ARIES (March 21 to April 19) A relaxed mood early in the week could give way to high-temperature disputes. The Aries Lamb should resist being pulled into heated quarrels that could really singe your wool.

TAURUS (April 20 to May 20) Satisfy that practical obligation first, then feel free to indulge in your creative endeavors. Also, check for hidden or overlooked areas where repairs might be long overdue.

GEMINI (May 21 to June 20) Home is still the Twins' major focus this week, but outside matters begin to take on added importance, especially those involving possible career moves. Stay alert for signs of change.

CANCER (June 21 to July 22) A travel plan might need to undergo some considerable adjustments because of unexpected changes. Keep an open mind and let the facts guide you on how you want to handle this.

LEO (July 23 to August 22) Playing cat and mouse with a matter you've been avoiding wastes time, energy and, most importantly, an opportunity. Ask someone with experience to help you get started.

VIRGO (August 23 to September 22) A shift in policy might not please you, but before you put up a "no go" wall of resistance, examine the circumstances. You might be pleasantly surprised at what you find.

LIBRA (September 23 to October 22) Yesterday's critiques about your methods might have already evolved into today's praise for your achievements. Good for you. Now go on and continue to build on your credibility.

SCORPIO (October 23 to November 21) An occasional temperamental flare-up might occur, as you continue to help get things back to normal. Stay with it. You should soon get some idea of where to take things next.

SAGITTARIUS (November 22 to December 21) A negative reaction to what you believe was a well-deserved request might mean that you need to reconsider your position and make changes accordingly.

CAPRICORN (December 22 to January 19) There's always room for someone new at the Sea Goat's table. The someone new for this week could bring a message you've been waiting a long time to hear.

AQUARIUS (January 20 to February 18) A pile-on of personal matters this week might seem too overwhelming to deal with, but handling them on a one-by-one basis could have you out from under it by the weekend.

PISCES (February 19 to March 20) A friend might need your good advice regarding a matter. Be supportive, but unless you can be absolutely sure you have all the facts, also be careful about any suggestions you're asked to offer.

BORN THIS WEEK: You have a talent for bringing out the best in people, no doubt due to your inspiring work ethic and sensitive nature.

People gather bundles of sticks to build bridges they never cross.

Life is 10 percent of what happens to you, and 90 percent of how you respond to it.

Did it ever occur to you that nothing occurs to God?

Life is like an onion; you peel off one layer at a time and sometimes you weep.

Learn from the mistakes of others. You can't live long enough to make them all yourself.

There are two things I've learned: There is a God--and I'm not Him.

Following the path of least resistance is what makes rivers and men crooked.

Your worst days are never so bad that you are beyond the reach of God's grace. Your best days are never so good that you are beyond the need of God's grace.

Piedmont Pets
 August 24, 2023 By Paulette Dean

Since we began our sheltering contract with the City of Danville in 1984, we have received all kinds of companion animals. Dogs, cats, birds, pocket pets, reptiles, have all been welcomed. In fact, we have even received goldfish and other fish!

We humans breed them and over-breed all species of animals for the pet industry. In fact, different breeds of dogs are now being bred to produce "designer dogs." They are really mixed breed dogs, and shelters receive vast numbers of them each year.

People buy pets, and then realize that the responsibility is great. Pet ownership comes with financial, emotional, and physical responsibilities. Others lose their jobs, and with it the financial ability to take care of their animals. Marriages or other relationships break up, and in some cases, the animals become the victims. Because of all of the breeding of every species, animal shelters are full. Rescue groups for every species of animals have been organized, simply because breeders continue to breed while shelters and rescue groups try to clean up the mess. The boards of shelters run by humane organizations decide they cannot stand the sadness, causing many to give up their contracts to operate the municipal shelters. The one topic open-admission shelters, limited-admission shelters and rescue groups agree on is the need for spaying/neutering dogs and cats and stopping the mass breeding of other animals.

In the midst of all this, breeders continue to breed. What is it going to take to truly help the animals? It is going to take more than a national discussion about euthanasia rates. It will require mandatory spay/neuter laws, but it will also require a raw look at how we view animals as commodities. The discussion will be a difficult one, but the animals will benefit.

KOVELS® Antiques & Collecting
By Terry and Kim Kovel

Apothecary memorabilia

"Doctor Yourself," encourages this cabinet, made to hold the Munyon Remedies in a drug store. The cabinet lists the "remedies" it contains according to the ailments they claim to "Relieve Immediately." You won't find any ingredients lists, warnings or drug facts here. These are Munyon's Homeopathic Remedies from the early 20th century.

James M. Munyon was a businessman with a talent for marketing and a staff of chemists and physicians. He started selling homeopathic medicines in the 1890s. After some legal trouble following the passage of the Pure Food and Drug Act, he had to sell his products as "remedies" instead of "cures." This hasn't made Munyon's advertising any less appealing to collectors; this cabinet sold for \$1,850 at Morford's Antique Advertising auction.

Antique apothecary and drug store memorabilia are popular collectibles, but be careful! Antique medicine bottles and other packaging may contain harmful substances. Keep them away from children and pets. Handle them carefully; wear rubber gloves and clean the cabinets in a well-ventilated area.

Munyon's Homeopathic Cures may not have been effective medicine, but the cabinets are desirable collectibles. This one sold at auction for more than \$1,000.

Pottery Limited was the only porcelain company that could use Belleek with a capital "B" on its marks. The Ceramic Art Company was founded by Walter Scott Lenox. After 1906, the Lenox name was added to the Ceramic Art Company mark. Vases similar to yours have recently sold for \$750.

Q: I have a cream-colored vase with a young woman and pink flowers painted on it. It's about 18-inches tall, has a slender neck with curved handles and gold trim. On the bottom it has "Belleek" printed along with a mark that looks like a painter's palette. There's a circle with intersecting letters, but they're too hard to read. Can you give me any information about this vase?

A: The mark you describe was used by the Ceramic Art Company of Trenton, New Jersey, from 1894 to 1906. The intersecting script letters are "CAC" for Ceramic Art Company. Creamy white pottery has been made in Belleek, Ireland, since 1863. American pottery companies made china like Irish Belleek but warmer in color. After 1929, Belleek

TIP: Keep your dolls out of sunlight. It will bleach the hair and may damage the "skin."

Strange BUT TRUE

By Lucie Winborne

* A microwaved baseball will fly much farther than a frozen one, as warmer balls weigh less and move faster due to less air resistance.

* Each strand of a human hair can contain traces of 14 elements, including gold.

* During a period in his artistic career, Pablo Picasso primarily used shades of blue in his paintings, reflecting his melancholic state at the time.

* It's not just humans who use "baby talk" with their offspring: Mother bottlenose dolphins have been observed altering their whistle pitch and range when communicating with their calves.

* Hawaii had no mosquitoes until the 19th century, when they were accidentally introduced by trading ships.

* A law student at Spain's University of Malaga once etched tiny notes into the sides of blue Bic pens before taking an exam. While points could perhaps be awarded for the learner's creativity, it also resulted in a repeat of their entire academic year.

* The world record for nonstop video gaming -- 138 hours and 34 seconds -- was set by Carrie Swidecki in 2015, when she beat her own previous world record.

* Hamburger University, established by McDonald's to train restaurant managers and owner-operators, has a lower acceptance rate than Harvard University and awards its graduates a Hamburgerology degree.

* A Eulachon's flesh is so oily that this fatty fish will burn like a candle when dried.

* From the "too much of a good thing" files: A 41-year-old man from the Netherlands referred to only as "Jonathan" was banned from donating sperm after fathering over 550 children.

* Cheetos were invented by USDA military scientists during World War II as a result of their being tasked with finding a way to utilize surplus cornmeal.

Thought for the Day: "The only way to have a life is to commit to it like crazy." -- Angelina Jolie

* R.L. in Utah writes: "Do onions make you cry? Tip: Cut off root first. Cut off top second. Remove outer skin and discard the first outer layer of the onion. Slice/dice/rings. Works great." How do you cut your onions, and what helps to keep your eyes from watering? Write to us with your onion tips!

* You may not think to do this often, but you should: Clean your laptop! Not just the screen or keys, but the exterior as well. Get a microfiber cloth, spritz the cloth (never the machine itself) with a bit of isopropyl alcohol and rub away dirt and grime.

* "Grass stains can be removed from kids' clothing by rubbing the stains with a bar of Ivory soap. (I keep one just for stains.)" -- M.F. in Washington

* Special for S.P. in California. To remove ball point ink from leather, your best weapon is a cotton swab and some rubbing alcohol. Be sure to test first in an inconspicuous spot, as not all leathers are equal. Certain synthetic leathers that are dyed may experience color loss in a spot cleaning with alcohol. Work slowly and don't rub too hard. Condition afterward to protect the leather.

* It's important to include only approved materials when recycling curbside, but conserving space allows the trucks to fit more per load, which is another great way to help the environment. A reader in North Carolina had something to say about this! They sent a great tip about nesting steel cans inside one another to compact space. You should also cut cardboard to smaller sizes and break down boxes, as well as crush plastic bottles and replace the caps.

* Making a smoothie with banana in it? When you're done with that peel, chop it up (you can use a rinsed-out blender bottle) and chuck the pieces in your garden to provide food to plants and beneficial bugs.

Laidback Golf Tour Holds its 5th Major of the 2023 Season

On Monday August 21st twenty-one members of the Laidback Golf Tour traveled to Whitsett, NC to have their 5th Major of the season at Stoney Creek Golf Club. Once again as in previous years there the course was in great condition with lightning fast greens. The course gave up only two rounds in the seventies and fourteen birdies to the field. Two of the Tours newer members Tim Shelton and Phillip Wells continued their dominance since joining the Tour as Shelton claimed his third first place finish in as many starts in the A Flight. Shelton who was nursing a sore back started out seven over par on the first nine holes before carding 3 birdies on the back nine for a low round of the day at 76. Meanwhile in the B Flight Phillip Wells claimed his 4th win of the season ; having only participated in six events. Wells carded two birdies during his round of 80.

Allen Revis continued leading the C Flight with his round of 81 for his third win of the season; while Jody Myers claimed his second season victory with a score of 84 in the D Flight. Mike Asbury won the A and B Flight Closest to the Pin Prize and Bryan Martin won in C and D Flight. There was no Honey Hole winner this tournament so \$60 will carry over to the next tournament which is scheduled for Monday, September 11th at Kinderton Country Club in Clarksville, VA. Play will begin at 10am with entry fee being \$70 for Tour members. Register by emailing golftripman@yahoo.com by Monday September 4th or no later than noon on Saturday September 9th.

RIVER DISTRICT ASSOCIATION ANNOUNCES NEW BOARD MEMBERS AND THANKS THOSE LEAVING

[DANVILLE, VA] – The River District Association (RDA) is excited to announce the appointment of a new member to the RDA Board of Directors. Austin Bunn, of Aoss Ventures has joined the RDA board in July, 2023. "I moved to Danville right when things were getting exciting with the revitalization of the River District and knew it was going to be something special." Says Bunn, "I've worked in the River District for over six years now and while everything that has been done is impressive - I think the best is still yet to come. Serving on the RDA Board gives me an opportunity to help our city continue to grow and be a place that more people, like myself, want to call their home."

"We are thrilled to welcome Austin Bunn to the River District Association's Board of Directors." Said RDA Board President Rachel Covington. "Although the River District has been recognized as an exceptional Main Street with the Great American Main Street Award [GAMSA], our work is not done.

We are excited that Austin has volunteered to share his experience, knowledge, and passion with RDA as we continue to strengthen the regional economy and our community's quality of life."

The slate of RDA board members for 2023-2024 are:

Rachel Covington, President
Emma Sellers, Averett University, Vice-President
William Crumpton, Compassion Healthcare, Secretary
Kunal Patel, First National Bank, Treasurer
Kelvin Perry, City of Danville Economic Development
Past President
Steven Osborne, International Mission Board
Christy Harper, Danville Pittsylvania Chamber of Commerce
Drew Herring, West Main Baptist Church
Dr. Andrew Hessler, Danville Dental Associates
Irving M. Perez, American National Bank and Trust Company
Sandra Chinn-Gilstrap, Clement Wheatley
Rachel Timm, Smokestack Theatre Company
Austin Bunn, Aoss Ventures

RDA would also like to recognize the service of two outgoing board members that have been integral to the success of the organization. Dr. Shani Gaylord and Stuart Smith have served on the board for the last 4 and 3 years, respectively.

"One of the reasons that RDA is successful in our work is the contribution by our Board leadership. No nonprofit organization can be successful without a strong board, and we can confidently say that we have a stellar membership" said Diana Schwartz, CEO of the River District Association. "We are grateful for the time and talent that Mr. Smith and Dr. Gaylord so generously gave to our organization and are looking forward to the addition of Mr. Bunn to the team".

To find out more about the River District Association, or if you have any questions, please visit www.riverdistrictassociation.com.

The River District Association was organized in 1999 as the Downtown Danville Association.

In May 2015, the organization was renamed the River District Association to complement the City's River District brand and is an Accredited by both the Virginia Main Street Organization and the National Main Street (Main Street America).

She often quoted that raising good, kind, ethical, responsible human beings – is the biggest job a parent can embark upon. Bette had a passion for life and a thirst for learning new things. At the age of forty, when her children were older, she found her calling as a social worker and retired after thirty years as the Supervisor of Adult Protective Services at Danville Department of Social Services. HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Seth MacFarlane, who created "Family Guy" over 24 years ago and makes \$1 million an episode, donated \$1 million to assist striking SAG actors and WGA writers. The fund has raised \$6.3 million from more than 7,500 donors. Thanks to "Family Guy," "Ted" (\$50 million cost and \$550 million gross) and "Ted 2" (\$68 million cost and \$216 million gross), MacFarlane's net worth is \$300 million.

Seth MacFarlane ("Family Guy")

While "Barbie" has surpassed the \$1 billion mark and "Oppenheimer" slinks past \$600 million, "Sound of Freedom" starring Jim Caviezel and Mira Sorvino has quietly amassed \$172.8 million and received great reviews with a budget of \$14.5 million. Caviezel plays a former U.S. government agent who works for an underground railroad that operates as an anti-sex-trafficking organization and rescues children. It's really connecting with audiences.

"Beetlejuice 2," directed once again by Tim Burton, started shooting in May with Michael Keaton, Catherine O'Hara, Winona Ryder, Jenna Ortega, Justin Theroux and Willem Dafoe, but their film set was recently robbed. It was no easy task — the thieves stole a 150-pound statue created by Delia Deetz (O'Hara) and a lamp post topped with a pumpkin from their set in Corinth, Vermont.

Back in February 2022, thieves swiped \$500,000 worth of props and equipment from the sets of Netflix's "Lupin" and "The Crown," based in Paris and Northern England respectively. Over 350 items were stolen from vehicles for "The Crown" specifically. Where were their security people?

In 1963, I saw the Broadway musical "The Rainmaker" (based on the 1956 movie starring Burt Lancaster and Katharine Hepburn). Robert Horton of "Wagon Train" and Inga Swenson of "Benson" took over Burt and Kate's respective roles. I waited at the

stage door and met them as they came out. Years later, I got to know Inga because her publicity was handled by the legendary Metro-Goldwyn-Mayer publicist Esme Chandler. I escorted Inga to events, visited her on the set of "Benson," spent time in her home and was thrilled to know such a legendary actress. I was saddened when we lost her recently, but she was 90 and lived a wonderful life.

I'm sure you heard we lost the great Paul Reubens, who I met when we were both contestants on "The Gong Show." I ran into him many times at The Groundlings, a comedy improv group in Hollywood where he created Pee-wee Herman. Eventually, he financed a version of "Pee-wee's Playhouse," which he performed for five sold-out months at "The Roxy" during midnight shows.

Then, CBS picked it up, and "Pee-wee's Playhouse" became a hit TV show. In 1984, "Pee-wee's Playhouse" sold out Carnegie Hall in New York. Paul was 70 when he passed, and I can still hear him saying, "I know you are, but what am I?"

My grandmother always said..

- Don't go where you're not invited.
- Don't talk about what you don't know
- Don't interfere with things that are none of your business
- Do not open the fridge in someone else's house
- Don't call after 10pm
- Don't go see someone at lunchtime
- Don't enter other people's bedrooms without permission

They were the rules of good manners and they still are, because manners never go out of fashion!
