SMSO in 'Salute to America' Before SJ Fireworks July 3

In what's become a St. Joseph Independence Day holiday tradition, the Southwest Michigan Symphony Orchestra (SMSO) is planning its annual July 3rd concert at Silver Beach Shadowland Pavilion. The concert's theme is 'A Salute to America.'

Gates will open at 7:30 PM, Monday, July 3, with the concert starting at 8:30 PM.

The SMSO will pay tribute to America and its steadfast strength with a mixture of patriotic favorites, film scores and iconic American works. As the sun sets and darkness begins, the orchestra will play as the fireworks begin! The explosions overhead are in sync with the 1812 Overture and serve as the perfect backdrop to the SMSO performance.

Food trucks will be available before and during the concert and will have a wide variety of cuisine and beverages from which to choose. The food trucks, which are cash only, will include Lou's Red Hots, Lost Coast Shave Ice, Ben's Soft Pretzels and Wood, Stock and Grill.

The tickets for the concert are \$25 for lawn seating, \$35 for reserved seating, \$5 for students ages 6-17 and children ages 5 and under are free. In addition, patrons can purchase a table which includes 10 tickets and 2 VIP parking passes. Call the SMSO office for table pricing and reservations.

A Symphony on the Water's Edge pass is good for 4 discounted lawn seating tickets used in any combination to any of the SMSO's 2023 Water's Edge Series for \$80.

Tickets and passes are available by calling the SMSO office at 269-982-4030, visiting the website at www.smso.org, or can be purchased on the day of the event at the gate.

All concerts in the Symphony on the Water's Edge series are held at the Shadowland Pavilion located in Silver Beach County Park, 101 Broad St., St. Joseph.

Gates open an hour before the beginning of the concert.

Cash is required for Food Trucks; there are no ATMs onsite.

Fun and interesting things to do in Southwest Michigan

Summer is officially here and that is reason enough to treat yourself to something special in Michigan's Great Southwest.

The Benton Harbor Arts District is home to the GhostLight Theatre which presents CABARET Friday, June 23, Saturday, June 24, and Sunday, June 25. CABARET

immerses an audience deeply into the seedy nightlife and underbelly of the Kit Kat Club in 1930s Berlin, just on the eve of Hitler's rise to power. Based on a book by Christopher Isherwood, CABARET follows the stories of cabaret singer Sally Bowles and American novelist Clifford Bradshaw as

A (Salty) Dog's Life...a Crazy (Crab) Ending?

While perusing some old photo albums, I came across pix from a trip to Hilton Head Island, South Carolina, where we attended a wedding, and partook of some mighty tasty grub at two island eateries – the Crazy Crab, and The Wreck of the Salty Dog.

Both establishments offered pleasant waterside dining – lovely scenery and views, good food, and servers who didn't insist on telling you their names. But The Salty Dog is way more widely known. You can wander most anywhere east of the Appalachian Mountains, and see bumper stickers and t-shirts bearing The Salty Dog logo.

The Salty Dog may owe some of its popularity to what you might call an "origin story." I read it on the official website of The Salty Dog, and it starts in a fishing village at South Beach, on Hilton Head. Among the village's residents was a guy named John Braddocks. For a guy living in a fishing village, he made his living, not surprisingly, as a decoupage artist.

Ho ho ho, not really – he was a fisherman. He had a dog named Jake, who loved being out on the water, and always accompanied Braddocks on his fishing trips.

"Early one Friday morning," the story goes, "John powered up their 36-foot fishing vessel" – note the word "their"; apparently, Jake the dog had an ownership stake in the boat – "and headed for the deep blue sea."

The day started quite promisingly – Braddocks was looking at a big payday, catching fish left, right and in between. But then, "Suddenly, the sky began to darken and the wind whipped to 60 knots."

Yikes! A 60 knot wind, according to the National Oceanographic and Atmospheric Administration, is at least 69 miles per hour. Could something like that appear "suddenly"? And doesn't this call into serious question Braddocks' and Jake's weather forecasting skills?

Next, the boat is "slammed by a 20-foot rogue waves." Which, according to the National Oceanographic and Atmospheric Administration, is about only half the size of waves likely to be generated by 60-knot winds. Anyway, the boat capsizes, and man and beast are cast into the maelstrom – and we're not talkin' 'bout the ride in the Norway Pavilion at Epcot!

But never fear! Jake is here! With Braddocks holding on to his collar, he swims. And swims. And swims. (Repeat 69 times.) Jake tows Braddocks along for 3 days and 3 nights! And they make it back to the fishing village! (Note that the average speed of a swimming dog is about .875 miles per hour, so if Jake swam continuously without breaks for 72 hours, then he traveled 63 miles. This is according to the National Oceanographic and Dogpaddling Administration.)

In honor of Jake's awe-inspiring heroism, the village people built a gathering place and named it The Salty Dog Cafe. Which was all fine and dandy until the tourists started making the place successful, and then there were arguments aplenty among the villagers about returns on investments, profit margins, licensing, merchandising, and such.

Which leads to the untold epilogue of the legend: Braddocks and Jake were bought out in a hostile takeover, so they started a new gathering place, named after the boat lost in their ill-fated voyage – The Crazy Crab!

6 AC Tips to Stay Cool and Save Money This Summer

by Boss Services
June-July 2023

1. Don't set your thermostat too low

The U.S. Dept. of Energy specifies 78 degrees as the ideal thermostat setting in the summer. Every degree you go up from 72 saves you 3-5% percent on your air conditioning energy costs.

2. Raise the temperature whenever you leave home

Whenever nobody will be home for more than 2 hours, you can save energy by raising the temperature by 7-10 degrees. The Department of Energy says doing this consistently will save you as much as 10% on cooling costs.

3. Save money at night

When you sleep, your body temperature lowers. So you may be able to raise the temperature a bit at night, especially if you use lighter sleepwear and lighter bedding.

4. Switch to a smart thermostat

You can program a smart thermostat to raise the temperature 10 degrees during the day when you're at work and then lower it 30 minutes before you return home. A smart thermostat allows you to optimize the temperature setting at certain times of day to save you the most money.

5. Seal leaks in your ductwork

The average home leaks 25-40% of conditioned air through holes in ductwork, resulting in high energy bills. We are currently offering a \$25 duct inspection using advanced technology to determine if you have any leaks in your ducts.

6. Call an HVAC company for an AC Tune-Up

Regular inspection and maintenance is vital to prolong the life of your air conditioner. If you suspect that it's not cooling properly, a professional HVAC technician will be able to determine if there is an issue affecting its efficiency.

Broadband in Berrien County

Over the last few months your Chamber has been working directly with local municipalities, Berrien County, and multiple local internet service providers (ISP) to help bridge the gap on broadband locally. Broadband is no longer something that is or should be considered a luxury item, but more of a basic amenity that makes communities and regions competitive and ideal for growth.

We are so excited to share the huge news that was delivered on Tuesday across the state of Michigan regarding Broadband and grant funding called "Realizing Opportunity with Broadband Infrastructure Networks (ROBIN)". This is a massive milestone for the area and while it will take time to build out, it is something that we can all look forward to!

The announcement of ROBIN grant funding to local Tri-County winner Midwest Energy & Communications (MEC) will allow them to build out infrastructure and serve as the ISP to help tens of thousands of homes in Berrien, Cass and Van Buren Counties to connect. Below you'll find the official announcement from Berrien County and Midwest Energy & Communications on the ROBIN grant.

OVER 5,000 UNSERVED RESIDENTS IN RURAL BERRIEN COUNTY COULD GET HIGH-SPEED BROADBAND THANKS TO STATE OF MICHIGAN

The Michigan High-Speed Internet Office announced its initial recommendations for the Realizing Opportunity with Broadband Infrastructure Networks (ROBIN) program today. This program will potentially bring reliable, high-speed broadband service to 10,081 residents and businesses in Berrien County, 5,256 of which currently lack access to broadband.

Midwest Energy & Communications (MEC) submitted a \$56.4 million application for ROBIN funding to expand internet service in Berrien, Cass, St. Joseph, and Van Buren counties. The application included a \$15.5 million investment from MEC and requested \$27.6 million from the State. Berrien, Cass, and Van Buren Counties, along with townships and villages in the proposed counties committed over \$13 million.

If fully funded by the State, Berrien County will commit nearly \$4.5 million, and 17 townships will commit over \$2.7 million. MEC will begin construction in the fall of 2023 and will finish by the end of 2026. Customers will get activated once construction in their specific area is complete, and those exact plans have yet to be determined.

The ROBIN program now enters a 45-day objection period, and final awards will be determined after objections have been validated. The State expects to make final award announcements in August 2023 and stresses that not all applications will receive full funding due to the objections.

"We've been working on improving connectivity in Berrien County for a number of years and are pleased with the State of Michigan's announcement," said Commissioner Teri Freehling, who is a member of the Berrien County Broadband Internet Task Force, or BCBIT. "High-speed broadband access is more than just a utility - it's a life-changing essential we need to be successful in our daily activities."

"We're delighted to partner with MEC to bring this critical infrastructure to residents."

MEC is a rural electric cooperative, propane supplier, and internet service provider headquartered in Cassopolis, Michigan serving customers in Michigan and northern Indiana and Ohio.

Berrien County Board Chair, Commissioner Mac Elliot praised County leadership for its commitment to connectivity, highlighting the efforts of Freehling, Commissioner Jim Curran and Commissioner Rayonte Bell, who also

serve on BCBIT, as well as former commission and BCBIT member Ezra Scott as being instrumental in the project's success.

Once completed, the project will ensure more than 80% of Berrien County residents have broadband connectivity. The following townships will participate in the grant: Baroda, Berrien, Bertrand, Buchanan, Chikaming, Galien, Hagar, Lake, Lincoln, New Buffalo, Pipestone, Sodus, Three Oaks and Weesaw. The villages of Eau Claire and Galien will also participate.

"We celebrate this announcement, which is a huge milestone," Freehling said. "Our objectivity is to ensure end-to-end connectivity for all residents. While this grant makes that objective easier, we still have work to do - and we will continue to focus on this critical work."

Sweet Summer Sounds of Jazz
Return to Silver Beach July 8
Rain or shine, mark your calendar for **Saturday, July 8** for the **Lake Breeze Music Festival!**

The Lake Breeze Music Festival is when Southwest Michigan plays host to critically acclaimed music artists for an evening of music, food, drink, and fun.

This year's concert features Billboard charting artist Kim Scott, prolific composer/musician Alex Bugnon, and #1 Billboard Contemporary Jazz Artist Vincent Ingala.

According to show organizers Bryan Joseph and Jerry Price, the Lake Breeze Music Festival is an event bringing diverse musical talent together with an easy-going atmosphere and the beautiful backdrop of Lake Michigan.

"This is the premier music festival in our region. It is an evening filled with dynamic artists, great music, laughter, fun, friends, it is the event you must be at," said Price.

"The show's headliner is the great saxophonist, Vincent Ingala. He's lighting up the (jazz music) charts across the country, performing three to four nights each week, providing great performances across the country, so you can expect a great performance that night," said Joseph.

The event will be held at Shadowland Pavilion, 101 Broad Street in St. Joseph. The evening starts at 6pm. Food vendors will be on site. Restrooms and handicapped portable restrooms are available on the festival grounds. General admission tickets are available for \$30. Reserved seating is \$40.

More information available at www.lakebreezemusicfestival.com.

 the picturesque town of Caux, Switzerland – 4 miles above Montreux, site of the world-famous Jazz Festival. No doubt, the annual convergence in his hometown and in his own home, of some of music's most illustrious names played a role in his decision to pursue a musical career, as did his early friendship with Herbie Hancock. The fact that his uncle was the legendary Donald Byrd only served to further his decision.

His first album, Love Season (1989) catapulted the virtual unknown to prominence and set him on his musical course. The album rocketed to number 2 on the R&B charts, was nominated for best jazz album at the Soul Train Awards, and earning him Black Radio Exclusive's, Best New Artist Award.

Vincent Ingala
 Vincent Ingala burst on the Contemporary Jazz scene in 2010 with the release of his critically heralded debut North End Soul. Two

years later he was crowned Billboard "Smooth Jazz Artist of the Year" and Sirius XM Watercolors "Breakthrough Artist of The Year" in 2013. Ingala's sophomore recording, Can't Stop Now, was released in 2012 and Coast To Coast followed in 2015, featuring two singles that hit #1 on the Billboard Contemporary Jazz Chart. Vincent Ingala featured his vocal driven Christmas in 2016, showcasing holiday classics. Ingala is a DJ on Smooth Jazz 24/7 where he can be heard weekly.

With the release of Fire & Desire and the upcoming Dave Koz & Friends Summer Horns and Peter White Christmas tours, Vincent Ingala is excited to reconnect with his fans.

Financial Expert
The Ramsey Show

Dave Says

Pull From Stocks and Put Toward Mortgage?

Dear Dave,

I bought a house about a year ago. Currently, I have \$45,000 sitting in an account with a money manager. I've had this account for a little over three years, and the investment hasn't grown much, if at all. Under the circumstances, and being single, too, would it be better to pull the money out of that investment and put it toward my mortgage?

Johnny

Dear Johnny,

I recommend putting 100% of any non-retirement savings, above your emergency fund, toward paying off your mortgage until the mortgage is paid off. I'd still tell you to pay down the house, even if you were making 20% on your money. Just make sure you're following the Baby Steps, and you're already putting 15% of your income into good retirement investments before attacking the house. Paying down your mortgage is not an

expenditure that's just lost money. The cash is sitting there, you're just banking it in land. And on a side note, with all the craziness in the market over the last three years, you might come to realize breaking even over that time wasn't so bad after all.

Johnny, the shortest distance between where you are and your first \$1 million to \$5 million in net worth is getting your house paid off. After that, load 15% to 20% of your income into a serious retirement plan. And by that, I don't mean playing financial footsie with some little brokerage account. Investing in good, growth stock mutual funds with a proven track record of at least 10 years is a proven way to build wealth the right way.

I'm sure you can find someone on TikTok telling you to do the exact opposite of what I'm suggesting. But you won't find that kind of advice coming from real millionaires.

Thirst

Jesus stood and said in a loud voice, "Let anyone who is thirsty come to me and drink." John 7:37

The more we learn about the human body, the more we see the sophistication of this wondrous machine God has created. Take the simple act of quenching your thirst with a glass of water. Even after years of research, scientists are not certain how it all works. So far, their best guess goes something like this. In your brain is a small area called the lamina terminalis. The lamina terminalis has the ability to monitor when your body needs more fluids. When it does, the lamina terminalis sends you a signal by making you feel thirsty.

But here is where it gets even more interesting. Let's say you feel thirsty. You fill up a glass with cool, crisp, clean water, and you begin to drink it down. Although it takes quite a while for a glass of water to have a real effect on your body, your

lamina terminalis will give you an instant dose of a feel-good transmitter called dopamine. It's your body's way of telling you up-front that it's receiving what it needs.

Each of us, by nature, carries the burden of a deep, desperate thirst. But it does not come from a lack of fluids in the body. Rather, it's a spiritual thirst. And what causes this thirst is sin—your sin and mine. On our own, we have tried to quench this thirst. We've tried money, power, pleasure, entertainment, and success. We may even have tried mind-altering drugs, politics, or better behavior. But nothing works. Nothing satisfies. Nothing quenches the thirst.

Enter God the Holy Spirit. Through the words of the Bible, he speaks to us. As he does, he identifies the one thing that quenches our thirst. What quenches our thirst is forgiveness—forgiveness that God the Son purchased for you and me through his suffering and death on the cross.

"Come to me and drink," Jesus says. Through the work of his Holy Spirit and by the power of his gospel, be refreshed. Be filled. Be forgiven in Jesus Christ.

Prayer: Holy Spirit, by your gospel, quench my thirst in Jesus alone. Amen.

The Housing Market in Southwestern Michigan

Sales began to bloom in May, helping to start the peak selling season in a more robust direction than the first quarter of 2023. Sales were down for the fifth consecutive month when compared to 2022. The average and median selling prices in May set records in the year-over-year comparison, increasing by double digits over last year.

In May 2023, the number of houses sold fell behind May 2022 (256 vs. 313), for an 18 percent decrease. Year-to-date, 995 houses were sold, compared to 1198 houses in May 2022, for a 17 percent decline in sales.

The inventory of houses for sale lags behind the level available a year ago (703 vs. 721). However, with lower sales volume, the months supply level increased slightly to 3.9 from 3.1-months supply from a year ago for buyers. For comparison, in May 2010, there were 3602 houses for sale for a 16.4-months supply of houses for homebuyers.

The average selling price in May 2023 was \$401,016 compared to \$336,015 in May 2022, for a 19 percent increase. Year-to-date, the average selling price in May 2023 slipped 3 percent from May 2022 (\$330,498 vs. \$339,743).

The median selling price in May 2023 at \$280,500 rose 12 percent from \$250,000 in May 2022. Year-to-date, the median selling

price decreased by \$5,000 (\$240,000 vs. \$235,000).

The median price is the price at which 50% of the homes sold were above that price and 50% were below.

The total dollar volume in May 2023 dipped 2 percent compared to May 2022 (\$102,660,128 vs. \$105,172,830). The year-to-date total dollar volume dropped 17 percent (\$328,871,978 vs. \$395,033,091).

The number of bank-owned or foreclosed homes as a percentage of all transactions decreased to 2 percent from 3 percent in April. The previous lowest percentage was 1 percent in May 2022 and 2021, and the highest percentage in May was 34 percent in 2009.

The Freddie Mac mortgage rate in May was 6.57, up from 6.43 in April for a 30-year conventional mortgage. A year ago, the rate was 5.1.

This data reflects home sales across Allegan, Berrien, Cass, and the westerly 2/3 of Van Buren Counties and should not be used to determine the market value of any individual property. If you want to know the market value of your property, please contact your local REALTOR®.

When Selling a Home...

There are two areas of your home where you can really make a good impression on potential buyers with minimal effort. The first is the front door. From their car, it should look inviting. Give it a fresh coat of paint and, if needed, a new lock. Standing around while

the Realtor jiggles the key to unlock the door dampens the enthusiasm for seeing you home, especially if they see chipped paint. And it can lead to the impression that things need to be better maintained.

The second area is the kitchen. Buyers want to imagine how their stuff will fit in the cabinets and on the countertops. So remove all clutter. Put appliances like the toaster and coffee maker in a cabinet. Remove all unused appliances and dishes from cabinets and put them in storage. Buyers will look in cabinets and pantries, so the less jammed these areas are, the better to give the impression of lots of storage space.

These two key areas are so personal that getting your Realtor's advice and perspective. They see what buyers look at daily and can quickly help you with these impression makers.
