~ Heart Broken ~

Over Memorial Day weekend, I accompanied my daughter and my sister to the Pennycook Cemetery in Hunt to place flowers on the family graves. There, I discovered that the statue of the Blessed Mother Mary was stolen from my brother Michael Biesik's grave. The statue of Mary has been on Michael's grave for 56 years and must have been removed some time between Mother's Day and May 29th.

The Sheriff's Office was called and an investigation of the theft is being conducted.

We find it appalling that someone would commit such a heinous act to a loved one's memories and emotions. Your detestable, dishonest and loathsome behavior is both unbelievable and inconceivable.

May your conscience be filled with guilt for committing such a detestable and wicked abominable act.

If you have any conscience at all, I pray daily that you will return the statue of the Blessed Mother to Michael's grave. You will be judged by a Supreme Power higher than any human being.

If anyone has any information concerning the above theft, please call the Livingston County Sheriff's Office at 585-243-7100.

Gratitude

TANNER JAMES HODGES

The family of Tanner James Hodges of Piffard, NY wish to express our heartfelt gratitude to all of our family, friends and community members who showed love and support to us during this time of loss. All of the hugs, flowers, food, cards, gifts and memorials are a tremendous help.

Special thank you goes out to all of the first responders. It is a comfort knowing Tanner touched so many people's lives and that we are not alone in our sorrow. We will always remember and be thankful for the outpouring of love from so many who care and share our heartache. The road ahead will not be easy but we will be trying hard to honor Tanner's memory by living our best lives and paying forward all the kindness that we've received. Please keep us in your hearts and continue praying for brighter days.

*With our love,
Jim, Marijo,
Lily and Leah Hodges*

Men's Health Month

This June, National Men's Health Month serves as a reminder for all men to take care of their bodies and minds. According to the Centers for Disease Control and Prevention (CDC), on average, American men die five years earlier than women. They also make up a larger percentage of the three leading causes of death in the United States, which are heart disease, cancer, and unintentional injuries. In honor of Men's Health Month, the Livingston County Department of Health (LCDOH) encourages men to visit their primary care provider for a check-up and to promote healthy habits for young boys.

"Men often make their health a low priority. But many causes of illness are easily preventable. It's a fact that simple awareness of preventable health problems, early detection, and treatment of disease can make a big difference in quality of life. Early detection by such routine exams as prostate screenings, blood pressure checks, cholesterol testing, colorectal cancer screenings – even such simple tests like those for blood sugar – can play an important role in staying healthy," states Jennifer Rodriguez, Public Health Director.

Many of the largest health issues men face can be prevented by healthier eating, regular exercise, and an open dialogue with your primary care practitioner. Personal risks vary from person to person, so seeing your health care provider is the most efficient way to take control of your health. It is essential for men and boys to get the health care they need, so take the time to schedule an appointment today.

For more information on men's health statistics, visit the CDC website at www.cdc.gov/nchs/fastats/mens-health.htm.

For questions regarding local health resources, please contact the Livingston County Department of Health at 585-243-7299 or visit www.livingstoncounty.us/doh.htm.
