A word from Our President

'd like to welcome everyone to the 2022 Lincoln County Fair! This year marks the 117th fair, and we will be celebrating "Agriculture, A Tradition We Treasure." Lincoln County has a rich agricultural heritage and we are happy to showcase that heritage throughout our nine-day event. I'd like to thank all our supporters who continue to make our fair a success year after year.

We've been working hard behind the scenes on our facilities and grounds to make this the best year yet. We have made a few adjustments to this year's schedule and we are so excited about it.

We're kicking things off this year on Friday, Sept. 16 with our first Annual Cruise In, hosted by: VooDoo Customs. We will also have our Adult Cornhole Tournament! Our official Opening Night is Sept. 17 in the grandstands with a rodeo, this is also the opening day of carnival rides. We will be closing the week with the Demolition Derby on Saturday, Sept. 24.

We could not make our giveaways happen without the support of our amazing sponsors. You can find details for all our exciting giveaways on the website, in the catalog, or at The Country Store, located beside the grandstands. Take in the exhibits by local 4H and FFA students, as well

as farmers and gardeners who have worked hard all year to grow, sew, and create works that showcase their amazing talent and skills.

We'd like to thank Belle City Amusements for providing rides that include both old favorites and new adventures. Be sure to check our fair schedule for our special "All You Can Ride" armband days and experience every ride we have to offer.

Don't miss your chance to see the harness races every afternoon Tuesday through Saturday, with additional races on Tuesday night. The Lincoln County Fair offers the only harness racing events in the entire state of Tennessee! If you've never seen this type of racing, I encourage you to make time during your visit to enjoy this great tradition.

The best reward for all of the hard work is when the sun goes down, the lights come on, and the kids walk the the gates is seeing them smiling ear to ear and the excitement in their eyes. That's what makes the Lincoln County Fair fun, spending time with family and memories you'll never forget. It's worth all the endless hours and dedication.

I hope you enjoy your time at the 2022 Lincoln County Fair!

Sincerely,

President, Lincoln County Fair, Inc.

Dale Kent

The Sport In History

Is the sport of harness racing of fairly recent years? Hardly. Evidence exists that men were racing horse to harness more than 3,000 years ago, even with Ben Hur and his chariot competition a fairly modern innovation in comparison.

American harness racing as we know it today, however, is generally conceded to have begun in 1806, when records of sorts began to be kept and a gelding by the name of Yankee trotted a mile in less than three minutes for the first time.

The breed itself (trotters and pacers are called Standardbreds) got its greatest shot in the arm in 1788, when a grey Thoroughbred called Messenger arrived in America from England to become the patriarch of a family of fine trotting horses that included a descendant named Hambletonian.

Hambletonian, owned by William Rysdyk of Chester, New York, rarely raced, but quickly proved himself to be history's greatest progenitor of gait and speed.

Today, with more than 470 racing meetings offered annually in the United States—from the small country fair to the giant tracks of New York City—pacers far outnumber trotters, with purists in the sport concerned about the preservation of the trotting gait.

While the entire sport of Standardbred racing has been threatened in recent years by factors such Off-Track Betting, all-sports wagering, lotteries, and casino gambling, it has thus far remained a vibrant, colorful, exciting part of American life.

The Fairs

All the Standardbred racing offered in North America is not transpiring at the scores of brightly lighted pari-mutuel tracks spread across the land.

Harness racing is also very much alive and doing very well at the fairs, thank you.

The U.S. Trotting Association services some 400 fairs that offer harness racing, with the list including big and booming state exhibitions in Illinois, Indiana and New York. Some three million fans witness harness racing in the hot afternoons of summer.

Few of the fairs offer mutuel wagering, but almost all are

rich in ferris wheels, multi-colored tents, hot dog stands, side shows, exhibition halls, produce and livestock displays, and balloon vendors. Taken as a whole, fairs offer a cornucopia of sights and sounds, with harness racing—another distinct touch of Americana—adding spice to the entire production.

The nation's most prestigious Standardbred pacing race—The Little Brown Jug—is contested annually at the Delaware County Fair in Ohio. It lures crowds of nearly 50,000 each year.

Harness racing means fun and excitement wherever it is held, but there are few more pleasant experiences than sitting in the grandstand of a country fair on a warm, summer afternoon while trotters and pacers strut their stuff on the track below.

Harness Racing Lingo

Weanling/Yearling: All horses are considered weanlings from the time they are taken from their mothers until reaching their first birthday on January 1 (all horses celebrate their birthday on January 1, regardless of when they were born). A horse is called a yearling from the time he reaches age one until age two.

Colt/Horse: A male horse is considered a colt until he reaches his fourth birthday, when he becomes a horse.

Filly/Mare: A female horse is called a filly until she reaches her fourth birthday, when she becomes a mare.

Stallion: A male horse generally retired from racing that stands at stud at a breeding farm.

Dam: A mother of horses.

Green Horse: A horse that has not raced, or has raced only a few times.

Stretch: The last eighth-mile before the finish line of a given race track.

Covered Up: A horse in a race is covered up when he has other horses in front of him.

Break: Occurs when a trotter or pacer goes off his gait and resorts to galloping.

Jogging: Slow, steady tours of a race track or training track, much as a human jogs.

Choked Down: Occurs when a trainer or driver attempts to restrain or rate a horse and the animal's breathing is inadvertently cut off. The horse "blacks out" and often falls.

Boxed In: Surrounded by horses in front, behind and to the side of him, the horse is pinned to the hub rail.

Scoring: The brief warm-up sprints taken by horses between the post parade and the time they approach the starting gate.

Brush: The brief peak or peaks of speed reached by a horse

in a race or training mile. Drivers like to preserve a horse's brush for the stretch drive.

Heat: One competitive mile in a race which requires two or more mile dashes to decide.

Maiden: Any horse, female or male, that has never won a race which carries a purse.

Lapped On: A horse is said to be lapped on another at the wire when its nose is at least opposite the hindquarters of the horse ahead.

Parked Out: A trotter or pacer is parked out when the positions of his rivals prevent him from reaching the rail. A horse forced to race on the outside must travel a longer distance and rarely manages to win.

Garden Spot: A horse racing in second position on the rail is said to have the garden spot, since the horse ahead of him is cutting the wind, yet he is close enough to the front to make a strong bid in the stretch.

Claiming Race: A contest where any horse in the field may be purchased by an authorized person or persons who must file a claiming slip and deposit a check before the race goes to post.

Blowing Out: A fairly fast training mile generally two days before a horse is scheduled to race.

Cooling Out: Walking a horse after a race or training mile until his body signs return to normal.

Morning Line: The probable odds on each horse in a race as calculated by an experienced track handicapper.

Handle: The total amount of money waged on a race, a nightly racing program or an entire season.

Punter: Someone who bets on the horses.

Shut Out: Arriving at a betting window after the wagering has closed.

Frequently Asked Questions

How fast is a harness horse?

Races usually are contested at speeds averaging 25-30 miles per hour for the mile distance. When leaving the starting gate, speeds close to 35 miles an hour are reached by top horses.

What causes horses to break stride?

Several factors can cause breaks. A horse may be going too fast to maintain his gait. He may be tired. He may be interfered with. He may also be lame.

Why do drivers sometimes hold their horses back?

If a horse can go a mile in 2:05 and no more, a driver may pull back on him to "rate" him if the pace is too fast. Coming down the stretch, a driver may hold firmly to the lines to prevent a tired horse from breaking.

Does a driver's weight make a difference in driving?

For years the experts have been saying no, except under muddy conditions. Some observers have noticed, however, that a majority of the sport's leading drivers have tended to be on the small and light side.

Is it better for a horse to race along the rail?

Definitely. Mathematicians have figured that a horse racing five feet from the rail will travel 62 feet farther than the horse at the rail at the mile distance over a half-mile track.

Is driving dangerous?

A certain amount of danger is inherent in any activity that combines great speed and split second timing in decision. Harness racing contains both speed and the need for quick decisions.

Why do some horses have their legs bandaged?

For the same reason that human athletes frequently wear tape and other bandages to help support their legs and provide protection.

What is the colored roll worn on the face of some horses?

That's a shadow roll, a large sheepskin type roll worn across the face, just below the eyes. It cuts off the horse's view of the track so he won't shy at shadows, pieces of paper or other objects.

Alli Perry

My name is Alli Perry and I am a graduating senior at Lincoln County High School. I am the daughter of Jackie and Jonathan Perry. I plan to attend Oklahoma State University in the fall where I will major in Animal Science with plans to become an Embryologist.

I have been actively involved with showing cattle for eight years now. My first ever livestock show was at the Lincoln County Fair in 2014. I had attended and watched the cattle show for multiple years prior and was so excited that I could finally participate. I brought tow show heifers that year, Henrietta and Rita, both of which were way too big for me to handle. Most of the kids my size were assisted by parents or older siblings, but I was too stubborn to let anyone help me.

I was pushed and shoved around by both of my show heifers but was lucky enough to still come out with successful blue ribbons. The Lincoln County Fair Livestock show has always been a favorite for many, including myself. It introduced me to a passion for the livestock industry that I still carry with me today, and for that, I will always be thankful for the Lincoln County Fair.

TENNESSEE DEPARTMENT OF AGRICULTURE

DIVISION OF CONSUMER & INDUSTRY SERVICES ANIMAL HEALTH

CHARLES HATCHER, D.V.M. COMMISSIONER

MEMORANDUM

TO: Fair Officials

FROM: Samantha Beaty, DVM

State Veterinarian

DATE: February 28, 2022

Enclosed is a summary of Tennessee Fair Regulations - health requirements for livestock at fairs and exhibitions.

Special Comments:

- It is expected that all exhibitors will bring only healthy animals to fairs and exhibitions. Although state and federal
 animal health officials will be performing some inspections, fair officials are responsible for ensuring that all animals
 entering fairs for exhibition are in overall good health and are accompanied by a Certificate of Veterinary Inspection.
 Animals showing clinical signs of contagious disease should be sent home immediately. Violations should be
 reported to the state veterinarian or his agent.
- 2. Certificate(s) of Veterinary Inspection are to accompany all animal(s) to the respective shows with the exception of in-state Tennessee equine and poultry. In-state Tennessee equine six (6) months of age and older must have a negative Equine Infectious Anemia test within the preceding twelve (12) months. Poultry assembled at shows or exhibitions should be accompanied by evidence of a negative test for Pullorum-Typhoid within 90 days, or be tested on-site prior to exhibition following strict biosecurity procedures, or originate directly from a flock which has been certified as Pullorum-Typhoid Clean under the Tennessee Poultry Improvement Plan. As part of increased awareness and surveillance for Avian Influenza and other poultry diseases, all bird's physical appearance should be assessed at the time testing is conducted.
- 3. Health certificates issued in satisfaction of these Tennessee Fair Regulations shall be good for 90 days for Tennessee livestock only.
- 4. Please note that exhibition requirements for out-of-state livestock are the same as regular import requirements.
- Warts and ringworm are considered contagious and infectious diseases and are permissible exclusions only if considered inactive by the issuing veterinarian and noted as such on the Certificate of Veterinary Inspection.
- 6. Scabies, contagious ecthyma (soremouth), footrot, cutaneous fungal and bacterial infections (i.e. club lamb disease, caseous lymphadenitis) are considered contagious and infectious diseases, and are permissible exclusions only if considered inactive by the issuing veterinarian and noted as such on the Certificate of Veterinary Inspection.
- 7. Avian Influenza All out-of-state poultry must originate directly from a Pullorum-Typhoid Clean Flock and a H5/H7 Avian Influenza Clean Flock, or be accompanied by evidence of a negative Pullorum-Typhoid test within ninety (90) days and a negative official Avian Influenza test within twenty-one (21) days.

Also, please note that if highly pathogenic Avian Influenza is detected in Tennessee or a neighboring state, the commingling of poultry at fairs and exhibitions may be suspended.

Fair Biosecurity

Below is a summary of recommendations for fair management by the National Assembly of State Animal Health Officials and the National Association of State Public Health Veterinarians to better protect fair attendees from disease:

- o Provide easy access to hand washing stations.
- o Post informational signage that includes the following messages:
 - No eating or drinking in the animal areas.
 - · Wash hands frequently.
 - No pacifiers, sipping cups or strollers in the animal exhibition areas.
 - Discourage sleeping in the animal exhibition areas.
 - If human or swine influenza-like-illness is associated with the exhibition, animal health and public health officials should be notified immediately.
 - People who have influenza-like illness should leave the exhibition immediately and seek medical care. They should advise their health care provider about their fair attendance.
 - People at high risk for developing severe complications from influenza should limit their exposure to swine.

Also, be aware of the potential exposure of fair attendees to E. coli 0157 from animals exhibited on the fairgrounds.

Please retain this material for reference during the 2022 fair season.

We come together for the family moments.

Lincoln County is your home, and it's ours, too. We share your commitment to those you care about and the community we're all a part of. You make Lincoln County better every day, and you inspire us to make banking easier, so we all have more time to enjoy life as we take our next step together in this place we call home.

Regions proudly supports the Lincoln County Fair.
