## Greetings from Woodhaven Kiwanis President Bob McCoy

Another year is behind us, and once again it's time for our collaboration with the Downriver News Herald presenting the Kiwanis Club of Woodhaven annual community report. Please support the advertisers who support us. Local businesses are of vital importance to us all.

Although the pandemic has recently been declared over, the world is still dealing with new ways of making it through the day. Life has certainly not gotten easier for the disadvantaged people of the world. Kiwanis is a global organization of volunteers, dedicated to changing the world, one child and one community at a time

The Kiwanis Club of Woodhaven is comprised of members from across the Downriver community. Some members are college students, some active in their careers, and some retired. We have activities which offer a chance to become involved, with varying levels of engagement. You can make a big difference in someone's life without a giant imposition on your time. Ring a bell for the Salvation Army at Christmas and make a difference all year! The first step is to pay us a visit- Wednesdays, 6:30PM at the Woodhaven Community Center at Hall and West Rd.

For the first time in three years (due to COVID), we were able to hold our Kids Against Hunger event. Hundreds of third, fourth and fifth grade volunteers from area elementary schools put together ingredients for nutritionally balanced food packets which only require the addition of boiling water. The kids produced about 20,010 packets which will feed approximately twenty thousand people. Packets were distributed to area food banks as well as being made available for national and international relief.

On April 15th, we held our free annual movie for Autistic and Special Needs children and their families. Emagine Theater in Woodhaven hosted the event, and theater lights and sound were adjusted appropriately. The theater was full, and the event was enjoyed greatly by all in attendance.

Thanks to everyone for supporting our efforts to make life better for the disadvantaged members of our communities. Please consider joining us in our efforts.

Thank You,

*Bob McCoy*

**Did you know the Kiwanis Club of Woodhaven hosts a movie for children with autism and their family annually?**

April is Autism Awareness month. It is estimated that one in every 40 children is diagnosed with autism, making it more common than childhood cancer, juvenile diabetes, and pediatric Aids combined.

Children with autism and their families have been invited to a movie which had been held at local theaters. The movie is shown with lights on, the sound lowered, and the doors open. Families are free to come and go as they wish.

# UPGRADE your drinking water to Ionized Molecular Hydrogen Water

*This is for you if...*

You are actively fighting disease or looking to prevent disease. According to the National Cancer Society, 1 in 2 men and 1 in 3 women will be diagnosed with cancer in their lifetime. With stats like that, disease prevention should be on everyone's radar! There are over 600 scientific studies showing potential benefits in 170+ disease models - including cancer, arthritis, autism, diabetes, heart disease, obesity, alzheimers, parkinsons, crohns, migraines, depression, acid reflux, to name a few...

Ionized Hydrogen Water is one of the most powerful additions to your toolbox of disease prevention, health & vitality.

*why is ionized hydrogen water so beneficial?*

*the science behind it*

Hydrogen is the smallest molecule in existence and has the capacity to pass the blood brain barrier, cell membranes, and actively reach every cell in the body to help heal & repair. It does this by neutralizing cytotoxic free radicals; therefore, removing the burden of oxidative stress which is what leads to inflammation, disease and aging. It also up-regulates your body's own antioxidant-producing system. This results in production of even more protective enzymes (antioxidants), including Glutathione - aka the master detoxifier and maestro of your immune system!

It is one of the greatest additions to your toolbox of disease prevention, health & vitality because it is

**THE MOST potent antioxidant in existence.**

1 Glass of Kangen Water =

- |                         |                         |
|-------------------------|-------------------------|
| 30 Glasses of Green Tea | 38 Carrots              |
| 64 Apples               | 94 Bananas              |
| 5 Kg Broccoli           | 16 Tablets of Vitamin C |
| 5 Bunches of Spinach    | 1 Kg Blueberries        |

Scan here to see how it's ability to reduce oxidative stress stacks up against bottled water, sports drinks & soda.

*did you know?*

Filtered water and bottled water do NOT have these benefits. In fact, a study done by Forbes found microplastics in 93% of bottled waters. Microplastics are toxic chemicals! They are neurotoxins, carcinogens and endocrine disrupters. If you do just one thing today to help your body heal, STOP drinking manufactured, bottled water.

Interested in trying ionized molecular hydrogen water? Sign up for the Water-Share-Membership. \$50/month for 1 gallon/day. Fill up at Be Well Nutrition, 23240 Allen Rd, Woodhaven, MI 48183

Woodhaven Police are proud to participate in the Unity Tour

The Police Unity Tour is a charitable event that raises funds through to support the families of fallen officers. Police Officers ride bicycles a distance over 300 miles in four days every May culminating at the Police Officers Memorial Wall in Washington D.C. during Police Week. Lt. Frank Zdankiewicz and Sgt. Jeff Brust have participated in this event for the last 8 years, riding in memory of fallen Taylor Police Corporal Matt Edwards.
