Salome's Stars

ARIES (March 21 to April 19) You might have to turn your Arian charm up a few degrees if you hope to persuade that persistent pessimist to see the possibilities in your project. Whatever you do, don't give up.

TAURUS (April 20 to May 20) A "tip" about a co-worker's "betrayal" might well raise the Bovine's rage levels. But before charging into a confrontation, let an unbiased colleague do some fact-checking.

GEMINI (May 21 to June 20) Although a relationship still seems to be moving too slowly to suit your expectations, it's best not to push it. Let it develop at its own pace. You'll soon get news about a workplace change.

CANCER (June 21 to July 22) A continually changing personal situation makes you feel as if you're riding an emotional roller coaster. But hold on tight; stability starts to set in early next week.

LEO (July 23 to August 22) Believe it or not, someone might dare to say "No!" to the Regal One's suggestion. But instead of being miffed, use this rebuff to recheck the proposition and, perhaps, make some changes.

VIRGO (August 23 to September 22) You might find it difficult to make a decision about a family matter. But a delay can only lead to more problems. Seek out trusted counsel and then make that important decision.

LIBRA (September 23 to October 22) Concentrate your focus on what needs to be done and avoid frittering away your energies on less important pursuits. There'll be time later for fun and games.

SCORPIO (October 23 to November 21) Although the conflicts seem to be letting up, you still need to be wary of being drawn into workplace intrigues. Plan a special weekend event for family and/or friends.

SAGITTARIUS (November 22 to December 21) Your quick wit helps you work through an already difficult situation without creating more problems. Creative aspects begin to dominate by the week's end.

CAPRICORN (December 22 to January 19) Be patient. You'll soon receive news about a project that means a great deal to you. Meanwhile, you might want to reconsider a suggestion that you previously turned down.

AQUARIUS (January 20 to February 18) There are still some aspects about a new job offer that you need to resolve. In the meantime, another possibility seems promising. Be sure to check it out as well.

PISCES (February 19 to March 20) Opening up your emotional floodgates could leave you vulnerable to being hurt later on. Watch what you say in order to avoid having your words come back to haunt you.

BORN THIS WEEK: You're usually the life of the party, which gets you on everyone's invitation list. You also have a flair for politics.

[Section 3, Minority- and/or women-owned businesses are encouraged to respond]

Up in Heaven there are two lines: One with a sign that says, "If you were henpecked, line up here," the other saying, "If you weren't henpecked, line up here."

One day St. Peter was looking at the new arrivals, and he saw the "Henpecked" line going on forever, while the "Non-henpecked" line only had 1 guy standing in it.

St. Peter walked up to him and said, "You mean to tell me you were never henpecked in your whole life??"

The guy said, "Well I don't know about that. All I know is this is where my wife told me to stand."

Piedmont Pets
June 22, 2023 By Paulette Dean

No doubt about it, the temperatures we have experienced lately have been pleasant. However, this is Virginia, so we know brutally hot, humid weather is coming. We will quickly learn of animals that have died or are dying from heat-related illnesses.

Within the past couple of years, there have been two important changes in law regarding the adequate of animals during summer.

In the City of Danville, it is illegal to tether a companion animal when the temperatures reach 85 degrees or during weather advisories. Statewide, the definition of "adequate shelter" is expanded to mean: "during hot weather, [the shelter] is properly shaded and does not readily conduct heat". This means that a doghouse is not adequate shelter; in fact, they become heat boxes. There must be shade provided at all times. One little dog that died was found tethered with his chain and collar tangled up in some underbrush. He choked to death, and it was probably from seeking respite from the sun.

Never expect your pet to be without cool, fresh water. Fresh water must be provided at all times. Even

inside pets drink more during hot weather. The absolute legal minimum for adequate water is "access to clean fresh water of a drinkable temperature." This, of course, will require extra effort by owners who leave their animals outside while they go to work. Cats must be provided the same level of care as dogs. In fact, all companion animals in Virginia are afforded the same protections as dogs and cats.

Pet owners must be extra diligent during weather extremes to protect their companion animals.

Caption (l-r): Right Worshipful Harry Lea Reynolds II, Brother Robert Thompson, 38th District Blood Coordinator Gene Evans, and District Deputy Grand Master Kent Brown recognize Thompson's blood donation accomplishment.

Thompson Recognized for Ongoing Blood Donations

Thompson currently exceeds Seven Gallons of Lifetime Blood Donations

Chatham, Virginia - Pittsylvania Lodge No. 24 Ancient, Free and Accepted Masons presented Brother Robert Thompson a Certificate of Appreciation for his "Gift of Life" in blood donations. Thompson has exceeded seven gallons of total lifetime blood donations.

38th Masonic District Blood Coordinator Gene Evans, Carter Lodge No. 323, confirmed the donations and requested Grand Lodge recognition. Thompson was formally recognized during a regular lodge meeting on Monday, June 19, 2023.

Presenting recognition for Thompson was the District Deputy Grand Master Kent Brown, Anderson Lodge No. 258, and Right Worshipful Harry Lea Reynolds II, Pittsylvania Lodge No. 24. Thompson was unaware the recognition was forthcoming.

Thompson's Certificate of Appreciation was extended to him from the Grand Lodge of Ancient, Free and Accepted Masons of the Commonwealth of Virginia as of May 15, 2023. It commemorates his "Gift of Life" within the Masonic Community Blood Program. "Bobby is a leader among Masons with his blood donations," Evans said. "Donating blood is a critical, lifesaving gift and it is not always recognized in our community. There is no substitute for whole blood. Please thank him when you see him."

Thompson has a record exceeding seven total gallons of lifetime blood donations. This includes approximately 30 years of donations, and potentially excludes donations that were not properly recorded prior to computerized record keeping.

Thompson is so diligent in providing blood, he last gave a few days ago. It is believed that he has exceeded eight total lifetime gallons of blood donations as of this article. He is also a long serving member of the Chatham Town Council and an active, engaged neighbor.

The Sovah Blood Donor Center is always seeking donors. The 38th Masonic District has a long history of donor support to the center. To learn more about the Sovah Blood Donor Center, please call 844-467-6824. All donations are extremely valuable. Please tell them the Masons sent you.

Interested in having a positive impact within our community? The Masons are a fraternity of men holding to a Godly, righteous path. If you're interested in bettering yourself as a man, then please seek out and ask a Mason to learn more.

Q. A friend keeps recommending the series "Call the Midwife" to me. She says it's a British show that she watches on PBS. Is it available to stream anywhere? — *K.J.*

A. If you don't have PBS, you can find 11 seasons of "Call the Midwife" currently on Netflix. The historical drama takes place in the East End of London in the mid-20th century and was recently renewed by the BBC for two more seasons. (Future seasons should be available on Netflix as well.)

The show wasn't expected to be such a big hit, even when the Oscar-winning actress Vanessa Redgrave was tapped to narrate the series, but it's won the hearts of viewers worldwide and has helped fill the void of those who miss watching "Downton Abbey."

Q. Whatever happened to the actor Jesse Metcalfe? The last I saw him, he was on the newer version of "Dallas," which I thought was a great show and wished had lasted longer. — *H.S.*

A. Jesse Metcalfe's first big television role was on the daytime soap "Passions," where he played Miguel Lopez-Fitzgerald for five years. He soon became a household name when he played Eva Longoria's shirtless gardener (and lover) on the hit series "Desperate Housewives," when it premiered almost two decades ago.

TNT's reboot of the nighttime soap "Dallas" had a promising beginning back in 2012. It had a gorgeous young cast, with Metcalfe and Josh Henderson as the new generation of Ewings, and earned the approval of old fans with the return of original cast members Larry Hagman, Patrick Duffy and Linda Gray.

Nearly 7 million viewers tuned in for the premiere of the new "Dallas," but ratings declined steadily over the next three seasons. Low ratings, coupled with the death of Hagman in real life (and his iconic character of J.R. Ewing on-screen), surely contributed to the show's demise.

While his career may appear to have slowed down after "Dallas," Metcalfe has landed one role after another, including a long-running one on the Hallmark Channel's family drama "Chesapeake

Shores," which lasted six seasons. You can also catch him in the recent Dennis Quaid film "On a Wing and a Prayer," available on Amazon Prime Video.

Q. I read that "NCIS" is going to have a spinoff that takes place overseas. Will it be available to watch here in the U.S.? — *S.M.*

A. "NCIS: Sydney" is the latest installment of the hit CBS franchise, but it'll only be available on Paramount+ here in the U.S. The show is currently filming in Australia and will star Olivia Swann ("DC's Legends of Tomorrow") as Special Agent Michelle Mackey and Todd Lasance ("Spartacus: War of the Damned") as Sgt. JD Dempsey.

According to Deadline.com, the show "will follow the eclectic team of U.S. NCIS Agents and the Australian Federal Police (AFP), who are grafted into a multi-national taskforce to keep naval crimes in check in the most contested patch of ocean on the planet."

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

* To soothe minor burns in the kitchen, use the cut side of a raw potato pressed into the burn area for a minute or two.

* "Personal appliances can get very dirty and can harbor many species of bacteria. One of the worst, in my opinion, is the cellphone. Make sure you clean it regularly by wiping front and back surfaces with a soft cloth dampened with alcohol. We touch our phones with our hands and press them into our faces. It's just smart to keep it clean." -- W.D. in Indiana

* Grilling season is in full swing. A great way to clean the grill surface is by using a wad of aluminum foil. It can be pressed into the grate to get all the gunk off, before or after grilling.

* "I love my windowbox planters, but I would get dirt splashed on my windows or the sill when it rained. My friend advised me to put a shallow layer of small gravel over the dirt. It looks nice and there is no splatter after watering or rain." -- R.L. in Washington

* To remove sticky residue from photo frames, try hairspray. Spray on, let sit for just a minute, then wipe off.

* "When you have small children, always hang a hand towel over the door of the bathroom so they can't lock themselves in and get scalded with hot water." -- J.R. in Virginia

1. On which album does Black Sabbath's "Iron Man" originally appear?

2. "Raindrops Keep Fallin' on My Head" was penned for which 1969 film?

* When Core Design animator Toby Gard wanted to make an interactive movie starring a male character looking for treasure in Egyptian pyramids, the character was deemed too similar to Indiana Jones, so the character was switched to a South American woman named Laura Cruz. Then Core wanted a more U.K.-friendly name, so employees went to the phone book for a new surname. We now know her as Lara Croft.

* Florida mom Geraldine Gimblet spent her entire life savings on medical treatment for her daughter's breast cancer ... then won \$2 million in the lottery just days after making the final payment.

* Japanese warriors wore their hair in a small ponytail after shaving the front of their heads, but not to make a fashion statement. Instead, it helped to keep their helmets secure.

* To protect the giraffe's brain from sudden changes in blood pressure when it drinks, the animal's jugular veins have elastic walls and large one-way valves that allow the veins to significantly expand, preventing blood from flowing back to the brain when the giraffe's head is lowered.

* It took the writers of the Oxford English Dictionary five years just to reach the word "ant." This was partly due to the level of detail necessary to trace word origins as well as their evolution.
