By ANN SCHWARTZ Rah rah rah! Cheers and school spirit reigned supreme as Crosby-Ironton and Aitkin school districts both celebrated homecoming last week. Dress-up days and school spirit shone with upbeat days and local sporting events during homecoming week

and both teams won their football games.

In Aitkin last Friday, the students were to have lunch from food trucks in the parking lot. But a downpour with lightning put the kabosh on it, before everyone was served. The rain held off for the

football game.

Crosby football has a 3-2 record and Aitkin is 4-1. Stump Trophy face off

As I write this, rain threatens the big game Friday night as the two football teams face off for the Stump traveling trophy on October 6. Aitkin has possession of the Stump from last year.

Also, if you know of a someone who is raising chickens, they are always looking for cartons. Reuse everything you can. It all makes a difference.

READER RIBBETS Be a buffalo and face coming storm **Minnesota Marxism versus liberty**

COMMUNITY EV

The Global Health Freedom Summit (GHFS) was held on Saturday, Sept. 30 in Alexandria, MN.

What an event! The event started off with Pastor Josh giving a wonderful presentation and a rally cry... Cows vs. Buffalo. What's the difference? Cows run away from the storm, buffalo run into the storm. Be a buffalo! GHFS speakers included:

• Kennie Mauer, is suing the MBA after working for them 36 years as a referee. He was let go because he would not take the jab. He spoke about what is actually in the jab and why it is his right to say no.

• Dr David Erb talked about "Chemical Religion" and those who trust big-pharma. He gave statistics regarding statin drugs, blood pressure medications, acid reflux meds, NSAIDs, Ozempic, and antidepressants. Horrifying. He explained to us when "THEY" decided that if it wasn't western-medicine it was going to be called "Quackery" and to this day holistic healing has been looked at as such.

• Dr. Leila Centner from Miami FL, was in the news back in April of 2020. She started a school, a medical facility and an amazing garden. All their campuses are chemical and gluten free...they are thriving. She explained how/why unvaccinated children are proven to be healthier.

• Dr. Joel Bohemier spoke about vaccine deception and asked us to take the information we are learning to Activate and speak louder. In 1986, President Reagan gave the pharmaceutical companies the right to be free of liability. Currently in America 54 percent of children up to age 5 have some type of chronic disease, why? Babies stopped dying of SIDs in April of 2020, why?

• Dr. Scott Jensen finished off the morning. He talked about the three big bullies: pharma,

tech and the government. He read at least 10-15 headlines that he had gathered from each of their websites, ya can't make this stuff up. He concluded with "How do we live in a world that looks so confused?" His response, "Use your minds and your voices.

Calling all buffalo: Closer to home, doors open at noon on Saturday, Oct. 7 at Acorn Millworks and Duffnev Custom Cabinet in Deerwood (near junction of Hwys. 6 and 18) Sheriff Mack of Constitutional Sheriffs and Peace Officers Association (CSPOA) will be presenting on the authority and responsibility that exists under our U.S. Constitution of which ALL public servants take an oath to protect and defend. Please join and support this organization for the sake of your freedom, your children and grandchildren.

Be Blessed ~ Seek Truth,

I am expressing my concern as to what I see is the persistent and troubling rise of communism and socialist principles within Minnesota politics. These ideologies threaten the very values and freedoms that our nation was built upon - individual liberty, free enterprise, and limited government. Our system of Democracy and the consequences of unchecked socialism and communism are real. We must take action to prevent its spread by accepting the fact that its presence is coming into our own back yards.

It has come to my attention that a Communist group is holding a Marxist school in Minneapolis the last weekend of September. Their own website states, "Capitalism is on the brink. An entire generation has known only crisis, austerity, and climate catastrophe. Everywhere we Diane Webb-Skillings, Aitkin | look there is war, poverty,

and exploitation. And yet, the rich have seen their wealth grow enormously. People are correctly beginning to draw the conclusion that the root of the problem is capitalism itself. Twenty percent of young people in the US now believe that 'communism is the ideal system." (http:// socialistrevolution.org/join/) We cannot let statements like this go unanswered.

On top of that, in the last election, three individuals, aligned with the Democratic Socialists Party were elected to the Minneapolis City Council. This represents 25 percent of the city council. Yes, Democratic Socialists in the Twin Cities made significant gains in 2022 midterm elections. In addition, all six of the candidates endorsed by Twin Cities Democratic Socialists of America — including four state lawmakers - won their races. The results effectively doubled the size of the DSAaligned caucus at the state Legislature. One member won a House leadership post last week.

I believe this matters, because a small but growing cohort of DSA members holding office in Minnesota could push for a wider embrace of the movement's progressive politics and policies, including within the Legislature's new DFL majority caucuses.

The problem of communism did not go away with the fall of the Berlin Wall! It is back and stronger than ever, infiltrating every aspect of our political, cultural, educational, and spiritual institutions.

We are at a critical juncture in history, where the battle between freedom and totalitarianism rages on. It is not enough for us to simply hope for a better future; we must actively work to defend the principles that make our society prosperous and just.
