*Travel Thoughts By Kim*  
 Let's go on an adventure together... to the Wonderful Land of Oz!

Downtown Chittenango, NY with their quaint yellow brick sidewalks

Did you know you can visit the Wonderful Land of Oz without leaving New York State? You don't have to ride a house in a tornado. You don't have to wear magical ruby slippers. You only need to take about a two and a half hour drive - give or take, depending on the route you take - to Chittenango, NY. And... you just might encounter a wicked witch, a cowardly lion, a scarecrow looking for a brain, a rusty tin man, and a sweet girl named Dorothy while you're there.

Chittenango is the birthplace of L. Frank Baum - author of the Wizard of Oz books. The small village of Chittenango embraces their connection to the famous author with Oz-themes everywhere you look - including yellow brick sidewalks, a lovely Oz-themed public library, and the All-Things-Oz Museum. Just outside the village, they have an Oz-themed casino with an active tornado in the lobby and the Wicked Good Pizza place next door. There are several other Oz-themed shops in and around the village making sure that you can experience Oz anytime you want in Chittenango.

Their big claim to fame is the Oz-Stravaganza festival held the first weekend in June every year - this year's festival is June 2-4. They have all kinds of costume contests and activities for young and old, alike. One end of town is dedicated to vendors, food trucks, music, and carnival-type rides and games. All the Oz characters come to life and wander around the village for photo opportunities and to delight the kids. They also have guest appearances by authors and others giving talks and book signings. The village is small enough that you can walk all over to experience all the different parts of the festival.

Dorothy, Scarecrow, and Tin Man on the lookout for the Wicked Witch at the Oz-Stravaganza Festival in June 2017.

The weekend is capped with a big parade. I attended in 2017 and the Grand Marshall that year was Jane Lahr - daughter of Bert Lahr, who played The Cowardly Lion in the movie. I got to meet her and have a nice conversation with her. Come as you are or

dress like your favorite Oz character - you won't be out of place at the Oz-Stravaganza. The closing ceremony usually includes a balloon lift-off to take Dorothy back to Kansas. Unfortunately, the year I was there the threat of severe afternoon storms caused them to cancel the balloon lift-off. I will have to go, again, sometime to see that part!

Remnants of dry docks unearthed and restored at the Canal Boat Museum. The dry docks were used to repair canal boats in the early days of the Erie Canal

But, Oz isn't all that Chittenango has to offer. Back in the early days of the Erie Canal, Chittenango Landing was known for building and repairing canal boats. They have a wonderful Canal Boat Museum that is open to the public and they give school children tours to teach them all about building canal boats. Also, just four miles down the road is Chittenango Falls with great walking trails. Then, another five miles or so is the lovely village of Cazenovia with wonderful shops, restaurants, and a stunning lake.

One of my favorite things about the entire weekend was visiting The Wild Animal Park just north of Chittenango. It is an awesome park with lots of opportunities to get up close and personal with various animals that you can feed and pet. There are also some animals in enclosures for your protection or theirs. They also have snack huts and a bounce house for the kids, as well as a nice picnic area overlooking a lake. It is one of the better animal parks I've ever been to and is well worth the two hour or so drive.

I highly recommend the Chittenango / Cazenovia area for a quick get-away. Whether you go the first weekend in June to participate in the Oz-Stravaganza or just go anytime to enjoy a bit of Oz and all the other wonderful things to do in the area, you're sure to have an awesome time! And...it isn't that far to make a day trip to the Wild Animal Park and a walk down the yellow brick sidewalks in Chittenango.

## Advanced Manufacturing and Engineering Program Shoots for the Stars!

The Advanced Manufacturing and Engineering students, at the Orleans Career and Technical Education Center, will have their names in space next year!

Teacher Bill Rakonczay's students signed a locker that will be going to the International Space Station (ISS) thanks to their partnership with NASA's HUNCH program. The students made a part for the stowage lockers and to recognize their hard work - Gene Gordon, a NASA HUNCH mentor - stopped in to have the seniors sign one of the lockers. The HUNCH mission is to empower and inspire students through project based learning program where high school students learn 21st Century skills and have the opportunity to launch their careers through the participation in the design and fabrication of real world valued products for NASA.

Space flight equipment is one of HUNCH's largest programs allowing students to create high quality hardware items for the International Space Station. Since the projects are likely to fly to the ISS, they need to be of the highest quality and meet stringent tolerances applied to all hardware for the ISS.

What a great experience for the students and something pretty amazing to put on their resume! Mr. Gordon thanked everyone for their hard work and told them how much he enjoys working with high school students who are passionate about career and technical education. He also gifted a video screen to Mr. Rakonczay so that he could show the students' work to visitors to the building.

Helen Lucille Bilicki, aged 87, passed away April 6, 2023, with her loving children at her side, after a short illness. Born in Albion, NY on May 17, 1935, as the youngest of three children, to Clark and Mildred (Ingalls) Ireland. She was a lifelong resident of the town. She was a graduate of Albion High School with the class of 1954 and earned a bookkeeping degree from Genesee Community College in the early 1980's.

With a passion for volunteering, Helen was always willing to step up when a group needed a treasurer or help organizing a fundraiser. She was deeply involved in many organizations in her community including Girl Scouts of Western New York, Orleans County Historical Society and Orleans County Veteran Van Transportation. Helen enjoyed camping with her family as a member of Family Campers and RV's, doing crafts with the Home Bureau and most recently putting together puzzles with her friends in the community room at her apartment. After decades of waiting, Gaze was inducted into the New York State USSSA Hall of Fame in 2016. After retirement, Jack split his time between Central Florida and Upstate New York to enjoy what was most important to him, spending time with his family and friends (and of course rooting for the New York Yankees). ## Do you have HEEL pain or ARCH pain?

HEEL SPUR SYNDROME/PLANTAR FASCIITIS is a common problem among people who are active. It starts as a dull intermittent pain in the heel and progresses to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing or after walking.

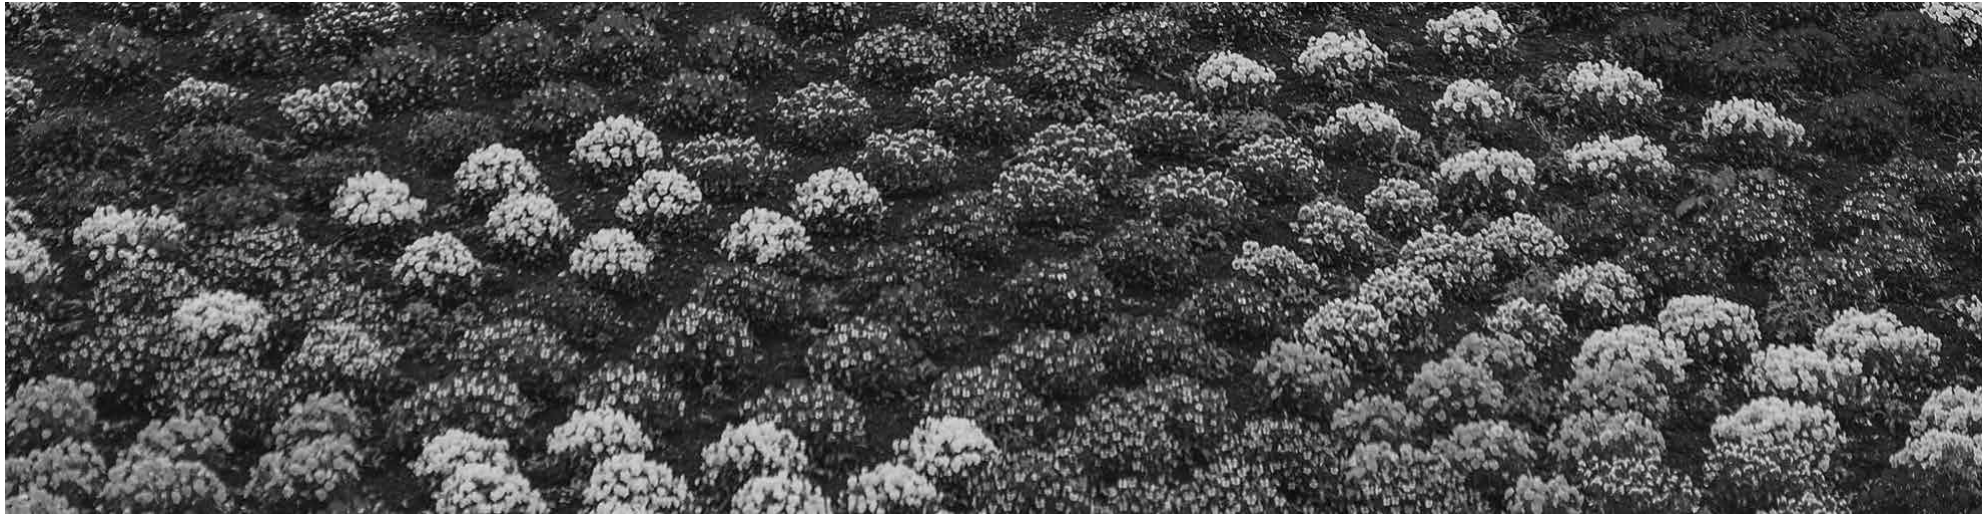

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.
- Contributing factors: Flat pronated feet, high arched feet, poor shoe support, increase age, sudden weight increase, increased activity level, family tendency.
- 95% of our patients' symptoms are resolved with conservative treatment, avoiding surgical intervention.
- We also offer surgical procedures with the best post op success rates using Endoscopic Plantar Fasciotomy techniques (minimal incisions and scarring; often back in a shoe in 1 week).

ALBION - Sheriff Christopher Bourke is pleased to announce that the Sheriff's Office will again participate in National Prescription Drug Take-Back Day on Saturday, April 22, from 10 a.m. to 2 p.m.

This is a collaborative effort between the U.S. Department of Justice - Drug Enforcement Administration and the Orleans County Sheriff's Office.

This is a great opportunity for the public to surrender unwanted and/or expired medications and sharps for safe and proper disposal. Events such as these have dramatically reduced the risk of prescription drug diversion, abuse, as well as increasing awareness of this critical public health issue.

The authorized collection site for this event will be located at the Orleans County Public Safety Building, 13925 State Route 31. We will be collecting unused medications, sharps, pet medications, and e-cigarette / vape devices (The batteries must be removed).

## Massive fire causes extensive damage to Main Street building in Medina

Photos by Tom Rivers/Orleans Hub

MEDINA - A three-story building made of Medina Sandstone in 1901 was badly damaged by a fire on April 7 in downtown Medina.

The structure at 613 Main St. housed a carpet business and also two residents. No one was hurt in the blaze, although one of the residents was rescued from a second-floor window.

About 150 firefighters from four counties responded to the fire, which is one of the largest in recent history in Medina. There were five aerial ladder trucks on scene with apparatus from Medina, Shelby, Murray, Lockport and Albion.

The fire was contained to the one building. The roof and floors caved in but a structural engineer said the stone walls aren't in danger of falling.

The building's owner, Jeff Fuller, is working with the village to stabilize the site which has been fenced off. The building is next to the railroad tracks and the speed limit for trains has been reduced from 25 to 10 miles per hour near the building.

No cause of the fire has been determined yet.

The building was originally constructed as a cold storage.
