- **54" & 62" Band Mills** built for long-lasting performance with forged steel wheels, dual web for strength and higher rim speed.
- **NO REGULAR MAINTENANCE** with our oversize oil bath bearings.
- **Extendable Main Column** allows the user to change to a 24" longer band length for an additional 12" of cut.
- Installed by Factory Technician with expertise of all components for your mill's optimal performance.
- **Higher Production Output** with Lines Per Minute matching a 6' machine.
- **Stationary log carriage**, 4 headblock, linear actuation.
- **≰ Reciprocating Bandmill** of either 54" or 62"—your choice.
- This modular mill will handle logs up to 24' long and 44" in diameter. Longer cutting lengths available.
- **On-site service** available for Timber Driven machines.

HOT ON THE MARKET!

180' Log Crane

Fulghum Industries, Inc. has added a new product to their Log Crane lineup. The 180' 45 Ton EVR (Electric Variable Radius) Log Crane is now the largest radial log crane in Fulghum's crane lineup. This crane offers everything that the 170' offers plus more with an extra 10 feet of trolley travel for extra storage. The crane comes with a new improved crane cab with exceptional operator visibility and additional floor space, incinerator toilet, and several more features. In addition, the assurance that all Fulghum cranes are built in accordance with the Crane Manufacturer's Association of America (CMAA) Class "F" rating in terms of load class and load cycles. Fulghum cranes provide the highest reliability of equipment operation and are designed for easy access to perform maintenance operations.

For more information, contact Fulghum Industries, Inc. at 800-841-5980, email sales@fulghum.com or visit www.fulghum.com.

Fire Pro Extinguisher

Fire Pro Extinguishers are the solution to common problems associated with dry chemical (powder) fire extinguishers. Fire Pro extinguishers are purpose built for Cold Fire, a non toxic liquid used and approved for over 30 years by fire departments, airports, race tracks, and more!

Fire Pro extinguishers are superior to dry chemical extinguishers in that they require no maintenance and you can refill them economically yourself! Because dry chemical extinguishers only remove oxygen, they are ineffective on a fire with deep heat, such as a wood fire or a burning tire, because they do not cool it down. Fire Pro extinguishers, however, feature a powerful foaming liquid that cools a fire down much faster than plain water!

For more information, call 307-850-9663.

NEW PRODUCTS GET NOTICED!

If you're ready to introduce a new product, make sure you place it so it gets Maximum Exposure—in our Hot on the Market section—the industry's #1 Place for New Products.
