Salome's Stars

ARIES (March 21 to April 19) Restless Rams and Ewes might want to let others finish a current project so they can start something new. But if you do, you could risk losing out on a future opportunity.

TAURUS (April 20 to May 20) The Bovine's creative forces start revving up as you plan for the upcoming holidays. Some practical aspects also emerge, especially where money is involved.

GEMINI (May 21 to June 20) Moments of doubt disrupt your otherwise clear sense of purpose, but don't ignore them. They could be telling you not to rush into anything until you know more about it.

CANCER (June 21 to July 22) A planned trip might have to be delayed. Plan to use this new free time to update your skills and resume so that you'll be ready when a new job opportunity opens.

LEO (July 23 to August 22) A flood of holiday party bids from business contacts allows you to mix work and pleasure. Your knowledge plus your Leonine charm win you a new slew of admirers.

VIRGO (August 23 to September 22) An unexpected act by a colleague complicates an agreement, causing delays in implementing it. Check out the motive for this move — it might not be what you suspect.

LIBRA (September 23 to October 22) You might want to cut ties with an ingrate who seems to have forgotten your past generosity. But there might be a reason for this behavior that you should know about. Ask.

SCORPIO (October 23 to November 21) Be careful not to set things in stone. Much could happen during the next several days that will make you rethink some decisions and maybe change them.

SAGITTARIUS (November 22 to December 21) Your plans to help provide holiday cheer for the less fortunate inspire others to follow your generous example. Expect welcome news by week's end.

CAPRICORN (December 22 to January 19) You're in your glory as you start planning for the holiday season ahead. But leave some time open to deal with a problem that needs a quick and fair resolution.

AQUARIUS (January 20 to February 18) The upcoming holiday season provides a perfect setting for strengthening relationships with kin and others. Meanwhile, a new contact has important information.

PISCES (February 19 to March 20) Instead of fretting over a cutting remark by a co-worker, chalk it up to an outburst of envy of your well-respected status, among both your colleagues and superiors.

BORN THIS WEEK: You instinctively know when to be serious and when to be humorous, which are attributes that everyone finds endearing.

Wedding Present

Everyone in the wedding ceremony was watching the radiant bride as her father escorted her down the aisle to give away to the groom. They reached the altar and the waiting groom; the bride kissed her father and placed something in his hand.

Everyone in the room was wondering what was given to the father by bride.

The father could feel the suspense in the air and all eyes were on him to divulge the secret and say something. Therefore, he announced, "Ladies and Gentlemen today is the luckiest day of my life."

Then he raises his hands with what his daughter gave him and continued, "My daughter finally, finally returned my credit card to me."

The whole audience, including the priest, started laughing.

For some strange reason, the poor groom didn't.

Advertising Icons

Some advertising icons have obvious connections to their brands, like Planters Peanuts' Mr. Peanut or the RCA Victor dog with his head tilted as he listens to a phonograph. Others, less so, like the Clydesdale horses and Dalmatian dogs featured in Budweiser advertising items such as this hanging lamp with "The World Champion Clydesdale Team." The lamp sold for \$625 at a Potter & Potter auction.

This advertising lamp includes figures of a team of horses pulling a beer cart, followed by a crowd of Dalmatians. The lamp with a moving wagon sold for \$625.

What do horses and dogs have to do with beer? The Anheuser-Busch brewing company, owner of the Budweiser brand, turned to making non-alcoholic products during Prohibition. Its repeal in 1933 was still a cause for celebration. August A. Busch, Jr., gave his father, the CEO of Anheuser-Busch, a gift of a hitch of Clydesdale horses pulling a beer cart. The hitch delivered the first post-Prohibition Budweiser beer.

encouragement of a scientist's wife, Bessie Littleton, Pyrex was born. More than 750 million pieces of CorningWare have been made. In 1998, due to slumping sales and retooling of manufacturing plants, Corning sold CorningWare and Pyrex lines to World Kitchen, LLC.

A horse-drawn beer wagon proved to be an effective marketing tool, and the company got another hitch to make promotional tours. Dalmatians joined the tours in the 1950s, referencing the old practice of breweries having dogs to protect their horses and wagons during deliveries. In 1986, the Budweiser Clydesdales made their first appearance in a Super Bowl commercial. The company still has Clydesdale teams going on tours to this day.

TIP: If you have valuable old glass, keep it in a safe environment. It should be stored or displayed where there is some air movement to dry off the surface. Glass bottles and containers should be stored with the lids and stoppers open.

Q: During a recent thrifting excursion, I saw something I'd never seen before: A Blue Willow CorningWare warming tray with cord. The tray, working and with its cord, was only \$5.99. I passed it up and I've been kicking myself about it. What do you think?

A: I think you should have bought it. That CorningWare tray is worth at least \$25 elsewhere. It isn't rare, but CorningWare is undergoing a resurgence of popularity. Prices for vintage pieces are going up. Blue Willow is one of the most recognizable patterns. Corning Glass Works developed the glass for Thomas Edison's light bulb. In July of 1913, at the

Years ago in a local store, I saw a message on a cup that I have never forgotten – "Gratitude turns what we have into enough."

Perhaps in this "have to have more" and "everything needs to be perfect" world, that message is among the most important lessons we can learn from animals.

I can see it when little kittens are taken into a playroom and spend however long they have in there running, playing, and jumping all over the place. For them, it is enough they are having fun now and they do not spend time worrying about when they will put back in their cages.

her, the time away is forgotten and she delights in having her babies back.

I can see it when an emaciated dog takes great delight in a simple little treat offered, licking the hand of the volunteer who has given it to him. For him, the treat is a feast.

On and on the stories go. In this Thanksgiving season, I am grateful beyond measure for the years I have been able to spend in the company of tens of thousands of animals.

I can see it when shelter dogs are delighted to be taken out on walks around the shelter. No matter that it is not a long walk in a beautiful park. For them, it is a chance to stretch their legs and get needed exercise.

Being the voice for board members (past and present) and shelter staff (past and present), we are thankful for the dollars and pennies donated, the kind words given, the anonymous calls made to report neglect or cruelty, and every act of service to the animals. What you have offered has turned into hope and help for the animals and yes, every small gift and every small kindness is turned into enough to make a difference for the animals.

I can see it when a pet bird that has lived in a tiny cage for years is put in a much larger cage. For her, the larger space is a palace.

I can see it when a mother cat is reunited with her kittens who have been brought to the shelter earlier. For

Q.Someone told me that Brie Larson used to be a child actress. What was she in? — *L.J.*

A.Before she joined the Marvel Cinematic Universe, Brie Larson, at the age of 6, was the youngest student to ever attend the American Conservatory Theater in San Francisco. She went on to guest star on series like “Touched by an Angel” and “Popular” as well as movies like “13 Going on 30.” Her longest-running role as a child actress was as one of Bob Saget’s kids in the 2001 sitcom “Raising Dad.” Most notably, she won an Oscar for Best Actress for the 2015 film “Room.”

You can currently see Larson in “The Marvels,” out now in theaters, and also in the series “Lessons in Chemistry” on Apple TV+.

Q.What happened to Alex O’Loughlin? I loved him in “Hawaii Five-0,” but that’s been off the air for a couple of years now. I haven’t seen him in anything since. — *V.M.*

A.Alex O’Loughlin hasn’t acted in television since CBS’s “Hawaii Five-0” ended after 10 seasons in 2020. That’s quite a lengthy bout of continuous employment for an actor, so it’s possible O’Loughlin just wanted a break.

There’s also a chance that O’Loughlin, who is originally from Australia, could end up on the upcoming “NCIS: Sydney” series, which recently debuted on CBS. The cast for the first season has already been established, but in an interview with the new series’ creator, Morgan O’Neill, TVLine.com asked why O’Neill didn’t cast the seemingly available — and popular — O’Loughlin. “Look, we haven’t written off the possibility of him popping up,” replied O’Neill.

In “NCIS: Sydney,” the U.S. Agents team up with the Australian Federal Police in a “multinational task force to keep naval crimes in check in the most contested patch of ocean on the planet.” Despite being O’Loughlin-less, the cast looks stellar with Olivia Swann (“Legends of Tomorrow”) and Todd Lasance (“Spartacus: War of the Damned”) leading the pack.

“NCIS: Sydney” airs on Tuesdays at 8 p.m. ET on CBS.

Actress Brie Larson (“Lessons in Chemistry”)

Q.I didn’t get a chance to see “Barbie” and “Oppenheimer” when those movies were out in theaters. When will they be released for streaming, and which services will stream them? — *E.E.*

A.While “Barbie” generated more money at the box office than “Oppenheimer,” both were huge hits that gave a big boost to the suffering movie theater business after they lost so much money during the pandemic.

For those who missed either or both films this past summer, you won’t have to wait much longer before watching them at home. “Oppenheimer,” directed by Christopher Nolan and starring Cillian Murphy, will be released on DVD as well as digitally through Amazon Prime Video on Nov. 21.

“Barbie,” directed by Greta Gerwig and starring Margot Robbie, is already available to purchase and rent digitally through Prime Video, but at a hefty price. If you can wait a little longer, the movie will be available to stream on Max sometime this fall. (An official date hasn’t been announced yet.)

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from M_A_S_T_E_R for an I, you get M_I_S_T_E_R. Do not change the order of the letters.

Strange BUT TRUE

By Lucie Winborne

* To visit every child in the world, Santa Claus would need to travel at 3,000 times the speed of sound. But who says he couldn't? Not us! He's Santa!

* If you were drafted during the American Civil War, you could legally pay someone \$300 (roughly equivalent to \$5,000 earned by an unskilled worker in 2018) to go in your place. The practice, known as commutation, was actually intended to raise money for the war effort.

* Need a morning pick-me-up? A cup of java is most effective if consumed between 9:30 and 11:30 a.m.

* Six hundred Americans die each year from falling out of bed.

* A 99-year-old man divorced his 96-year-old wife after 77 years of wedlock when he discovered she'd had an affair in the 1940s.

* Elvis Presley failed a music class in high school.

* On average, people who complain live longer! Verbally releasing their grievances boosts their health by increasing their immunity. Of course, some of us may wish to keep that nugget of information to ourselves.

* Oxford University researchers discovered that people who opt for genetic research have a genetic predisposition to do so.

* George Washington stopped the Revolutionary War by ordering a ceasefire in order to return a lost terrier that belonged to British Gen. William Howe, via one of Washington's aides under a flag of truce, after having the dog fed, cleaned and brushed in Washington's own tent.

* Leo Fender, inventor of the Telecaster and Stratocaster guitars, could not actually play the instrument himself.

* Despite its nickname, Florida isn't the sunniest state. Arizona is.

FLASH BACK

POP ROCK & SOUL TRIVIA BY RYAN PER

1. Name the Beatles song that begins with the music of a national anthem.
2. How did Chubby Checker get his name?
3. Name the debut album by Simon & Garfunkel.
4. The Fab Four named themselves the Beatles because of which group?
5. Name the song that contains this lyric: "Hey, have you ever tried, Really reaching out for the other side? I may be climbing on rainbows, But baby here goes."

Answers
1. "All You Need Is Love" begins with the French national anthem, "La Marseillaise." Also heard through the song are notes from "In the Mood," "Greensleeves" and even a bit of Bach.

2. Legend says he got his stage name from a play on the name of another entertainer, Fats Domino. Fats = Chubby, and Domino = Checker.

HAPPY Thanksgiving

Wishing you and your loved ones a wonderful holiday!

Be a winner and give thanks.
Dr. Glenn Mollette

Here are some tips for Thanksgiving. Be Thankful. Thanksgiving season is a good time to say thanks but we need to make it a lifestyle.

An attitude of thanksgiving is a good way to live. When you are daily thankful for your food, shelter, and the simplest things it elevates your sense of well-being. We devalue our well-being when we spend all of our time looking at what others seem to have. Others may seem to have such great lives that we start missing our own blessings. The greatest blessings in life are: the ability to walk across the floor; take yourself to the bathroom; enjoy a car ride; feed yourself; have meaningful conversations with other people; enjoy whatever income you have; walk through the grocery store; go to church or enjoy watching television.

Too often we get depressed and bogged down with worries and cares that aren't worth worrying about. Give thanks today for everything and anything. Say thank you often. They are good words to say. Teach your children and grandchildren to say thank you and to say it often.

Be helpful. Thank all the cooks several times. Help out in any way you can. Cleaning up is a big job. Be active in clearing the table and offering to wash dishes and put stuff away. An ounce of effort goes a long way. Don't eat two plates of food and then go into a hypnotic state staring at the football game. Don't leave all the mess for the person who spent days cooking your meal.

Be wise. Don't kill yourself eating. If you gain ten pounds in November and December then it will take you two to three months to lose the weight, if you are lucky. It's tough to lose a pound a week. Do you want to be fat all the way into April? If you can't wear your clothes now then adding ten more pounds will not do anything to enhance your mood and sense of well-being.

Be safe. Millions of people are traveling. If you have to travel don't push it. Slow down and enjoy the drive. Leave an hour early and take your time. If you don't have to go anywhere then be glad and relax.

Jesus healed ten men with leprosy as described in Luke 17: 11-19. Only one of the healed men returned to Jesus to say thanks. Jesus asked, "Were not all ten cleansed? Where are the other nine? But only this one has returned to say thank you? Jesus said to him, "Rise and go; your faith has made you well." This scripture demonstrates the power of a thankful spirit. This man's life was changed even more because he was thankful. It's easy to see ungratefulness all around us. The vast majority of those healed were ungrateful. Let's not live like the majority. Let's be like the winner of this story. He was the person who gave thanks.

- 1 Tablespoons instant yeast
- Plus additional butter for brushing optional (about 2 Tablespoons)

Instructions

Combine the water, butter and milk.
1 cup water, 2 Tablespoons butter, 1/2 cup milk
Place mixture in the microwave or in a saucepan over medium-heat and heat until the mixture reaches 95-115F. If it is hotter, allow it to cool slightly before proceeding with the recipe.
Stir together 3 1/2 cups of the flour, salt, sugar and instant yeast in a large bowl or the bowl of your stand mixer.
4 1/2 cups all-purpose flour, 1 teaspoon salt, 1/4 cup white sugar, 1 Tablespoons instant yeast

Grease a 9" x 13" casserole dish and set aside.
Punch down the dough and divide into 12 equal sized balls of dough.
Place the balls of dough in the greased casserole dish and re-cover with plastic wrap and towel for another 15 minutes.
Preheat your oven to 400F
Remove plastic wrap and towel from the casserole dish and place the dish in the oven for 15 minutes, until puffed and golden brown on top.
If brushing with butter, brush halfway through baking with 1 Tablespoon of melted butter and then again after baking.
Plus additional butter for brushing

* Don't throw away that damaged garden hose. Here are three great uses: 1. Use as a weather strip along the bottom of your garage door. 2. Use sections to protect the blades on your ice skates. 3. Use as a safety edge on your saws in the shop. Cut to fit and slip it over the blade.

* Doggie got a greasy coat, but it's too cold for a bath? Liberally sprinkle your pup with baking soda or cornstarch. Rub into coat and brush out.

SENIOR NEWS LINE

by Matilda Charles

Seasonal Affective Disorder

Have you recovered from the latest time change? The one that sent the clocks back an hour, pushing us into darkness in what used to be the end of the afternoon?

Seasonal Affective Disorder, also called SAD, is a type of winter depression that can be found in the young as well as the old. The decrease in daylight can affect us, as can the lack of sunshine, which lowers our production of the mood regulator serotonin. It doesn't help that not only is there little sunshine, but often it's too cold or snowy to make a trek outdoors.

Symptoms can look a lot like depression but only appear in the winter. Typical signs are lack of energy, restlessness, lack of interest in things we used to enjoy, feeling sad, different sleep patterns and changes in appetite.

A short visit with your physician to ask for a test to learn your vitamin D level might be in order. If the answer is yes, your vitamin D level is low, ask your physician how it can be fixed. Sometimes they'll suggest a light therapy box, a gadget that can increase your exposure to light. If so, ask for the name of a specific brand as well as how long and how often you should use it.

Don't try to solve the problem with over-the-counter vitamin D supplements without your physician instructing you about how much to take.

To beat SAD, sometimes it only takes a few changes to how you spend your days. Try to establish a routine of talking to friends or family every day that you can't get out. Get a little exercise (try YouTube videos for senior exercise). Vow to eat better, even if it means just an additional piece of fruit every day.

Every step you take can have a positive impact on your mental state.
