Salome's Stars

ARIES (March 21 to April 19) After much traveling this year, you're due for some settled time with family and friends. Use this period to check out situations that will soon require a lot of serious decision-making.

TAURUS (April 20 to May 20) Keep that keen Bovine mind focused on your financial situation as it begins to undergo some changes. Consider your money moves carefully. Avoid impulsive investments.

GEMINI (May 21 to June 20) You'll need to adjust some of your financial plans now that things are changing more quickly than you expected. All the facts you need haven't yet emerged, so move cautiously.

CANCER (June 21 to July 22) Personal and professional relationships dominate this period. Try to keep things uncomplicated to avoid misunderstandings that can cause problems down the line.

LEO (July 23 to August 22) That elusive goal you'd been hoping to claim is still out of reach. But something else has come along that could prove to be just as desirable, if only you would take the time to check it out.

VIRGO (August 23 to September 22) This is a good time to get away for some much needed rest and relaxation. You'll return refreshed and ready to take on the workplace challenge that awaits you.

LIBRA (September 23 to October 22) Confidence grows as you work your way through some knotty situations. Watch out for distractions from well-meaning supporters who could slow things down.

SCORPIO (October 23 to November 21) Consider spending more time contemplating the possibilities of an offer before opting to accept or reject it. But once you make a decision, act on it.

SAGITTARIUS (November 22 to December 21) You're in a very strong position this week to tie up loose ends in as many areas as possible. Someone close to you has advice you might want to heed.

CAPRICORN (December 22 to January 19) Congratulations! This is the week you've been waiting for. After a period of sudden stops and fitful starts, your plans can now move ahead with no significant disruptions.

AQUARIUS (January 20 to February 18) You're in an exceptionally strong position this week to make decisions on many unresolved matters, especially those involving close personal relationships.

PISCES (February 19 to March 20) This week starts off with some positive movement in several areas. A special person becomes a partner in at least one of the major plans you'll be working on.

BORN THIS WEEK: You work hard and get things done. You also inspire others to do their best. You would do well heading up a major corporation.

Piedmont Pets
September 21, 2023 By Paulette Dean

996 South Boston Rd.,
Danville, VA 24540
Phone: (434) 799-0843

The first day of fall is a wonderful time to prepare for freezing temperatures. By the time snowstorms and cold arrive, the time for preparation is past. If you know of an animal that is not being taken care of properly, please call us at 799-0843. We will get the information to the right agency.

Cold temperatures and wind chill can threaten a pet's life; the following measures can help ensure your pet will have a comfortable winter:

- Low temperatures are especially hard on short-haired, young, and older animals.
- All cats should be kept inside.
- Salt and chemicals used to melt snow can burn a pet's foot pads and even the mouth when the pet licks the paws. After an outdoor walk, wipe your pet's feet with a damp towel.
- Warm vehicle engines attract cats. Bang on your vehicle hood to scare away any cats before starting the engine.
- Antifreeze is deadly poison, but the sweet taste attracts many animals. Make sure that animals do not have access to the antifreeze.
- When it is snowing, pets can lose the scent of home. Keep pets under close supervision, and make sure your pet wears an identification tag.
- Winter air can dry out animals' skin and make them itchy. Add a small amount of vegetable oil (with your veterinarian's approval) to the pet's diet.
- It is prohibited in the City of Danville to have any companion animal tethered when the temperature is 32 degrees or below.

Most animal welfare organizations urge all dogs to be kept inside, but many are not. For outside dogs, a solid doghouse must be provided. The opening needs to be covered, either with a commercial door or a heavy, fabric flap. The house needs to be raised off the ground at least 2 inches. Cover the floor with cedar shavings to control parasites and to help retain the skin oil. The doghouse should be large enough to allow the dog to enter, turn around, and either sit or lie down comfortably. However, the house needs to be small enough to hold the pet's body heat in.

Owners of outside dogs must provide more food in the winter, because keeping warm depletes energy. Water bowls should be checked frequently to make sure the water has not frozen. If you know of an animal that does not have adequate protection from the weather, we urge you to call us before conditions are too bad.

Game Boards

On top of the world! In September 1909, The New York Times published Robert Peary's claims of reaching the North Pole in April of that year, crediting him with the pole's discovery. However, just a week earlier, another newspaper claimed that Frederick Cook had reached the pole the year before. Both claims have been disputed since then, but they were sensations at the time.

The journey to the North Pole inspired commemorative figurines, souvenirs and games. This North Pole game has a patent date of 1910. It is a game of skill in which the player rolls one of the included metal balls along the winding track, earning points for each hole the ball passes without falling in. The rules are printed on the back of the board, along with a scene of two explorers approaching the pole.

This game sold for \$480 at Morphy Auctions. The lot included the colorfully lithographed tin game board, two metal balls, the instructions sheet and the box with a color picture of a family in early 1900s dress playing the game. Commercial game boards sell for higher prices when they come with the original box and pieces.

To play the North Pole Game, tilt the board and roll the ball along the track. Watch out for the holes!

Q: How can I safely clean old coins?
A: Coins should not be cleaned. Collectors want coins with the patina unchanged. If your coins are collectible, they should be protected from fingerprints and stored properly. Don't touch the coins to examine them unless you are wearing white gloves. The oil from your skin will damage the coin. If you must touch a coin, hold it by the edge. Coins should not be stored loose in a box or envelope. They may be scratched. Paper, cardboard, plastic and wood give off chemical vapors that speed corrosion. You can buy archival coin holders online or at a coin shop. Coins should be kept in a cool, dry location. You can find more information on properly storing coins on the American Numismatic Association website, money.org.

TIP: Clean cast iron with coarse salt and a soft sponge. The salt is abrasive enough to remove bits of food and absorb oil without harming the pan's seasoning. Rinse and wipe dry.

Q. I just saw that "Captain America" star Chris Evans got married. Is his wife an actress? The last serious relationship I remember him having was with Jenny Slate. I was hoping that would work out. (I loved her in "Parks and Recreation.") — *K.K.*

A. The last of the Hollywood Chrises has joined the other two (Chris Hemsworth and Chris Pratt) in wedded bliss by marrying his girlfriend, Alba Baptista, of almost two years during a ceremony in Cape Cod, Massachusetts. Baptista is a Portuguese actress whose most recent English-language films are the charming film "Mrs. Harris Goes to Paris" and the Netflix action series "Warrior Nun."

As for Evans and Jenny Slate, their relationship has been over since early 2018. They first started dating in 2016 after filming the movie "Gifted." He raved about her in interviews, saying "Sometimes you just meet the same animal, and that's just [what it's like] with Jenny."

Slate, who has been married before, found love again with writer and art curator Ben Shattuck. The couple wed last year and also have a little girl named Ida. While Evans and Slate made a cute couple, it appears they ultimately found happiness with others the way it was meant to be.

Q. When is the "Frasier" reboot debuting? Also, I've heard conflicting information about where it will air. Will it be on Peacock or Paramount? — *E.J.*

A. Kelsey Grammer returns to television as his iconic character Frasier Crane this fall on Paramount+. We first met the hilariously uptight psychiatrist on "Cheers." He was then given his own equally successful spin-off in the former show of "Frasier," a sitcom that won 37 Primetime Emmy Awards and continues to run in syndication and streaming to this day. Now Frasier returns to his roots in Boston for a new sitcom filmed before a live studio audience. Alas, the late John Mahoney is gone as Frasier's cranky father, Martin, and David Hyde Pierce is reportedly not returning as Frasier's brother, Niles.

Alba Baptista in "Warrior Nun"

A two-episode premiere of the new "Frasier" will debut on Paramount+ on Oct. 12 with weekly episodes to follow. It's reported that the same episodes will also air on CBS on Oct. 17 as a special event, but viewers will have to subscribe to Paramount+ to watch the rest of the season.

Q. What was the name of the funny show Ted Knight did where he had two beautiful daughters? There was also a hilarious guy who lived in the home, too, or at least nearby. — *L.D.*

A. You're thinking of "Too Close for Comfort," which starred Knight as a cartoonist who worked out of his home in San Francisco. Nancy Dussault played his wife, and Lydia Cornell and Deborah Van Valkenburgh played his two grown daughters who rented the apartment below. Jim J. Bullock was a hoot as Monroe.

The show changed its name and concept to "The Ted Knight Show" during its final season. Sadly, the sitcom ended in 1987 after Knight lost his battle with cancer at the age of 62.

OFFICERS RECEIVE PRESTIGIOUS VACP VALOR AWARD

Corporal Todd J. Hawkins, Officer Lance I. Neighbors, Detective Lieutenant John. D. Dixon, Detective Sergeant Richard P. Wright, and Detective Jordan T. Land were honored and presented the 2023 Valor Award during the annual Virginia Association of Chiefs of Police Awards Banquet in Norfolk on Tuesday, Sept. 12.

The VACP's Award for Valor recognizes a law enforcement officer who, in the line of duty, performs an act of extraordinary heroism while engaged with an adversary at imminent personal risk. This is the most prestigious award that the VACP makes to officers.

Officers received the award following an incident that occurred on Feb. 10, 2023.

On that date, robbery suspect Barry Lewis Swanson, 39, was arrested in the 200 block of Greenwich Circle following a brief pursuit. Swanson was spotted by officers on Parker Road and was wanted for a robbery that occurred earlier in the day. After being spotted, Swanson fired shots at officers and fled from Parker Road. One officer returned fire. Neither Swanson nor the officer were struck by gunfire.

Earlier in the day on February 10, Swanson was involved in a domestic dispute, and injured one person while committing robbery.

Swanson fled from Parker Road and later spotted and pursued until he crashed on Greenwich Circle, and fled on foot.

Detectives gave chase and encountered the suspect as he was trying to force his way into the occupied residence. The suspect was armed and began yelling at the officers present. Detectives immediately began to de-escalate Swanson by calling him by name and began reasoning with him while other detectives provided lethal cover. They were able to build a quick rapport with Swanson, which led to impactful dialogue between the detectives and the suspect. Detectives persuaded Swanson to drop the firearm and surrender.

The officers and detectives remained calm and professional during the hostile situation where shots had been fired. They were able to think clearly and made quick decisions that led to the safety of residents, students, parents, staff, and bystanders. Although their adrenaline was high, they were still able to work to de-escalate the situation with an armed suspect that had already shot at the police. They showed empathy and courage to apprehend a violent offender quickly and successfully without anybody being seriously hurt or injured.

Photo Caption: The 2023 VACP Valor Award was presented to five Danville Police Department members during the annual Virginia Association of Chiefs of Police Awards Banquet in Norfolk on Tuesday, Sept. 12. Colonel Jeffrey S. Katz, Chesterfield County Police Department and VACP President, left, with Corporal Todd J. Hawkins, Officer Lance I. Neighbors, Detective Lieutenant John. D. Dixon, Detective Sergeant Richard P. Wright, Detective Jordan T. Land, Chief Scott C. Booth and Honorable Terrance C. Cole, Virginia Secretary of Public Safety & Homeland Security.
