~ Mount Morris Voters ~

I am a physician serving Geneseo, NY and Dansville, NY. I personally know Jennifer Young as she was employed for 15 years as an administrative secretary at my practice, Genesis Internal Medicine, PLLC.

Jennifer's work ethic and commitment to our practice was instrumental in providing quality care and service to our patients. Jennifer worked well with others, and was quick to learn any job duties that were assigned to her.

Jennifer overlooked and assisted in managerial duties. Her duties also included patient relations, transactions, software implementation, and trouble shooting. Jennifer assisted in financial transactions, and also assisted with policies and procedures.

Jennifer worked with several insurance companies in order to get approval for patient related needs. These tasks required the ability and skills to navigate through many obstacles, in which Jennifer excelled.

I found Jennifer's most admirable quality to be a patient advocate, and we at Genesis Internal Medicine PLLC truly believe she will be the best advocate for the residents of Mount Morris in every and any capacity.

Joe Rawleigh for Mount Morris Town Council

As a tax payer in the Town and someone who wants to see our community thrive, I am not afraid to do the work to...

- ◆ Create affordable taxes.
- ◆ Develop a reasonable solution to get water into the township without picking your pocket.
- ◆ Give back to the taxpayers from solar revenues.
- ◆ Help create opportunities for new residential construction that will help grow our community and spread the tax burden.

With my local government experience I know how to make progress, work with opposing views and get results.

... Here's Why You Should Always Sleep With the Door Closed ...

Did you know that a simple action can help increase your safety in the event of a fire? Closing your bedroom door at night may not seem like it would make a big difference, but studies show it does. With Fire Safety Awareness Month right around the corner (in October), we're sharing some tips to help you and your family practice fire safety.

Watch this Youtube video to see how quickly a fire can grow and how drastic the difference is when the door is left open.

The Role of Our Local Library and the Need for Your Continued Support

Modern public libraries, local or municipal, offering free library services to the public and supported by tax money date back at least to the mid-1800s. Since their inception, they were conceived as part of the nation's broader educational movement, and it was precisely their educational function that provided the main justification for public support. Initially, libraries contributed to improving the general well-being of their communities by aiding in literacy development, making reading materials available not only to school children, but also to adults in the community.

Today, libraries offer much more than books. The resources offered include newspapers, magazines, movies, games, electronic and audio materials, puzzles, parks and museums passes, etc. Spanish language materials are available as well. In addition, libraries also provide children and adult programming, lectures, a place to gather, assistance with tax preparation, technology tutoring, social assistance information, English as a Second Language resources, assistance, and interpretation, and many other services.

In short, we are a community center committed to building strong ties by sharing resources and efforts in a sustainable way to promote a collaborative, healthy, and informed citizenry. Please support us to carry on this important work.

Thank You!
