MEMORIAL DAY
REMEMBER AND HONOR

ElkhartCares “Adopt-A-Buddy”

ElkhartCares, a local 501(c)3 non-profit organization, has provided a grant to support the Middle School “Adopt-A-Buddy Program”. This grant covers transporting students to visit patients at the Rocky Knoll Healthcare Center, where they engage in service learning and build stronger community connections.

academically and connect them to their community. This program has a proven track record of preparing students to succeed academically while connecting them to their community through service-learning opportunities. Middle school students benefit from the program by developing awareness, empathy, and a positive feeling of giving back to others. It helps students build social skills. Each middle school student is paired with a patient at Rocky Knoll Healthcare Center.

students for the program. While Rocky Knoll Health Care Center is close to the Elkhart Lake-Glenbeulah Middle School, a bus is needed to transport students. Transportation costs have been a barrier to the success of the program. The ElkhartCares grant will be used to pay for students’ transportation costs from Elkhart Lake-Glenbeulah Middle School to the Rocky Knoll Healthcare Center via school buses. This will enable the continuation of the “Buddy Program”, and help spread joy to the patients at Rocky Knoll.

The Elkhart Lake-Glenbeulah Middle School District’s “Adopt-A-Buddy Program” helps 7th graders build communication skills while supporting the social-emotional development of both students and residents at Rocky Knoll Healthcare Center. For more than twenty years, the ELMS has partnered with the Rocky Knoll Healthcare Center to provide its seventh-grade students with service learning opportunities that help them succeed

Buddy visits help students gain a sense of purpose and connection while writing and visiting their buddies. The Rocky Knoll Healthcare Center benefits from the program by receiving visits from enthusiastic and caring students, which definitely has a positive impact on the Rocky Knoll Healthcare Center.

There was a transportation barrier for the cost of school buses transporting

The Elkhart Lake-Glenbeulah School District has a mission to challenge, inspire, and empower its students. One way they do this is through the Elkhart Lake Glenbeulah Middle School District’s Adopt-a-Buddy Program. What makes the Buddy Program unique is its ability to bring together young adolescents and elderly residents to meet each other’s cognitive and social needs. This intergenerational partnership helps the students succeed academically, and builds a stronger sense of community connection. The adopt-a-buddy program is a win-win for students and elderly residents. Not only do the middle schoolers get to develop their communication skills and social-emotional development, but they also have the opportunity to impact the lives of their adopted buddies in a positive and caring way. Buddy visits have been shown to develop empathy, a sense of purpose, and social skills in students.

Elkhart Lake-Glenbeulah Middle School hasn’t been able to visit their buddies in recent years due to the pandemic. The students are excited to reconnect with

Concert in the Park

Bring your lawn chairs, your favorite blanket and come on down to Elkhart Lake Village Park for a free Concert in the Park. The Elkhart Lake – Glenbeulah High

School Band will present a Concert in the Park on Thursday, May 25 th at 10:00a.m. Performing will be the high school band as well as the polka ensemble.

A broad variety of music selections will be presented.

The community is invited to attend.

their buddies and make up for lost time! Thanks to a grant from ElkhartCares, the Elkhart Lake-Glenbeulah Middle School District’s “Buddy Program” can continue to positively impact the lives of students and the patients at Rocky Knoll Healthcare Center.

“We are so blessed to live in this area, and it’s often difficult to recognize the need for these and other services in our community. However, these needs--and, at times, even such things as the bare necessities--are far greater and more pervasive than we want to believe, which can be hard for our community to understand,” according to Deb Blain, President and Founder of ElkhartCares.

Mystery Photo Contest

Can You Identify Our June Mystery Photo?

Take a look at the June mystery photo. Do you know anything about it? Where is/was the location? What year was this photo taken?

If you know, let us know! To enter the June contest, send an email to depotdispatch@elkhartlake.com or a letter with as many details as you can to the Elkhart Lake Chamber, P.O. Box 425, Elkhart Lake,

WI 53020, or drop off at the Chamber Office, 41 E. Rhine Street.

The person with the best submission will receive a finely matted, quality enlarged print of the original, courtesy of Schamberger Gallery in Elkhart Lake.

Please share your guesses and help us keep the contest up to date.

answer May Mystery Photo

The winner is Theresa Wagner. Thank you to everyone who submitted an entry for this photo. Please contact the Elkhart Lake Chamber at 920-876-2922 to arrange pick-up.

May Mystery Photo is of Elkhart Lake Veteran Memorial. The location is 43 degrees 49.878'N, 88 degrees 0.777'W. Marker in Elkhart Lake, Wisconsin. It is located on the corner of Lincoln and Chicago Street (Wisconsin Highway 67). The address is 185 Chicago Street Elkhart Lake, Wisconsin 53020. This Memorial park is a park which features a beautiful tribute to the men and women of the Elkhart lake area who have served in the

armed forces of our great nation. The back of this memorial is a stone wall which has an eagle at the top and below the eagle there is an engraved sign which reads "Dedicated to Men and Women of Elkhart Lake who have served their Country in the Armed Forces". There are six circle inscriptions engraved in the wall. The inscriptions are as follows: United States Army, United States Coast Guard, United States Navy, United States Marine Corps, United States Merchant Marine and United States Air Force. At this site, you will see three flags that fly. The tallest one which is in the center is the United States of America flag, the one on the left is POW

MIA flag and the one on the right is the flag of our State of Wisconsin. There are three benches there as well to sit down and honor your loved ones. There are bricks in front of the benches with names of some of the ones who have served our country. It is a Memorial that was erected by the Elkhart Lake Lions Club and donors. This park was dedicated on May 26, 2007. This is a historical landmark and memorial. It is a beautiful site to pay tribute to our servicemen and servicewomen. A BIG "Thank you" to all those that served or are serving our nation.

June Brings Classical and Jazz Performances

Arts at the Waelderhaus is a series of free, family-friendly, and fun programs at the Waelderhaus, a house museum filled with Austrian craftsmanship overlooking the Sheboygan River in Kohler. On Sunday, June 4 at 2:00 p.m., Sonora Winds, a woodwind chamber group will fill the "House in the Woods" with sounds of classical music. On Sunday, June 18 at 2:00 p.m. the Eric Jacobson trio will play energizing jazz music outside on the lawn of the Waelderhaus.

of the tunes on the new album "Discover," recently released on Origin Records. This concert will be on the lawn of the Waelderhaus, so bringing a lawn chair or a blanket to sit on is recommended. If the weather isn't suitable, the performance will take place inside.

Attend the other Arts at the Waelderhaus Performances!

Sunday, June 4 at 2 p.m.: Sonora Winds, an all-woman Woodwind Chamber Group, will fill the Waelderhaus with music and share new classical chamber compositions with their skillful and soulful playing.

Sunday, June 18 at 2:00 p.m.: Eric Jacobson Trio, a Milwaukee-based Jazz ensemble, will play jazz standards from the greats like Horace Silver, Lee Morgan, Freddie Hubbard as well as exploring some of their own originals throughout the performance. Weather permitting, this show will take place on the lawn of the Waelderhaus. Bring a chair or a blanket to sit on!

Sunday, July 23 at 2 p.m.: Daniel Adam Maltz, a fortepianist based in Vienna, Austria will play his gorgeous fortepiano and share music from the First Viennese School - Mozart, Beethoven, and Schubert.

Sunday, October 1 at 2 p.m.: Eulenspiegel Puppets will present "In the Mirror: Three Tales from Asia" a set of stories from Korea, Japan, and Turkey that all feature atypical heroes—like a lady outsmarting two Japanese trolls who trap her to sample her delicious cooking! The show uses a clever stage that rises and folds out of a decorated box. This show is appropriate for ages 4 and up.

Each performance begins at 2:00 p.m. on Sunday afternoons and is open to the public and free of charge. Reservations are encouraged and can be made by calling Waelderhaus at 920-453-2851 or by emailing jen.balge@kohler.com. More information can be found at www.kohlerfoundation.org.

Marta Troiki, Artistic director and bassoonist of Sonora Winds shared that the June 4 performance at Waelderhaus will feature the world premiere of "From Sea to Sky" written by award-winning composer Jenni Brandon. "Inspired by the extraordinary women who have shaped history, this remarkable piece embodies their spirit, passion, and indomitable will. With each note, we honor their unique stories and pay tribute to their enduring legacies. Through our performance, we invite you to be transported into the lives of these women, to feel their struggles and triumphs, and to be moved by their unwavering strength." It is certainly a fitting piece for the Waelderhaus in Kohler, which was built for the Kohler Girl Scouts and the Kohler Women's Club to use as their headquarters.

When asked about her own experience as a performing musician, Troiki said this: "Through captivating fusion of sound, speech, and introspection, I strive to bridge gaps between genres, emotions, and ideas. I am dedicated to creating a transformative journey for the listeners, where the power of music takes hold and connects deeply with the soul."

On Sunday, June 18 (Father's Day) at 2:00 p.m., Milwaukee-based Eric Jacobson trio will perform jazz standards by iconic musicians such as Horace Silver, Lee Morgan, and Freddie Hubbard. In addition, the band will showcase some of Eric Jacobson's original compositions throughout the performance, providing a unique and unforgettable musical experience. They will be featuring some

Phoenix Skin and Body Wellness joins ELCOC

By Rachael Siehs

Helping clients with their skincare wellness and needs is new Elkhart Lake Chamber of Commerce member Rebecca Henning of Phoenix Skin and Body Wellness at 511 E. Rhine St.

Henning is an oncology-certified esthetician with 17 years in the beauty industry. As a child, Henning stated she would order items out of her mother's Avon catalog. "Face masks, cleansers, make up; I was always interested in beauty products."

She was a stay-at-home mom for 10 years and when her youngest began school, she asked herself "what do I want to be when I grow up?" Henning decided to go to school herself and take classes and fell in love with it. "It definitely sets my soul on fire to do this," said Henning.

For 15 years, she worked at the Osthoff Resort as the lead esthetician. While working at the Osthoff, Henning said she had clients come through that were enjoying a getaway that were going through chemo treatments, and she wanted to make sure she was caring for the clients properly and took a three-day course in Chicago.

premise on microneedling, but Henning points out that it does so without the use of needles. This particular facial also assists with lifting, wrinkles, fine lines, acne and other items.

**Elkhart Lake Chamber
NEW MEMBER
Phoenix Skin and Body
Wellness**

Henning also offers a 30-minute facial for clients that would like a quick session during a lunch break or for young adults that

would like a consultation or need a little help regarding how to care for their skin.

The most popular option according to Henning is the custom facial option, where the facial is custom created to the client's needs instead of a form of "cookie cutter" care that is the same for everyone. Henning also said that all facials include a hand, facial or foot massage.

Among the body treatments offered by Henning at Phoenix Skin and Body Wellness is a dry-brush option, as well as a scrub option, which Henning creates prior to the session and clients are able to select preferred oils. Henning also said she uses products from Simple Valley just outside of Plymouth.

Henning also offers Reiki sessions as well, which is a Japanese, light-touch healing modality. This particular is

an energetic type of rejuvenation, focusing on a client's chakras and helps with stress reduction, anxiety and is a boost to the body's own healing response.

When it comes to products, Henning states she likes to use an all natural skin care line called Mad Hippie.

According to Henning, she had used Mad Hippie's product at the spa show and liked it. She also said she liked their business policy. Henning stated that the company has a program where Mad Hippie will send a paid envelope for people to send their empty bottles back to be refilled.

Henning stated she also likes using Hale & Hush, which comes highly recommended for clients that are currently undergoing chemotherapy or radiation treatments. Products from Hale & Hush are chemical and fragrant free, and great for sensitive skin.

Owner Rebecca Henning

Henning left the resort and worked at a small day spa in Manitowoc for a short period before leaving the industry completely, but missed it. Henning continues to work a day job, but holds to her goal to have Phoenix Skin and Body Wellness off the ground and running.

To book an appointment, Henning has clients do so on vegaro.com/phoenixskinandbodywellness.

Henning offers multiple facial options for clients to choose from, including a new nanofacial called regenerate. This new facial option works almost on the same

Elkhart Lake Lions Club presents \$1000 check to Elkhart Lake and Glenbeulah First Responders with proceeds from the Lion's Club Raffle event held April 1st at Anchor Lanes.

ELG Students Sign National Letters of Intent

Kat Miller and Kean O'Neil signed National Letters of Intent today to play for St. Norbert College (Kat) and Concordia University (Kean). Kat will major in Psychology and play basketball; Kean will major of Sports Management and play basketball and maybe golf.

Elkhart Lake Study Club Celebrates 100 Years

Hospital veterans, an annual scholarship for a high school senior, and donations to many, many worthwhile causes such as the Red Cross and the March of Dimes. Members donated time and money to the war effort during both World War II and the Cold War. These and many other philanthropic deeds were accomplished through some very creative endeavors that entertained the community and the members while bringing money into the coffers. Watch for more about this in a future article.

Meanwhile, intellectual improvement of the members was not forgotten but was thriving with speakers at monthly meetings lecturing on gardening and authors, climate and health issues, fire safety and birdwatching. There were field trips to museums, farms and factories. Bridge clubs were started for beginners and continuing players.

The Elkhart Lake Study Club has been and continues to be an asset to the community and should be celebrated in its 100th year. Members will be walking and riding in the Firemen's Parade on July 2nd. Let's give a cheer as they go by!

Submitted by Margaret Busse
920 876-2039

This year marks the 100th anniversary of the Elkhart Lake Study Club started in the fall of 1923 by fourteen women who met in homes twice a month. Dues were 50 cents per year, and their purpose was intellectual improvement and service to the community. And serve they did! A hundred years of Study Club projects included the first library, then located on East Street, which they bought, furnished, supplied books and manned several times a week, a thrift shop at 41 E. Rhine Street (now the Chamber office), purchase of land for the Civic Center and adjoining park, sponsorship of PTA, sponsorship of a Girl Scout Troop, 4-H, activities for Wood

Business Challenge is Open for 2023

The Sheboygan County Economic Development Corporation (SCEDC) and Small Business Development Center (SBDC) at UW-Green Bay aim to provide a wide variety of services, resources, and expertise to help encourage entrepreneurial opportunities in Sheboygan County, including businesses that offer unique services and experiences to the community. The Accelerate Sheboygan County Business Challenge is a program designed to assist entrepreneurs and innovators in furthering their ideas. The 2023 Business Challenge is now open for applications.

The Business Challenge is open to new and existing businesses as well as unique products and business ideas. Applications can be submitted online at www.accelsc.com and are due by October 31, 2022. Each idea submitted is reviewed by professionals and receives guidance free from the SCEDC and SBDC at UW Green Bay.

"2022 AccelSC business idea challenge was a great show of success," said Ray York, SBDC at UWGB Business Counselor. "We had many applicants go on to get access to statewide programming, media attention, grants, and other resources. I continue to look forward to seeing more of our local talents' ideas so we can assist, and they can showcase their efforts."

Five idea applicants will be awarded a \$1,000 grant to go towards business services and drive the idea forward. In November 2023, five or more applicants will then go on to pitch their idea to business professionals and investors to gain further support and compete for the grand prize of \$10,000. The winner will be announced in December 2023 after the business ideas are presented.

Tyler Rezachek competed in the 2022 Business Challenge and won a \$1000 technical assistance grant, taking 2nd at the pitch competition. His startup AntiMussel is now a finalist in the governor's business plan competition. "The challenge provided immense value to my young start-up," said Tyler, "connections to other entrepreneurs and organizations like NewNorth and the Wisconsin Technology Council have provided me with advice, opportunity, and mentorship. The process will force you to think about your business in ways you haven't. Do it and do it now!"

Accelerate Sheboygan County is a public-private effort to provide outreach and engagement solutions to attract, retain, and encourage business resiliency and a more diverse and inclusive community essential to growth. To learn more about Accelerate Sheboygan County, visit www.accelsc.com. For more information about the SCEDC's entrepreneurial services, call (920) 452-2479 or email Ray.York@sheboygancountyedc.com.

The Sheboygan County Economic Development Corporation (SCEDC) is a public-private partnership leading economic, community, and workforce development efforts in Sheboygan County to improve the well-being and long-term prosperity of businesses, residents, and communities. Through technical assistance, the SCEDC leverages a variety of tools to encourage business growth, startups, investment, skill development, and talent attraction. By applying the appropriate resources, the SCEDC helps fulfill Sheboygan County's growing economic and business needs.

Devour WI Joins ELCC

By Rachael Siehs

Taking inspiration from his time working in gourmet restaurants, Erdly turns fine dining, gourmet foods into sandwiches at Devour WI, located at 1611 Eastern Ave.,

Plymouth.

Owner Dennis Erdly worked as a chef for years with private catering on the side while running car dealerships. However, culinary arts was his passion, and what he studied at school and he decided to return to that passion.

In Dec. 2022, Erdly said they were open for banquets and the restaurant opened during the last week of January 2023. The restaurant can seat about 80 people, and has two banquet halls: one hall able to seat 70, while the second banquet can seat 25. At the time of the interview, Erdly also said they planned to complete their outdoor patio the following week, which can seat 40 people and will allow customers the ability to enjoy a beer or wine outside if desired.

According to Erdly, everything made at Devour—including dress—is from scratch. The big thing, according to Erdly, is to use

fresher components and try to use local food options whenever they possibly can, supporting local companies like Sartori and Sargento Cheese and Johnsonville. They also bake in-house muffins, pies, cookies, cakes and has become a gluten-free specialty for customers to enjoy.

**Elkhart Lake Chamber
NEW MEMBER
Devour WI**

Those interested in check out and try what Devour WI has to offer can stop in at the restaurant Mondays through Wednesdays from 6:30 a.m. to 3 p.m., Tuesdays, Thursdays and Fridays from 6:30 a.m. through 8 p.m. and Saturdays from 7 a.m. through 2 p.m. Erdly also said there is potential to be open longer, pending race weekends. Devour WI can also be checked out on their facebook page, where they post photos of new and favorite dishes being served at their establishment.

Arbor Day Celebration Held April 28

The Elkhart Lake Tree Commission's 2023 Arbor Day Celebration was held on April 28th at Jeanette Moioffer Park. Fifth grade students at Elkhart Lake-Glenbeulah Middle School, Tree Commissioners, and several guests gathered at the park for the celebration, which included a short program, tree plantings, and announcement of the poster contest winners. Two trees were planted this year. An Autumn Blaze Maple was planted in memory of Jeanette Moioffer, who dedicated over 30 years to the Village Administrator/Clerk-Treasurer. A Katsura Tree was planted in memory of past Village President Alan Rudnick. The poster contest theme, "The Tree Outside my Window," focused on the amazing benefits we receive from the trees in our neighborhoods. Contest winners are Lake Karras, Izzy Z., and Olivia Godbert. Lake Street Café has allowed the Commission

to display the posters in their windows, so be sure to take a look at all of the great student work! The Tree Commission would also like to thank Sargento, National Exchange Bank and Trust, and Cleveland State Bank for their generous donations for the Celebration.

LTC Student Published

As a home-schooled student, Grace DeBruin was encouraged to explore the arts.

Published illustrator and business owner are accomplishments one may not be surprised to see on the resume of a successful graphic designer in their 30s or older. To see such accomplishments on the resume of a 20-year-old college student studying graphic design would likely surprise many people.

Grace DeBruin, a graphic and web design student at Lakeshore Technical College, began the process of illustrating "Bernadette Plants A Garden," a story her mother wrote, at age 12. They published it as a book on their own in 2021 when DeBruin, whose middle name is Bernadette, was 18.

As a home-schooled student, DeBruin says she was encouraged to explore and educate herself in topics she enjoyed. "I completely believe I would be entirely different if I hadn't been home-schooled and allowed to explore the arts and other subjects I enjoy," says DeBruin. "For me, the arts were always something I knew I wanted as a part of my life."

The Path to Illustrating

The basement was a creative space for the DeBruin family of New Holstein. It was where they created and bound their book of poems and stories written by friends and family, including "Bernadette Plants A Garden." According to DeBruin, her mother Stacey modeled the story after her. The book didn't have any illustrations though DeBruin loved drawing and thought it would be "so incredibly cool" to illustrate it.

DeBruin recalls her early illustrations were not up to book standards. She would get discouraged at times by her failures, though her parents always encouraged her to keep trying. Over the years she tried drawing in different styles with different materials. DeBruin says something "finally seemed to click" when she began working with pencil and watercolors around age 17.

"After that, it went fairly quickly, and I was able to draw my pictures with very

little revisions and I was so happy that my dream of being an illustrator finally was seeming realistic!" DeBruin says with pride. "It was such an incredible experience when I held the finished book and could page through something real that I had a hand in creating!"

The Path to Business Owner

Bernadette & Bear is another result of DeBruin's exploration of the arts. In 2021 she started the screen-printing business in her family's garage. According to DeBruin, it has grown into "more of an all things graphic design" business. She says she enjoys growing her skillset through her business and college courses, oftentimes learning something during her coursework that she then applies to her business.

"I still love screen-printing clothing for people as one of my favorite things, but I also really enjoy when I can hand draw something for someone that is entirely unique, or make and design something cool, or even work with photos and videos on occasion," says DeBruin.

Preparing for a Career

DeBruin says she chose to focus on graphic arts and web design for a career because she always wanted to turn artwork, especially her own, into something she could produce, print, or develop into something she could share with others. She knew she wanted to learn in person somewhere she could become part of a community and make new friends. After looking into different graphics programs, DeBruin says Lakeshore's program won her over.

Friendships have developed through her membership in the Makers Club, a student club she joined shortly after it started in the fall of 2022. "I have learned a lot about things like 3D printing, laser cutting, injection molding, and more," she says.

In addition to her involvement in the Makers Club, DeBruin is a member of Lakeshore's Phi Theta Kappa Honor Society and InterVarsity Christian Fellowship.

DeBruin is set to graduate from Lakeshore on May 20. She says she's excited to take all she has learned and apply it to her business. She may also look for a job to gain experience while growing her business. It's also possible she may further her education someday. She may illustrate future books. "I like to keep my options open," says DeBruin.

Regardless of what De Bruin chooses to pursue, a bright future seems to be waiting.

For information about Lakeshore Technical College's graphic and web design program, visit gotoltc.edu/programs-and-courses/degree-programs.

Grace DeBruin, illustrator of "Bernadette Plants A Garden." DeBruin will graduate May 20 from the graphic and web design program at Lakeshore Technical College.

CHAMBER SPOTLIGHT Habitat for Humanity Lakeside

May's Chamber Member spotlight is Habitat for Humanity Lakeside. Habitat for Humanity Lakeside is part of a global, nonprofit housing organization that seeks to put God's love into action by building homes, communities and hope. They are dedicated to eliminating substandard housing within Sheboygan County and worldwide through constructing, rehabilitating and preserving homes; by advocating for fair and just housing policies; and by providing training and access to resources to help families improve their housing conditions. Habitat for Humanity was founded on the conviction that every man, woman and child should have a simple, durable place to live in dignity and safety, and that decent housing

in decent communities should be a matter of conscience and action for all.

Habitat Lakeside is excited to participate in the 2023 Sheboygan County Home Builders Association Spring Tour of Homes, scheduled for May 18-20. They invite you to tour a completed Habitat home, see what simple, decent, affordable means to them, and clear away any misconceptions relating to their Home Buyer program that may be out there. Additionally, learn more about their Home Repair and Rock the Block programs available to current homeowners in the low-to-moderate income level, or on a fixed income. For more information, go to habitatlakeside.com or call 920-458-3399.

Garden, Home, Landscape Company Reaches Milestone

By Rachael Siehs

What began in 1983 as a way to raise funds for a small 4-H club is now celebrating 40 years of business.

The Wreath Factory-Otter Creek Landscaping, located at N6625 STH 57 in Plymouth, began under owner Michael Beeck who would make wreaths for the 4-H clubs to sell during Christmas. At the beginning, Beeck and a small crew mostly made of family and friends, would work in a small shed.

Michael Beeck the founder has been the driving force behind the design skills inside and out. In 1993, The Wreath Factory and Otter Creek moved to the current location and broke ground for a small showroom that was only open during November and December. These facilities served as a base for the landscaping and design services. Jeff Buser joined Michael and the two collaborated to take a small wreath-making operation and turned it into The Wreath Factory. The current site is eight acres with a 16,000 square foot

retail showroom. The Wreath factory employs 25 people working in retail, landscape, garden center and wreath making.

Mike and Jeff love the community and have supported many different events throughout the years: the Humane Society of Sheboygan County, Fairest of

the Fair Program and John Kohler Michael Arts Center, and this is only a short list of their contributions. They look forward to providing the community with creative ideas for many more years to come.

Named by Today's Garden Center Magazine as one of the Top 100 Independent Garden Centers in America, the Wreath Factory has earned a reputation for outstanding customer service and a unique shopping experience, with their retail center stocked with gifts, outdoor living products and items for customers' homes and gardens.

The Wreath Factory continues to make their namesake, fresh evergreen wreaths November through December and are available for purchase in the showrooms and can be bought and shipped throughout the country. Customers can also call the store and book a class to create their own holiday wreath.

Alongside the shopping service and continuing to create their namesake wreaths, the Wreath Factory is also transformed into a winter wonderland during the holiday season, and can also help enhance a customer's special day with their unique offerings for weddings and other special events.

For Otter Creek Landscape, Beeck's approach to design integrates new, unusual plant varieties with traditional elements and the encouragement of sensitive practices. He and his team walk you through every step of your project, from drawing to finished product.

Maintaining the design with Otter Creek's expert crews will ensure that your property remains the landscape of their customers' dreams. Their maintenance program will be tailored fit to the customer and their property to not only maintain, but enhance and protect their investment.

The final touches make the client's outdoor space really shine. Whether it is living arrangements for an entrance or patio, a wood-fired oven or quality outdoor furniture and accessories, the Otter Creek team will carefully select the finishing touches to the client's outdoor space and make it theirs.

WISCONSIN'S

Elkhart Lake

The Elkhart Experience

As we approach Memorial Day weekend, the unofficial kick-off of Elkhart Lake's summer tourism season, we look forward to the return of our leisure and motorsports visitors to Elkhart Lake!

The anticipation of summer always brings a renewed energy to the Village. Our DPW team has been working diligently on changing out seasonal banners, manicuring our parks and public spaces and readying our beach areas.

The sound of engines revving at Road America is another sure sign of the summer season. The much-anticipated action at the track, plus the return of outdoor dining and live music, creates the lively vibe people love so much about

Elkhart Lake.

The Visitor Center is also buzzing with tons of requests for our Elkhart Lake Travel Guide and calls about booking vacations and upcoming events. We love assisting new visitors with their plans! It's more evidence that our Elkhart Experience message is resonating with people looking for a beautiful and engaging vacation getaway.

Our businesses are also busy preparing their properties as well as hiring and training new staff. Returning visitors will see lots of new faces, but always look forward to seeing the welcoming smiles of long-time business owners and seasoned employees. Making those

personal connections is one of the foundations of the Elkhart Experience, where we encourage visitors to connect with our community and residents. This initiative also invites visitors to be intentional with their time - slowing down and being more present (maybe even turning off phone notifications). We also encourage the discovery of Elkhart Lake's hidden gems and exploring the natural surroundings of our beautiful village. When visitors let the authentic experience of Elkhart Lake unfold, they will leave with much more than just beautiful photos!

We're also excited to welcome several new businesses to Elkhart Lake! Intuitive Balance opened in February and is already contributing to the retail synergy of the Village. In late May we welcome two more retail shops: Gifts of Grace and Aspen Oak. Then come July, Harry's Pizza e Vino will also be opening. All these businesses are in the 100 block of Rhine Street.

It's blue skies ahead as we kick off another great season of Elkhart Experiences!

May 27 Season Opening at Wade House

Marvel at unique, horse-drawn carriages and feel the heat of the forge at a hands-on blacksmithing workshop

Wade House, a Wisconsin Historical Society site, is excited to announce a May 27 opening of the regular season as well as a robust calendar of upcoming events. The expansive, 240-acre site includes an 1850s stagecoach inn that once served travelers of the Sheboygan & Fond du Lac plank road, an active blacksmith shop, a working water-powered sawmill with a rare up-and-down Muley saw, and a vast collection of impeccably preserved carriages on display in the Wesley W. Jung Carriage Museum. Visitors to Wade House experience aspects of everyday life in 19th century Wisconsin before railroads and automobiles transformed the landscape. One of the things that make Wade House special is the promise of a horse-drawn vehicle ride for every visitor from the visitor center to the historic area of the site, reinforcing the site's major theme of the horse-powered economy of the 19th century.

The regular season begins on May 27 and ends on Nov. 4, 2023. Wade House is open Wednesday through Sunday from 10 a.m. until 5 p.m. General admission for adults is \$15, \$13 for seniors, \$8 for children, and free for children under five. Wisconsin Historical Society members receive free general admission and 10 percent off ticketed events.

Upcoming Events:

Blacksmithing Workshops - June 10 & 17, Aug. 12 & 19, 9 a.m. to 4 p.m.

Discover the old-world art of blacksmithing at a series of interactive workshops. Strike while the iron is hot, hear the "clang" of the hammer and feel the heat from the forge as you craft your own project. Workshops alternate between a focus on

knife-making, camping gear, or basic blacksmithing. Participants must be age 13 or older and advance registration is required. Lunch is included in the ticket price. Cost is \$225 per person.

Into the Wilderness Overnight Adventure for Adults - June 24-25, 9 a.m. to 9 a.m.

Join Wade House for an overnight camping adventure on the Wade House grounds just for grown-ups. This 24-hour experience is packed with activities like learning to build and cook over a

campfire, exploring survival skills, and forging camping gear in the blacksmith shop. All participants must be 18 or older and must bring their own camping and sleeping gear. Cost is \$175 per person.

Wade House Carriage Driving Day - July 29, 10 a.m. to 3 p.m.

Feel the footfalls of the horses hitched to antique, reproduced and modern carriages as they compete for a coveted blue ribbon in Wade House's brand-new horse arena. The event will consist of three competitions - Dressage, Cones Course and a Cross Country Drive - which will showcase the versatility, training, and talents of both horse and driver. Enjoy the action up-close as the horses show off their different gaits at the subtle command of their drivers. In addition to enjoying the outdoor excitement, guests may access the Wesley W. Jung Carriage Museum, home to Wisconsin's largest collection of carriages and wagons. This event will occur rain or shine and concessions will be available for purchase. Tickets are \$17 for adults and teens, \$15 for seniors, \$8.50 for children, and children under 5 are free.

Arts, Crafts and Trades Fair - Aug. 27, 10 a.m. to 4 p.m.

This day-long fair on the grounds of Wade House attracts more than 80 vendors with booths spanning an array of arts, crafts and trades. The event features artisan demonstrations, live music and food trucks offering a selection of delectable fare. Cost is \$5 per person. Besides

entrance to the arts fair, admission includes a horse-drawn vehicle ride from the historic area to the visitor center and Wesley W. Jung Carriage Museum, a guided tour of the Wade House stagecoach inn, a trip to the Herrling sawmill and a visit to the blacksmith shop.

Hearthside Dinners - Nov. 4, Nov. 11, 11 a.m. to 3 p.m.

Head to the historic Wade House stagecoach inn and whip up a home-cooked meal in Betsey Wade's kitchens. Prepare unique 19th century dishes on a wood-burning stove and open-hearth fire, and then enjoy a sit-down, family-style meal in the Wade House dining room. Priced at \$75 per person.

For more information, call 920-526-3271 or visit wadehouse.org.

About Wade House

Located in Greenbush, Wisconsin, Wade House is a historic stagecoach inn that was operated in the 1850s to serve traffic along the plank road connecting Fond du Lac and Sheboygan. The site tells the story of frontier entrepreneur Sylvanus Wade and his family during the 1850s in Greenbush. In addition to the inn, the historic site includes the Herrling sawmill, one of the few working, water-powered sawmills of its kind in the nation, as well as the Dockstader blacksmith shop. Wade House is also home to a visitor center with orientation exhibits, gift shop and meeting rooms and the Wesley W. Jung Carriage Museum, which houses the state's largest collection of antique carriages and working wagons.

About the Wisconsin Historical Society

The Wisconsin Historical Society, founded in 1846, ranks as one of the largest, most active and most diversified state historical societies in the nation. As both a state agency and a private membership organization, its mission is to help people connect to the past by collecting, preserving and sharing stories. The Wisconsin Historical Society serves millions of people every year through a wide range of sites, programs and services. For more information, visit www.wisconsinhistory.org.

Poppy Poster Contest

American Legion Auxiliary Ladewig-Zinkgraf Unit 243 recently held their annual poppy poster contest. Participants are from the 6th Grade at Elkhart Lake-Glenbeulah Middle School. First place was Katherine Arbuckle, Second place was Jocelyn Fogarty and Third Place was Shane Williams. They each received a monetary prize from the Auxiliary. The purpose of the Poppy Program is to honor veterans for their service and sacrifice by promoting circulation of the poppy, educating all people of the poppy's history and the significant financial benefit realized by our nation's veterans as a result of this distribution.

Spring Day of Serving for The Well

For one of their Sunday Gatherings each Spring, The Well serves the ELG School community in a variety of ways. Their April 2023 Day of Serving included several large projects for the ELG Schools: cleaning out flower beds, picking up gravel, washing the school vans, cleaning the press box, and deep cleaning the

weight room. The Well's mission is to be a spring of life in Elkhart Lake, committed to being the hands, feet and heart of Jesus for our community. They offer community Bible study groups and twice monthly Sunday Gatherings. For more information on The Well, please visit www.thewellelkhartlake.com

Premier Summer Musical Series

“Mill Street Live” will be celebrating its 15th year as Plymouth Arts Center’s premier summer musical series. Initiated in 2009, the series continues to be well-known for its high-energy performances, fantastic music selections, choreography, and showmanship. This live musical revue showcases local performers ages 16 and up, and their abilities to sing, dance, and entertain. With 90 minutes of music from the past seven decades, there is something for everyone in the audience to enjoy.

This year’s cast members include:
 The Ladies: Lauren Bunyea, Diane Cepa, Lily Goedeke, Ella Josephs, Jacklyn Patterson, and Christina Pringle.

The Gents: Carson Anhalt, Cole Anhalt, Max Halle, Bennett Josephs, Devin Shircel, and Thaddeus Zenk.

Directed by Bridget Zenk and Rosalia Johnson.

Seven Friday and two Saturday evening shows will be performed at the Plymouth Arts Center, beginning Friday, June 23, 2023 through August 5th. The show is suitable for all ages and families are encouraged to attend. Tickets for Adults are available for \$15 in advance and for \$17 at the door (tax included.) \$8 for children age 6 to 12, Free for kids 5 and under. Tickets may be purchased by calling the Plymouth Arts Center, (920) 892-8409; (voicemail 24hrs) or conveniently online at: www.plymoutharts.org, email: info@plymoutharts.org or visit our box office at 520 E. ElkhartCares Involves Students

Elkhart Lake - Glenbeulah School District's kindergarten and junior kindergarten classes have made a difference in the community. They worked hard and raised \$488.93 for caring for their neighbors in need. Their generosity will help support families and individuals in need within the community.

ElkhartCares thanks Kindergarten and Junior Kindergarten Classes of Elkhart Lake - Glenbeulah Elementary for working together with a goal of raising \$100 in honor of their “hundred days of school completed” celebration. Not only did they reach their goal, but they raised even more. Wow! \$488.93 can do a lot of

good in the community! ElkhartCares congratulates the students on their accomplishment of completing over 100 days of school this school year.

“We’d like to involve the students in deciding on how to use this money wisely-- a great way for the children to learn how a good deed can help others.”, said Founder and President of ElkhartCares, Deb Blain. ElkhartCares is asking the classrooms who collected spare change for charity and donated it to ElkhartCares for suggestions on how this donation might be used to help others in the community.

100 Big Number This Season at Quit Qui Oc

By Mark Sherry

For some golfers, 100 is a number they like to stay under for 18 holes.

At Quit Qui Oc Golf Club in Elkhart Lake, 100 is a number they are going over this year as the business celebrates its centennial year in 2023.

Todd and Rachel Montaba are the current owners of the business, carrying on a family tradition which has spanned over half of those 100 years of Quit Qui Oc. Rachel said, "Todd and I are very proud of this business to still be here after 100 years. We're proud of the friends we've made along the way."

The owners and their employees are doing a number of things this year to help celebrate the centennial. They have 100-year anniversary merchandise for sale including shirts and hats, and they have a drink special in the clubhouse created just for the centennial.

Anyone who golfs, dines or visits Quit Qui Oc can put their name in to win a \$100 gift card with Quit Qui Oc matching that amount to one of several area charities. Those drawings will take place once or twice per month during the current golf season.

There is also a strong emphasis on recounting the history of the golf course, something which is being done with weekly postings on Facebook and Instagram. It is an interesting history filled with important moments, and here are some of those highlights:

M. E. Wittkopp, Henry Ross and G. W. Brickbauer. Capital stock of \$30,000—300 shares at \$100/share—were sold.

Jan. 3, 1923—Quit Qui Oc Golf Club purchased a 74-acre farm in the village of Elkhart Lake from Edward Wolf.

May 12, 1923—Tom Bendelow, the golf course architect from Chicago, was in Elkhart Lake for two days and laid out the golf course.

June 13, 1923—Quit Qui Oc Golf Club secured the services of Ernest Killick to serve as golf professional. He was previously employed in Florida.

Sunday, July 1, 1923—Quit Qui Oc Golf Club opened for play. Attorney M. C. Snead was the opening day speaker. The course was a nine-hole course.

April 26, 1924—The course was re-organized as a nonstock/nonprofit organization. Forming the corporation were Louis Laun, Lester Laun, Herman Siebken, Joseph P. Wink, Chas. Goldammer, all of Elkhart Lake.

1924 to 1929—Sometime between 1924 and 1929 Quit Qui Oc Golf Club was expanded to an 18-hole golf course. Ernest Killick is credited with the design of the back nine.

April 1939—Ed Leverenz is hired to manage Quit-Qui-Oc Golf Club.

March 28, 1940—Leverenz purchases the golf course from the Wolf estate. He had leased the course the previous year with the option to buy.

War years—At some point the 18-hole course reverted back a 9-hole course, featuring the original 9 holes. It is believed that during World War II with fewer people playing golf that the irrigation metal was sold for scrap and the land sold off as well.

May 1954—Leverenz perfected a gas-

Quit Qui Oc old course layout 1930

powered golf car he nicknamed "Birdie." Powered by a five hp motor the vehicle had speeds of two to seven miles per hour. Leverenz called it "a golfer's dream" as it was low powered so as not to mar the fairways yet had enough power to make any hills on the course. He built the car because of a leg injury and believed that there were many golfers who would benefit from a golf car.

March 1955—It was announced that Carl J. Wiese, former vice president of Plymouth Industrial Products Inc., had purchased Quit Qui Oc Golf Club from Leverenz. Wiese is Rachel Montaba's grandfather.

Early 1960s—The back nine was designed and built. In an interesting tidbit, Wolf Excavating did a great deal of the shaping of the back nine holes. They were the sons of Edward Wolf whose farm became QQQ. The back nine opened in 1961.

1971—The Quit-Qui-Oc Golf Club Men's Club was established for the betterment of the game. A full schedule of events—including a Club Championship—was scheduled.

Jan. 1, 1977—Carl Wiese passed away unexpectedly at his home of an apparent heart attack. His son and daughter-in-law, Tom and Lynn Wiese, took over operations of the club.

1977—The back nine saw a few changes. The par-3 10th hole was turned into a practice area and range, the 11th hole was modified and became the 10th hole. An uphill par 3 was added that became the new 14th hole and the subsequent holes were renumbered.

Early 1980s—The clubhouse has a screened-in porch around the bar. This area was enclosed, more than doubling the bar seating and creating the horseshoe bar.

Late 1980s—Additional land was purchased with the intention of building another nine holes.

Early 1990s—A land Development—the Highlands at Quit Qui Oc—was established. The Highlands consisted of 35 lots that weave through the area that would become the Glacial Nine.

1993—The pro shop was expanded. This added 300 feet of floor space, additional storage and a desk for the head professional.

2000—Bob Lohman Golf Design was hired to design and build the Glacial Nine. Construction started in the middle of the 2000 golf season and continued into 2001. In addition to the nine holes that would become the Glacial Nine, Lohman's company redesigned the par-3 16th hole into a par-4 dogleg and redesigned the 17th green. The Glacial Nine opened for play on Sept. 13, 2001.

January 2010—Tom and Lynn's oldest daughter Rachel and her husband Todd purchased the golf course from Rachel's parents, making them the third generation of the Wiese family to own and operate the golf course.

"We're excited that our business is doing really well," Rachel said, crediting the course supervisor, chef, bar manager, wait staff, pro shop staff and all employees for contributing to that success. "They work hard," she said.

Montaba said she thinks it is interesting that the front nine greens (with the exception of #4) are the original greens that were played in 1923. What is now the first hole was actually two holes originally. Hole #1 was a 340-yard par 4 and the second hole was a 150-yard par 3. The current #2 green would have been the old #2 green. When the first hole went from a par 4 to a par 5 the current fourth hole was added. This change happened between 1924 and 1929.

There are many more interesting tidbits of history about Quit Qui Oc Golf Club & Restaurant which people can check out via the regular Facebook and Instagram posts during this centennial year.

Original clubhouse

Oct. 7, 1922—It is announced that the Elkhart Lake Men's Association is planning on starting a golf course in the Village of Elkhart Lake.

Nov. 27, 1922—Quit Qui Oc Golf Club was organized by C. L. Lewis of Plymouth, Louis Laun of Elkhart Lake and Louis Stark of Crystal Lake. Also present were

Big East Conference Track Meet

Big East Conference track meet was held at Random Lake this past Monday.

074a.....Girl's High Jump
Kaitlyn Feldmann (ELG) wins and sets a personal best and school record jump of 5'1"

132a.....Boys 4x800 Relay
Here Edo Conti (ELG) hands off to anchor runner Jonathan LeClerc. The boys eclipsed their own school record with a time of 8:41.04

413a.....Girl's 100 finals
L-R Sabrina Tanouye (ELG) - Hope Taylor (Oost) I THINK - Ariana Parnitzke (ELG) - Eden Maranell (HG). In addition to the 100, Maranell also won the 200, 400 and triple jump. She stole the show.

Also: Fiona Shields (ELG) set a new school record in the discus 120' 7" -- the old record was held by Jenna Dirks 119' 3" Girl's 4x100. The ELG team set a new Conference Record of 51.99 (presumably it's also a school record); The team is composed of Sabrina Tanouye, Cami Schmidt, Jenna Dirks and Ariana Parnitzke.

Village of Elkhart Lake Updates

JUNE 2023

ARBOR DAY

The Arbor Day program was held on April 28, 2023. Two trees were planted in Moioffer Park. The first tree was planted and dedicated to Jeanette Moioffer. Jeanette Moioffer was the former Clerk-Treasurer/Administrator for the Village of Elkhart Lake. When she retired, the Village had been a Tree City for 13 years, and this year we are at 23 years. Jeanette loved trees that were full of color, she thought trees with berries were too messy for the parks. We are planting this wonderful Autumn Blaze Maple Tree which will have vibrant color in in the fall, in her honor. The second tree was planted in memory on past Village President Alan Rudnick. A dedication will be held on a future date for this tree. Village Park. Poster contest winners were Lake Karras, Izzy Z., and Olivia Godbert. Lake Street Café has allowed the Commission to display the posters in their windows, so be sure to take a look at all of the great student work!

TID AMENDMENTS

The Planning Commission will be holding a public hearing on TID boundary amendments for TID #2 and #4 on June 7th, 2023. TID #2 and #4 boundaries will be amended, to encompass the area along West Street south of Rhine Street and the property along Badger Road that the Village recently annexed. These TID amendment will go through the Village Board and the Joint Review Board over the coming months.

MEMORIAL DAY EVENT MAY 27TH

The annual Memorial Day Tribute Program will begin at 11:00 a.m. on Saturday, May 27th at Memorial Park, which is located on the corner of Highway 67 and Chicago Street. We are thrilled that Major William (Bill) Ray (Retired) as agreed to be the featured speaker. Immediately following the program, the Lions Club will be sponsoring a brat fry, with proceeds to be used for maintenance of the Veteran's Memorial.

BEACH PASS INFORMATION

The Village is reminding people that the Village beach is for residents of the Elkhart Lake-Glenbeulah Joint School District only, per Village Ordinance. The police will be monitoring beach use more frequently. The prices of the passes is \$5 for residents and \$40 for school district residents, which are good for an even and odd year (this is the second year of the beach pass, so if you had one last year no need to get a new one this year). The price of replacement passes is \$25 for Village residents and \$50 for school district residents. Rental properties are to have their guests use Fireman's Park. This is the public access to the lake that should be used for guests. Some of the other regulations include:

- No person shall allow a dog to be on any public beaches owned or leased by the Village.
- No person shall use or possess beverages containing alcohol on the public beaches owned or leased by the Village.
- No person shall ignite nor maintain fires of any kind on the public beaches owned or leased by the Village.
- No person shall have a pop-up tent, canopy, or table on the public beaches owned by the Village.

BUILDING PERMIT REQUIRED

If you are planning a construction project on your home or business, you must apply for a building permit. Permits must be issued prior to commencement of work. We have had a few people looking to install patios and doing some work and then finding out they cannot have one. We want to prevent this from happening. It is best if you call the Clerk's Office at 920-876-2122 to find out if your project will require a permit. Failure to do so will result in double the permit fees, potentially tearing out of what has been done, and could even result in a fine of up to \$1,000.

VILLAGE-WIDE REVALUATION

Property owners should be receiving their letters for their new assessments due to the revaluation. The Village has not completed a revaluation since 2008. We were out of compliance with State Statutes and needed to complete a revaluation. If you have questions on the value, we request that you call Grota Appraisals at 262-253-1142. The open book is scheduled for June 13th, 2023 from 9 am until noon and 1 pm - 4 pm. It is recommended that you call 262-253-1142 to reserve a specific time for open book or you can email jodi.paulson@catalisgov.com for questions for to schedule an appointment. The Board of Review will be held on July 19th from 5 - 7 pm. Property values are increasing an average of 42%, but lake properties are seeing larger increases. Even though your property value may increase that does not automatically mean taxes will increase. The levy limit for the Village still remains the same.

PLANNING COMMISSION UPDATE

The Planning Commission continues meeting about the General Capital and Van Horn Development on the apartment and townhouse development on the old County property along Highway 67. At their last meeting they went through the rezoning for the Van Horn property as well as the conditional use permits for both developments. They recommended a conditional use permit with many conditions to public hearing. This public hearing will be held at 5:45 pm before the Village Board meeting on June 19th. The Village is working on drafts of the development agreements. If you are interested in learning more about the projects the next Planning Commission meeting is scheduled for June 14th.

The Planning Commission has also been busy with other projects. They continue to review building permits for properties zoned commercial and manufacturing. Recently they have approved renovations at Kees Manufacturing, Gessert's garage, 111 E. Rhine Street, and a few others. They have also approved renovation plans for Harry's Vino e Pizza. Sign permits have also been issued for Harry's Vino e Pizza and Gifts of Grace. We welcome both businesses to the Village and can't wait to check them out this summer.

PROPOSED NOISE ORDINANCE CHANGES

The Village is proposing some changes to the noise ordinance. These changes only effect the stationary noise limits. These changes do not pertain to other areas of the ordinance which address noise from construction, lawn maintenance activities, snow blowing, and other non-construction maintenance equipment. The proposed revisions also provide an exemption to the Sunday noise limits. The Board will take up this issue at their meeting on June 5th. The proposed noise ordinance changes are as follows:

- (4) Stationary Noise Limits.
 (a) Noise from a stationary source shall not exceed the following standards for maximum sound pressure levels measured at the property line or in the case of music the noise level will

be taken at 125 feet from the speakers from Monday - Saturday.

Zone	7am-10pm	10pm-7am
Residential	75 dBA	65 dBA
Commercial	82 dBA	77 dBA
All Other Zones	82 dBA	77 dBA

(b) Noise from a stationary source shall not exceed the following standards for maximum sound pressure levels measured at the property line or in the case of music the noise level will be taken at 125 feet from the speakers on Sundays.

Zone	7am-10pm	10pm-7am
Residential	75 dBA	65 dBA
Commercial	82 dBA	68 dBA
All Other Zones	82 dBA	68 dBA

(d) On Sundays when the noise levels are the same in the day and nighttime hours a special permit to exceed the decibel levels can be applied for from the Village Board. This regulation will not apply to Sundays that are prior to a legal holiday, sections (a) & (c) will apply.

DOG REFUSE STATIONS

The Village has installed Dog Refuse Stations throughout the Village. We have installed two new ones along Victory Lane. These stations will dispense plastic bags to help in the cleanup effort. The dog stations are located at:

- S. End of Walkway
- N. End of Walkway
- Near Village Square Park
- S. Lake Street near Elm St.
- Osthoff Avenue
- Lions Park
- E. Rhine St. near Charlene's
- E. Rhine St. near Two Fish Gallery
- Victory Lane near Cedar Landing
- Victory Lane near Moraine Drive

VILLAGE ORDINANCE - 8.32 ANIMAL FECES

Any person owning or having control of any animal shall clean up the feces of such animal immediately and dispose of it in a sanitary manner when the animal has defecated on the property of another or on public property. Please be aware, the sidewalk, the area between the sidewalk and street (parkway), the street, lake street walkway, and all parks and parking lots are public property!!

BEAUTIFICATION COMMITTEE

The Beautification Committee will be up and running very shortly. We will begin working throughout the downtown area planting and up keeping our gardens. The Public Works employees will work on the mulching in some of the beds as well. Volunteers are residents of both the village and the Town of Rhine. We have also hired a part-time public works employee who are going to help with the upkeep of our parks and gardens this summer. Thanks for making our Village look great. If you would

New VP of Instruction Named at LTC

Lakeshore Technical College has named Dr. Joseph (Joey) Walter its new vice president of instruction, effective June 19, 2023.

Dr. Joseph Walter

Walter is currently the dean of business, industry, and technology at Tallahassee Community College in Florida. He oversees programs focused on business and entrepreneurship, computer technology, digital media, and engineering technology and design. Prior to his work in Tallahassee, Walter was the dean of workforce education, transitional studies, and continuing education at Wenatchee Valley College in Washington. There he led efforts to create a Baccalaureate of Applied Science in both teaching and data analytics.

Before working in higher education, Walter worked for the Arkansas Department of Career Education where he led nine adult education programs.

Walter holds a Bachelor of Science from the University of Arkansas, a Master of Education from the University of Arkansas, and Doctor of Education from Arkansas State University.

"Lakeshore is one of our nation's premier two-year colleges, and our nationwide search resulted in a diverse pool of highly qualified candidates from all over the country. Dr. Walter set himself apart with his educational background, life experiences, and commitment to open-access colleges like ours. We look forward to Dr. Walter hitting the ground running and continuing in our tradition of academic excellence at all levels," said Lakeshore President Dr. Paul Carlsen.

According to Carlsen, Walter will focus on learning about Lakeshore Technical College and the community, guide the college in its competency-based education journey, and work to scale the college's new Associate of Arts and Associate of Science degrees to provide more higher education opportunities to community members.

"Thank you to Dr. Carlsen and the hiring committee for selecting me for this position. I am very excited to serve the Lakeshore faculty, staff, and students in this role," said Walter.

Walter was one of three final candidates emerging after an 11-member committee completed a national search to fill the role previously held by Dr. James Lemerond. After 21 years with Lakeshore, Lemerond was named president of Bellingham Technical College in Washington. Since Lemerond's departure, Dr. Tanya Boman has been serving as the college's interim vice president of instruction.

"We thank Dr. Boman for leading our instructional team on an interim basis and look forward to her leading our student success team in July after Dr. Walter joins us," said Carlsen.

About Lakeshore Technical College

Lakeshore Technical College is a comprehensive community and technical college educating more than 8,000 students annually. Students enroll at Lakeshore to master real-world, employable career skills and start their

pursuit of a bachelor's degree. Lakeshore faculty and staff are focused on providing each individual student an individualized learning experience.

Lakeshore Technical College is a nationally recognized two-year college. The college was ranked the #2 in the nation by Washington Monthly, #17 in the nation by Forbes, #20 in the nation by WallerHub.com, a top-150 two-year college by the Aspen Institute, a top 10 Bellwether Award finalist four out of the last five years, and named the 2021 Large Business/Industry of the Year by the Chamber of Manitowoc County.

Approximately 800 students graduate from Lakeshore each year, and associate degree graduates report earning a median salary of \$59,899 within six months of graduating. In addition to the Cleveland campus, Lakeshore educates students at learning campuses in downtown Manitowoc and downtown Sheboygan, as well as in rural Manitowoc County at its School of Ag. Classes are also offered at additional sites throughout the district. Visit Lakeshore at gotltc.edu

Road America Drivers Club: The Ultimate Membership for Driving Enthusiasts

Road America is proud to announce the launch of its exclusive membership club for driving enthusiasts, the Road America Drivers Club. This club is for drivers with Novice to Advanced driving experience and is designed to offer a sophisticated appreciation of America's National Park of Speed, one of North America's most revered motorsports destinations.

to their specific needs. Whether you're interested in personal track time, social functions, or connecting with other members, the Drivers Club has something to offer.

As a member of the Road America Drivers Club, you'll have access to a range of benefits, including track days that give you the opportunity to push your limits through the same apexes as world-renowned competitors like Andretti, Villeneuve, Newman, Penske, Rahal, Gurney, Posey, Donohue, and Hobbs. Members can also participate in a variety of exclusive events, such as high-speed driving experiences and member-only gatherings, that allow you to connect and experience the camaraderie that comes with engaging with other like-minded individuals.

"The Road America Drivers Club is the ultimate membership for driving enthusiasts," said Mike Kertscher, President, and General Manager of Road America. "It's a community of passionate drivers who share a love for high-performance vehicles and the thrill of driving on one of the world's most challenging road courses. We are excited to provide this unique opportunity to our members and look forward to seeing them on the track."

Whether you're a seasoned driver or a novice looking to develop your skills, the Drivers Club has something to offer. Membership is limited, and the club is currently accepting new members. For more information on becoming a member, please visit the Road America website at <https://www.roadamerica.com/drivers-club>

The Road America Drivers Club is designed to offer a flexible experience, allowing members to tailor their membership

9th Annual Northern Moraine Spring Art Tour

The Plymouth Arts Center is pleased to present its 9th Annual Northern Moraine Spring Art Tour, Friday and Saturday, June 9-10, 2023. Join us for this fantastic two-day self-guided tour of the greater Sheboygan County area artist's private studios, galleries, and boutiques. Spend a day or the weekend! It's a rare opportunity to meet artists in their studios, as some of the private studios are only open to the public during this once-a-year special event. Admission is free courtesy of our generous sponsors! Tour hours on Friday are 10 am to 6 pm and Saturday from 10 am to 5 pm. Be sure to visit all 15 venues where you'll have a chance to meet over 35 artists who are painters, potters, furniture makers; fiber, wood, metal, jewelry, and leather artists, photographers, and more. There will be demos and door prizes, and the opportunity to purchase original, fine art directly from the artists who created it. Look for the colorful Spring Art Tour signs at all locations!

The Plymouth Arts Center (Stop #1) is the presenting organization and will serve as the tour headquarters as well as hosting eight artists in its greatroom. The Spring Art Tour is sponsored by Riverstone Wealth Management, Plymouth Furniture, Huberty, Sargento, and additional support from PAC season sponsors Masters Gallery, the Sartori Company, Cow Country Radio Station, and the Wisconsin Arts Board. The Plymouth Arts Center is located at 520 East Mill Street, in beautiful, historic, downtown Plymouth, WI, the "Cheese Capital of the World." More information and maps may be found on our website: www.plymoutharts.org, or call (920) 892-8409.

The Plymouth Arts Center initiated this premier event in 2015 to increase the visibility of the many fine artists working and living in the greater Sheboygan County area and to encourage an appreciation for the role that artists play in the vitality of our communities. Spring Art Tour guides may be found at all participating venues and throughout the greater area. Visitors may also request a copy by calling the Arts Center. The PAC website includes a full description of the event, maps, links to the artists' studios, and to supporting area restaurants and lodging facilities.

The Plymouth Arts Center is a 501(c)3 non-profit arts organization solely supported through membership dues, sponsorships,

corporate and private donations, grants, and through fundraising events. Gallery 110 North, our stunning art gallery, features rotating art exhibitions showcasing Wisconsin artists. A wide variety of art workshops and education programs for both adults and youth, are offered year-round as well as a performing arts-musical and theatrical series, a gallery gift shop and a host of special events such as the "Cheese Capital Jazz & Blues Crawl," "Paint the Towns in Fall Color," "Sartori Big Cheese Drop" and New Year's Eve party, and more. The Northern Moraine Spring Art Tour helps to fulfill the Plymouth Arts Center's mission which is.....to enliven the spirit of our community and to enrich the lives of all by providing diverse experiences in the Arts.

Gallery 110 North and Member's Gift Shop hours are: Tuesday-Friday 10:00am - 4:00pm, Saturday and Sunday, Noon to 3:00pm. We are closed on Mondays and Holidays. Admission to the Gallery is always FREE!

Chamber Welcomes Dogs2DogTags

By Rachael Siehs

Running completely on donations, and saving two lives with one mission, is

Dogs 2 Dog Tags at 4715 CTH M, Plymouth as they save veterans one dog at a time.

Since D2DT began in 2016, the organization has placed 32 dogs with veterans suffering from Post Traumatic Stress or a military sexual trauma.

Torre Willadsen President and Founder spent many year's in Hunt Test, Field Trials with several of the best trainers in the country, all from Wisconsin. The national level training experience put me in place for getting a position with a Department of Defense contracting program (DOD) Willadsen said. My experience with DEA, FBI and national certifications in explosive and drug search dogs, training team's both military and civilian handlers turned into the mission of dogs2dogtags.

Willadsen worked as a civilian contractor who was deployed to Afghanistan with the 7th Marines, training their handlers and bomb-sniffing dogs. While overseas, one of his Marine Corps handlers lost both legs in a night patrol in an IED attack while on that patrol. Willadsen watched his handlers deployment dog help him through dark moments in his life, and also noticed when he returned home many of the Marines he worked with

throughout the Battalion were taking their own lives.

"Nineteen veterans a day will commit suicide, If you have a full banquet hall with 190 people, it will be empty in a matter of 10 days. We are working to stop that.

Working with rescued dogs from various humane societies and rescues D2DT is affiliated with, D2DT are notified by the shelters if they have a dog they think is a good match, which is when D2DT will come and evaluate the dog. D2DT does not use dogs that are aggressive or have a bite history.

Training time for the potential service dogs vary, ranging from 3-4 months to 1-1 ½ years. Their training begins with basic obedience, along with several other items dogs are able to do in regards to PTS such as blocking and alert when the veteran is about to have a panic attack and can help lessen panic attacks.

Elkhart Lake Chamber
NEW MEMBER
Dogs2DogTags

According to Willadsen 70 percent of dogs being trained to be a service dog fail industry-wide; however, D2DT is able to make dogs that do not pass as service dogs to emotional support animals. "They (emotional support animals) do a lot of the same things, but they cannot go into stores or restaurants. They're then for that veteran, Willadsen says Once the dogs are placed with a veteran, the veterans are given what is needed; crates, leashes and bowls. D2DT will also cover food for one year and covers veterinary costs for the life of the dog.

When 2020 hit, a lot of veterans reached out to them saying, "can I give you my dog because I can't afford it?" Because of this, D2DT started the Laika's Fund, which was named in honor of their founding dog, Laika. Laika was a Military Working Dog Willadsen had trained on her 3rd and final tour with the Army TEDD program. Willadsen adopted Laika after her last tour and she became the Dogs2DogTags matriarch of the program, raising 12 of the 1st dogs placed in the program. Veterans can apply for the grant—whether or not the service dog was from their organization or not—so they do not have to worry about their financial situation. Thanks to the Laika's Fund, D2DT has spent \$11,000 to assist veterans.

Willadsen also noticed a number of veterans dogs that were being brought in during training sessions were not

immunized. Veterinary offices can be a high-stress situation with various noises like barking or shouting. As part of a capital campaign, D2DT is hoping to expand on their 10-acres of land, adding a small veterinary clinic specifically for routine immunizations. With the small clinic, D2DT is hoping to create a low-stress place for veterans to bring their service/emotional support dogs.

Willadsen said they are hoping to also add a serenity garden as a quiet place for veterans alongside the trails on their land. D2DT also wants to add 12 kennels which they hope will help double the number of dogs placed with veterans, if not more.

Those interested in learning more about D2DT and the work they are doing to save two lives with one mission can check out their website at www.dogs2dogtags.org.

Lakeshore Technical College Chooses Hyer as New Ambassador

Lakeshore Technical College has chosen Sandra Hyer, a nursing student, as its Wisconsin Technical College System Ambassador for the 2023-2024 academic year. Hyer will promote Lakeshore on campus, in the community, and at system events focusing on student recruitment. In addition, she will receive a \$1,250 scholarship.

In this role, Hyer plans to inspire other non-traditional students to pursue a college degree.

“My story will encourage others to reach out sooner than later like I did,” says the single mother of three children ages 16, 20 and 22. “As an ambassador, I look forward to spreading the word about this amazing opportunity to learn and grow.”

Hyer says she first came to Lakeshore in 1996 after realizing the four-year college she had been attending was not the best fit for her. She switched career paths a few times, though after becoming a certified nursing assistant in 2009, she knew she

wanted to pursue advanced nursing opportunities. While attending Lakeshore part-time, Hyer continues working part-time as a CNA in Plymouth, where she also lives.

According to Hyer, she chose to attend Lakeshore for several reasons, including the friendly, supportive, and diverse staff. “Additionally, the affordable tuition, the availability of financial aid, and the abundance of scholarship opportunities makes Lakeshore Technical College the right choice for me.” Hyer expects to complete her degree without any debt.

The ambassador program is coordinated by the Wisconsin Technical College System. Each of the system’s 16 technical colleges chooses one student annually based on outstanding student achievement, community involvement, leadership, and a commitment to higher education.

“Sandra is a hard-working, compassionate, and caring person. Despite being

incredibly busy between being a mom, school, and work, she still makes time to get involved outside the classroom. She is an excellent role model for us all, and a great fit for this prestigious leadership role,” says Lakeshore Student Engagement Specialist/Student Leadership Board Advisor/Title IX Deputy Coordinator Rachel Smith.

Hyer is a Student Leadership Board Executive Member and Stand Out Certificate recipient for attending Lakeshore’s Learn, Lead, Succeed professional development programs. She is a member of TRIO Student Support Services, a federally funded program that helps first-generation, lower-income, and disabled students navigate their way through college. Hyer is considered a first generation college student because her parents did not attend college.

For information about Lakeshore’s nursing program opportunities, visit gotoltc.edu/programs-and-courses/degree-programs.
