THANK YOU

I personally would like to thank Brandon Zingaro, Captain Swanson, Investigator Monster, Deputy Holt, Deputy Galvin & Superintendent Bump for for their time and effort coordinating the county lockdown drill at Mount Morris Central School on June 28th. As a retired teacher who has experienced lockdown drills inside a school, my eyes were open to the efficiency of our county, state and local law enforcement agencies, EMS services from local communities, and local off duty officers as they were deployed to the scene.

It was obvious these men and women were well trained with one purpose: to ensure the safety of our school community (students and staff). This undertaking required extensive planning and cooperation from Mount Morris's neighboring communities to allow their officers and EMS personnel to participate in this learning experience. Thank you for that! I was deeply impressed with the professionalism of this important exercise.

Again, thanks to all the people involved in making this drill a success.

CALL 811

We work diligently to meet the needs of our communities while keeping everyone safe. However, every year, there are dozens of incidents involving third-party damage to our underground natural gas and electric facilities. These incidents can put people's lives in danger, are costly and can interrupt essential utility services.

If you're planning an outdoor project that involves digging, please be sure to call 811 to have all underground utilities marked. The marking service is free, and requesting it is only a phone call way. You can also enter a request for this free service online.

Contact Dig Safely New York by calling 811 or entering a ticket online at least two (but not more than 10) working days before you start your digging project.

Remember, it's free, it's easy, and it's the law!
