ARIES (March 21 to April 19) The changes you've waited to see in your work situation might not be happening quite as quickly as you hoped. Although the pace is slow, it's ongoing. Expect to hear news soon.

TAURUS (April 20 to May 20) You should be feeling very proud of the fine effort you've made to get that important project done. Now take some time out to celebrate with family and friends. You've earned it.

GEMINI (May 21 to June 20) You're close to reaching your objectives. That's the good news. But be careful: Your aspects show lots of potential distractions looming. Stay focused and keep your eyes fixed on your goals.

CANCER (June 21 to July 22) Be careful not to let that suspicious Cancerian mind create a problem where none exists. What you might believe is an act of betrayal could be nothing more than a misunderstanding.

LEO (July 23 to August 22) Your Lion's heart overflows with self-confidence. All you need to do is tap into it, and you'll be able to handle any change that must be made regarding that recent surprise development.

VIRGO (August 23 to September 22) The need to watch what you say becomes increasingly crucial this week. Be as temperate as you can with your comments and avoid arguments for the sake of controversy.

LIBRA (September 23 to October 22) A longtime family problem presents new demands. But this time, you won't have to go it alone: Someone else is asking to help share your responsibilities. Let it happen.

SCORPIO (October 23 to November 21) A period of feeling vulnerable is about to give way to a stronger, more-self-confident aspect. Use this new strength to reaffirm promises you've made to others and yourself.

SAGITTARIUS (November 22 to December 21) A creative dilemma stalls your progress. Instead of letting it raise your ire, use the time to re-examine your aims and perhaps come up with a new target.

CAPRICORN (December 22 to January 19) Your nimble will might find a way for you to work out those newly emerged problems plaguing your new project. Stay with it. The results will be well worth your efforts.

AQUARIUS (January 20 to February 18) You might feel overwhelmed with having to decide which new opportunity you should follow. Best advice: Check them all out and see which offers what you really want.

PISCES (February 19 to March 20) Continue to tread water before you even consider plunging into something that never seemed quite right. Some facts will emerge soon that can help you make a decision.

BORN THIS WEEK: You are a natural-born peacemaker. You value truth and have little patience with those who lie to you for their own purposes.

The Sermon

They say that a preacher's wife is always his number one assistant. An example of this comes one Sunday morning after the preacher had just finished his sermon. He went and sat down with his wife and she asked him how he thought the church service went.

The Preacher shrugged and said, "The worship was excellent, and I think the prayer and communion times went quite well, but," he continued, "I just don't think the sermon ever got off the ground."

The wife looked over at him, and before she could stop herself, she said, "Well, it sure did taxi long enough!"

WE ♥ OUR READERS

Piedmont Pets
 February 16, 2023

Buddy is one of our shelter mascots and he is probably the most well-known one. He is an umbrella cockatoo that we received when a bird breeding facility in Greensboro was going out of business in 2007. He has ruled our front lobby since then.

For almost 30 years, we have had at least one shelter mascot cat. The first ones, of course, are long gone and we remember them with fondness.

We now have three shelter mascot cats - Ernie, J.J., and Chubbs. Ernie came to us as a young cat in 2010. He was a very thin stray. He had a little bit of an attitude sometimes (still does!), but our faithful volunteer and board member at that time, Lynn, fell in love with him. We named Ernie, had him neutered, and he has had a wonderful life being a mascot. He is usually found right in the middle of a tour or an orientation. Ernie has had three thyroid surgeries, but is healthy now. He has shiny black fur and his loud voice reminds us of a Siamese cat.

J.J. was picked up from the porch of a house by an animal control officer in 2018. He has medium length gray tabby hair and is our big boy. He reminded us of one of our other mascot cats, Joey, so we named him Joey Junior. That quickly was shortened to J.J. He loves comfortable places to nap and canned cat food, but not in that order!

Our latest little boy, Chubbs, has been with us less than six months. He is our small little cat with very short legs. His orange fur is just beautiful. Chubbs won staff members' hearts and they begged

me to let him stay with us. I was happy to oblige and he has certainly fit right in. He is not the typical high-energy toddler cat and that is a very good thing. He and J.J. race each morning to see who can make it into my office first to claim a nice, soft bed in the corner. I love the quiet company.

All three of our loved little boys love naps, but also love to "help" with computer work, filing, answering the phone, and even hanging up on callers sometimes. Oops.

Each morning and evening, they are given canned cat food; they have a constant supply of dry food and water. They do not like the time change in the fall when they believe we are trying to starve them by giving them their food an hour late.

Our four boys - Buddy, Ernie, J.J. and Chubbs are treasured members of our shelter family. We invite you to visit them and meet our other shelter animals.

Quilt Cabinet

If the colorful panels on this cabinet remind you of a patchwork quilt, that's exactly what the artist wanted. Jim Rose makes furniture and art objects out of aged steel. His work is original and innovative, and his inspiration comes from centuries-old American styles like folk art and Shaker furniture.

This "Quilt" cabinet, which sold at Palm Beach Modern Auctions for \$1,400, was inspired by quilts made in Gee's Bend, Alabama. Gee's Bend is a largely isolated community on the Alabama River. Its African-American residents preserve the cultural traditions of their ancestors. Quilting originated in the bedcovers made in the early 19th century. Gee's Bend quilts feature colorful designs made from rectangular strips or triangular pieces of fabric.

Some follow traditional patterns; others have informal, abstract designs. Jim Rose created similar patterns in steel and wood for many of his works, including this cabinet.

Q: The other day, two of my snow globes broke. They each hold a special meaning, and I would like them fixed. One is a music box snow globe while the other is a simple snow globe. They both seem to need nothing more than their globes replaced. Do you know of a place that can fix a snow globe, or even someone I could speak with that might know something?

A. If the globes are glass, they can be replaced. You can find places that repair snow globes by searching online for snow globe repair or by searching the business directory on our website, Kovels.com. Replacement globes and "snowflakes" are available online. A toy and hobby store, a doll hospital or a store that sells craft supplies might also be a source.

TIP: You can safely store an old quilt by putting it on an unused bed and

1. Who released "Lady Sings the Blues" and when?

2. "I'm Still Standing" was released on which Elton John album?

3. Which song was the first to rank as No. 1 on the Billboard Hot 100? When was that?

4. In 1953, Elvis Presley recorded a double-sided record with "My Happiness" and "That's When Your Heartaches Begin." Who was the record for?

5. Name the song that contains these lyrics: "Too many long conversations and no one is hearin' a word."

Answers

1. Diana Ross, in 1972. The song was on the double soundtrack album for the film of the same name, a biopic about singer Billie Holiday.

2. "Too Low for Zero," in 1983. The song did well on the charts, helped by an MTV video.

3. "Poor Little Fool," by Ricky Nelson, in 1958. The first thing Billboard ranked, however, wasn't records, it was sheet music, in 1913. Records weren't listed until 1936.

4. His mother, as a birthday present. Presley paid \$3.98 for the recording fee.

5. "Dancin' Shoes," by Nigel Olsson, in 1978. Olsson got his start in England with the Plastic Penny band and eventually collaborated with Elton John, Neil Sedaka, Rod Stewart and several others on numerous albums.

* Nintendo was founded in 1889 as a playing card company.

* Garbage collectors in Turkey have filled their own library entirely from books thrown away by residents. Originally destined for landfills, around 6,000 tomes are now safely housed on shelves, waiting to be reread -- or discovered -- by the public.

* Gray cats are frequently the result of a diluted black fur gene.

* The World's Largest Collection of the World's Smallest Versions of the World's Largest Things is a museum in Lucas, Kansas, created by Erika Nelson. It consists of miniatures created from photos of the world's largest objects.

* On May 9, 1945, reports that Nazi Germany had surrendered to the USSR triggered a 22-hour celebration that caused the country to temporarily run out of vodka!

* An Arizona man didn't realize he was a big winner at a Las Vegas slot machine because its lights and buzzers never went on. Fortunately, an investigation by the Nevada Gaming Control Board resulted in a happy ending and the bestowal of the gentleman's \$230,000.

* Not only can you be right-handed or left-handed, you can be right or left eared and eyed.

Q. I saw that Natasha Lyonne has a new show on Peacock. Does this mean "Russian Doll" has been canceled? — *Y.B.*

A. With so many networks and streaming platforms available now, actors aren't limited to just one show anymore. Look at Adam Scott, for example. He had major roles on three shows in the past year ("Severance," "Loot" and the upcoming third season of "Party Down").

Lyonne has been just as busy since she had a career resurgence playing an inmate on Netflix's "Orange Is the New Black." She followed that up with the Emmy-nominated "Russian Doll," and while a third season is still in limbo, Lyonne has gone on to film another series, "Poker Face." Hopefully she can juggle both shows if Netflix comes calling again.

Natasha Lyonne as Charlie Cale in the series "Poker Face"

Q. My 90-year-old mother's favorite drama is "Chicago Med." She especially loves the handsome actor who plays Dr. Marcel. Can you tell us what else he's been in? — *A.K.*

A. Dominic Rains plays Dr. Crockett Marcel on the hit series "Chicago Med," which airs on NBC on Wednesday nights at 8 p.m. ET. (It's part of what's billed as the One Chicago lineup, followed by "Chicago Fire" at 9 p.m. and "Chicago PD." at 10 p.m.) He joined the ensemble cast as the trauma surgeon in its fifth season.

Rains, 40, was born in Tehran, Iran, but grew up in a Dallas suburb called The Colony. His first role on camera was in the TV movie "Saving Jessica Lynch." He went on to play Dr. Leo Julian on the daytime soap "General Hospital" as well as its spin-off "General Hospital: Night Shift." He's had a slew of primetime guest-star appearances on shows like "NCIS" and "24" before landing a recurring role as a character named Kasius on "Marvel's Agents of S.H.I.E.L.D."

Rains was born Amin Nazemzadeh, but didn't change his name until he got the role on "GH." His brother, Ethan, got him into acting in the first place, and the two both had roles on the short-lived Heather Locklear series "LAX."

Q. What happened to "Yellowstone"? I keep waiting for more new episodes, but the last one was in early January. Is it done for the season? — *M.M.*

A. According to "TV Guide," "Yellowstone" decided to split season five into two parts, with the remaining six episodes to come. Viewers have been on the edge of their seats during the first half, as a "civil war has broken out among the Duttons, with Jamie (Wes Bentley) and Beth (Kelly Reilly) at each other's throats." Kevin Costner's character, John Dutton, is also at risk of being impeached as governor.

"Yellowstone" originally began as a summer series on the Paramount Network, and the latter half of season five will air sometime during the summer of 2023. No official air date has been announced yet, however. Joining the cast this past season is actress Dawn Olivieri, who played Claire Dutton in the "Yellowstone" prequel series "1883." Her new character, Sarah Atwood, is a complete 180 from Claire. Look for her to continue to stir things up in Montana.

* "It can be tricky to add new keys to a key ring, especially if you don't have much of a fingernail. I have found a foolproof way to get the key started. Just use a staple remover. It works wonders!" -- T.R. in Indiana

* If you find that you have small scratches in your wood furniture, try this old trick: Rub a walnut over dings to cover them up. Or find a matching brown crayon, rub it lightly into the scratch, and finish with a hair dryer held 10 inches away for about 10-15 seconds. It melts the wax of the crayon, and then you can buff it with a soft rag. Any excess is swept away and the color remains.

* Got small kids? If your little one keeps rolling out of his bed, here's a tip: Use a pool noodle tucked under the fitted sheet, lengthwise along the edge of the bed. It's just enough of a bumper to send a sleeping child back to the center of the mattress.

* "If you have many mismatched frames that you would like to use, you can try spray painting them all the same color. I had several that were different colors and a little bit beat up, but I wanted to use them in one big group. I painted them all glossy black, and they look great!" -- W.F. in Arkansas

* Hanging shoe racks are a wonderful organizational tool, especially the ones made of plastic that have see-through pockets. You can use them on the back of your bathroom door for small towels and toiletries, or how about on the back of baby's door as a diaper organizer? My favorite use is on the back of my garage door to hold all the cleaning bottles and solutions with other supplies. They are nice and high, and out of reach of little hands.

1 teaspoon sugar
1/2 teaspoon ground pepper
Mix all ingredients in a jar, then give the jar a good shake. I'd recommend shaking the jar to mix the ingredients well before each use. Use 4 tablespoons in a recipe in place of 1 packet of onion soup mix. Store this in a dry, cool place.

Taco Seasoning:
1/2 cup chili powder
1/4 cup onion powder
1/8 cup ground cumin
1 tablespoon garlic powder
1 tablespoon paprika
1 tablespoon sea salt
Put ingredients into a jar and shake.

4 Steps to Live in the Present Every Day

FAMILY FEATURES

Living in the present means celebrating each moment as it happens without worries about the past or anxiety for what the future holds and enjoying life to the fullest. Many people find themselves thinking about what happened yesterday or what might happen tomorrow, making living in the now a challenge.

You can overcome those hurdles and live each day more fully by adopting habits that promote physical and mental well-being, including these suggestions from the experts at Natrol, the No. 1 drug-free sleep aid brand, according to data from Nielsen[^].

Regular Exercise

You'll find exercise on virtually every list of self-care advice, and for good reason. Exercise stimulates your body in numerous beneficial ways, not the least of which is getting your heart pumping and oxygen flowing throughout your body, including your brain. Exercise also pairs well with meditation or mindfulness activities, which allow you to align your body's movement with your thoughts and focus on the act of nurturing your body while freeing your mind.

Quality Sleep

Getting quality sleep is linked to improved concentration and productivity, consciously managing your sleep habits can help you be more present each day. Creating a bedtime routine and establishing a comfortable, quiet sleeping environment are important steps. In addition, drug-free sleep aids like Natrol Melatonin products are designed to work with the body's natural cycles and help users fall asleep faster, stay asleep longer and wake up revitalized with a clearer, calmer mind†. Made with clean ingredients and no artificial flavors, sweeteners or preservatives, the line of melatonin products may help you rethink your relationship between sleep and living life to the fullest.

Deep Breathing

Focusing on the here and now can be easier said than done. However, it's possible to train your body and mind to concentrate on specific thoughts and tasks. Deep breathing exercises are an example of physically focusing yourself. Initiating a slow, steady breathing pattern and paying close attention to that rhythm can be an effective way to ward off negativity, whether it's fear, anxiety or another undesirable emotion. Managing your breathing gives you a degree of control that can help you navigate a tricky situation or establish a deeper connection between your body and mind.

Time Management

For many people, the modern world's frenetic lifestyle often demands constant multitasking. However, that continual juggling act makes it virtually impossible to give your full attention to any one aspect of your life. While a full stop to your multitasking tendencies may be impractical, you can carve out time to dedicate your mind more intentionally and completely. You may be surprised by how much joy you derive from simply being present.

DEVELOP HEALTHY SLEEP HABITS

Healthy sleep begins with 7-9 hours of sleep a night, but there's more you need to know to achieve the sleep you deserve. By getting the recommended amount of sleep and hitting all your sleep stages, you can wake up feeling more refreshed and ready to own the day.

Create healthy sleep habits. Establishing a consistent sleep-wake schedule helps regulate your circadian rhythms and increases your quality of sleep.

Avoid bright screens 60 minutes before bedtime. Exposure to bright LED lights such as smartphones, laptops and TV screens before bed can interfere with your body's natural release of melatonin.

Consider taking a melatonin supplement. When you need a little extra nudge toward dreamland, melatonin may help you fall asleep and stay asleep so you wake up refreshed.†

Create a calm and dark bedroom oasis. A dark, noise-free bedroom can help you sleep better throughout the night. Mask noise pollution with calming sounds and block out disruptive light with darkening curtains or a sleep mask.

Walk or exercise daily. Walking as little as 10 minutes a day can help improve sleep quality.
