in the U.S.

Your heart is one of the hardest working muscles in your body and it beats around the clock, only getting a break when you relax or sleep. With so much riding on this essential muscle, it's important to ensure you're doing all you can to keep it in good shape. Fortunately, there are many things you can do to show your heart how much you care during American Heart Month and throughout the year. Anyone – at any age – can benefit from these simple tips:

Maintain a healthy diet.

Drinking plenty of water and eating a diet of lower-calorie, nutrient-rich foods can help you control your weight, cholesterol levels and blood pressure, which helps lower your risk of heart disease. A healthy diet is easily achievable by:

- Drinking at least 64 ounces of water each day and avoiding sugary beverages, like sodas, bottled teas, smoothies, adult beverages and fruit juices.
- Filling your plate with fruits and vegetables, whole grains, low-fat dairy products, skinless poultry and fish, nuts and legumes.
- Limiting your intake of foods with saturated fat, trans fats, sodium, sugar and red meat. If you do choose to eat red meat, make sure you're using the leanest cut you can find.

Understand the warning signs and symptoms of heart attacks.

Some heart attacks are very sudden and intense, leaving little time to respond to signs or symptoms. Other heart attacks, however, start slowly with mild pain or discomfort. Pay close attention to your body and don't hesitate to call 9-1-1 if you or someone you're with experiences any of the following:

- Discomfort in the center of your chest that comes and goes or lasts more than a few minutes. It can feel like uncomfortable pressure, squeezing, fullness or pain.
- Discomfort in other areas of the upper body, including pain or discomfort in one or both arms, your back, neck, jaw or stomach.
- Shortness of breath. This can occur with or without chest discomfort.
- Other possible signs, including breaking out in a cold sweat, nausea or lightheadedness.

Stay up-to-date on your numbers.

A key part of staying on top of your heart health is being aware of your cholesterol and blood pressure numbers. Cholesterol is a substance that circulates in your blood and comes in two different types – LDL (the "bad" kind) and HDL (the "good" kind). Blood pressure is the force of blood within your arteries. Like cholesterol, there are two types – systolic pressure (the higher of the two numbers) and diastolic pressure (the lower of the two numbers). Be sure to get your levels checked regularly and talk to your primary care provider about what you can do to keep them within a healthy range.

Know your family heart health history.

Risk factors for heart disease can also be genetic, so knowing your family's heart health history can help you determine how healthy your heart is and measure your risk for heart issues now or down the road. By having a working knowledge of your family's medical history, you can also help your provider identify where you may be at higher risk for certain conditions like heart disease and work to reduce your risks through lifestyle changes.

When you act early and make your heart health a top priority, you can get to know your heart better and help reduce your risk for heart disease. Plus, you'll have the opportunity to catch any other potential issues and work together with your provider to keep your heart healthy for the long run.

If you would like to speak to a provider about your heart health, Sovah Health can help. Call 844.GO.SOVAH or visit the Find a Doctor tab at Sovah-Health.com to schedule an appointment today. In the event of a heart-related emergency, call 9-1-1. Minutes matter, and acting quickly may save a life, including your own.

OBITUARIES

"For whether we live, we live unto the Lord; and whether we die, we die unto the Lord: whether we live therefore, or die, we are the Lord's." - Romans 14:8

Alice "Peachie" (Carswell) Moore

November 1, 1927 ~ January 31, 2023 (age 95)

Alice "Peachie" Carswell Moore, age 95, of Danville, VA, passed away on Tuesday, January 31, 2023 at her residence surrounded by her family.

Mrs. Moore was born on November 01, 1927, in Person County, NC, a

daughter of the late Charlie Asbury Carswell and Bertie Mae Wilkins Carswell.

Mrs. Moore lived most of her life in Danville where she was employed with Dan River Mills and later worked at Health Tex, until her retirement. She was married to Thomas "Buddy" Russell Moore who preceded her in death. She was of the Baptist faith. Peachie loved working in her garden, while she was healthy, loved making quilts, cooking, crossword puzzles, and jigsaw puzzles. She loved her family above everything. A well-loved nephew's posted about her "everyone knew her as Peachie; however, do not let that loveable little nickname fool you; she was the most lovable spit fire you would ever want to meet."

Mrs. Moore is survived by her children, David Lee Carswell (Beverly), LaVerne Boykin, and Claude "Brad" Bradford Moore (Dana); grandson, Ryan Neal Boykin; furbaby, Spanky; sister, Buena Hazel Mitchell, and many nieces and nephews, whom she thought of as her own.

In addition to her parents and husband, she was predeceased by her siblings, Luther Cecil Carswell, Lenora Carswell Thigpen and Claude Lowman Carswell.

Funeral services will be conducted at 12:00 P.M. on Saturday, February 04, 2023 at Swicegood Funeral Home with Reverend Freddie Vicks officiating. Visitation will be held from 6:00 P.M. until 7:30 P.M. on Friday, February 03, 2023 at Swicegood Funeral Home. Interment will follow in Highland Burial Park. At other times the family will be at the residence.

Thank You!!!

2022 was a tough year! I had a battle with cancer. **Thanks be to God**, I won and now I am cancer free! But the devil wasn't through yet... my right knee gave out and I had a total knee replacement. *And*, along the way there were a few more bumps in the road. Combined, these roadblocks equaled a lot of missed work in 2022. Saying I appreciate your patience and loyalty just doesn't seem to be enough. Therefore, *in appreciation*, I pledge to you; I will **not** increase my prices through the years 2023 - 2024. You will get a great haircut from a professional barber with 40 years of experience at a heck of a great price. Add it all together... it equals the best deal in town! My barbershop, **FAMILY HAIRCUTS** (across from Hardee's on West Main) is now **OPEN FULL TIME**. Call me at 434-429-9294 if you need additional information. I'm located at 1313 West Main St. Walk-ins and new customers always welcome.

Walking Taco Bar

A Walking Taco Bar is the perfect way to serve up a saucy taco filling and your favorite toppings in a bag of chips for the big game. Crush the chips in your bag, top them with a flavorful beef taco filling, pile high with lots of taco toppings, add a plastic fork and you're all set!

Ingredients

- 2 lbs. lean ground beef
- 1 cup chopped onion
- 2 cloves garlic, minced
- 3 Tbs. homemade taco seasoning or store bought taco seasoning
- 2 cans (8 ounces each) tomato sauce
- 1 can (4.5 ounces) chopped green chiles
- your favorite taco toppings, such as shredded cheese, guacamole, salsa, sour cream and jalapenos
- 8' snack size bags nacho chips or corn chips, such as Doritos or Fritos

Instructions

Heat a large non-stick skillet over medium-high heat and cook ground beef, onion, garlic and taco seasoning until beef is browned, about 5 minutes. Stir in tomato sauce and green chiles and bring to a boil. Reduce heat to medium and simmer 25 minutes, stirring occasionally. Mixture can be transferred to a slow cooker set on warm or low so your guests can serve themselves at your party. Assemble your favorite taco toppings in individual bowls and arrange around your slow cooker with bags of chips. To assemble your Walking Taco: Select your bag of chips and gently crush chips. Open bag, top with taco beef mixture and your favorite toppings!
