## ATTENTION MOUNT MORRIS DEMOCRATS!

Even if you attended the first Democratic caucus on July 25th, 2023 we need you and every other Democrat registered in the Town of Mount Morris to attend a new caucus on August 31, 2023.

The Republican nominees Chelsey Woodworth, Joseph Rawleigh, Nate Guzzardi along with Mount Morris Town Republican chair Joel Mike, and County Republican chair John Pauer and two Democrats Kaylee Leone and Lauren Berger dragged us to court to deprive you and everyone else in Mount Morris of having any choice in our town elections this November. Having already nominated their own candidates, the Republicans sued the Democrats so they could get our Democratic candidates removed from the ballot and deprive everyone in the Town of Mount Morris of a meaningful election in November. **THEY DID NOT SUCCEED!** But they did make it necessary for us to nominate candidates again.

The Republicans claimed that the first Democratic caucus was not allowed to set a rule by vote of the caucus body that only registered members of the party could be nominated for office. This, despite the fact that the Republicans set the very same rule in their own Village caucus back in January. So their lawsuit had nothing to do with principle- it was simply a bold- faced attempt to make sure the voters had no say in who will lead Mount Morris going forward. This is the reason we need to hold another caucus, so we need you to do your part again.

**All registered Democrats, please come to the August 31st, 2023 Town of Mount Morris Democratic Caucus held at Mount Morris Central School high school gymnasium at 6:30pm and make sure we get our registered Democratic nominees on the ballot so we can have a real election this fall! Let's give all registered voters in the town a choice come November!**

**The Role of Our Local Library and the Need for Your Continued Support**

Modern public libraries, local or municipal, offering free library services to the public and supported by tax money date back at least to the mid-1800s. Since their inception, they were conceived as part of the nation's broader educational movement, and it was precisely their educational function that provided the main justification for public support. Initially, libraries contributed to improving the general well-being of their communities by aiding in literacy development, making reading materials available not only to school children, but also to adults in the community.

Today, libraries offer much more than books. The resources offered include newspapers, magazines, movies, games, electronic and audio materials, puzzles, parks and museums passes, etc. Spanish language materials are available as well. In addition, libraries also provide children and adult programming, lectures, a place to gather, assistance with tax preparation, technology tutoring, social assistance information, English as a Second Language resources, assistance, and interpretation, and many other services.

In short, we are a community center committed to building strong ties by sharing resources and efforts in a sustainable way to promote a collaborative, healthy, and informed citizenry. Please support us to carry on this important work.

Thank You!
