FACTS NOT LIES

If you received a letter from George McKenna recently, please be aware that it contains a great deal of misinformation. We won't subject you to a two-page letter, but here are some points to know:

1. The Heritage Wind turbine issue is out of our hands at this point. The State will either send an approval or they won't. The Town Board will not be holding any further votes on this matter.
2. In George's Letter, much was made of the idea that Sean Pogue and Kirk Mathes have some kind of financial interest in the Heritage Wind Project. Again, There will be no vote on the matter from the Board. It is now in the hands of the State.
3. George's assertion that Sean Pogue has a financial interest in the turbine project is totally false.
4. Kerri Richardson was not the great overseer of funds that George (her father) had suggested. One of the first items she pushed through was to fire the Town Attorney and hire another one at three times the cost.
5. The income from the turbines, if approved, will be about 1 million dollars the first year and increase by 2% each year after that! And your taxes would be lowered. The number of turbines was reduced but since the time has gone by and the technology has been enhanced, each turbine will be able to produce more power and hence will be more profitable. Income will not decrease. George's numbers showing reduced profitability are totally incorrect.
6. George's assertion that Kerri has been harrassed and insulted at every meeting is just a lie. And it's odd that he referred people to view the past videos of the meetings, because they would show that this is not the case. In fact, her poor behavior would definitely stand out.

Please don't be fooled by lies and falsehoods. This is a father desperate for his daughter to be elected and it's frankly shameful. Vote for the team that wants to move beyond this drama to be a more positive future! Vote for Sean Pogue for Supervisor, and Margaret Swan and Kirk Mathes for Councilmen.

RE-ELECT **JOHN PRATT**
SHELBY TOWN COUNCIL
WRITE-IN ON BALLOT

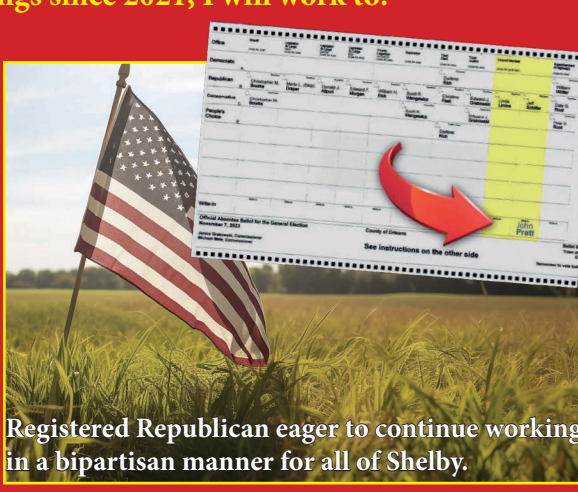

John Pratt
PROVEN | TRUSTED

"During my time in office, I've fought for what I believed was in the best interests of residents against many obstacles. These include being continually excluded from meetings and lied to about municipal issues while confronting ongoing hostility and retribution from officials. Since 2021, I've been publicly speaking out against activities I find wrong. Contrary to recent claims, there is a public record of my comments pertaining to officials' discrimination and targeting tactics, which continues to this day. While it's not my right to publicly share everyone's personal experiences, I will continue to fight these issues."

EXERCISE YOUR RIGHT TO VOTE AND MAKE THINGS RIGHT IN SHELBY.

With a public record of speaking out about wrongdoings since 2021, I will work to:

- Lower Water Bills
- Advocate for forensic audits
- Outsource bookkeeping if it will improve results and save money
- Expand Opportunities for Public Engagement
- Work collaboratively with other municipalities
- Interview multiple qualified, independent legal consultants
- End the waste and abuse of tax dollars for undisclosed legal work
- Investigate questionable billing practices
- Block efforts to target, discriminate and retaliate against private citizens and the Town's own employees and officials
- Stop covert surveillance practices by officials
- Promote Human Resource and other Workplace Training*

Registered Republican eager to continue working in a bipartisan manner for all of Shelby.

*The New York State Comptroller recommended training for Shelby's supervisor and bookkeeper that has been resisted. I suggest all Town officials learn more about training opportunities offered by the state. We could all benefit from more information.

Do you have HEEL pain or ARCH pain?

HEEL SPUR SYNDROME/PLANTAR FASCIITIS is a common problem among people who are active. It starts as a dull intermittent pain in the heel and progresses to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing or after walking.

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.
- Contributing factors: Flat pronated feet, high arched feet, poor shoe support, increased age, sudden weight increase, increased activity level, family tendency.
- 95% of our patients' symptoms are resolved with conservative treatment, avoiding surgical intervention.
- We also offer surgical procedures with the best post op success rates using Endoscopic Plantar Fasciotomy techniques (minimal incisions and scarring; often back in a shoe in 1 week).

Refill with Randy

By Randy LeBaron

Good morning! Grab your favorite cup. Fill it up. And let's start this week right... TOGETHER!!!

I am writing this on the last day of October, Halloween, but instead of focusing on ghosts and ghouls my mind is already looking ahead to November, a month marked by gratitude and generosity. I had planned to write an article about what it means to be generous and remind you of some opportunities to practice generosity, such as helping out on the Hands 4 Hope Street Ministry Truck, helping serve others at the Koinonia Kitchen, or supporting one of our many local missions or organizations like: Care-Net, Hospice of Orleans, GOMAC, Community Action, etc., but when I started to write what actually came out was this poem. I hope it will give you pause and inspire you to practice true generosity in the days ahead!

Being generous of heart means more than just being kind. It means much more than the giving of our money, effort, or even our time.

Though each one of these does play a part I dare say, generosity is truly measured by what we do for others each day.

It is a lifestyle of gratitude of giving to others as we have received, not only when it's convenient but whenever someone has a need.

To be generous without sacrifice though is to not be generous at all. For when we give only out of abundance our thinking is too small.

Like the rich Jesus spoke of who shared a little of their wealth as a tithe, compared to the poor widow seated beside them who gave the last two coins she had to survive.

Sacrifice alone though does not a generous person make, if the gift comes with strings attached we give only so that one day we can take.

By giving without expectation we will come closer by far, and treating others the way we wish to be treated will help us set the bar.

The key to generosity is not in keeping score. It is not about meeting a quota, about giving this much and no more.

It is about humility, and compassion, thinking of others and not just yourself. It is about graciously feeding the hungry stranger that last can of soup upon your shelf.

It is making time for others in the midst of a busy day. It is leaving a considerable tip rather than complaining how much you have to pay.

It is giving someone your umbrella even though you may get wet. It is paying for someone's lunch when you know that they're in debt.

Being generous is a way of life, seeing and acting from a particular point of view. It is a series of daily decisions that starts with me and it starts with you.
