Farmers Mkt. Card Has \$50

SHOALS—The Senior Farmers Market Nutrition Program is a federally-funded program administered by the Alabama Department of Agriculture and Industries' Farmers Market Authority Section. The SFMNP provides eligible seniors with a \$50 benefit card to purchase fresh fruits and vegetables from certified farmers at farmers markets and farm stands in the state of Alabama.

"The SFMNP card monetary increase from \$30 to \$50 will allow senior citizens to purchase more local products. I want to encourage those who are eligible to apply and begin shopping local!" said Commissioner of Agriculture and Industries Rick Pate. "ADAI looks forward to another year of supporting Alabama's farmers and senior citizens through this program."

Seniors are encouraged to keep this card in a safe place once it is received. Benefits will be loaded to

this same card each year after an application is submitted. Therefore, it is very important to keep the card.

ELIGIBILITY: Applicants must be 60 years of age or older, and the gross household income must not exceed \$2,096/mo for a household of one or \$2,823/mo for a household of two.

HOW TO APPLY: Applicants must apply online at <https://agi.alabama.gov/> or at <https://agi.alabama.gov/farmersmarket/> if there are more than two people in the household. Unfortunately,

applications cannot be taken over the phone or by mail. If you have the Benefits card from 2022, you will need your card number to renew that card and submit your application. If eligible and your application submission is completed, a benefit card will be mailed to the address provided on the application for new recipients. Applicants must reapply every year. For more information about the SFMNP, visit <https://agi.alabama.gov/> or call 334-240-7247 or 1-877-774-9519

TUSCUMBIA—The Tuscumbia Kiwanis Club will have its Annual Pancake Day on Friday and Saturday, March 17-18 at the Multipurpose Center on North Commons, near Deshler Middle School.

“This is our big fund-raising event for the year. It’s also a fun event for the Club members and members of the community,” said Club Treasurer, **David Fleming**. In 2022 the club supported over 25 local charities. Members also participate in activities such as helping build beds for Sleep In Heavenly Peace, a local charity that provides beds to children in need.

“There are a lot of local charities doing important work”, said member **Kathy Hayes**. “The community’s support of Pancake Day allows us help them with funding.”

Hours are 6am-1pm on Friday and 7-10am on Saturday. Advance tickets are available for \$6 from Kiwanis Club members or \$8 at the door.

A Huntsville native, Lane was voted to the ASUN All-Freshman team, voted ASUN Freshman of the Year, and Sixth Man of the Year.

Tuscumbia Kiwanis members (l-r) Will Grimmitt, Chad Smith, Casey Eggleston and Joel Parris show off their cooking skills at the 2022 Tuscumbia Kiwanis Pancake Day.

ASK THE ATTORNEY

Passengers and Guests In Vehicles

Thomas McCutcheon

Ask the Attorney is sponsored by local attorneys, McCutcheon & Hamner, PC, as a service to the residents of NW Alabama.

We had a nice recovery this week in a single car accident. These cases involve the guest passenger statute.

Persons riding in motor vehicles are classified in the statutes and causes as either guests or passengers and are owed differing duties depending on whether they are guests or passengers. The difference is that guests are usually riding for free while passengers are being transported by a common carrier, such as a taxi or bus, for a fee or fare.

The duties owed by drivers or operators of motor vehicles to their social or other nonpaying guests who are passengers are governed by the guest statute.

The guest statute provides that the driver of a vehicle only owes a guest the duty to not willfully or wantonly injure the guest. However, the guest statute is in derogation of the common law, and as such, it should be strictly construed.

The relationship between the host and the guest is consensual in nature. Therefore, protests by a guest to the driver about the driver’s operation of the vehicles may vitiate that consent and change his status to that of a passenger. Whether children under 14 years of age are subject to the guest statute is to be determined by the jury based upon the individual child’s capacity to consent.

Basically, if you pay for the ride or are doing something to benefit the driver you are a passenger and may sue. If the driver is reckless, you are a passenger and may sue.

Where a person is a guest and seeks damages from the driver’s underinsured motorist insurance carrier after a single vehicle accident, the guest statute controls the ability of the guest to recover against the insurer.

Buckle up, drive safely and as always, your referrals are appreciated! 256-764-0112

Archeology Club @ Pope's

Continued from Page 6

Archaeology Club will host a fossil identification workshop on Thursday, March 16 from 6-7pm at Pope's Tavern Museum in downtown Florence. The Archaeology Club is managed and supported by Pope's Tavern Museum. It is dedicated to advancing archaeological education through community-based projects and public history while encouraging responsible and ethical practices of archaeology in the community. Members can learn from each other through a common interest in the community's past, hands-on archaeology opportunities, public history projects, workshops, field trips, and discussions. Members under 12 must be accompanied by an adult during club meetings and activities.

The workshop March 16 will be hosted by Dr. Greg Buckley, associate professor in the Department of Geoscience at the University of North Alabama. Dr. Buckley will discuss the preservation of fossils throughout the region. The meeting is open to anyone who has an interest, and people are encouraged to bring their own fossils for identification.

This program is sponsored by the city of Florence Department of Arts and Museums. Pope's Tavern is located at 203 Hermitage Drive in Florence. Hours are Tuesday - Saturday from 10am - 4pm. Call 256-760-6439 for more information.

Death, The Final Frontier
Not a question of if, but when! How you handle it determines a lot about where you are headed when you die. Bill Sidorski, an old friend told me at death he was going six feet under and that was it! But he left out God! Two months later, Bill was dead. That was 50 some years ago. I don't have to tell you where Bill now resides. But, Bill had a chance. God puts up with our stubbornness, stupidity, unbelief and arrogance just so long and then closes the door. How long will it be before he shuts the door on you? The bible says: **Hebrews 3:15a** "While it is said, To day if ye will hear his voice, harden not your hearts," Why would anyone not want to go to heaven? Death! The wrinkles, gray hairs, the limp, the pains and the graveyards all tell us it's coming! The sirens and ambulances and funeral homes all tell us it's coming! Death! Don't listen to the lie of the devil, "that you always have tomorrow." A lie is nothing but a sugar-coated deception from the devil who's after your soul. Rejection of Christ is a sin that God will not forgive. Our time runs out!
At death, a lost man experiences the truth about heaven, what he missed, and hell, where he now lives. At death, a lost man realizes he made the wrong decisions about eternity. At death, a lost man knows there is no second chance. At death, a lost man sees he has lost his most precious thing he had, his soul. At death, a lost man finds the end result of the lies he believed. At death, a lost man becomes a believer, but then it's too late! In hell I believe lost folks will see (heaven) and what they missed! What a horrible reality. No coming back and rerunning life, it's over. Knowing this, do you still think sin is worth your soul? Better think again! **Mark 8:36-37** "For what shall it profit a man, if he shall gain the whole world, and lose his own soul? Or what shall a man give in exchange for his soul?" **ETERNITY**, your choice, smoking or non-smoking?

Horse Liniment Eases Arthritis Pain

OCALA, FL -- An ingredient derived from hot peppers that decreases inflammation in racehorse's legs, is now recognized as safe and effective for human use.

The ingredient has been formulated into a product called ARTH-Rx® and is a breakthrough in the treatment of painful disorders ranging from minor aches and pains to more serious conditions such as arthritis, bursitis, rheumatism and tendonitis. Some have also reported incredible relief from the pain associated with fibromyalgia.

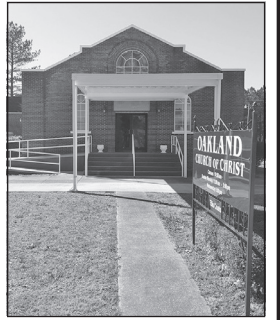

Although the mechanism by which ARTH-Rx works to relieve pain is not totally clear, scientists suggest that pain is Relieved because the active ingredient in ARTH-Rx intercepts the messenger substance that sends pain signals to the brain.

Available in a convenient roll-on applicator without a prescription. Supplies are sometimes limited.

2 JOHN 9

“Whosoever transgresses and does not abide in the doctrine of Christ does not have God. He who abides in the doctrine of Christ has both the Father and the Son.”

With over 200 denominations in our country, there is **much diversity of doctrine being taught.** Can two religious groups teach contradictory doctrines, and **BOTH** be teaching TRUTH?

The Bible is our standard of TRUTH. Jesus said in John 8:31-32 **“If you abide in My Word, you are My disciples indeed. And you shall know the truth, and the truth shall make you free.”**

Again, Jesus addressing God, His Father, said **“Sanctify them by Your truth, YOUR WORD IS TRUTH.” John 17:17**

We are a small congregation of mostly senior citizens who love the Lord.
We would love for you to come and worship with us at 11am Sunday.
We also have Bible study on Sunday at 10am and Wednesday at 6PM.

Misinformation- The Jan. 6 Sham

Continuing with the litany of media and political misinformation we started touching on last week, how could we not address the overhyped January 6th House Select Committee? This is a self-assigned group of miscreants that compared the January 6, 2021 Capitol protest to the Civil War, Pearl Harbor, and September 11 in historic significance.

I'm not claiming that January 6 wasn't a riot or that crimes were not committed. I'm simply noting that it was hardly a government coup or a deadly insurrection as it has been described - especially if the people in question were only armed with flagpoles and capes as weapons. Far too much has purposely been omitted from official records, and much has been lied about for the past 26 months.

The January 6th Committee was a political hit squad from the outset. It was bipartisan only to the point that those on it had to hate Donald Trump. Those who didn't were

Improve Their Lives

Editor:

The *Times Daily* reported the reduction in federal SNAP/food stamp benefits this month. The average recipient household in Alabama will experience a drop of \$90 - \$350 per month.

Alabama's economy will suffer because 15% of the state's population depend on food stamps. The recipients put \$2.16 billion in 2022 (including the temporary pandemic relief) directly into the local stores.

SNAP lifted an average 144,000 people, including 65,000 children, above the poverty line in Alabama each year between 2014 and 2018. Over 70% of SNAP participants

are in families with children; 38% are in families with older adults or disabled; and 37% are in working families.

Food pantries such as the Help Center that provide supplemental groceries to families in the Shoals facing food insecurity have seen demand surge in recent months due to higher food prices. We all can help by volunteering and donating

to those organizations working to improve nutrition for the elderly and children.

Our representatives are wondering how to spend accumulated federal funds provided to cope with the economic effects of COVID, etc. An obvious way to improve the lives of those below the poverty line is to

DAVE Says

by DAVE RAMSEY

SOMETIMES HELPING MEANS MORE THAN JUST GIVING

Dear Dave,
 How do you handle a situation where someone needs financial help, but has misspent money you've given them in the past? My wife and I have been trying to help a young man we recently met. He told us he was trying to get his life together after a divorce and job loss, and he just needed a little money for groceries and household items. He has asked us a couple of times since for more money, but we discovered he was buying alcohol with most of the cash we gave him. We learned from friends what he said about losing his job and being divorced was true, but we are unsure what to do next.

Andrew

Dear Andrew,
 This young man's problem sounds as much like a mismanagement of money as it is a lack of money. He seems to have an issue with lying, and possibly an addiction problem, too.

I've never been against helping people who have good hearts and just need a break. But if someone is bold enough to ask for your money, you have every right to attach requirements to the help you give—especially when it's for their own good. If he really needs food or household things, you can just buy them for him. At least that way, you'd know you were providing necessities.

But in many cases, truly helping someone is a lot more work than just giving them money. Sometimes, you have to get down in their mess, get real with them and walk with them. If you haven't been put off by what has already happened, and you still really want to help, I'd suggest getting to know this young man and his situation a little better. Be straight with him, and let him know you've learned he hasn't been honest with you in the past. Hopefully, as a result he'll apologize

and start making better choices. If he does, you might even offer to arrange for him to talk to a good pastor or counselor.

This whole situation is much bigger than helping someone with a little cash. This guy needs someone who cares enough to help him get his life back together.

Medicare Minute

"Mail, Calls and Door Knocking"

WARNING!! If you are turning 65 over the next few months you will be inundated with mail, phone calls and sometimes people actually knocking on your door. These are just three of the ways companies market Medicare health and drug plans. Over the next couple of weeks, we will look at different marketing methods and what the companies are trying to accomplish with each.

Phone calls – Supplement companies are well known for making out bound calls to people turning 65. Once they have you on the line, they're only objective is to sell you a Medicare plan. It's perfectly ok to sign up over the phone but, if you have a problem with the plan you enrolled in, your agent may be in Florida or California and unwilling to help you. Also, if you ever fill out a request for information online, that request is immediately sent out to several agents and the phone calls will double.

Door knocking – I've never understood why anyone would buy something as important as their Medicare health plan from someone who showed up unannounced at their door. People who market door to door are usually out of town agents. They will buy the same list that direct mail companies buy and literally find your house and knock on your door. It is not a good idea to buy this way for a couple of reasons. First, are you willing to trust someone who shows up at your door with your personal information, such as Social Security number and checking account information. Secondly, it can be dangerous!! Any law enforcement person would advise you to never allow someone you don't know into your house.

The solution to this is to find a local agent that can help you. They will make sure you get the right plan and you'll be able to find them if you need them.

If you have questions regarding any aspect of Medicare or Medicare health plans feel free call us at Alabama Health Guidance (256-648-5710), stop by our office at 885 Florence Blvd (Four Lane Shopping Center) or email me at ikey@alabamahealthguidance.com. I'VE SEEN AN UPTICK IN A TEXT MESSAGE SCAM that you should be aware of. We've discussed "phishing" quite a few times in this space. Phishing is when a scammer attempts to trick you (usually via email) into giving up your login ID and password in order to gain access to an online account such as your bank or retail shopping website. Thanks to the advent of text-based Two Factor Authentication (2FA) it's become harder for scammers to gain access even if they have your user ID and password.

Jim Fisher

GONE SMISHING

by "The Computer Skeptic"

a multi-digit code that was sent to your phone via text message after you enter your username and password. You'll use this code to login to your account from a computer you've not used before. If a scammer doesn't have your phone they will not be able to see this code. Without that code, they won't gain access to your account. Unfortunately, the scammers have socially engineered a new trick called "smishing." Smishing is an acronym that combines "short message

service" or SMS--aka "text messaging"--with phishing. So, if a scammer has your email address and password they simply need to somehow convince you to give them that code. The way this usually works is the scammer will spoof the number of a legitimate company (for example, Visa" or perhaps your brokerage account), and send you a text claiming they've detected "suspicious login activity" on your account. To avoid locking your account, they'll request

that you forward them the 6-digit code they are about to send to you. The truth is that they already have your username and password, they are simply trying to get you to send them the code that gives them full access to your account.

So if you receive one of these random text messages, just keep the following in mind:

No legitimate company will ever require you to share these codes with their support or security teams. If anyone asks for that code, assume they are a scammer.

If you do receive one of these fake 2FA messages, that means someone already has your username and password but can't yet access your account. You don't want them to have that password, either,

so I suggest you log in to your account using the official address of the website and then change your password.

You can also switch to using an authenticator app instead of SMS-based 2FA. I'll cover authenticator apps in my next exciting installment. Until then, please be suspicious of any strange text messages you will inevitably receive.

Meet **MOLLY**, this amazing girl is fun, vibrant and full of life. She loves ridding in the car and long walks on beautiful days. She loves to run and play in the warm sun. She is medium size and good on a leash. She enjoyed a doggies day out for lunch with a staff member. **THE ADOPTION FEE IS \$85** and includes heartworm test, current vaccines, spay/neuter and microchip. Please call or come by **Florence Lauderdale animal services** 256-760-6676 to meet this beautiful lady.

Meet **SPIRIT**, a low-energy female dog who has done well around people and other low energy dogs. You can usually find her laying on her blanket in her kennel. Spirit's current interests include, but not limited to: saying hi to everyone, keeping her kennel clean, adventures in a fenced area. This amazing girl has the best spirit. **THE ADOPTION FEE IS \$85** and includes heartworm test, current vaccines, spay/neuter and microchip. Please call or come by **Florence Lauderdale animal services** 256-760-6676 to meet this beautiful girl.

CECE AND POPPY are 2-3 years old husky mixes and ready for adoption to a family looking for a bonded pair. They have been in foster for quite some time but now back at the shelter. We are hoping that being able to come out and see them at the shelter will help get them the forever home that they have been waiting on! They are both fixed already! The foster says that they have been working on basic commands, both dogs will sit on command! They also worked on house training and they both excelled at that task as well! They are both on the smaller side (maybe 40-45 Lbs. on poppy and 30ish lbs on Cece). These two will need to be inside or in a VERY secure enclosure! They are typical husky mixes and are VERY good at escaping!

These two are going to make someone great pets! They are super friendly and walk well on leashes! We haven't had any issues with any type of aggression at the shelter and the foster had a small dog. Huskies can be animal selective and assert dominance so it would be best to bring any dogs that you currently have to meet them on neutral grounds. **THEIR ADOPTION FEE IS \$100 FOR THE PAIR!** They will be up to date on vaccines, NexGard, and will get a microchip! For more information please contact **Colbert County animal shelter** 256-381-4073. 530990-1

Commentary

January 6 Sham...

Continued from Page 12

dismissed before the pseudo-investigation got underway. The whole objective was to get a recommendation for the indictment of Donald Trump so he could never again be President. Any other reason is a premeditated lie. A brilliant one to say the least, set up well before the calendar left 2020, but a predictable one.

Because Tucker Carlson gained access to film footage, vantage points, and timelines related to the January 6 certification that have not been seen by anyone outside of the committee, we finally got to see some of what the committee has been hiding from us in order to condemn Donald Trump.

And has it ever hit the fan...

The complicit media that never demanded the additional footage, and those involved have been screaming since Carlson's revelation on Monday night of last

week. I can't figure how HIS actions are 'hurtful, reckless, and damaging' when HE is exposing not only the obvious lies, but really the whole premise behind the Democratic party and their buddies, the never-Trumpers.

White House Press Secretary, Karin Jean-Pierre condemned Tucker Carlson's "false depiction" about January 6, doubling down on the lie that it was "a violent attack that cost police officers their lives."

NO OFFICERS DIED at the event or from this attack.

Brian Sicknick, the officer who was supposed to have violently died on the scene, who CNN's Anderson Cooper reported was killed by a blow to the head with a fire extinguisher, is shown casually walking in the halls, cleaning up signs and channeling protestors (who were now nothing more than unauthorized tourists) through the building. His own family said he arrived home safely after

work that day.

All the reports to the contrary are a LIE.

In fact, Washington DC's Chief Medical Examiner, Francisco Diaz, finally ruled 14 months after the event that Sicknick died of a stroke and natural causes the day after the event. Yet the lie that he died from an assault at the scene persists to this day, even after unedited video evidence shows otherwise.

A Trump voter himself, Sicknick's death was then used as a martyr for left-wing propagandists.

Even US Attorney General, Merrick Garland, stumbled through his own lie reiterating falsehoods about what happened January 6, when he said, "five officers died."

The original lie was never actually five officers, it was five people, four officers and a protestor. That protestor was an unarmed female named Ashli Babbitt, a 35 year-old, petite US Air

Force veteran served two tours in Afghanistan and Iraq before later deployments with the National Guard to Kuwait and Qatar.

Wearing a Trump flag as a cape, Babbitt was shot from a distance climbing through a window by Capitol Police Lt. Michael Byrd who still claims he saved lives and was preserving democracy.

And then there is the tall, MAGA hat-wearing Ray Epps who some insist was one of many plants in the crowd January 6 that included antifa members to help escalate tension. January 6 showed Epps wandering through the crowd for hours running his mouth. He whispering in a man's ear right before some barriers at the bottom of the steps breached. However, Epps' voice was recorded saying, "We have to go in there."

Epps was also filmed on the night of January 5 saying, "We need to go into the Capitol." He later added, "I'm going to put it out there. I'm probably going to go to jail for it, okay. Tomorrow, we need to go into the Capitol. Into the Capitol."

Epps also testified before the January 6th Committee that he left the protest area 30 minutes before he is seen clearly in video footage right at the front by the barricades. Epps also texted his nephew, Dalin, on January 6 with the words, "I was in the front with a few others. I also orchestrated it." Epps instigated. He orchestrated. He officially lied about his whereabouts. Yet, he is still a free man.

In addition, and far outside its "legitimate" scope of work, the Committee doctored a video clip for its audience. It is a distant one-two seconds of Republican Sen. Josh Hawley trotting down a hall toward the exit in supposed cowardice after earlier in the day

Jacob Chansley, (Jake Angeli) the so-called QAnon Shaman with painted face, a flag, and horned headdress is the face of "the violent insurrection." It never shows how he entered the building. However, he is shown in various areas of the Capitol walking calmly and even escorted

giving protestors a fist of support. The full clip showed Capitol police ushering dozens of people down the same hallway to safety, and Hawley was the last of them to be seen in the video. It was yet another opportunity for personal vendetta instead of fact-finding.

It's also extremely important to remember that the Speaker of the House in this case, Nancy Pelosi, has charge over the Capitol Police. Despite repeated warnings and concerns by those under her and by her peers in Congress, that crowds could swell tremendously and there could be disturbances, she refused to bring in any additional support on that day.

Tarik Johnson, a 22-year Capitol police officer had oversight of securing the certification of the 2020 presidential election that day. When he heard, the Capitol had been breached, he secured the Senate and House chambers and called for support. He got no answer. He called again repeatedly with no answer. He took the situation into his own hands and helped evacuate Senate and House members. In addition, video evidence from a private individual shows the registered Democrat donning a Trump hat to enlist the confidence of some crowd members to help lead several officers out of harm's way. However, Johnson was NEVER asked to testify before the Committee.

For his efforts, Johnson was suspended and later fired.

by police through many halls and rooms. Chansley is also shown and heard saying a prayer of appreciation for the Capitol police that day from the Senate chamber. However, the most critical elements of the video were withheld from the media, the public and his lawyers through three separate court hearings. As a result, Chansley was convicted on felony charges of obstructing an official proceeding and sentenced to 41 months in prison. He may indeed be guilty. However, how he was depicted and evidence withheld from the court was illegal and underhanded smut. With everything else perpetrated that day including a massively coordinated set-up and countless government failures, this guy deserved better.

And Senate Majority Leader, Chuck Schumer dares to call Carlson's show "one of the most shameful hours we have ever seen on cable television." "I don't think I've ever seen a primetime news anchor manipulate his viewers the way Mr. Carlson did last night..." "I don't think I've seen an anchor treat the American people and American democracy with such disdain."

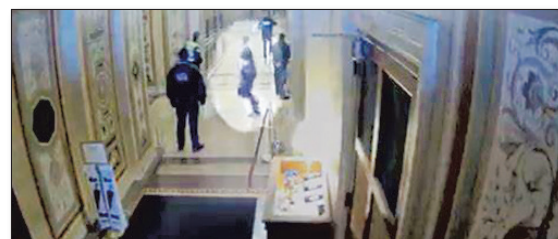

Save it, Chuck. You are full of it daily.

This whole whitewash does more than just implicate a few committee members.

It's an indictment of the national media, the entire Democratic party, and a few Republican cowards, too ashamed to admit they were wrong. ...Whatever it takes to shame the others and mislead the public into believing the lies.

If I could get more descriptive than five bags of manure as an assessment, I would.

Speaking The

Truth

Ephesians 4:15

In Love

Written For Our Learning

In Romans 15:4, the apostle Paul wrote, "For whatsoever things were written aforetime were written for our learning, that we through patience and comfort of the scriptures might have hope." Paul wrote by the inspiration of Almighty God (2 Timothy 3:16-17). Holy men of God wrote as God-breathed (2 Peter 1:20ff).

The Bible is given that we may LEARN from its instruction, guiding us in our daily walk. We hear the words of Christ (Matthew 5-6-7) in the unequaled sermon on the mount. We hear warnings from Peter and John. We hear the tender invitation of the Lord Himself (Matthew 11:28-30). We hear the inviting description of the eternal paradise that awaits the faithful (Revelation 20:1-4).

Let us also note how we learn from the OBEEDIENCE and DISOBEEDIENCE of those of long ago.

NOAH did all that God commanded him to do (Genesis 6:22) and he and his family were saved from the flood.

NADAB and ABIHU died when they offered a "strange fire" (one that God had not commanded (Leviticus 10:1-2).

ABRAHAM offered his son as a sacrifice (as God commanded) in faith, knowing God had promised (Hebrews 11) and was blessed to be the father of all nations.

UZZAAH perished because he touched the ark of the covenant (which God had commanded them not to do).

The many additional ones we could examine and LEARN from their mistakes or actions of complete obedience help us today to totally realize what our action must be. God means what He says when He speaks (and He has spoken to us through His Word (Hebrews 1:1-2). God will not accept a mere partial obedience nor tolerate rebellion. Our Father is a wonderful Being of love and kindness – but He is also a God of wrath to the disobedient and rebellious. Look to the Word of God for this clear evidence.

LEARN by plunging into the precious truths of God. Accept God's way. Follow God's instruction. Yield totally to Him as the Sovereign Creator. Praise and glorify Him as the all-powerful, all-knowing, everywhere-present Jehovah – the One who will on day judge the world according to their deeds. Are you LEARNING God's way?

Searching The Scriptures...

Can we know what we must do to be saved?

(Answer: YES! Read the accounts of conversion in the book of Acts. Almost a dozen obeyed (took steps to be saved. Do what they did to be saved.

archaeology opportunities, public history projects, workshops, field trips, and discussions. Members under 12 must be accompanied by an adult during club meetings and activities.

The workshop March 16 will be hosted by Dr. Greg Buckley, associate professor in the Department of Geoscience at the University of North Alabama. Dr. Buckley will discuss the preservation of fossils throughout the region. The meeting is open to anyone who has an interest, and people are encouraged to bring their own fossils for identification.

This program is sponsored by the City of Florence Department of Arts and Museums. Pope's Tavern is located at 203 Hermitage Drive in Florence. Hours are Tuesday - Saturday from 10am - 4pm. Call 256-760-6439 for more information.

A Pre-St. Patrick's Day concert will be presented by the Wildwood Trio on Thursday, March 16 at 7pm at St. John's Episcopal Church, 300 N. Dickson St. in Tuscumbia. There is no charge to

attend the concert, which is sponsored by Grace Episcopal Church, Sheffield. The Wildwood Trio credits a Celtic influence to their original songs. Singer-songwriter Eddie Martin, who heartily claims his Irish heritage, and celebrates his own birthday on March 17, credits the influence of Irish music and the attitude of the Irish people on the development of the Wildwood Trio's distinctive sound. He will be accompanied by Malcom Singleton on guitar. Tony Lee will employ the Irish Bouzouki on many of the group's original numbers. The group recently released new music which will be part of the concert.

Alabama's earliest Carpenter's Gothic church, St. John's, was built in 1852. It contains its original pews, pump organ and memorial stained-glass.

Kiwanis Clubs focus on helping children and, 100% of what they make on Pancake Day goes to the charities that they support. In 2022 the club supported over 25 local charities. Members also participate

in hands-on activities, such as helping build beds for Sleep In Heavenly Peace, a local charity that provides beds to children in need. "There are a lot of local charities doing important work", member Kathy Hayes said, "and the community's support of Pancake Day allows us help them with funding."

Hours are 6am-1pm on Friday and 7-10am on Saturday. Tickets are available for \$6 from club members or \$8 at the door.

abolish the state and local sales taxes on groceries.

Alabama is one of three states that imposes full sales tax on food - and with a combined state/local tax on groceries of 9.25%, is among the highest. Removal of those taxes would cover the rate of inflation and result in more food for those most in need.

No Lottery Investigation

Editor,

I feel sorry for all the suckers buying Powerball and Megaball lottery tickets.

I really believe the lottery is corrupt and rigged. Anyone with common sense can see the repetitive numbers that constantly get picked are more than coincidence. It is to stop big winners so they can build a bigger pot to win and attract more buyers.

Just look at the last six months of announced winning numbers.

I wonder why the Powerball and Mega Lottery are not being investigated?
