**ARIES** (March 21 to April 19) Changes in the workplace might be daunting for some, but you love challenges and will do just fine with this one. Remember to work with facts, not rumors.

**TAURUS** (April 20 to May 20) Just when you need some emotional reassurances, you find an almost-forgotten, friendly gesture repaid in the most wonderful way. More good news follows.

**GEMINI** (May 21 to June 20) You have a chance to restart a stalled personal relationship. Additionally, a workplace change bodes well for new opportunities, but you need more facts before you can act.

**CANCER** (June 21 to July 22) Talk to your longtime friends about why they're not in sync with your new pal. You might learn some startling facts. Also, a difficult workplace situation eases.

**LEO** (July 23 to August 22) What seems to be a golden opportunity is, naturally, attractive to Leos. But be careful that it's not just a lot of surface glitter. You need to ask more questions.

**VIRGO** (August 23 to September 22) There are still some issues with getting decisions made on your workplace project. Talk to a supervisor about ways to break the impasse.

**LIBRA** (September 23 to October 22) A family matter could become more complicated and reach an apparent dead end. Don't give up on trying to find a solution. Work patiently with everyone involved.

**SCORPIO** (October 23 to November 21) You'll soon hear more about an offer that could change the direction of your career. Meanwhile, enjoy the newly positive on-the-job environment.

**SAGITTARIUS** (November 22 to December 21) Expect a favorable reply to a workplace request. On the home front, a full explanation helps you sort out a long-standing personal problem.

**CAPRICORN** (December 22 to January 19) A serious matter needs focused consideration. Watch that your sometimes capricious nature doesn't create any unnecessary distractions.

**AQUARIUS** (January 20 to February 18) You win added support for your determination to turn a bad situation into a good one. One new ally arrives from a most unexpected source.

**PISCES** (February 19 to March 20) Family and friends need to be told about a decision you want to make. Be prepared to offer a full explanation when asked. Hold nothing back.

**BORN THIS WEEK:** You can be a fighter and a lover. You are a natural leader with a strong sense of justice that makes people respect you.

# Piedmont Pets

April 27, 2023 By Paulette Dean

It is very hard to believe that spring is already here and when we blink our eyes, the calendar will tell us summer has begun. Now is a good time to begin summer preparations for pets:

- Once the temperatures are in the low 60s, pets should be kept home unless it is possible to have someone stay in the car with them while someone else completes the shopping or errands. Never rely on cracked windows or cars parked in the shade to keep animals cool!
- Owners of all companion animals are required to provide standards of adequate care. For the purposes of summer, that means animals must be safe from the adverse effects of direct sunlight and heat. That is very clearly defined in the Code of Virginia. Doghouses quickly become sweltering heat boxes! There must be a way for the animal to escape direct sunlight and heat.
- It is now illegal in Virginia for any companion animal to be tethered during a heat advisory.

Danville, VA 24540

Phone: (434) 799-0843

4. We strongly urge people to walk dogs in the early morning or in the evening. Pavement can quickly burn paws. If you don't want to walk on pavement with bare feet, your animal should not have to!

5. It is more important than ever to provide a constant source of drinkable water. This means that outside companion animals should not be expected to drink hot water.

This is definitely not a comprehensive list, but will help some owners get prepared for the summer care of pets.

**Amphora Pottery**

Collectors use the names "Amphora" or "Teplitz" for art pottery made in the Turn-Teplitz region of Bohemia (now the Czech Republic) from the late 19th to the early 20th century. The best known and most elaborate examples are decorated with applied three-dimensional figures in an art nouveau style.

An Amphora piece might look like it has trees growing out of it, an animal's tail wrapped around the neck or base, or a human figure holding on to the rim or reaching for fruit on a molded branch.

Here, a stylized octopus appears to sit on top of the vase, with two of its tentacles forming side handles and the rest trailing down the vase's pear-shaped body. It sold for \$6,600 at Morphy Auctions. Early Amphora pieces (made before World War I) are higher quality, look more interesting and tend to get higher prices.

*Amphora pottery made in Bohemia during the art nouveau period is prized for its elaborate nature-themed decorations. This octopus vase brought \$6,600 at a Morphy auction in 2021.*

**Q:** What is "bone china"? Is it another name for porcelain or something different?

**A:** Bone china is a type of porcelain. It is made by combining clay and minerals with the ash left from burning animal bones. This makes it stronger, thinner and more durable than hard-paste porcelain. It has to be fired at higher temperatures and is more difficult to make. It was first made in England in the late 1700s, when European ceramicists were trying to replicate Chinese porcelain. Some historians think bone ash was first added to the clay due to a mistranslation of a French description of Chinese porcelain making. Although bone china was made earlier, the words "bone china" started appearing in marks on pieces in 1915.

**TIP:** To cover a scratch in wooden furniture, mix a paste of instant coffee and water and rub it into the scratch. Another quick fix is to color the scratch with the proper color crayon.

## Laidback Golf Tour Held 1st Major of Season at Greensboro National Golf Club

Jordan Johnson Hole in One Winner

From left to right: Tour Director & D-Flight winner Kenny Powell, A-Flight winner David Wilson.

On Monday April 17th in sunny but breezy conditions twenty members of the Laidback Golf Tour competed in their first Major event of their season at beautiful Greensboro National Golf Club. They found the course to be in great condition for early season and quite challenging. The field was able to post one round in the seventies and ten rounds in the eighties. Also one player carded his first ever Hole in One while thirteen birdies were made by the group also. Eighty-two year old David Wilson from Fayetteville, N.C led all scorers with his round of 79; giving him his second win of the season in the A-Flight. The performance today also strengthened his lead in the Tour's points race giving him a 28 point lead over the second place player after 4 tournaments. Meanwhile twenty-five year old Jordan Johnson was able to celebrate his very first Hole in One by holing the 150 yard tee shot on hole number eight. This was only the fourth Hole in One that has been made in a Tour event in the ten years of the Tours existence. All of the flights except the A-Flight saw first time season winners emerge today.

The Tour's next scheduled tournament is Thursday May 4th beginning at 10am at Tuscarora Country Club in Danville. Entry fee for Tour members will be \$70. Registration is request as soon as possible but no later than noon Saturday April 29th. Register by emailing [golftripman@yahoo.com](mailto:golftripman@yahoo.com).

There were no Honey Hole Winners today so \$108 will carry over to Tuscarora

MAKE DANVILLE SHINE IN MAY 2023  
 (ALL WAIVED FEES/RESTRICTIONS END WEDNESDAY, MAY 31st)

\* Make children's pills easier to swallow by crushing them and putting them in a bit of jelly or applesauce. Make sure, especially if it's a prescription medicine, that it can be crushed. -- U.L. in Minnesota

\* To keep kids from running into a closed sliding-glass door, cut out a small picture of something that's brightly colored, "laminat" it by taping it across both sides, then tape it to the door at children's eye level. -- E.R. in New York

\* Painting season is in full swing at my house, and here are my two favorite painting tips: One is to lightly soap the windows (glass only) and let it dry. Any paint splatters will land on the soap, which can be easily wiped away when the paint is all dry. The other is to give locks, hinges and doorknobs a light coat of petroleum jelly. It works the same way, and when polished away, it leaves a nice shine to hardware.

\* Here's a great spring facial: Split an avocado, mash half of it and use it as a mask. Let sit for up to five minutes, then rinse away with warm water.

\* Cleaning windows? Use a nylon net scrubbie from the kitchen to get rid of bugs from screens. It also works really well to scrub bugs off the car grille or car window.

\* Here's a great tip you can use when parallel parking in front of a storefront. Check the reflection to see if it looks like there's room when backing in or pulling forward. -- O.W. in California

by Dana Jackson

Betty Gilpin ("GLOW" and "Mrs. Davis")

**Q.** I saw that Betty Gilpin has a new show. Whatever happened to the one on Netflix where she played a wrestler? Did it get canceled? — *H.E.*

**A.** "GLOW," starring Alison Brie and Betty Gilpin as two friends who become professional women wrestlers in order to pay the bills, was one of those shows canceled too soon. It lasted for three seasons on Netflix and was renewed for a fourth, which was ultimately canceled before filming, reportedly due to COVID restrictions.

The premise is based on the syndicated show "Gorgeous Ladies of Wrestling," aka "GLOW," which aired on cable TV in the 1980s. It was a combination of athletic wrestling and over-the-top comedic characters. Netflix's "GLOW" received high praise from critics and the professional wrestling community.

Gilpin's newest project is headlining her own series — "Mrs. Davis," on the Peacock streaming app. It's a sci-fi drama with an unusual plot about a nun who takes on a powerful form of artificial intelligence, in what Peacock is billing as "an exploration of faith versus technology." The series' first four episodes became available on April 20, followed by new episodes every Thursday.

and has had a long career in Hollywood. His first movie role was the hilarious classic "Airplane!" in 1980, but prior to that, he guest-starred on multiple prime-time shows before landing "Angie." His last role in a major production was playing Capt. Bob Wilson in the TV movie "Sharknado 2: The Second One," in 2014.

**Q.** What was the name of the 1970s sitcom about a waitress who dated a doctor? I remember it starred the actor from the movie "Airplane!" It's one of my earliest TV memories as a kid, but I've never seen it in reruns. — *N.M.*

**A.** You're thinking of "Angie," which ran for two seasons on ABC from 1979 to 1980. It was produced by Garry Marshall ("Happy Days") and starred Donna Pescow and Robert Hays as a coffee shop waitress and pediatrician who fall in love. Future "Everybody Loves Raymond" star Doris Roberts played Angie's mother.

Before getting her own show, Pescow was best known for playing Annette in "Saturday Night Fever" and later for her daytime soap roles on "All My Children" and "General Hospital." Her most recent credit is an episode of Hulu's "Welcome to Chippendales."

Actor Robert Hays is now 75 years old

**Q.** Is Trisha Yearwood going to record a new album anytime soon? I love her cooking show, but miss her as a singer. — *W.W.*

**A.** Country singer Trisha Yearwood's last studio album was "Every Girl" in 2019. It included collaborations with her husband — singer Garth Brooks — and Kelly Clarkson. Yearwood decided to pursue her other passion, cooking, a decade ago with her own series, "Trisha's Southern Kitchen," on the Food Network, which won a Daytime Emmy Award a year later.

Yearwood's next solo project remains up in the air, but she will be one of the featured singers on her husband's upcoming album "Duets" later this year.

### Pig Pickin' Cake

#### Ingredients

- For the Cake
- 1 (15.25 ounce) box butter golden cake mix I use Duncan Hines
  - ½ cup unsalted butter (1 stick) softened
  - 4 large eggs
  - 1 (11 ounce) can mandarin oranges undrained
  - additional mandarin oranges for garnish optional

#### For the Frosting

- 1 (20 ounce) can crushed pineapple very well drained
- 1 (3.4 ounce) box instant vanilla pudding
- 12 ounces whipped topping (Cool Whip) ¾ of a 16-ounce tub or 1 ½ 8-ounce tubs

#### Instructions

Preheat your oven to 350 degrees F. Spray a 13 x 9 baking dish with cooking spray.

Place cake mix, butter, eggs and mandarin oranges (with juices) in a large mixing bowl. Beat with a hand-held electric mixer on low speed for 30 seconds, then increase to medium speed and beat for an additional 1 ½ minutes, or until combined.

Pour into prepared baking dish and spread evenly.

Bake for 35 minutes, or until a toothpick inserted in the center is removed clean. Allow cake to completely cool before frosting.

Prepare the frosting by stirring together drained pineapple and pudding mix in a large bowl (it will be a pasty consistency). Fold in whipped topping until well combined.

Spread frosting over cake. Garnish with additional mandarin orange slices, if desired. Cover and refrigerate until ready to serve. Refrigerate any leftovers.

This cake is best when refrigerated overnight before serving, but is still delicious when served immediately!
