Naxolone, overdose emergency kits added to Public Safety Building

Posted 17 October 2023 at 11:40 am
Overdose deaths on rise in 2023 in Orleans County for first time since 2018
 Press Release, Orleans County government

ALBION – The Orleans County Probation Department and the Genesee and Orleans County Health Departments are working together to battle opioid overdoses.

GO Health will install overdose emergency kits, also called NaloxBoxes, in the Probation Department and Public Safety Building. These kits include naloxone and other opioid overdose response tools.

“At Probation, we have dealt with many people that are battling substance use disorder so this is an effort to be prepared in case of an emergency,” said Sarah A. Osborne, Probation Director. “So many families across our community have been impacted by substance use disorder that any steps we can take to be better prepared are worth doing.”

According to GO Health, in Orleans County, opioid-related deaths peaked in 2018 with 11 fatal opioid overdoses (27.0 per 100,000 population). Since 2019, there have been 26 fatal overdoses in Orleans County, with some deaths still pending review and investigations. The majority of opioid-related deaths were male, white individuals and people in their 20s and 30s.

“Unfortunately, 2023 will likely be the first year with an increasing number of opioid-related deaths since 2018,” said Paul Pettit, Public Health Director for GO Health. “The fact is we have seen a decline in use of heroin and commonly prescribed opioids, but the rise of fentanyl in concurrence with stimulant drug use, especially cocaine, is now our biggest area of concern.”

GO Health is encouraging businesses and other organizations to follow the lead of the Probation Department and consider installing overdose emergency kits.

For those interested, you can complete an application (click here). If you have questions or would like additional information, you can call the Health Department at 585-589-3278.

Lawrence L. Hazzard, age 77, entered into eternal rest on October 13, 2023 at home. Born August 20th, 1946 in Jersey City, New Jersey, Larry was the son of the late Helen Clark Hazzard and grew up in Catskill, New York. Having graduated from SUNY Brockport with degrees in Physical and Health Education, Larry was known as Coach Hazzard to thousands of students & parents throughout his three-decade career in the Albion Central School district. His love for athletics carried over into his hobbies which included tennis, golf, fishing, and enthusiastic armchair participation in televised Syracuse University athletic events. That said, nothing gave

him more happiness than family. One of Larry's greatest joys was having the summers free to spend with his children, with long days spent in the pool, at Darien Lake, or on family vacations. In retirement, his time became increasingly filled with his three granddaughters, around whom the sun rose and set. Throughout his courageous twenty-year battle with cancer, his top priority was always his family. Never was there a more devoted and loving "Papa". Larry is survived by his wife of 54 years, Charlene, his children, Jeffrey and Jillian, and three granddaughters, Aubrey, Tessa, and Aria. He also leaves two sisters, Lynne and Rhoda, as well as numerous extended family members. We are all so blessed to have had him in our lives and he will forever remain in our hearts. Rest in peace. Calling hours will be held at the Christopher Mitchell Funeral Home at 16650 State Route 31 in Holley NY 14470 on Thursday, October 19th, from 4:00 to 6:00 followed immediately by a short memorial service. Attendees are further invited to join the family and celebrate Larry's life with food and fellowship at Larry and Charlene's home after the conclusion of the service. To share a special memory of Larry, please visit www.mitchellfamilyfuneralhomes.com.

William "Bill" R. Oliver age 86 passed away peacefully October 17, 2023 with his family by his side. He was born April 13, 1937, in Iliion NY, a son of the late Roswell and Ellen (Backus) Oliver. Bill was a life-long resident of the Town of Carlton, a graduate of Kendall Central School and was a member of the Carlton Fire Department. Bill served in the US Air Force as an aircraft mechanic then worked at Liptons in Albion as a machine mechanic. He was also self-employed as a carpenter. He was a member of the Orleans Vets Club in Albion and the Albion Sheret Post #35 American Legion. He loved spending winters at his home in Hudson, FL. Throughout the years, Bill enjoyed hosting camping parties at his home in Kent, fishing, snowmobiling locally and in Redfield, he had a passion for riding in small aircraft, playing computer solitaire and words with friends. But most of all, Bill thoroughly enjoyed his Coors Light and socializing with friends at the "club(s)". Bill was an avid wood worker, taking on many types of projects and took pride in his workmanship. He was a man of little words, but was strong willed with a sense of humor. In addition to his parents, he was predeceased by his brother and sister-in-law Larry and Janice Oliver. Bill is survived by his beloved wife of 54 years, Nancy; daughters Karen (Mark) Collichio, Donna (Tommy) Cicero; grandchildren Katrina Moyer, Michele Collichio, Mark Collichio, Anthony (Jessica) Collichio, Jordan (Gina) Collichio, Stacey LaClair; great-grandchildren Devin Moyer, Blake (Kiara) Moyer, Keian (Alayna) Moyer, Julia Robinson, Brayden Collichio, Adriella Collichio, Aaliyah Collichio, Lily Modzelewski, Sienna Collichio; great-great-grandson Keian Moyer, Jr. He is also survived by his brother Ken (Linda) Oliver, sister-in-law Judy (Jim) Plummer, as well as many nieces and a nephew. A special thank you to Robin Roberts and Kristen Ferris for their additional support to Bill and his family. The family will receive friends at the Christopher Mitchell Funeral Homes, 21 W. Ave. Albion Friday October 20th 4:00pm-7:00pm. Private interment will be on Saturday in Kent Cemetery. To share a memory of Bill, visit www.mitchellfamilyfuneralhomes.com.

Jimmie Lee Thompson 1943-2023 Jimmie Lee Thompson was born October 23, 1943 in Carrabelle, Florida to Samuel Thompson Jr. and Lucille Melton Thompson. He departed from this life on October 13, 2023. During his early career years, Jimmie was a construction worker and welder. He worked for the Rochester City School District until he retired. He enjoyed cooking and his favorite hobby was horse racing. He is predeceased in death by his parents and his siblings, brothers Wilber Roberts and Samuel Thompson III and his sister Thomasene Lattimore. He leaves to cherish his memories his children: sons - Kenneth Thompson of Albion, NY, Tony Thompson of Albion, NY, Lance Thompson, and daughter KristyAnne (David) Thompson Boyd of Desoto, TX; siblings: Lucy Ann Franklin, Jean Peterson and Marlon (Susan) White all of Florida and Harry Hawkins of Buffalo. Jimmie's family will receive friends at the Christopher Mitchell Funeral Home 21 West Ave. Albion, NY 14411 on Saturday, October 21st from 12:00-2:00pm. Interment Isle of Rest Cemetery Franklin County, Carrabelle, Florida
ACKNOWLEDGEMENTS The family is eternally grateful to everyone who has traveled this journey with us. Your calls, visits, acts of kindness, comforting words and all your prayers are greatly appreciated.

Arthur J. "Archie" Washak, passed away unexpectedly on October 15, 2023. He was born September 3, 1947 but to anyone who knew him, every day was Archie's birthday. Archie was the son of Chester and Marion (nee Hellert) Waszak. He is survived by his devoted and loving wife of 40 years, Amy (nee Leffler); brother, Ronald (Vicki) Washak; children, Kimberly (Kurt Rosentreter) Albone, Kristen (Dave) Kuch, Andrew Washak and Kari (Joseph) Root; grandchildren, Mallory, Kaitlyn, Nicholas, Brittney, Edwin, Mackenzie, Barrett and Owen; and great-grandchildren, Edwin and Emilia; and several nieces and nephews. In addition to his parents, he was predeceased by an infant sister, Marjorie; and niece, Wendy Washak-Kimber. Archie graduated from Medina High School in the Class of 1965. He went on to proudly serve his country in the United States Army in the Vietnam War. He was awarded the Bronze Star for his courage and sacrifice during battle. Archie was a proud advocate for all veterans and was involved in many fundraising events for veterans. He was a dedicated member of the Knights of Columbus. He worked tirelessly for decades for the betterment of the organization. Years of memories cooking at fish fries, chicken barbecues, cheering for the Buffalo Bills, birthday shots and memories with friends will forever be held within those walls. Archie worked for 35 years at Delphi Harrison Division of GM in Lockport. He then worked for several years as a caretaker for the ARC of Orleans in Medina. Husband, Dad, Brother, Grandpa, Great-Grandpa. We were so lucky to call you by each of these names. Through your words and actions, you have shown each of us strength, kindness, grace, compassion and unconditional love. Time and time again, we crossed paths with someone who had interacted with you and each time we heard the same sentiment - "He is a GREAT man." We could not agree more. You have always provided your family a strong foundation built upon love. The world will never be the same without you here, but the world will always be a better place because you were in it and left your everlasting mark on it. Calling hours will be held on Friday, October 20 from 1-4 PM at Cooper Funeral Home, 215 W Center St, Medina. All are welcome to join the family after for a Celebration of Life Gathering at 5 PM at the Knights of Columbus, 418 Main St, Medina. In lieu of flowers, the family asks that you please consider a donation to Operation Honor, 415 West Avenue, Suite 2, Medina, NY 14103 or at www.operationhonorofwny.org. Please share condolences and memories at www.cooperfuneralhome.com.

David Lee Wolk, 84, of Orlando, Florida, passed away peacefully on September 30, 2023, after a brief illness. David was born on February 27, 1939, to Norman and Dorothy Wolk in Rochester, NY. He was a graduate of Medina High School class of 1957, after which he married Angie Ottaviano and became father to two boys, Dan and Marty, who currently live in Orlando, Florida. David was a loving and involved father, coaching and serving as the President of Medina Little

League. Later in life, he was blessed to be the grandfather of five grandchildren, Richard, Sam, Nick, Dan, Mitch, and three great grandchildren, Carter, Ruby and Melody. He greatly enjoyed traveling down to Florida yearly to visit the family. David started his adult life working in his father's clothing store, Wolk Apparel, before making a transition into the restaurant business where he worked as a banquet manager at many restaurants, including the Apple Grove Inn in Medina, NY. He lived in Hamburg, NY, for many years, working at the Lakeview Hotel, Russer Foods and Wegmans. One of his favorite events was volunteering at the Erie County Fair parking cars. For those who knew David, you know he was a people person at heart. He never met a stranger. He took every chance to get to know everyone he met. He was famous for knowing all the waitresses and staff at any restaurant or bar he regularly visited. He was an avid card player and for many years hosted a poker game in Niagara Falls which was attended by folks from all over the country. He loved spending time with friends and family, and, of course, loved the Buffalo Bills. David will be missed by all who knew and loved him. There are no formal services planned. A Celebration of Life gathering was held in David's memory October 14, 2023, in Orlando, Florida.

PRESS RELEASE

Road Safety Includes Have a Plan During Halloween Festivities

An increase in traffic on our roadways is expected during Halloween due to Trick or Treating, Halloween Parties and Fall Festivities. With increased traffic comes an increased risk in crashes, including impaired-driving crashes that could cause injuries or deaths.

Orleans County STOP-DWI Coordinator, Sheriff Christopher M. Bourke announced local law enforcement agencies and STOP-DWI Programs across NYS will join forces during The STOP-DWI Halloween High Visibility Engagement Campaign in an effort to reduce the number of impaired driving-related injuries and deaths on our roadways. This Campaign runs from October 27 – November 1, 2023.

COMMUNITY

When it comes to serving the community of Shelby, it shouldn't just be through a paid position. Even though Christine has 18+ years of working with the public at the Orleans County Administration Building, Christine also has 25 years of serving the Shelby area community through a combination of coaching/co-organizing the Medina Powder Puff Softball League and serving as Secretary to the Medina Mustang Band Booster organization. Giving your time and talents to your community is the greatest gift a person can offer.

CHRISTINE PASK

COMMITMENT

Keeping the Town Clerk's office open during normal business hours is vital. Additionally, through extended hours, dependability, and a happy staff, Christine aims to better serve the taxpayers of Shelby.

COLLABORATION

Christine welcomes the chance to partner the Town Clerk's office with the community through coordinating blood drives, establishing drop boxes for local food pantries, putting a MAAC barrel in the foyer, assisting in mitten, coat and boot drives and much more.

COMPETENT

Acting as an officer of the Town, it is important to be competent and proficient while showing respect, kindness, thoughtfulness, and compassion to anyone who walks in the door. With Christine as your Town Clerk, you can count on these qualities not only toward the public, but also toward co-workers and staff, ensuring a non-hostile work environment.

Healthy Choices

— Your guide to looking and feeling your best —

Age is just a number!

By Mary Obear, MD, PhD, Oak Orchard Health, celebrating our 50th Anniversary with offices in Albion, Alexander, Batavia, Brockport, Pembroke, Hornell, Medina, and Warsaw, New York.

Americans are living longer. Over the last four decades, life expectancy in the United States has largely risen, although certain groups have experienced slight decreases in their life expectancy (according to the U.S. Census Bureau). Americans are projected to have longer life expectancies in the coming decades. By 2060, life expectancy for the total population is projected to increase by about six years, from 79.7 in 2017 to 85.6 in 2060.

Since we are living longer, the question is how do we live a healthier life? How can we age gracefully? As a primary care physician, I often discuss this topic with my patients. Here are a few tips for you to consider.

Have a good relationship with your primary care provider (PCP)

This is a simple yet important step to take to live a healthy life. To have a good relationship with your provider, you need to see a medical professional annually, get a physical, and have open, frank discussions. If your primary care provider suggests medical advice that you do not want to do or you don't see any utility in doing so, don't just ignore it. Instead, have a conversation about why it is important and try to reach a compromise.

Waiting too long before going to see your primary care provider is not good practice. If you have not been feeling well for a period of time or something has changed, please make an appointment with your primary care provider. Be careful not to seek medical information on the internet. Please reach out to your medical providers for the best advice.

Preventive measures: medications and screenings

As you age, you may be prescribed many different medications and it's important that you understand why you are taking each and what the long-term benefit is. Have you been taking medications for 20+ years? It may be time to have a conversation with your physician about whether it is still having a positive effect on your health.

Screenings such as a colonoscopy are especially important but so is getting a yearly physical. At your physical, discuss with your PCP which screenings are appropriate for you. Be sure they know your family's cancer history.

Nutrition and Sleep

Getting a good night's sleep is a key component to staying healthy so practice good sleep hygiene. There are things that may interfere with your ability to fall asleep and stay asleep. Think about screen time including TV, computers, and your telephone. If watching certain programming upsets you,

please avoid it. Consider turning all your screens off two to three hours before sleep time. If you need entertainment, an enjoyable book or magazine will help relax you. Sleep in a cool dark room with no stimulation on and avoid drinking a lot before you sleep. Also, the timing of your medication is important. Again, be sure to discuss this with your PCP.

Of course, the food you put into your body is another way to age gracefully. Eating real food and not processed food is the key to healthy living. Processed food can have a lot of salt or ingredients that contain salt, and that is not good for you. Everyone needs a little sodium in their diet but avoiding fast foods is a good idea. Eating well also includes drinking well. Be careful not to drink empty calories in soft drinks and flavored coffees. Coffee can be fine, but most creamers do not contain natural ingredients.

I know many people think of cooking as a chore, but mealtimes can be a pleasant way to nurture your body. Spend time thinking about what healthy foods you can cook quickly or consider "batch cooking" where you make three or four meals and freeze them. If you have healthy foods in the house, you are more likely to eat healthily.

Also, the Mediterranean diet is one of the healthiest choices because it emphasizes seafood, fresh fruit and vegetables, plants, and whole grains.

Exercise

I want to close on an important thought about aging. Be sure to exercise. Walking is one of the best exercises but please be sure you are doing it in a safe location. Be careful not to trip or fall. In the winter, the mall, community centers, and schools are better places to go. They are warm and safe.

If you need a primary care provider, please call Oak Orchard Health at (585) 589-5613.

Do you have HEEL pain or ARCH pain?

HEEL SPUR SYNDROME/PLANTAR FASCITIS is a common problem among people who are active. It starts as a dull intermittent pain in the heel which may progress to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing, or after walking.

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.

- Contributing factors: flat pronated feet, high arched feet, poor shoe support, increased age, sudden weight increase, increased activity level, family tendency.

- Approximately 2-3 times your body weight of force is exerted on each foot with walking. Flexible, non-custom molded arch support found at those advertised shoe stores cannot support these forces and usually do not provide long-lasting relief, do not come with a lifetime warranty, and are typically more expensive than custom-molded ones made by our office.

- 95 percent of our patients symptoms are resolved with conservative treatment, avoiding surgical intervention.

- We also offer surgical procedures with the best post-op success rates using Endoscopic Plantar Fasciotomy techniques and **EPF** resulting in minimal incisions and scarring, immediate ambulation and often back in a shoe in one week.

If you can't remember when your feet didn't hurt, now is the time to give us a call!

Refill with Randy

By Randy LeBaron

Good morning! Grab your favorite cup. Fill it up. And let's start this week right... TOGETHER!!!

This past Easter I shared about a trip to The Holy Land that I and a few of my fellow Orleans County pastors had the privilege of making back in 2017. In that article I highlighted a lot of the significant spiritual aspects of our trip but now, in light of recent events, I would like to share about some other people and places I learned about while in Israel.

Major Elliot Chodof is a political and military analyst who literally wrote the handbook for the IDF (Israel Defense Forces) and gave us a tour along the Golan Heights where the 6 Day War of 1967 took place. It was an interesting excursion because even as he shared about the past he made us aware of everything going on in the present. We had to walk cautiously down a narrow pathway because there will still live mines embedded in the ground left by the Arab armies, we visited an IDF base which had live tanks, and the photos pictured are from the Syrian border by Lebanon alongside the road to Damascus in front of Mount Hermon. For forty miles along this border there are 60 separate terrorist groups which we were told had weapons aimed at us. It made us realize how much we as Americans often think of our enemies as "somewhere far away" while Israel only needs to glance across any of their borders. Unfortunately, the recent attacks from Hamas only serve to highlight this reality.

Another person of interest, whom I had actually met the year prior at a CUFU (Christians United for Israel) Conference in Washington D.C., was Father Gabriel Naddaf. When visiting Nazareth we were told to make sure the location was turned off on our phones so that we could meet Father Gabriel. He had been in hiding because Arab Members of Knesset had placed such a large bounty on him and not long before had kidnapped his teenage son and best him near death. The reason why is because in Israel every Jewish born man and woman must serve time in the IDF but Arab Christians are not obligated. Father Gabriel had led a campaign that caused the number of Christians who voluntarily enlisted to triple which greatly strengthened Israel's defense efforts.

We met others in similar situations as well including a famous Palestinian news correspondent Khaled Abu Toameh who had his life threatened repeatedly after refusing to report false propaganda and Pastor Steve Khoury whose church in Bethlehem has been bombed and set on fire over 40 times because of his refusal to stop teaching out of the Old Testament which had been banned in that area. There were several other people and several other stories but I will share just one more.

The man on the left was our tour guide Yoav Rotem and the older man on the right was his father. One evening after dinner Yoav shared that only recently his father had opened up about his time hiding from the Nazi's during the Holocaust and that he was willing to share his story with us. Though they were smiling in this photo there were plenty of sad, serious, and scary moments over the next hour as he recalled not only what happened to him and others but also what was going through his mind at the time. It was hard to hear but we listened intently as he made himself vulnerable in order to help us to better understand.

We ended our time in Israel with a visit to Yad Vashem, a Holocaust Memorial, The main message was to never forget—even as some actively try to downplay and spread doubt about the the events of this horrific period in history. As Israel is facing persecution once again I pray for them as well as for all the innocent lives that have been put at risk because of these terrorist attacks. Am Yisrael Chai.

NOTICE OF BRIEF SYNOPSIS OF DETERMINATION AND FINDINGS OF STAMP SEWER WORKS, INC. PURSUANT TO NEW YORK EMINENT DOMAIN PROCEDURE LAW § 204 FOR THE ACQUISITION OF REAL PROPERTY LOCATED IN THE TOWN OF SHELBY, ORLEANS COUNTY, NEW YORK, AND TOWN OF ALABAMA, GENESEE COUNTY, NEW YORK BY THE EXERCISE OF EMINENT DOMAIN

Pursuant to the New York Transportation Corporations Law (the "TCL"), STAMP Sewer Works, Inc. (the "Corporation") seeks to exercise its powers of eminent domain to acquire:

Three temporary construction easements, over certain parcels of real property, together with the improvements thereon and appurtenances thereto, (the "Acquisition") one of which is situated within the Town of Alabama, County of Genesee, New York and two of which are situated within the Town of Shelby, County of Orleans, New York, respectively, and all of which are adjacent to New York State Route 63, and which are more specifically described as SBL Nos. 6-129 (Genesee County) and 90.16-2-26 (Orleans County) and 90.16-2-23.1 (Orleans County) (collectively, the "Properties"), for the purpose of: (a) constructing, installing, laying, maintaining, inspecting, operating, extending, replacing, repairing, servicing, upgrading, modifying, and/or removing a pipe/conduit, commonly called a "force main," and other equipment and appurtenances over, through, across, above, and under the easements, together with the right of unimpaired access to said forced main and equipment, and the right of ingress and egress on, over, and through the Properties, for any and all purposes necessary and incident to the exercise of all rights thereunder, which shall ultimately facilitate the sanitary disposal of treated sanitary wastewater and treated process wastewater in accordance with all local, state, and federal requirements through an established system of pipe lines, treatment plants and other means of disposal, pursuant to Sections 115 and 122 of the Transportation Corporations Act, and which shall service the Western New York Science and Technology Advanced Manufacturing Park ("STAMP") located in the Town of Alabama, County of Genesee, New York; (b) providing critical infrastructure to STAMP, which is a 1,250-acre mega site designed to power advanced manufacturing in upstate New York; and (c) ensuring that STAMP is equipped with an adequate sewage disposal system, thereby facilitating the creation of jobs and economic revenue at STAMP (together, the "Project"). The record owners of the Properties include David F. Schloss and Allison H. Adkison, Donald C. Quackenbush and Dana M. Quackenbush, and Brennen O'Connor and Valerie O'Connor.

Copies of the Corporation's Determination and Findings will be forwarded without charge, by requesting the same from Counsel for the Corporation, Phillips Lytle LLP, Attention: James O'Connor, Esq., One Canalside, 125 Main Street, Buffalo, New York 14203.

A. PUBLIC PROCESS

On July 27, 2023, at 10:00 o'clock in the morning, the Corporation held the duly noticed public hearing at the Town of Alabama Volunteer Fire Department, located at 2230 Judge Road, Oakfield, New York 14125, also commonly known as 2230 Judge Road, Basom, New York 14013 (the "Hearing Room"), in accordance with Article 2 of the EDPL (the "Public Hearing"). At the Public Hearing, the public was informed about the Acquisition, the public uses to be served, and the general effect upon the environment and residents. Testimony and exhibits received at the hearing, and written comments received prior to August 1, 2023, at 5:00 p.m., were reviewed, made a part of the record of the Public Hearing (the "Public Hearing Record"), and accorded full consideration.

The Corporation has now made Determination and Findings under EDPL § 204, which are summarized below:

B. BRIEF SYNOPSIS

I. Public Use, Benefit, and Purpose

The Acquisition will serve many public uses, benefits, and purposes. The project involves the development of Western New York Science and Technology Advanced Manufacturing Park ("STAMP" or the "STAMP Project"), an advanced manufacturing technology campus on approximately 1,262 acres in the Town of Alabama, New York (the "STAMP Site"), which is projected to attract large-scale advanced manufacturers and computer chip manufacturers to the region. The STAMP Project requires the construction of a force main to facilitate the sanitary disposal of treated wastewater from the STAMP Site to the discharge point in Oak Orchard Creek in the Town of Shelby (the "Force Main"). Specifically, the Acquisition is required for temporary

access to the Properties in order to stage and place directional drilling equipment temporarily during construction of the Force Main. The Acquisition will serve a public use, benefit, or purpose in allowing for the completion of the Force Main, and providing a means of disposal for treated, sanitary wastewater produced at the STAMP Site. The Force Main will directly result in many public uses, benefits, and purposes, including facilitating the discharge of treated sanitary wastewater and treated process wastewater from the STAMP Site. Other public uses, benefits, and purposes associated with the Force Main include, inter alia: (a) Capacity to handle six (6) million gallons of treated wastewater per day, allowing for the full realization of manufacturing capacity at the STAMP Site; (b) Facilitating the best and most practical discharge of wastewater for the STAMP Site, including appropriate management of discharge water levels and flow; (c) Allowing for the most practical lifespan of the wastewater system, with minor maintenance and repairs as necessary; (d) Providing tenants of the STAMP Site full wastewater capacity for other non-manufacturing related water usage, including, inter alia, employee related water usage; and, (e) Allowing for the less intrusive, and most practical, water discharge route. Without the Acquisition, construction of the Force Main and the realization of its attendant public uses, benefits, and purposes would be jeopardized.

Furthermore, the Acquisition and the Force Main is essential to the full realization of the STAMP Project, which will create an advanced manufacturing technology hub in Genesee County and will attract large-scale, advanced manufacturing companies to the region. The STAMP Project has many public uses, benefits, and purposes. Upon full completion, the STAMP Project is projected to result in approximately 9,330 full-time equivalent jobs, with approximately \$531.9 million in direct annual wages and approximately \$761.3 million in indirect wages. The STAMP Project is expected to result in approximately 1,400 to 2,900 direct and indirect full-time equivalent jobs during the construction phase, with total earnings ranging from \$40.8 million to \$83.8 million. The economic output from the STAMP Project is projected to equal approximately \$4.6 billion, upon completion and full operation. Upon completion, the STAMP Project is expected to result in annual state income taxes of approximately \$33.6 million. Retail operations from the STAMP Project are expected to generate \$2.3 million in annual sales taxes for both Genesee County and the State of New York.

The Acquisition is essential to the construction and installation of the Force Main and completion of the STAMP Project as a whole. As such, the Corporation finds and determines that the Acquisition will result in the many public uses, benefits, and purposes associated with the Force Main. Furthermore, the Corporation finds and determines that the Acquisition is necessary to the development of the STAMP Project, and will allow for the full realization of the many public uses, benefits, and purposes of the STAMP Project detailed above. Absent the Acquisition, the Force Main and the STAMP Project, and the attendant public uses, benefits, and purposes associated with both, would be jeopardized.

II. Acquisition Location and Reasons for Selection of that Location

The testimony and evidence entered into the Public Hearing Record also demonstrated, among other things, that: (a) the location of the Acquisition is necessary to the development of the Force Main and the STAMP Project as a whole; (b) the Acquisition's location, size, and geographic and environmental features make it particularly well suited for the location for the Force Main; (c) the location of the Force Main allows for the provision of needed services necessary for an advanced manufacturing technology campus within the region; and, (d) other alternative locations for both the STAMP Project and the Force Main were reviewed and considered, and were all deemed to be unsuitable or otherwise unacceptable.

After considering the testimony and evidence entered into the Public Hearing Record, and specifically considering that alternative locations are extremely limited, all other alternative locations considered were deemed unsuitable or otherwise unacceptable. As such, the Corporation finds and determines that location of the Acquisition is essential for the full realization of the public uses, benefits, and purposes associated with the Force Main and the STAMP Project as a whole.

III. General Effect of Acquisition on Environment and Residents of Locality

The Corporation finds and determines that, based upon the testimony and evidence entered into the Public Hearing Record, the Acquisition is consistent with social, economic and other essential considerations from among the reasonable alternatives available, and is one that avoids or minimizes adverse environmental impacts to the maximum extent practicable (by incorporating as conditions to the decision those mitigative measures that were identified as practicable).

Accordingly, the Corporation has adopted and issued a Findings Statement pursuant to SEQRA.

IV. Other Relevant Factors

All of the testimony and evidence entered into the Public Hearing Record has been given due consideration. In particular, but without limitation, the Corporation has considered the objections submitted by Orleans County, submitted through their attorney Lippes Mathias LLP, both in person at the Public Hearing and by letter dated July 27, 2023 (the "Orleans County letter"). The Corporation has also considered the objections submitted by the Orleans County Industrial Development Agency (the "OEDA", together with Orleans County, the "Orleans County Opponents"), submitted through their Chief Executive Officer Michael Dobell, both in person at the hearing and by letter dated July 27, 2023 (the "OEDA letter"). A number of the objections raised by the Orleans County Opponents were based on factual allegations that were unsupported by the Public Hearing Record as reviewed and considered by the Corporation (including the testimony and exhibits submitted into the Public Hearing Record). The Orleans County Opponents also assert objections based on legal arguments, all of which have been reviewed and considered by the Corporation and have been found to lack merit. The Public Hearing Record is clear that there is no prior public use which would frustrate or otherwise prevent the Acquisition. Therefore, upon review of the Public Hearing Record and applicable law, the Corporation finds and determines that the objections submitted by the Orleans County Opponents are wholly without merit and neither those objections, nor any of the other testimony, evidence, and written comments submitted in any way preclude the Acquisition of the Properties by the Corporation or otherwise prevent the Corporation from issuing its Determination and Findings relative to the same.

C. DETERMINATION

Based on due consideration, it is found necessary for the Corporation to acquire temporary construction easements on the Properties, and it is determined that the Corporation should exercise its power of eminent domain in order to implement the Acquisition.

ATTENTION: ANY PERSON AGGRIEVED BY THE DETERMINATION AND FINDINGS WHO WISHES TO CHALLENGE AND SEEK JUDICIAL REVIEW THEREOF MUST DO SO, IF AT ALL, (1) BY FILING A PETITION, IN ACCORDANCE WITH NEW YORK EMINENT DOMAIN PROCEDURAL LAW § 207, IN THE APPELLATE DIVISION, FOURTH DEPARTMENT, 50 EAST AVENUE, ROCHESTER, NEW YORK 14604, (SAID COURT BEING THE EXCLUSIVE VENUE FOR JUDICIAL REVIEW OF THE DETERMINATION AND FINDINGS UNDER EDPL §§ 207 AND 208), NO LATER THAN THIRTY (30) DAYS AFTER THE COMPLETION OF THE CORPORATION'S PUBLICATION OF ITS DETERMINATION AND FINDINGS PURSUANT TO EDPL § 204, OTHERWISE ANY SUCH CHALLENGE OR JUDICIAL REVIEW MAY BE TIME BARRED, AND (2) BY SERVING DEMAND, IN ACCORDANCE WITH NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW § 207, UPON THE CORPORATION TO FILE A WRITTEN TRANSCRIPT OF THE RECORD OF THE PROCEEDING BEFORE IT AND THE UNDERLYING DETERMINATION AND FINDINGS. THE APPELLATE DIVISION MAY CONSIDER THE PUBLIC USE, BENEFIT OR PURPOSE TO BE SERVED BY THE PROPOSED ACQUISITION AND THE OTHER MATTERS SET FORTH IN NEW YORK EMINENT DOMAIN PROCEDURE LAW § 207. ANYONE WISHING TO CHALLENGE THE DETERMINATION AND FINDINGS IS ADVISED TO CONSULT AN ATTORNEY

Tater Tot Casserole

Serves : 6

Prep Time : 15 minutes

Cook Time : 75 minutes

Ingredients:

1 pound ground beef

1 onion, chopped

1 (10.75 ounce) can condensed cream of mushroom soup

¾ cup sour cream

1 (15 ounce) can green beans, drained and liquid reserved, divided

1 (8 ounce) package processed cheese (such as Velveeta®), sliced

1 pound frozen bite-sized potato nuggets

Instructions:

Preheat the oven to 375 degrees F (190 degrees C).

Heat a large skillet over medium-high heat. Cook and stir ground beef in the hot skillet until browned and crumbly, 5 to 7 minutes. Drain grease. Add onion and cook until soft and translucent, about 5 minutes.

Meanwhile, combine condensed soup, sour cream, and green bean liquid in a small bowl. Set sauce aside.

Add green beans to the cooked beef and onions; mix to combine and transfer to a casserole dish. Top with sliced cheese and cover with frozen potato nuggets. Pour sauce over top.

Bake in the preheated oven potatoes are browned and sauce is bubbly, about 1 hour.
